Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$4,500,000 in funding for the Grier Heights Master-Planned Community Project in fiscal year 2022. The entity to receive funding for this project is DreamKey Partners, Inc., whose offices are located at 4601 Charlotte Park Dr., Ste. 350, Charlotte, NC 28217.

In November of 2019, Mecklenburg County issued a Request for Qualifications (RFQ) to finance, design, construct and manage mixed-income housing on approximately 14-acres in the Grier Heights neighborhood of Charlotte, NC. DreamKey Partners was formally announced as master developer for the project in August 2020 and is working with CrossRoads CDC to create this new master-planned community, which will address the need for affordable rental and homeownership housing in Grier Heights, while also establishing attractive amenity areas for gatherings and events. This community project funding will fill a predevelopment infrastructure gap in sources of funding of \$4,500,000. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Alma S. Adams, Ph.D.
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,435,000 in funding for the realignment of Johnston Dr. to Church St. in fiscal year 2022. The entity to receive funding for this project is the town of Pineville, NC, whose offices are located at 200 Dover St. Pineville, NC 28134. This project will remove a stoplight in the downtown area to improve pedestrian safety and traffic flow by realigning a street to create a four-way intersection. As part of the project crosswalks will be improved and staking of cars will be reduced to improve safety. This project is currently on the NC STIP (EB-5949). I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Alma S. Adams, Ph.D.
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$400,000 in funding for the Hoke Townhomes Development project in fiscal year 2022. The entity to receive funding for this project is the town of Davidson, NC, whose offices are located at 216 Main St., Davidson, NC 28036. The town of Davidson, the Davidson Housing Coalition, and the Davidson Community Foundation are partnering to create eight affordable rental units in a new town home development that will have a market rate of \$400,000 plus and 81 units total. The affordable units will be 1900 square feet with 3 bedrooms/2.5 baths and targeted at 50-80% AMI. The total non-profit/public sector contribution is \$2 million. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$750,000 in funding for the Three Sisters Market Food Cooperative in fiscal year 2022. The entity to receive funding for this project is the West Boulevard Neighborhood Coalition, whose offices are located at 2901 Romare Bearden Dr., Charlotte, NC 28208. Despite the West Charlotte's proximity to commercial and residential development, the corridor is federally recognized as a food desert. The West Boulevard Neighborhood Coalition's Seeds for Change initiative aims improve public health; enhance educational opportunities; increase economic development; and create a community-driven, community-owned, and community-operated project.

A derivative of the Seeds for Change Strategic Pillar is the development of a food cooperative market that directly addresses food insecurity in the area, the Three Sisters Market. A multi-phased market implementation plan has been developed to address the short- and long-term challenges of food insecurity. Phase One is a small-scale modular unit market located adjacent to the Seeds for Change Urban Farm, and Phase Two is envisioned as a full-scale community-owned cooperative market. The implementation of the Three Sisters Market pilot phase one has been supported by funding from Mecklenburg County and the City of Charlotte. Federal funding for this grassroots community project will provide support for community health education programming to improve healthy shopping habits; multi-year support for market operations; and programmatic support for the Seeds for Change farm, the primary food source for Three Sisters Market. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Alma S. Adams, Ph.D.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for City of Reno ADA Upgrades in fiscal year 2022. The entity to receive funding for this project is the City of Reno, located at One East First St., Reno, Nevada 89501.

The funding would be used to bring restroom facilities in 14 City of Reno parks into compliance with Americans with Disability Act requirements. The projects include widening doorframes, removing obstructions, adjusting sink heights, and adjusting or replacing flooring. The project is an appropriate use of taxpayer dollars and is anticipated to benefit the community through increased access and mobility to city parks, most of which serve low- and moderate-income neighborhoods.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Western Nevada Safe Routes to School Vulnerable User Pedestrian Safety Infrastructure Improvement Project in fiscal year 2022. The entity to receive funding for this project is the Carson City Public Works Department, located at 3505 Butti Way, Carson City, Nevada 89701.

The funding would be used to complete critical short-term projects that have been identified through the Carson City Safe Routes to School Master Plan and consolidated into a single, shovel-ready project that includes over 40 intersection and pedestrian crossing safety enhancement projects throughout Nevada's State Capital. The project is an appropriate use of taxpayer dollars and is anticipated to benefit the community by improving traffic safety around school areas and addressing childhood obesity and public health issues through increased education, engagement, and engineering to make walking or bicycling to school more desirable and safer transportation options.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Fall River Battleship Cove Off Street Parking and Pier Improvement Project in fiscal year 2022.

The entity to receive funding for this project is the City of Fall River, located at Water Street, Fall River, MA 02721.

The funding would be used by the City of Fall River, in accordance with a City Council and State approved Waterfront Urban Renewal Plan to (i) relocate two existing Salt Sheds located on state property, combine that property with city owned property to create an additional 200 off street parking spaces and a pedestrian access corridor to abutting public and private attractions and (ii) provide cathodic protection to a recently remediated waterfront pier facility that will be open to the public for passive recreation and transient dockage/boating purposes.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the New Hope New Domestic Violence Shelter in fiscal year 2022.

The entity to receive funding for this project is New Hope, Inc., located at Maple Street, Attleboro, MA 02703.

The funding would be used to support New Hope's Capital Campaign to build a new domestic violence shelter. By expanding capacity, New Hope can support approximately 20 additional families per year. (Last year their Attleboro shelter served 17 families via 6 bedrooms.) These families would otherwise become homeless and/or stay in dangerous situations where they would suffer increased physical and mental harm and possibly become a homicide victim.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Raccoon River East Pedestrian Bridge. They are requesting \$1,000,000 in funding.

The entity to receive funding for this project is the City of West Des Moines. The project will be located between Raccoon River Park, 2500 Grand Avenue, West Des Moines, Iowa 50265 and Walnut Woods State Park, 3155 Walnut Woods Drive, West Des Moines, Iowa 50265

The Raccoon River East Pedestrian Bridge will connect Raccoon River Park on the north side of the Raccoon River in West Des Moines to Walnut Woods State Park on the south. Part of West Des Moines' Five Waters Project – an initiative focused on the Raccoon River Greenway corridor – the 650-foot pedestrian bridge is all about enhancing connectivity. The physical connection between two major parks is only the starting point. The bridge will ultimately connect the existing 65-mile city trail system on the north to proposed trails and the larger regional trail system south of the river. More broadly, the bridge will provide alternate transportation opportunities for residents living, working, and playing on both sides of the river. It will also enhance the connection of people with nature via an overlook in the middle of the bridge allowing visitors to engage with the river and the natural areas along it from a different perspective.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the South End Housing Development Program. They are requesting \$904,336.43 in funding.

The entity to receive funding for this project is the City of Council Bluffs

The City of Council Bluffs will expand its affordable housing through the funding of the South End Housing Development Program. The Program will look at the need for housing not just on a site-by-site basis, but as a whole neighborhood to make a greater impact.

Project 1. 21st Avenue and South Expressway: The City proposes completion of an infrastructure project to create a site-ready development on city-owned property. The site will accommodate the construction of a 75-100 unit multi-family development with an affordability requirement. At least 51% of the units constructed must be rented or sold to households at or below 80% of the median family income. The project will require the acquisition of one single-family home (522 22nd Avenue); reconstruction of 21st Avenue to city standards; and site restoration including bring in 20,000 cubic yards of fill dirt to raise the site three feet. Upon completion, the City will advertise an RFP for a private developer to construct an affordable housing project.

Project 2. South 19th Street: The City proposes the extension of South 19th Street from 25th Avenue to 26th Avenue. This project will open an adjacent parcel of land that will be developed by NeighborWorks Home Solutions, a nonprofit partner, with at least a 29-unit single-family housing development that will include market rate and affordable units.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a bridge replacement project. They are requesting \$1,600,000 in funding.

The entity to receive funding for this project is the Warren County, located at R57 Highway over North River, S20 T77 R24.

This project is located on a major county highway with a sufficiency rating of 02 and is classified as poor. It is a narrow bridge with a crash history. Award of this project would improve traffic safety in the area and reduce the amount of bridges on Warren County's paved road system with reduced load ratings.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Des Moines International Airport, North Glycol Storage Tank Repair. They are requesting \$3, 267,000 in funding.

The entity to receive funding for this project is the Des Moines International Airport (DSM).

This project is part of an aircraft apron expansion that will provide deicing pads for aircraft deicing near the terminal. The new deicing pads will concentrate the glycol runoff and send it to an existing collection system that captures glycol from aircraft deicing operations around the terminal. The contaminated storm water and glycol management system primarily consists of drains, piping, diversion structures and three underground retention tanks. The largest tank (North Detention), a 4 million gallon tank, is approximately 258 feet long by 136 feet wide, and is divided into 4 cells. It is constructed of cast-in-place concrete floors, walls and columns with precast, prestressed double tee roof members. Due to deterioration of the cast-in-place walls, repairs are necessary in order to preserve the tank for future use and the more highly concentrated glycol solution that will be stored in the tank. Once the entire project is completed, the high concentrate glycol solution can be recycled instead of treated at a waste water management plant, a much more environmentally sound procedure.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the 84th Street Pedestrian & Bicycle Safety Improvements in fiscal year 2022.

The entity to receive funding for this project is the city of La Vista, Nebraska. The point of contact is Joe Soucie, Director of Public Works at 9900 Portal Road, La Vista, NE 68128.

The 84th Street Pedestrian & Bicycle Safety Improvements Project is the result of 12 years of planning and design work to redevelop La Vista's 84th Street and improve pedestrian and bicycle safety along the corridor. This \$6,915,000 project will result in the construction of two 10' wide multi-use trails along 84th Street that will connect to the area neighborhoods, commercial areas, and adjoining communities, providing a safe north/south mode of travel for pedestrians and bicyclists. The project will also construct an underpass beneath 84th Street allowing for safe passage under the four-lane divided former state highway.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Don Bacon". The signature is stylized and cursive.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the North 24th Streetscape Improvements in fiscal year 2022.

The entity to receive funding for this project is the city of Omaha, Nebraska. The point of contact is Kevin Anderson, Deputy Chief of Staff to the Mayor at 1819 Farnam Street, Omaha, NE 68183.

The North 24th Street Business Improvement District represents 505 properties within the BID area from Meredith Ave to Cuming Street. The goal of the North 24th Street Streetscape Improvements is to address the infrastructure needs of the area which includes: sidewalks, traffic, landscaping, parking, and multimodal transit. Sidewalks will be repaired for safety; installed where absent; and widened to meet the needs of pedestrians. Traffic control measures (such as roundabouts and improved traffic signals) will slow speeds, improving the safety and comfort of the street. Bus shelters and bike lanes will also be added to encourage multimodal travel and catalyze future transit-oriented development in the North 24th Street Corridor.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Don Bacon". The signature is stylized and cursive.

April 29, 2021

Dear Appropriations Committee Chair DeLauro and Ranking Member Granger:

I am requesting \$1,000,000 in funding for Destination Crenshaw in fiscal year 2022.

The entity to receive funding for this project is Destination Crenshaw, and the project location is 777 S Figueroa St. #4050, Los Angeles, CA 90017.

The funding would be used for Destination Crenshaw (DC), an innovative 1.3-mile public/private streetscape improvement, cultural placemaking initiative designed to celebrate the history and culture of Black Los Angeles on Crenshaw Boulevard. It is located in the heart of the largest Black community on the West Coast and home to the most iconic Black business corridor in Los Angeles, California. It will flank the at-grade portion of the new Crenshaw/LAX Light Rail Line that is currently under construction by the Los Angeles County Metropolitan Transportation Authority (Metro). The \$1M in requested Community Project Funding will be used to help construct a portion of the infrastructure, public artworks and monuments.

The initiative is a public/private streetscape improvement and cultural infrastructure project in the public Right of Way to increase use of new public transportation, facilitate cultural commerce, and improve Crenshaw Boulevard through: new sidewalks, 30,000 new square feet of landscaping, culturally stamped street furniture (including outdoor seating, shade structures, bicycle racks, and wayfinding), ten pocket parks, 800+ trees, and 100+ public art works and exhibits (including monuments, statues, murals and digital stories).

Already suffering from nearly 50 years of redlining, disinvestment and economic distress, South Los Angeles' already challenged local business ecosystem has been severely disrupted by the multi-year construction of the new light rail line, the subsequent permanent removal of 300+ street parking spaces and 400 mature trees, and then the COVID-19 Pandemic.

Destination Crenshaw will provide infrastructure investments to help local businesses recover, and to be resilient and well positioned to prosper from the coming light rail line, anticipated to transport 5.9 million riders annually. This investment in infrastructure is designed to drive demand to local businesses and position the legacy businesses to take advantage of the growth spurred by the rail line and by the creation of the unique cultural destination.

I certify that neither I nor my immediate family has any financial interest in this project.

April 30, 2021

Dear Appropriations Committee Chair DeLauro and Ranking Member Granger:

I am requesting \$1,000,000 in funding for the Jenesse Center Healthy Family and Community Project in fiscal year 2022.

The entity to receive funding for this project is Jenesse Center located at 3671 Stocker Avenue, Los Angeles, CA 90008.

The Jenesse Center Healthy Family and Community Project aims to create a 24-hour drop-in center where Jenesse can expand the number of people it serves by up to 30% with its proven programs for preventing domestic violence and aiding domestic violence (DV) survivors. Funds will support purchase and renovation of a facility where Jenesse can offer its current programming to a wider group of people. Like most DV survivor service providers, Jenesse does not make public the location of its residential properties for the security of the residents, who often face ongoing threats from their abusers. Jenesse's current offices do not offer the space or the type of access that would be needed for a 24-hour drop-in center. Making its services available on a drop-in basis would, among other things, address the fact that people subject to intimate partner violence often have needs that do not conform to regular business hours, and may need to build relationships of trust in order to exit their situations. Services to be offered would include: addressing behavioral wellness; handling legal concerns through their Legal Services Program; increasing youth development through their Outreach and Engagement Program; expanding vocational support to ensure economic security through their Workforce & Entrepreneurial Program; and reducing homelessness among DV survivors through their Permanent Housing Assistance Program.

Incidence of domestic violence, already high in South Los Angeles, has increased dramatically with lockdowns resulting from the COVID-19 pandemic. Jenesse's progressive programming is proven to help provide safety to survivors of DV, remove economic barriers faced by survivors, and reduce homelessness. Research estimates the economic cost of intimate partner violence at nearly \$3.6 trillion at a population level, making the expansion of effective programs that break the cycle of domestic violence an excellent use of taxpayer funds.

I certify that neither I nor my immediate family has any financial interest in this project.

April 30, 2021

Dear Appropriations Committee Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in funding for Ward EDC King Solomon Village Interim Housing in fiscal year 2022.

The entity to receive funding for this project is Ward Economic Development Corporation located at 1177 W. Adams Blvd., Los Angeles, CA 90007.

Ward EDC King Solomon Village Interim Housing (KSV) will offer long-term shelter and sanitation to vulnerable persons currently living outdoors, until permanent housing can be built at that location. The traditional housing development model leaves properties that are in pre-development standing idle while navigating sometimes tedious regulations. KSV will put a property in development for longer-term housing into use immediately by offering sleeping pod units with privacy closings inside a larger building, with access to sanitation facilities and supportive services. Residents will be permitted to stay for up to five years. The pods will be reusable at another location when WEDC begins construction for permanent housing at this site. This funding will also support the retrofit of the building's plumbing, electrical, and HVAC systems to create a healthy, sustainable energy conserving environment with pleasing aesthetics.

The Los Angeles County 2020 homeless headcount of 66,436 people represents a 12.7% rise from the 2019 point-in-time count. A study by LASHA, the county's homeless agency, found that Black people are four times more represented among people experiencing homelessness than in the County population overall. The cost of living in Los Angeles forces adults and families, even those with jobs, to seek shelter in temporary and make-shift housing and tents in public view. These encampments are in virtually every community in Los Angeles, but more prevalent in low wealth communities like South Central Los Angeles, where KSV will be located. KSV would permit an immediate opportunity for individuals to make a transition from living outdoors while preserving their ability to have some private space and store possessions in their pod.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Karen Bass". The signature is fluid and cursive, with the first name "Karen" and last name "Bass" clearly legible.

April 30, 2021

Dear Appropriations Committee Chair DeLauro and Ranking Member Granger:

I am requesting \$220,000 in funding for the St. Joseph Center Workforce Development Training Programs for Low Income Adults in fiscal year 2022.

The entity to receive funding for this project is St. Joseph Center located at 204 Hampton Drive, Venice, CA 90291. The project locations are 12420 Venice Blvd, Los Angeles, CA 90066 and 10131 National Blvd, Los Angeles, CA 90034.

Funds for this project will support expansion of existing job training and career development programs at St. Joseph Center (SJC) that are targeted at people who are experiencing homelessness or at risk of losing their housing. Codetalk and Fortifi LA are web technology job training programs designed to serve low income and un/underemployed women (Codetalk) and extremely vulnerable populations, such as those recently released from prison and people with long histories of homelessness (Fortifi LA). In a rigorous 16-week program offered six times per year, SJC provides the skills, tools, training, and support so that graduates can pursue entry-level positions in the tech sector. Bread & Roses Kitchen is offered five times per year and consists of eight weeks in a kitchen-classroom followed by a four-week externship with our restaurant partners. The program serves low-income adults with barriers to employment such as histories of homelessness and/or incarceration, poverty, and un/underemployment. Program participants are 75% students of color. Funds will also support launch of the TV and Film Apprenticeship Program, a pilot that will provide access to gainful, entry-level opportunities in the entertainment industry, to transform income prospects for low-income adults who have experienced homelessness and economic disadvantage. Major entertainment industry companies have already partnered to offer these opportunities on a small scale, and the full program will create additional, regular training and job opportunities.

Homelessness has reached epidemic proportions in Los Angeles, and economic instability is the biggest contributor to individuals and families losing their housing. Workforce development is critical to lifting people out of poverty and preventing homelessness, and is an appropriate use of taxpayer funds.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Karen Bass".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Fair Oaks Community Clubhouse Facility Renovation in fiscal year 2022.

The entity to receive funding for this project is the Fair Oaks Recreation & Park District and the project is located at 7997 California Ave, Fair Oaks, CA 95628.

The funding would be used for renovating the Fair Oaks Community Clubhouse which serves as an important gathering place for the community and would make it accessible for all ages. In particular, the funds would support accessibility upgrades for the clubhouse by installing a new ADA-accessible ramp and railings for the main entry of the facility and putting in a new lift for the facilities stage.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Ami Bera".

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Clifford Ave, Fulton St, and Manning St Storm Sewer Improvements in fiscal year 2022. The entity to receive funding for this project the City of Alexandria located at 301 King Street, Alexandria, VA 22314.

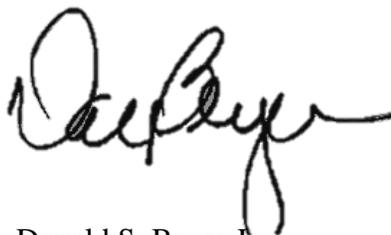

The funding would be used to fund and implement “spot improvements” in particularly impacted areas of our community. These spot improvements are new storm sewer projects such as detention, pipes and other drainage improvements that make neighborhoods more resilient to climate change and flash flooding. Projects are typically \$50,000 to \$1 million each (depending on project location and scope) and can be delivered in 8-20 months.

The City plans to spend a total of \$2.5 million in FY 2022 to deliver eight projects. An additional \$420,000 would allow the City to accelerate a key project area currently planned for FY 2023.

Storm sewer systems in this neighborhood were designed and installed approximately 75-years ago and as such do not account for changes in climate now effecting the local weather patterns which form extreme rainfall events precipitating flash flooding on an alarmingly frequent basis. The project proposes to increase the inlet sizes and connecting pipes at key locations to more effectively move stormwater from the streets into the storm sewers and out to Four Mile Run.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Donald S. Beyer Jr.

April 26, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for one electric school bus and associated electric vehicle charging infrastructure for The City of Falls Church in fiscal year 2022. The entity to receive funding for this project is Falls Church City Public Schools, located at 150 S. Washington St. Ste 400, Falls Church, Virginia 22046.

The funding would be used for one electric school bus and associated electric vehicle (EV) charging infrastructure (to provide for a phase 2 set up to four buses), to realize energy and greenhouse gas emission reduction benefits of electric school buses. The City is an ideal location to demonstrate all of the advantages of electric vehicle adoption on a small scale, in a challenging environment that can prove the benefits. The proposed location of the charging station is one block from key infrastructure: two city schools, legacy commercial and residential real-estate, a major, new 10 acre commercial development already slated for construction, and further large developments in the future.

The City is well-known for its commitment to high quality public education, and community members are exceptionally engaged in the schools. Many parents move to this area specifically for the schools, and are willing to pay more in housing costs to do so. That does not mean, however, that they are not cost-conscious. Reduced lifecycle and operating costs for school buses would allow more funding to go to academic programs. The health benefits to our children from cleaner air and reduced noise in and around the buses also resonate strongly in a community rated one of the healthiest in the nation by U.S. News & World Report. Environmental sustainability and resilience are core values of our community, and Falls Church City Public Schools is an active partner in the City's goals. Our curriculum and outreach programs influence our students to understand the social and technical aspects of our use of energy resources.

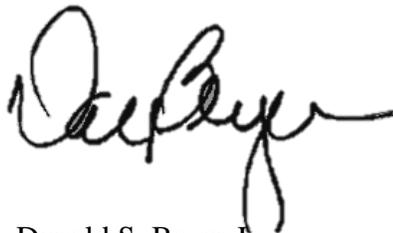

Replacing fossil fuel powered transportation with electric vehicles is essential to improve air quality in the City, and we are already working towards that goal. Eight Level 2 public chargers from the Electrify America program are located at City Hall. Public and residential charging and other energy-related requirements have been successfully negotiated for several major development projects in the City, and we are finishing construction of a net-zero-ready High School.

Knowing that vehicle-to-grid experimentation is a critical component of this program, we feel that the City is uniquely suited to serve as a partner with Dominion. We have flexible charging needs for the electric school buses and would work closely with Dominion staff to develop a

charging schedule that best suits the needs of the school district and the utility. The short bus routes with many stops and the flat terrain unique to our school district would make more of the battery available for discharge. We estimate these buses would be available for vehicle-to-grid charging approximately 75 percent of the time on weekdays, and close to 100 percent of the time on weekends. Shorter bus routes also allow for smaller battery capacity options, which will keep costs manageable.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Beyer". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

April 26, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Bluemont Junction Trail in fiscal year 2022. The entity to receive funding for this project is Arlington County Department of Parks and Recreation, located at 3700 W Four Mile Run Drive, Arlington, VA 22206.

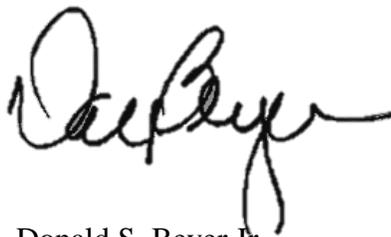

The funding would be used for to mill and repave the Bluemont Junction Trail, and adjacent connector paths to the trail. The project begins at the intersection of North George Mason Drive and Wilson Blvd. and terminates at the intersection of this trail with the Washington & Old Dominion Trail.

This is one of Arlington County's most heavily used trails, which serves commuters and recreational cyclists and pedestrians. The current trail pavement and connectors are in deteriorating condition with poor access from adjacent streets. The trail, which was built in the late 1980s, connects to the Washington & Old Dominion Trail (W&OD Trail) and provides access to the Ballston area of Arlington, Virginia.

A trail pavement condition analysis of the off-street trail system in Arlington County assisted the County in knowing which sections of trail pavement are most in need of being repaved. The report identified areas of pavement upheaval and deteriorating asphalt on the Bluemont Junction Trail. The trail is also listed in the County Master Transportation Plan as part of the countywide extensive network of bicycle infrastructure as a project recommended for improvements. This is an important trail for commuter and recreational use and is an excellent use of taxpayer funds due to the number of residents that will benefit from the improvements.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Donald S. Beyer Jr.
Member of Congress

DONALD S. BEYER JR.

ARLINGTON, VA 22209

April 26, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Glencarlyn Park Pedestrian Bridge in fiscal year 2022. The entity to receive funding for this project is Arlington County Department of Parks and Recreation, located at 3700 W Four Mile Run Drive, Arlington, VA 22206.

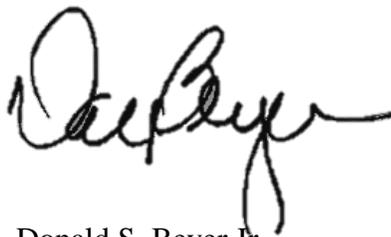

The funding would be used for to replace an important pedestrian bridge in Glencarlyn Park in Arlington, Virginia. The previous bridge was lost during an unprecedented flooding event in July 2019.

Of the six (6) pedestrian bridges lost in the flooding event, the most important one for connectivity is the bridge in Glencarlyn Park. This bridge connects the main park area, dog exercise area and neighboring communities to the west of Four Mile Run to the Washington & Old Dominion Trail (W&OD Trail). The bridge connection is important as both a commuter connection and for recreation and leisure walks on the W&OD Trail.

Bridge replacement is not a quick process – there are federal, state and local regulatory procedures that must be followed and completed as part of the design. The County's streams and waterways are rigorously protected by federal and local laws aimed at protecting the Chesapeake Bay watershed. County projects are required to meet these standards without exception; therefore, the time required to develop approved drawings can be lengthy. In addition, each bridge is fabricated to fit the specific dimensions of the site, and repair or replacement of the adjacent section of trail may be necessary to achieve ADA compliance and repair damage caused by construction equipment.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Donald S. Beyer Jr.
Member of Congress

DONALD S. BEYER JR.

SUITE 1108
ARLINGTON, VA 22209

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Safety Improvements along the Southern George Washington Memorial Parkway – Belle Haven Park to City of Alexandria border in fiscal year 2022. The entity to receive funding for this project is the National Park Service, George Washington Memorial Parkway, located at 2700 George Washington Memorial Parkway, Arlington, VA 22202.

The funding would be used Safety Improvements along the Southern George Washington Memorial Parkway – Belle Haven Park to City of Alexandria border.

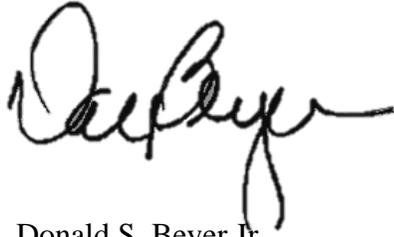

In 2020, the National Park Service (NPS) and Federal Highway Administration (FHWA) completed a traffic and safety assessment on the southern section of the George Washington Memorial Parkway. The Southern George Washington Memorial Parkway Safety Study focused on nine key intersections on 6.3 miles of road between the City of Alexandria and George Washington's estate Mount Vernon. The study identifies context sensitive solutions that make the road safer and protect the scenic and historic values that justify the parkway's inclusion on the National Register of Historic Places. This project would advance the goals of the study by implementing new lane markings and pilot access management options.

The stakeholder team of transportation safety professionals from multiple local, state, and federal agencies reviewed multi-modal traffic data and crash data, performed fieldwork, and developed and screened a menu of potential engineering and enforcement traffic safety treatments. At two key points in the project, the team engaged input from stakeholders, elected officials, and the public.

This project would advance the goals of the study to identify context sensitive solutions that make the road safer for drivers and vulnerable road users and protect the scenic and historic values that justify the parkway's inclusion on the National Register of Historic Places. This funding proposal focuses on drainage repairs, striping, and sealing along the parkway from the City of Alexandria to Belle Haven Park. The project will improve safety for motorists as well as vulnerable road users utilizing and crossing the Parkway by ensuring that lane markings are clearly distinguishable and degraded drainage surfaces and grates are stabilized.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Beyer". The signature is fluid and cursive, with a large initial "D" and a long, sweeping tail.

Dear Chairwoman DeLauro and Ranking Member Granger:

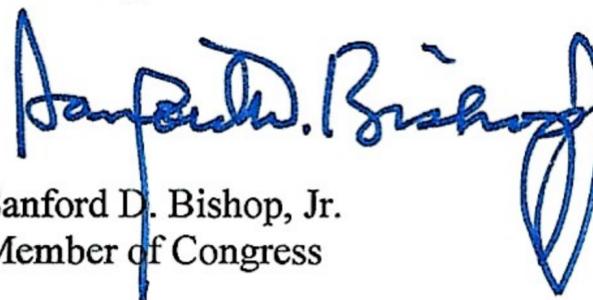

I am requesting funding for the City of Bainbridge, Georgia in Fiscal Year 2022.

The entity to receive funding for this project is located at 101 S Broad St, Bainbridge, Georgia 39817. The funding would be used for water and wastewater infrastructure costs to facilitate the development of an industrial park in the city.

I certify that neither I nor my immediate family has any financial interest in this project.

With warmest personal regards, I remain.

Sincerely,

Sanford D. Bishop, Jr.
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

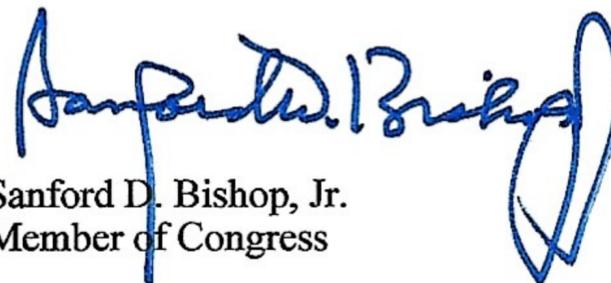

I am requesting Community Project Funding for the City of Albany, Georgia in Fiscal Year 2022.

The entity to receive funding for this project is located at 401 Pine Ave. Albany, Georgia 31701. The funding would be used for Phase I of a renovation and rehabilitation project of the historic Ritz Theater and Cultural Center located in the "Little Harlem" district of Downtown Albany. Little Harlem was historically the cultural center for the African American community in Southwest Georgia and the Ritz Theater served as a central cultural and entertainment venue for the community.

I certify that neither I nor my immediate family has any financial interest in this project.

With warmest personal regards, I remain.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Multnomah County's Behavioral Health Resource Center Plaza in fiscal year 2022.

The entity to receive funding for this project is Multnomah County, located at 501 SE Hawthorne Blvd., Portland, OR 97214. The funding would be used for a 6,000 square foot outdoor area attached to Multnomah County's Behavioral Health Resource Center. Accessed through the Day Center, this light and open plaza, which includes plantings and public art installations, will be visually accessible to the public, thereby keeping people off the streets while still allowing them to be part of a community and in proximity to their belongings, which will be kept in enclosed storage areas on the plaza grounds.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Willamette Shore Line rail and trestle repairs project in fiscal year 2022.

The entity to receive funding for this project is Tri-County Metropolitan Transportation District of Oregon, located at 1800 SW 1st Avenue, Suite 300, Portland, OR 97201. The funding would be used for repairs to restore full rail operations within the 5.5-mile Willamette Shore Line corridor. The repairs include replacing deteriorated structural wood elements on three trestles and replacing trackway components including ties, rails and drainage systems to maintain safe operations. The funding would also improve substandard crossings for continued operations and public safety.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$5,110,000 for the Frank Scott Parkway East/Thouvenot Lane Widening in fiscal year 2022.

The entity to receive funding for this project is St. Clair County government located at #10 Public Square Belleville, Illinois 62220.

The funding would be used by St. Clair County for widening the existing Frank Scott Parkway to five lanes from Old Collinsville Road to North Greenmount Road. The proposed road would consist of two through lanes in each direction as well as a center bi-directional turn lane. The project length is approximately 1.4 miles long and carries approximately 19,000 vehicles per day. The improvements will include all storm sewer, curb and gutter, striping, etc. to bring the roadway up to a typical urban cross section. The proposed project improvement will provide more capacity, safer travel as well as reducing driver delay.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. This is the third phase on the Frank Scott Parkway multi component initiative to improve the east/west corridor with logical termination just outside of Scott Air Force Base. This will also provide a roadway with the carrying capacity meeting the demands of the current traffic in an efficient manner that reduces driver delay and unneeded vehicle pollution.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Bost
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$6,000,000 for the Greenmount Road from Lebanon Avenue to South of Frank Scott Parkway Widening in fiscal year 2022.

The entity to receive funding for this project is St. Clair County government located at #10 Public Square Belleville, Illinois 62220.

The funding would be used by St. Clair County for widening Greenmount Road to five lanes from Lebanon Avenue to just South of Frank Scott Parkway. The proposed road would consist of two through lanes in each direction as well as a center bi-directional turn lane. The project length is approximately 1.1 miles long and carries approximately 19,000 vehicles per day. The improvements will include all storm sewer, curb and gutter, striping, etc. to bring the roadway up to a typical urban cross section. The proposed project improvement will provide more capacity, safer travel as well as reducing driver delay.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. Greenmount Road provides north/south travel access to area development including Southwestern Illinois College. The travel corridor supports the increasing travel demands of the residential and commercial developments. The roadway currently carries approximately 18,000 vehicles per day and will be designed to support traffic growth for the next 20 years. The proposed improvements will reduce delays, provide safer travel and eliminate open ditches.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$8,400,000 for the Greenmount Road from Route 161 to Lebanon Avenue Widening in fiscal year 2022.

The entity to receive funding for this project is St. Clair County government located at #10 Public Square Belleville, Illinois 62220.

The funding would be used by St. Clair County for widening Greenmount Road to five lanes from IL Rte. 161 to Lebanon Avenue. The proposed road would consist of two through lanes in each direction as well as a center bi-directional turn lane. The project length is approximately 2.1 miles long and carries approximately 18,000 vehicles per day. The Greenmount intersection with East B Street/Shiloh Station Road will be re-aligned and moved to the North to provide a safe separation between the intersection and the railroad crossing. Additionally, the railroad crossing will be brought up to current standards. The improvements will include all storm sewer, curb and gutter, striping, etc. to bring the roadway up to a typical urban cross section. The proposed project improvement will provide more capacity, safer travel as well as reducing driver delay.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. Greenmount Road provides north/south travel access to area development including Southwestern Illinois College. The travel corridor supports the increasing travel demands of the residential and commercial developments. The roadway currently carries approximately 18,000 vehicles per day and will be designed to support traffic growth for the next 20 years. Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for The Water Tower to purchase new advanced laboratory equipment in fiscal year 2022. The project sponsor is The Water Tower located at 2500 Clean Water Court, Buford, GA 30519.

Funding for The Water Tower would be used for new laboratory equipment to enhance its mission to support water technology research and development. The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits:

1. Supporting The Water Tower's efforts towards building a transformational ecosystem that combines research, technology innovation, workforce development, and community engagement to elevate the conversation around water.
2. Providing researchers with the necessary tools for developing, testing, and evaluating technologies for water treatment and water resource management.
3. Training low-income communities for water-related careers, including as laboratory technicians
4. Enhancing public health by advancing quality water treatment technologies.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for The City of Peachtree Corners' Curiosity Lab Mobility Hub in fiscal year 2022. The project sponsor is the City of Peachtree Corners located at 310 Technology Parkway, Peachtree Corners, GA 30092.

Funding would be used for site work, furniture and furnishings, and solar installations to facilitate the development of the Curiosity Lab Mobility Hub and advance the next level of innovation for transportation infrastructure and planning. The project is an appropriate use of taxpayer dollars and the Curiosity Lab Mobility Hub is anticipated to have the following benefits:

1. Providing docking and refueling stations for solar, electric powered, and other alternative energy vehicles and accommodate mass transportation while integrating bicycle and pedestrian access and circulation.
2. Offering cost effective last mile connectivity to low-income individuals who ride public transit at a higher rate than others.
3. Advancing Peachtree Corners economic development efforts by attracting companies that are working in the mobility and smart city markets, and further establishing the City as a leader in the smart city space.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Carolyn Bourdeaux". The signature is written in a cursive, flowing style.

Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
H-307 The Capitol
Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for a Lawrenceville Housing Authority public housing rehabilitation project in fiscal year 2022. The project sponsor is the Lawrenceville Housing Authority located at 502 Glenn Edge Drive, Lawrenceville, GA 30046.

Funding would be used to provide for the rehabilitation of sixty-six public housing units which will all be occupied by low-income families, who will be the direct beneficiaries of this project. The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits:

1. Significantly reducing the utilities consumption of the units by installing energy efficient products, which will save residents money and reduce greenhouse gas emissions
2. Providing decent, safe, and sanitary housing to the low-income citizens of Lawrenceville and the surrounding areas

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Carolyn Bourdeaux".

Carolyn Bourdeaux

2358-B Rayburn House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Town of Mamaroneck Senior Center Renovations and Energy-Efficiency Upgrades project in fiscal year 2022.

The entity to receive funding for this project is the Town of Mamaroneck, located at 740 W. Boston Post Rd, Mamaroneck, NY 10543.

The funding would support capital improvements to the Senior Center in the Town of Mamaroneck, which is a hub of community and support for seniors in the area, many of whom are low-income and live in isolation. These improvements will allow the Senior Center to offer more programming and create a more energy-efficient building that reduces greenhouse gas emissions.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jamaal Bowman, Ed.D.
Member of Congress

April 28th, 2021

2358-B Rayburn House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the program Sewage Cleanup Project to Promote Equity and Resilience in Mount Vernon in fiscal year 2022.

The entity to receive funding for this project is the City of Mount Vernon Department of Public Works, located at One Roosevelt Square, Room 211, Mount Vernon, NY 10550.

The funding would be used for essential planning and engineering activities to identify how to fix the ongoing sewage backup issues the City of Mount Vernon has faced. These issues disproportionately impact low-income people and people of color, and if it goes unfixed longer, could have devastating health and economic implications for households impacted.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jamaal Bowman, Ed.D.
Member of Congress

April 28th, 2021

The Honorable Rosa DeLauro

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the program Promoting Health Equity and Affordable Swim Access through Yonkers YMCA Pool Improvements in fiscal year 2022.

The entity to receive funding for this project is YMCA of Yonkers, Inc., located at 17 Riverdale Avenue, Yonkers, NY 10701.

The funding would be used for essential capital improvements to the YMCA of Yonkers' pool, which is one only two public, affordable pools in the entire city that serves predominantly low-income children of color who otherwise do not have access to swim lessons. With the proposed accessibility renovations, the Yonkers YMCA will also be able to offer further support to low-income seniors, including those residing in nearby affordable housing developments. Overall, this project is essential for minimizing disparities in access to swimming lessons and aerobics and promoting health equity in my district.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jamaal Bowman, Ed.D.
Member of Congress

April 28th, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the program Improving Access to Green Space and Promoting Waterfront Resilience in America's Largest Affordable Housing Development (Co-op City, NY) in fiscal year 2022.

The entity to receive funding for this project is Riverbay Fund, located at 2049 Bartow Avenue Bronx, NY 10475.

The funding would be used to begin the restoration and revitalization process for a currently polluted, unusable strip waterfront in Co-op City, which is an affordable housing community that is the largest Naturally Occurring Retirement Community in the nation. This project will provide new green space in an area with few public parks and promote resilience in the process.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jamaal Bowman, Ed.D.
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the program Affordable Housing Preservation to Promote Housing Equity in Southern Yonkers in fiscal year 2022.

The entity to receive funding for this project is Westhab, Inc., located at 8 Bashford St. Yonkers, NY 10701.

The funding would be used to preserve Westhab's affordable housing supply, which is in need of capital improvements that ensure the health and well-being of the low-income residents who reside in this housing. This project will promote affordable housing preservation in an increasingly expensive part of New York's 16th Congressional District, and is an essential investment to prevent displacement, promote healthy housing, and foster an inclusive Southern Yonkers community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jamaal Bowman, Ed.D.

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for improving access to recreation and on-water activities in Philadelphia in fiscal year 2022.

The entity to receive funding for this project is Glen Foerd Conservation Corporation, located at 5001 Grant Avenue, Philadelphia, PA 19114.

The funding would be used to design and construct a new parking lot on its grounds with an approximate capacity of 64 vehicles.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I write to thank you both for your leadership through the appropriations process and to request funding for Improved Economic Development Access Ways to Address Technology and Health Disparities in the Multi-Service Community Facility at Nueva Esperanza, Inc. in fiscal year 2022 (FY22).

The entity to receive funding for this project is Nueva Esperanza, Inc., located at 4261 N. 5th Street, Philadelphia, PA 19140.

The funding is for crucial enhancements to Esperanza's community center in the Hunting Park neighborhood of North Philadelphia. With this funding, Esperanza, a proven community organization devoted to empowering Hispanic and African American communities, will be able to open a health clinic and a community activity and technology facility within their multi-site complex. The project will address health and technology disparities for local residents and ensure the community progresses towards a strong recovery from the health and economic impacts of COVID-19.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I write to thank you both for your leadership through the appropriations process and to request funding for the Housing Counseling Program at the Urban League of Philadelphia in fiscal year 2022 (FY22).

The entity to receive funding for this project is the Urban League of Philadelphia, located at 121 S. Broad Street, 6th Floor, Philadelphia, PA. 19107.

The funding will support the Urban League of Philadelphia's HUD-certified Housing Counseling Program, which provides comprehensive support for Philadelphia residents. Predominantly serving Black, Latinx, and underserved Philadelphians, the Urban League's housing counseling helps our city's most vulnerable renters avoid homelessness and displacement. The Program also increases financial education throughout the community and conducts tenant's rights workshops to prevent eviction and foreclosures. Funding for this program will support a crucial service to address our city's housing crisis and bolster our community's response and recovery from COVID-19.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Minority Member Granger:

I am requesting \$2.578 million in funding for the City of Sarasota for an important wetlands creation project, in Fiscal Year 2022.

The entity to receive funding for this project is the City of Sarasota, located at 1565 1st Street, Sarasota, FL 34236.

I am submitting this Community Project Funding request on behalf of the City of Sarasota, Florida. The funding will enable the City to both restore and create more than 18 acres of wetlands that will significantly improve regional water quality. The successful implementation of this project can serve as a model for all of Southwest Florida and could be used to educate local, regional, national, and international visitors regarding best practice water quality projects. In addition, this project aligns with Governor DeSantis' executive order 19-12 prioritizing water quality projects. Finally, it has been prioritized as part of the Bobby Jones Master Plan approved by Sarasota City Commission.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Vern Buchanan".

Dear Chair DeLauro and Ranking Member Granger:

Thank you for your work on the fiscal year 2022 appropriations legislation.

I respectfully request funding for the Mobile Meals Kitchen community project located at 1747 Reynolds St., Knoxville, TN, 37921. The entity to receive funding for this project is the Knoxville-Knox County Community Action Committee (CAC) located at 2247 Western Avenue, Knoxville, TN 37921.

The requested funding would be used for facility upgrades and updated kitchen equipment, including 100-gallon kettles, steam-boiler, and six (6) retherm ovens with the capacity to heat 192 meals at a time for the Knoxville-Knox County Community Action Committee (CAC) Mobile Meals Program, which since 1965 has offered a variety of programs that promote self-sufficiency.

The current Mobile Meals Kitchen is 18 years old, with aging equipment that has high repair costs and is increasingly dangerous and in need of maintenance. Annually, the kitchen produces over 520,000 hot meals and 174,620 other components, and the need for these services is growing.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you again for your consideration of this funding priority for East Tennessee.

Sincerely,

Tim Burchett
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

Thank you for your work on the fiscal year 2022 appropriations legislation.

I respectfully request funding for the City of Friendsville 2021 City Sidewalk Program community project. The entity to receive funding for this project is the City of Friendsville located at 213 West College Ave, Friendsville TN 37737.

The funding would be used for the remaining sidewalk system along the downtown City of Friendsville, which will provide for a safe walking area to all major points in the area. The City of Friendsville is working to connect a sidewalk that runs in front of the city hall and elementary school with other key points in the downtown area as part of a wider program to give citizens a safe area to walk and attract new residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you again for your consideration of this funding priority for East Tennessee.

Sincerely,

Tim Burchett
Member of Congress

TIM BURCHETT

Dear Chair DeLauro and Ranking Member Granger:

Thank you for your work on the fiscal year 2022 appropriations legislation.

I respectfully request funding for the City of Friendsville Downtown Sewer community project. The entity to receive funding for this project is the City of Friendsville located at 213 West College Ave, Friendsville TN 37737.

The funding would be used to provide sewer service to residents of the City of Friendsville who have experienced widespread septic system failures due to high concentrations of rock and red clay. This project will allow for the transition to a residential sewer system where nearly all households have had septic system failures. Sewer to the area will eliminate extreme health issues.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you again for your consideration of this funding priority for East Tennessee.

Sincerely,

Tim Burchett

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a Youth Equity Clinic in fiscal year 2022.

The entity to receive funding for this project is the YMCA of Rock River Valley, located at 220 E State St. Rockford, IL 61104.

The funding would be used to introduce programming focused on breaking the cycle of poverty and addressing social determinants of health by opening a Youth Equity Center. This center would address food insecurity & anti-hunger, support college & career readiness, increase child & family stability, promote healthy lifestyles, and increase social responsibility. The building will require some upgrades, including an updated kitchen, a fitness center and gymnasium, a music studio and a remodeled multi-purpose room. Programming includes a nutritional director, program staffing, and physical and mental health services, an after-school and a weekend and summer program, all designed to keep youth engaged and receiving the services that can help them build the necessary social determinants of health to be successful.

This project provides a unique opportunity to address systemic and structural issues that negatively impact our youth. The community of Rockford is faced with the "fierce urgency of now" with more than 50% of students in Rockford Public Schools District 205 failing and middle school students facing the most significant challenges in their education and experiencing the highest failure rate. RPS 205 has a 66% Graduation Rate compared to an 86% national average. Additionally, our community has seen a 100% increase in youth crime from 2019 to 2020.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Automation Annex, Morrison Tech Innovation Center Complex in fiscal year 2022.

The entity to receive funding for this project is the Morrison Institute of Technology, located at 701 Portland Ave., Morrison, IL 61270.

The Automation Annex will house the equipment, classrooms, and lab space for Morrison Tech's Automation Process Controls Engineering Technology Program. The purpose of the program is to support regional stakeholders (educators, students, manufacturers, etc.) as they teach, learn, or implement automation and process control systems necessary for competition in the global marketplace. Workforce development and support services for Automation and Intelligent Process Controls are areas of critical importance to the resiliency and growth of regional industry, especially with rural population decline and reduced workforce availability.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Construction of Community Center and Expansion of Library at East Dubuque District Library in fiscal year 2022.

The entity to receive funding for this project is East Dubuque District Library, located at 122 Wisconsin Ave. East Dubuque, IL 61025.

This funding will be used for the construction of a community center to serve the growing needs of the community, providing meeting and programming spaces for patrons, area residents, visitors, organizations, and social service agencies and their clients.

The East Dubuque District Library already hosts and facilitates meetings for seventeen community organizations and social service agencies. This expansion is essential to continue serving their needs to provide safety, economic assistance, protection from domestic and sexual abuse, and solutions to other inequities. Safe and ample spaces are also needed for clients, for library patrons, and for community gatherings. This has been a recognized need for over ten years and is a priority for the region, as evidenced by the letters of support. With this funding, this long-awaited facility can come to fruition.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Former Harrison School Demolition in fiscal year 2022.

The entity to receive funding for this project is the City of Peoria, located at 2815 West Krause Avenue, Peoria, IL 61605 (school location) and 419 Fulton St, Peoria, IL 61602 (City Hall).

Demolishing the former Harrison School building will serve the health and safety of residents in one of Peoria's oldest neighborhoods. The property has sat vacant and abandoned for multiple years and falls on the responsibility of the City to maintain, secure and demolish. The building is a major blighting influence on the neighborhood and attracts crime and creates other health hazards. The structure has dilapidated to the point that it is a large source of blight in the neighborhood, attracting crime and posing a threat to residents who may venture inside.

Demolishing the former Harrison School is a priority because of its massive footprint in the neighborhood where it once served as a guiding influence for neighborhood children and an employer of residents. It is now a hazardous eyesore representing a block to new development and reinvestment in the neighborhood. For over a decade, the property has changed hands between different private property owners who were unable to afford making the necessary investments to improve the property. This project would have an incredible positive impact on the residents of 61605, one of the most distressed communities in the nation.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for a project called ARISE in Greenville, North Carolina in fiscal year 2022.

The entity to receive funding for this project is the Housing Authority of the City of Greenville, located at:

1103 Broad Street, Greenville, North Carolina 27834

The funding would be used to construct a 20-unit apartment complex with one and two-bedroom units for the use of young adults transitioning out of foster care. The apartment complex will have on-site management, case management, and a computer and business center with space available for a kitchen, an office, and a meeting room that will serve as a central location for community and support services. The housing units will be developed on vacant land owned by the Housing Authority of the City of Greenville.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Very truly yours,

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for workforce housing in Northampton County, North Carolina in fiscal year 2022.

The entity to receive funding for this project is the Northampton County Government, located at:

9467 NC Highway 305, Jackson, North Carolina 27845

The funding would be used to develop a 50-unit duplex and townhome facility in Jackson, North Carolina, which is centrally located within Northampton County. The units would be intended for county employees and teachers due to the rural nature of Northampton County and the difficulty to find rental options for new employees in the area, resulting in some having to make long commutes. As a result, Northampton County struggles to recruit and retain talented employees. This workforce housing facility will have a significant impact on the community, boost economic development opportunities, and increase revenue for the county.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the replacement of the roof of the Imperial Centre for the Arts & Sciences in Rocky Mount, North Carolina in fiscal year 2022.

The entity to receive funding for this project is the City of Rocky Mount, located at:

331 S. Franklin Street, Rocky Mount, North Carolina 27802

The funding would be used to replace the roof of the Imperial Centre for the Arts & Sciences which is a critical educational and cultural asset for the City of Rocky Mount that enhances the quality of life for the community and creates equitable access to the arts and sciences for all residents.

The current condition of the roof of the Imperial Centre is poor – creating a high risk of water intrusion which can damage the historic facility and the equipment that supports the arts and sciences enrichment programs facilitated within the complex. These activities include arts classes, summer camps, and visitation to the science museum and gallery.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Very truly yours,

G. K. Butterfield
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Highway 301 Corridor Revitalization project in Wilson, North Carolina in fiscal year 2022.

The entity to receive funding for this project is the City of Wilson, located at:

112 Goldsboro Street E., Wilson, North Carolina 27894

The funding would be used to acquire and demolish vacant and dilapidated former industrial and commercial properties. Redevelopment of these properties would bring needed services such as food markets, financial institutions, medical facilities, and other critical services to the neighborhood. In addition, the project plans to repair or demolish several vacant and dilapidated housing units to provide safe and affordable housing. With input from the neighborhood residents, the project will support and facilitate Wilson's Center City catalyst projects and establish a vacant property initiative as part of the city's priorities within its 2030 comprehensive plan to enhance quality-of-life and self-sufficiency for its residents. The project will also rehabilitate existing properties to be more energy efficient and have increased ability to withstand natural disasters by renovating them to current building codes.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Dear Chairwoman Rosa Delauro and Ranking Member Granger:

I am requesting funding for the Escalante Meadows project in fiscal year 2022. The entity to receive funding for this project is the Housing Authority of the County of Santa Barbara and the property is located at 1090 and 1093 Escalante Street, Guadalupe 9343. The funding would be used for construction of an affordable housing project, which will entail the demolition of 52 old Public Housing units and construction of 80 low-income housing tax credit affordable residential units. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$6,373,765 in funding for the Goleta Valley Community Center Seismic/ADA retrofit project located at 5679 Hollister Ave. Goleta, CA 93117. The entity to receive funding for this project is the City of Goleta. This project will help the City reopen a key community asset that has been partially closed since January 2021 due to a critical need for seismic upgrades. The GCC has between 90,000-120,000 visitors each year including an average of 250 seniors participating in programs at the Goleta Valley Senior Center.

I certify that neither I nor my immediate family has any financial interest in this project.

U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Telfair Avenue Multi-Modal Bridge Over Pacoima Wash Project in fiscal year 2022. The entity to receive funding for this project is the Office of Los Angeles City Councilwoman Monica Rodriguez (City of Los Angeles, Council District 7) in Partnership with the Bureau of Engineering, located at 200 N. Spring St, Rm 455, Los Angeles, CA 90012.

The funding would be used for the construction of a new pedestrian and bicycle bridge along Telfair Avenue over the Pacoima Wash and will provide direct access to the future El Dorado Park. Currently, local students and neighborhood residents use this dangerous cut-through route as there is no safer option. This project is greatly needed for the community and will both provide increased safer, active transportation while investing in the aesthetics of the Wash.

I certify that neither I nor my immediate family has any financial interest in this project

Sincerely,

A handwritten signature in blue ink that reads "Tony Cárdenas".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Project Home Key Development in fiscal year 2022. The entity to receive funding for this project is LA Family Housing, located at 7843 Lankershim Blvd. North Hollywood, CA 91605.

The funding would be used for converting the Panorama Inn, a new housing property acquired through the State of California's Project Home Key initiative, into permanent supportive housing (PSH) for individuals experiencing homelessness in the San Fernando and Santa Clarita Valley region of Los Angeles County. PSH provides service-enriched permanent housing for people with high barriers to housing stability who, without support, would likely fall back into homelessness. This project seeks to circumvent traditional construction financing processes to save both time and money, bringing more units of PSH online more quickly to meet the growing need for service-enriched housing.

I certify that neither I nor my immediate family has any financial interest in this project

Sincerely,

A handwritten signature in blue ink that reads "Tony Cárdenas".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Pacoima Wash Greenway in fiscal year 2022. The entity to receive funding for this project is Pacoima Beautiful, located at 13520 Van Nuys Blvd. #200, Pacoima, CA 91331.

The funding would be used for implementing the final phase of the Pacoima Wash Vision Plan which was created by community stakeholders that live in close proximity. Pacoima Beautiful along with its partner Kounkuey Design Initiative has led a community planning and design process for a new greenway and open space in the southern portion of the Pacoima Wash. This funding will support finishing design and beginning construction of the Pacoima Wash Greenway.

I certify that neither I nor my immediate family has any financial interest in this project

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for 15260 Rayen Housing Rehabilitation Project in fiscal year 2022. The entity to receive funding for this project is the Abbey Road, located at 15305 Rayen St. North Hills, CA 91343.

The funding would be used for undertaking a major rehabilitation project for six of Abbey Road's permanent supportive housing buildings (a total of 32 housing units) that are in the 29th Congressional District. The rehabilitation project, which is estimated to cost \$7.6 million upon its completion, will benefit homeless youth (including foster youth, Department of Probation youth, and Transitional Age Youth), single adults, families, Veterans, and victims of domestic violence. Abbey Road is requesting \$1,000,000 from the Department of Housing and Urban Development - Economic Development Initiative (EDI) to fully rehabilitate one of six permanent supportive housing buildings – 15260 Rayen Apartments (a 6-unit two-story 5,048 square foot building) – that houses homeless Transition Aged Youth (TAY).

I certify that neither I nor my immediate family has any financial interest in this project

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for Phase II of the Veterans Memorial Boulevard project in fiscal year 2022. The sponsor for this project is the City of Temple, located at 2 N. Main St., Temple, TX 76501.

The funding is designated for construction of roadway and pedestrian improvements servicing the Olin E. Teague Veterans Medical Center. The proposed infrastructure improvement is a multi-fold project, which will add a landscaped median dividing the current roadway into separate north and south lanes, turn lanes and shared-use pathway facilities along Veterans Memorial Boulevard, improved stormwater facilities to address on/off-site flooding issues, and bus shelters with improved access.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Village of Deer Park in fiscal year 2022.

The entity to receive funding for this project, the Village of Deer Park, is located at 23680 W Cuba Rd, Deer Park, IL 60010.

The funding would be used for Deer Park Boulevard - Road Program for road reconstruction of 2,750 of roadway. Deer Park Boulevard is a thorough fare through in their commercial district. The current conditions show signs of aging and problematic sound structural condition.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "SCasten", with a long horizontal flourish extending to the right.

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding to add infrastructure for stable and high-speed internet access at an affordable cost in local affordable housing for fiscal year 2022. The entity to receive funding for this project is the Housing Authority of the City of Tampa located at 5301 West Cypress St. Tampa, FL 33607. This project is a valuable use of taxpayer funds because affordable internet connectivity has shown to be an economic driver, particularly for low-income, minority populations. The access to in-home reliable and high-speed internet opens additional opportunities for education and training, employment and communication with medical providers, cultural groups and world events. I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the State Route 63 Widening from Union Road to State Route 741 in Turtlecreek Township, Warren County, Ohio, in fiscal year 2022.

The entity to receive funding for this project is Warren County, Ohio located at 406 Justice Drive, Lebanon, OH 45036. State Route 63 is part of the Federal-Aid Highway System and is an important connector between Interstates I-75 and I-71. The funding would be used for design and planning of the project. The project widens approximately 2.4 miles of SR 63 from its existing two (2) lanes to four (4) lanes between Union Road and east side of SR 741. Vertical realignment is included to address safety issues.

I certify that neither I, nor my immediate family, has any financial interest in this project.

I am requesting funding for the LA-San Gabriel Mountains Urban Shuttle System in fiscal year 2022.

The entity to receive funding for this project is Nature for All, located at:

201 W. Garvey Avenue
Suite 102-503
Monterey Park, CA 91754

The funding would be used to establish equitable public transit routes into the Angeles National Forest and San Gabriel Mountains National Monument, providing access and environmental justice for diverse, underserved communities across the Los Angeles basin. The funding will include design and construction of five shuttle stops and a one-month pilot weekend shuttle service operation, with workforce stipends for naturalist staff and visitor services technicians recruited from the local community to provide visitor interpretation and stewardship education.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding for Alhambra Comprehensive Sustainability Plan in fiscal year 2022.

The entity to receive funding for this project is the City of Alhambra, located at 111 South First Street, Alhambra, CA 91801.

The funding would be used to complete a Comprehensive Sustainability Plan to meet the community's current environmental, economic, and other needs without compromising the ability of future generations to do the same. In order to understand and develop appropriate sustainability goals, the plan will provide important sustainability information, empower the Council and the community, and motivate actions and commitments toward various indicators including affordable housing, open space, land use development, solid waste, energy and water use, renewable energy, greenhouse emissions, mobility, transportation, and economic vitality.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for San Gabriel Valley Affordable Housing Project Pipeline in fiscal year 2022.

The entity to receive funding for this project is San Gabriel Valley Regional Housing Trust (SGVRHT), located at 1000 S. Fremont Avenue, Unit 42, Building A-10N, Suite 10-210, Alhambra, CA 91803.

The funding would be used for site acquisition, construction and capital improvements of affordable housing developments as prioritized by the SGVRHT Board of Directors. Subgrantees are restricted to nonprofit developers or cities that are constructing the homeless housing or affordable housing projects. California is facing an acute shortage of affordable housing units and homeless shelter beds. The SGVRHT affordable housing project pipeline identifies 1,188 units of affordable housing in developments proposed in 11 San Gabriel Valley cities that could advance to construction if provided relatively modest federal funding.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Pasadena Broadband Network Expansion in fiscal year 2022.

The entity to receive funding for this project is the City of Pasadena, located at 100 N. Garfield Ave., Pasadena, CA 91109.

The funding would be used for the completion of free Public Wifi to the remaining 18 parks and park facilities in the City to further increase access to broadband for underserved communities, students and all residents. In the past five years, the City of Pasadena deployed free Public WiFi to 15 of 33 city parks and park-facilities. Usage metrics show over 1,000 unique connections accessing this service daily and over 40,000 connections annually, a 100% increase in usage over the last year. Free Public WiFi in city parks and park facilities provides all residents and students reliable access to broadband, supports digital learning, encourages digital inclusion efforts and offers safe space for all to work, study, communicate, apply for services and participate in the digital economy. Expanding broadband connectivity for public safety and essential services improves resiliency of critical services.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Judy Chu". The signature is written in a cursive, flowing style.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Purgatory Road Sidewalks in fiscal year 2022.

The entity to receive funding for this project is Town of Middletown, located at 350 East Main Road, Middletown, RI 02842.

This funding will be used for the reconfiguration of Purgatory Road to provide ten-foot vehicle travel lanes, four-foot shoulders, and one five-foot sidewalk on the southern side of the roadway. Purgatory Road connects two heavily used beaches on Aquidneck Island and serves as a pedestrian artery to the Atlantic Beach District commercial area. Currently, the roadway contains a narrow shoulder and limited areas for pedestrians and bicycles, despite its heavy foot traffic from densely settled surrounding neighborhoods and the nearby commercial district. The proposed enhancements would provide access to the beaches and coastal rights-of-way for Middletown residents and visitors. These upgrades would include safety benefits for pedestrians and cyclists, environmental benefits through the encouragement of less vehicle use, and economic benefits from increased foot traffic in the Atlantic Beach District commercial area. Further, the sidewalks and crossing would all be ADA compliant, enhancing mobility for all.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "David Cicilline".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Bristol Senior Center Facility Rehabilitation Project fiscal year 2022.

The entity to receive funding for this project is Town of Bristol, located at 10 Court Street, Bristol, RI 02809.

This funding will be used to support the design and full rehabilitation of the decommissioned Walley School to convert it into a municipal senior services facility. An estimated 30 percent of Bristol residents age 65 and older have an annual household income below \$20,000, with 9 percent below the federal poverty line. Funding for this project will help the Town of Bristol effectively coordinate local senior service activities and respond to the rapidly changing needs of Bristol's senior population.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "D. N. Cicilline".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Veterans Memorial Park Pool Renovation in fiscal year 2022.

The entity to receive funding for this project is the City of Pawtucket, located at 137 Roosevelt Ave, Pawtucket, RI 02860.

This funding will be used to bring a state-of-the-art recreational water facility to Pawtucket residents who may not otherwise have access to a pool, or the ability to enroll their children in summer programs or travel to the beach. As part of an effort to increase equity and improve access to recreational opportunities for all residents of Pawtucket, particularly the 20 percent of families without a personal vehicle for travel, the proposed pool renovation project would be a vital step in properly addressing the needs of residents. Fairlawn Veterans Memorial Park is one of the largest recreational spaces on the west side of the City of Pawtucket. The site is the location of a free food service program for school-aged children and provides several recreational programming opportunities for City youth. The proposed project will include the complete renovation of the current Veterans Memorial Park Pool and the addition of an adjacent splash pad that will be beneficial for those children not old enough to swim. The combination of water features will allow for families and children of all ages to enjoy this expanded recreational amenity.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. N. Cicilline".

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Diamond Hill Pavilion Constructin Project in fiscal year 2022.

The entity to receive funding for this project is the Town of Cumberland, located at 45 Broad Street, Cumberland, RI 02864.

This funding will allow for the adaptive reuse of an old and functionally obsolete former ski lodge in the Town of Cumberland's Diamond Hill Park into a new, repurposed 2,500 square foot community center that creates linkages and connectivity to athletic fields, hiking trails, cultural performances and concerts, and public meeting spaces. The new Diamond Hill Pavilion (DHP) will be ADA accessible to ensure ease of use for seniors and the public and would offer the latest in energy and water efficiency and green improvements. The DHP will also allow the Cumberland EMA to perform COVID-19 and seasonal influenza vaccinations and health care screenings, while also providing seniors and other residents with Wi-Fi connectivity for telehealth access to primary and behavioral healthcare providers. The DHP will also be a centralized site for the Town to provide access to rent assistance, nutrition, and other human services. In the wake of the COVID-19 global pandemic, this project will help increase access to vital community services and recreational opportunities for all residents of Cumberland.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "David Cicilline".

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Roger Williams Park Broad Street Gateway in fiscal year 2022.

The entity to receive funding for this project is the Providence Redevelopment Agency, located at Joseph A. Doorley Municipal Building, 444 Westminster Street, Providence, RI 02903.

This funding will be used for the ongoing redevelopment of Providence's Broad Street Corridor by transforming three blighted adjacent lots in the city's Washington Park neighborhood into a modern, green, and energy-efficient, multi-purpose center to welcome visitors to the City's iconic Roger Williams Park and surrounding community. This funding will support development of a 1,700 square foot Visitor's Center and a 32,000 square foot gateway canopy within a recreational plaza and park. The Gateway project has gained the enthusiastic support of community partners and neighborhood organizations. The Welcome Center will become an entryway from Broad Street to the Park's recreational opportunities, improving green access for visitors and livability for residents in Washington Park and surrounding neighborhoods of Upper and Lower South Providence, Elmwood, and South Elmwood. The project will activate a clear connection for residents to one of Providence's most significant public green spaces. Public amenities include restrooms, bike share, and eating/play areas for long-term stay or passive experiences. The project will also benefit nearby commercial areas and small businesses located along the corridor connecting to the sites increased foot and bicycle traffic.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "D. N. Cicilline".

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the East Smithfield Neighborhood Center in fiscal year 2022.

The entity to receive funding for this project is the Town of Smithfield, located at 64 Farnum Pike, Smithfield, RI 02917.

This funding will be used for the Phase I renovation of the East Smithfield Neighborhood Center. The Center is situated between two affordable housing complexes for senior populations, and within an area designated as a Health Equity Zone by the Rhode Island Department of Health. The physical improvements in the Phase I renovation will address issues identified as part of the Town of Smithfield's lengthy comprehensive planning process and will incorporate COVID-19 public health design considerations. Renovations will include insulation, window and door replacement, siding, roof replacement, upgrades to existing bathrooms to provide ADA accessibility, updating all interior finishes and coatings, and all new electrical, mechanical, and plumbing systems. The renovation will permit the Town to provide and expand COVID-19 related services to their senior population and vulnerable residents and families. The facility will also offer health screenings, influenza vaccinations, access to telehealth to improve connectivity to health care services, and an expanded food pantry to address an increase in food insecurity among area residents. The renovated space will be an investment intended to decrease health disparities and improve connectivity to health care services and programming space for seniors and Town residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "David Cicilline".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Wonderland Multimodal Connector in fiscal year 2022 appropriations.

The entity to receive funding for this project is the Massachusetts Department of Transportation (MassDOT), located at Ten Park Plaza, Suite 4160, Boston, Massachusetts 02116.

The funding would be used for planning and design for a new commuter rail platform and multimodal transportation connector in the City of Revere, linking the Newburyport/Rockport commuter rail line to the MBTA Blue Line. This project has key benefits not only for the City of Revere, but for the entire region. Creating greater regional and local transportation access would alleviate regional congestion for commuters into the City of Boston and local congestion along Route 1A. The project will also increase connectivity for the environmental justice and low-income communities of Revere, East Boston, Chelsea, and Winthrop to major transit hubs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Katherine M. Clark".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Wellington Greenway Phase IV in fiscal year 2022 appropriations.

The entity to receive funding for this project is the City of Medford, located at 85 George P. Hassett Drive, Medford, Massachusetts 02155.

The funding would be used for the construction of the final phase (Phase IV) of the Wellington Greenway, which is part of a 10-mile continuous waterfront path and park system along the Mystic and Malden Rivers, providing a regional active transportation and recreation system for residents, employees, and visitors. Phase IV is a 0.3-mile shared-use path along the Malden River in Medford and the Wellington MBTA Rapid Transit Station. This project will create equitable access to safe, off-road walking and biking corridors for surrounding environmental justice communities while mitigating the traffic impacts of the increased residential and commercial development in the area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Katherine Clark".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Chris Walsh Aqueduct Trail Connectivity Project in fiscal year 2022 appropriations.

The entity to receive funding for this project is the City of Framingham, located at 150 Concord Street, Framingham, Massachusetts 01702.

The funding would be used for the design development, final design and permitting process for the Chris Walsh Aqueduct Trail Connectivity Project. Once constructed, this project will provide thousands of residents in the Downtown Framingham area, primarily from environmental justice neighborhoods, with direct access to this recreational corridor and opportunity to enjoy open space. The City is committed to furthering the legacy of the late State Representative Chris Walsh by providing all its residents with access to beautiful open space.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for \$2,000,000 in fiscal year 2022. The entity to receive funding for this project is the Brooklyn Museum, located at 200 Eastern Parkway, Brooklyn, NY, 11238. The funding would be used towards supporting critical costs for the upcoming creation of their first-ever permanent galleries for the world-renowned collection of African Arts.

While the Arts of Africa collection is one of the most important of its kind in a U.S. art museum and covers millennia of African creativity, spirituality, and ingenuity, it has never had a permanent exhibition space. This permanent exhibition would educate and elevate the experiences of many Brooklynites about the rich artistic culture of the African Diaspora.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for \$8,000,000 in fiscal year 2022. The entity to receive funding for this project is the City of New York, located at One Liberty St, New York, NY 10006. The funding would be used towards supporting critical costs for the construction of a Girls Club / Community Center in my Congressional District on the site of an existing City-owned multi-service center.

This project addresses a specific need identified by community members, local elected officials, and other community stakeholders in Brownsville: the need for a space designed to nurture girls in middle and high school by providing a safe space to explore programming in the arts, sciences, leadership, entrepreneurship, and wellness at no cost to families.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the MLK Park Pedestrian Bridge at Brush Creek in fiscal year 2022.

The project sponsor for this project is the Department of Parks and Recreation, City of Kansas City, Missouri, located at 4600 E. 63rd Street Tfwy., MO 64130.

The funding is designated for construction of the MLK Park Pedestrian Bridge at Brush Creek, which will connect communities, schools, and affordable housing along the north and south banks of Brush Creek. The pedestrian bridge will connect to trails along the creek and connect to the Martin Luther King, Jr. Park, which has had recent investment by the 15th & Mahomies Foundation. This one-of-a-kind play site will be a regional destination for families in Kansas City's urban core. Construction of the pedestrian bridge will be a "Connector to the Community", increasing neighborhood access to the park by giving families in adjacent low-income housing development on the north side of Brush Creek a safe avenue to reach the park. The bridge is one part of a multi-pronged plan to revitalize the park, improve the trails around Brush Creek, make green infrastructure and other improvements to areas adjacent to the creek, and create a cultural corridor with wayfinding signage and civil rights historical markers to tell the history of local civil rights heroes of Kansas City.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, reading "Emanuel Cleaver, II". The signature is stylized with a large, circular flourish at the end.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Mattie Rhodes Cultural Center in fiscal year 2022.

The project sponsor for this project is the Mattie Rhodes Center, located at 148 N. Topping Avenue, Kansas City, MO 64123.

The funding is designated for construction of a new cultural center. Now in its second century of community service in Kansas City's Westside community, Mattie Rhodes Center serves more than 15,000 individuals annually. The new Mattie Rhodes Cultural Center will answer the demand for a multi-purpose space that meets the needs of a growing and evolving Westside community. The 4,400 sq. ft. public facility will be more accessible to those in need, operate more sustainably and celebrate the cultural contributions of Kansas City's growing Hispanic population. The center will allow the organization to bring its social services and community arts programming into a single space and will offer enhanced education, therapy and arts programming to low-income families, while providing a safe and welcoming space for the community. This new public facility will offer the neighborhood's low-income families a continuum of care in strategic areas: youth services, educational resources, early childhood development, increased space and exhibition access, inter-agency collaboration. The Cultural Center will help to preserve and celebrate the Hispanic culture and community amid the tremendous growth and development of the surrounding neighborhood.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
A handwritten signature in blue ink that reads "Emanuel Cleaver, II". The signature is stylized with a large, circular flourish around the letter "C".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Regional Affordable Housing Initiative in fiscal year 2022.

The project sponsor for this project is the Local Initiatives Support Corporation (LISC), located at 600 Broadway, Ste. 280, Kansas City, MO 64105.

A collaborative effort between LISC, Mid-America Regional Council (MARC), Oikos Development Corporation, and other area non-profit housing providers, this funding will help provide affordable housing production in low-income neighborhoods, as well as homeownership education, down payment assistance, and minor home repair. In addition, the partnership will address system-level changes to ensure a more equitable housing ecosystem by creating an online platform to increase knowledge sharing, convene providers and stakeholders, and identify resources for historically disinvested communities. The initial target region will be the Historic Northeast neighborhood in Kansas City, one of the most diverse neighborhoods in the metro area. The average annual income in the neighborhood is less than \$35,000, with significant pockets where individuals are making less than \$10,000 per year. A shortage of nearly 50,000 affordable housing units across the Kansas City region has been identified, with nearly 1 in 3 families in the metro considered housing-cost burdened. This comprehensive, collaborative effort will benefit low- and moderate-income families by allowing for the immediate production of additional affordable housing units, while building the foundation needed for long-term systemic success.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
A handwritten signature in blue ink that reads "Emanuel Cleaver, II". The signature is stylized and fluid.

1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for The Brunswick in fiscal year 2022.

The project sponsor for this project is the City of Marshall, Missouri, located at 214 North Lafayette, Marshall, MO 65340.

The funding is designated for demolition and abatement of the former Fitzgibbon Hospital in Marshall, Missouri, so the property can be transformed into 56 safe, affordable housing units for families. This is a valuable use of taxpayer money. Long vacant, the Fitzgibbon Hospital is an asbestos-laced building that has been a hinderance to the community for years. The Brunswick will be focused on families who are at-risk of homelessness and in need of affordable housing. The Brunswick will offer tenant services such as education supplies and resources, nutrition and health, financial education and family stability, job readiness and professional development, community social events, and an annual assessment of need. The community of Marshall has a need for affordable and market rate housing, which is called out in the City of Marshall's comprehensive plan.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Emanuel Cleaver, II". The signature is stylized with a large, circular flourish at the end.

Emanuel Cleaver, II
Member of Congress

Washington, D.C. 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Raytown Chamber Building Improvements and Accessibility in fiscal year 2022.

The project sponsor for this project is the Raytown Chamber of Commerce Building Foundation, located at 5909 Raytown Trafficway, Raytown, MO 64133.

Funding will be utilized to renovate the 33-year old building, which houses the Raytown Area Chamber of Commerce and Tourism offices, and add necessary ADA accessibility at the entrance and interior. The building sits at the soon-to-be trailhead of the Rock Island Trail and interior and exterior upgrades will help improve services, resources, and visibility for those walkers and bicyclists who are utilizing the trail, as well as other visitors to the community. Once the Rock Island Trail connects to the Katy Trail, there will be over 300 miles of contiguous non-motorized recreational trail east-west across the state of Missouri.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Emanuel Cleaver, II". The signature is stylized with a large, circular flourish at the end.

Emanuel Cleaver, II
Member of Congress

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 26, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for in fiscal year 2022 from the Subcommittee on Transportation, Housing and Urban Development and Related Agencies, under the Economic Development Initiative account, for the following project:

Putting the Tech back in Denmark Tech: Enhancing sixty-one (61) year-old facilities to provide transformational Career and Technical Education Programs

The entity to receive funding for this project is:

Denmark Technical College
1126 Soloman Blatt Blvd
Denmark, SC 29042
SC-06 Congressional District

The funding would be used for much-needed facilities enhancements which will enhance training provided by Denmark Technical College to citizens from three of the most economically deprived rural counties in South Carolina. Specifically, the funds would be used for the renovation of two campus industrial buildings, the replacement of wastewater lift stations on campus, and the replacement of building doors throughout the campus to support ADA compliance.

This project is an appropriate use of taxpayer dollars and has support from multiple local governmental and educational partners. I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 27, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in fiscal year 2022 from the Subcommittee on Transportation, Housing and Urban Development and Related Agencies, under the Economic Development Initiative account, for the following project:

South Sumter Demolition

The entity to receive funding for this project is:

Sumter County Government
13 E Canal St
Sumter, SC 29150
SC-06 Congressional District

The funding would allow for the demolition of two hundred and twenty (220) dilapidated and vacant structures currently located in the South Sumter Community of Sumter, South Carolina, and surrounding neighborhoods.

This project is an appropriate use of taxpayer dollars as it would remove dilapidated structures that are currently not bringing in reasonable revenues through taxes, create opportunities to replace these structures with new homes, promote greater public safety, help to beautify the community, and increase the tax base in the County.

I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 26, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in fiscal year 2022 from the Subcommittee on Transportation, Housing and Urban Development and Related Agencies, under the Economic Development Initiative account, for the following project:

Rehabilitation of the S.H. Kress building in downtown Orangeburg, SC for the Claflin University Downtown Community Center

The entity to receive funding for this project is:

Claflin University
400 Magnolia St
Orangeburg, SC 29115
SC-06 Congressional District

The funding would be used to rehabilitate the S.H. Kress building in downtown Orangeburg, SC. The restored building will be used to house the Claflin University Center for Social Justice, Pathway from Prison program, young professionals' studio housing and development of a Business Incubator site. The Pathway from Prison program would assist current and former incarcerated individuals in South Carolina to reduce recidivism. The Business Incubator would help potential local businesses in start-up by providing a variety of services. The Claflin University Downtown Community Center would also provide modern and affordable housing in downtown Orangeburg for young professionals working in Orangeburg County.

This project is an appropriate use of taxpayer dollars as it would provide a central location for university initiatives that benefit the university, Orangeburg County and surrounding areas.

I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 27, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in fiscal year 2022 from the Subcommittee on Transportation, Housing and Urban Development and Related Agencies, under the Economic Development Initiative account, for the following project:

Restoration of Historic Waverly-Good Samaritan Hospital

The entity to receive funding for this project is:

Allen University
1530 Harden Street
Columbia, SC 29204
SC-06 Congressional District

The funding would be used to restore and expand the Waverly-Good Samaritan Hospital building, a structure listed on the National Register of Historic Places. The entire interior of the building will be renovated to include new windows, walls, floors, ceilings, doors, lighting, plumbing, and electrical components, including information technology.

This project is an appropriate use of taxpayer dollars as it would eliminate blight in the community and transform an old, vacant structure into a new, state-of-the-art multi-purpose, higher-education facility. Once restored, the new facility would enhance Allen University's academic offerings by creating additional space for new programs in teacher education and political science and increase its capacity to serve a larger population of students.

I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 27, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in fiscal year 2022 from the Subcommittee on Transportation, Housing and Urban Development and Related Agencies, under the Economic Development Initiative account, for the following project:

Greater St. George Wastewater Project

The entity to receive funding for this project is:

County of Dorchester
201 Johnston Street
St. George, SC 29477
SC-06 Congressional District

The funding would be used to provide a wastewater collection and treatment system to disadvantaged areas not currently served by a public utility. Funds would be used for the construction of three new pump stations and a new force main in Dorchester County, SC.

This project is an appropriate use of taxpayer dollars as it would provide wastewater collection and treatment in areas not currently served by a public utility. In addition to improving sanitary conditions for residents, the new infrastructure will prevent the discharge of untreated wastewater into streams and wetlands in the area and would help foster residential, commercial, and industrial development, thereby creating jobs and promoting economic mobility for low-income residents there.

I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Global Transportation and Industrial Park (GTIP) in Fiscal Year 2022. The entity to receive funding for this project is the Ardmore Development Authority located at 410 W. Main Street Ardmore, Oklahoma 74301.

The funding would be used for developing the necessary infrastructure to drive the creation of a global logistics park at the Ardmore Industrial Airpark by reconstructing the cargo ramp and portion of Taxiway D. Completed economic and feasibility studies indicate job creation in an economically distressed area and tribal region. The project will connect the economies of Oklahoma City to the DFW metroplex and rest of the world.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Fires Innovation Science and Technology Accelerator, Campus Modernization and Expansion of the FISTA Innovation Park in Fiscal Year 2022 Transportation, Housing, and Appropriations Bill. The entity to receive funding for this project is the FISTA Development Authority, located at 200 C Avenue, Lawton OK 73502. The funding would be used for the repurposing the FISTA Innovation Park, that is severely distressed due to downturns in the brick-and-mortar retail sector and thus experiencing high vacancy rates. FISTA seeks to repurpose the 600,000 square foot structure. FISTA's mission is to make investments (over \$15,000,000 to date) in industrial development and activities that not only support CFT needs, technology gap fills and shortfalls, but also to promote laying the foundation for ongoing high-tech job creation in Lawton, Oklahoma. The new influx of talent will enable the FISTA Innovation Park to become a center of technological innovation, STEM education, business incubation, and workforce development for the greater region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Tom Cole".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Grady County Project in the Fiscal Year 2022. The entity to receive funding for this project is the Oklahoma Department of Transportation, located at 200 NE 21st Street Oklahoma City, OK 73105. The funding would be used for adding shoulders and resurfacing SH-19 between Alex and Lindsay in Grady County, Oklahoma, OK-HD-4. The project will add 8-foot shoulders to a section of rural two-lane highway which currently lacks sufficient shoulders. This project will both improve the pavement condition of the roadway and will add shoulders for dramatically increased safety on the corridor.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Tom Cole".

Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I write to respectfully request \$1,500,000 in fiscal year 2022 funding for the Residences at Government Center II – Community Facility.

The entity to receive funding for this project is Fairfax County Government, 12000 Government Center Parkway, Fairfax, VA 22035.

This project would help expand on the award-winning Residences at the Government Center I, which I helped initiate as Chairman of the Fairfax County Board of Supervisors. Fairfax County and the Fairfax County Redevelopment and Housing Authority have established a goal to build a minimum of 5,000 new homes for families earning 60 percent of the Area Median Income (AMI) and below by 2034. As part of this plan, Fairfax County recently dedicated an approximate 3.5-acre portion of the parking lot at its main administrative headquarters for the development of up to 250 units of affordable housing. Included in this project is a 15,000 square foot community facility which would provide community services, such as childcare, a teaching kitchen, or other services that benefit persons of low- or moderate-incomes. The grant funds would assist with the construction of this community facility.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration of this request.

Sincerely,

Gerald E. Connolly
Member of Congress

Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I write to respectfully request \$2,100,000 in fiscal year 2022 funding for Rehabilitation/Capital Upgrades of Old Town Hall at 3999 University Drive, Fairfax, VA, 22030.

The entity to receive funding for this project is the City of Fairfax, 10455 Armstrong Street, Fairfax, VA 22030.

This request is for rehabilitation and capital upgrades to Old Town Hall, a facility owned by the City of Fairfax. Old Town Hall is the premier public facility in the City of Fairfax and has served as the cultural and social center of the City of Fairfax community for 121 years. This requested funding will be used to rehabilitate Old Town Hall. After one of the front façade columns collapsed into the street in August 2020 resulting in the closure of the building, the City conducted a comprehensive examination of the structure. This project would help reopen Old Town Hall to the public through ADA-accessibility, safety, and sustainability upgrades that meet twenty-first century federal standards. When completed, this rehabilitation project will ensure safe and equitable access for the population of the City of Fairfax and the surrounding community.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration of this request.

Sincerely,

Gerald E. Connolly

RE: Jefferson Street Multimodal Cap and Connector, Nashville, TN 37208, TN05

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Jefferson Street Multimodal Cap and Connector, Nashville, TN 37208, TN05 in fiscal year 2022. The entity to receive funding for this project is Metropolitan Government of Nashville and Davidson County, located at One Public Square, Nashville, TN 37201. The location of this project is Nashville, TN 37208.

The funding would be used to create a multimodal cap and connector that will dramatically improve mobility, access, and safety for goods and people. The project includes critical safety, ITS, and crash reduction improvements to intersections and ramps leading to the high-incident interchange known as Trucker's Curve. Another key component of this project, the Dr DB Todd Jr Blvd bridge over I-40, was built in 1967 and was last inspected in 2019. At that time, it was rated to be in fair and good condition but qualifying for rehabilitation. The bridge's narrow, cracked sidewalks, unbuffered from narrow travel lanes with obstacles within the sidewalk, create a hostile pedestrian environment on this bridge and limit access between the north and south.

The project will foster increased access by replacing this bridge with a 3.4-acre interstate cap, stitching the north and south sides of Nashville back together, creating new public space, and providing the community with the opportunity to host other public amenities, such as a community and wellness center. The project will also support health improvements for residents and visitors by shielding the North Nashville community from air pollution and noise and reducing the heat island effect. The project also includes improvements to traffic flow and connections along Dr DB Todd Jr Blvd and 16th Ave N to Jefferson St, Fisk University, and Meharry Medical College. Once completed, the project will yield critical safety and placemaking benefits, generating economic and social value for the entire community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jim Cooper
Member of Congress

RE: American Baptist College Historic Building Improvements and Civil Rights Walking Tour, Nashville, TN 37207, TN05

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for American Baptist College Historic Building Improvements and Civil Rights Walking Tour, Nashville, TN 37207, TN05 in fiscal year 2022. This project is a partnership between American Baptist College and the Metro Historical Commission, a part of the Metropolitan Government of Nashville and Davidson County. The entity to receive funding for this project is Metropolitan Government of Nashville and Davidson County located at One Public Square, Nashville, TN 37201. The location of this project is American Baptist College, 1800 Baptist World Center Dr, Nashville, TN 37207.

The funding would be used for repairs at American Baptist College, an HBCU that played a pivotal role for African Americans in their fight for Civil Rights in late 1950s to the 1960s in Nashville and nationally. Formerly known as the American Baptist Theological Seminary, the core of its historic campus, a National Register Historic District, includes three historic (contributing) buildings that need repairs in order to remain viable. These buildings, whose uses as a dormitory, classrooms, library, and chapel, were the places where many of those who became leaders in the Civil Rights movement got their education and training. Reverend Kelly Miller Smith, the first nationally significant Civil Rights leader to be associated with the campus, was a trustee and teacher at this time, and the institution graduated several men who became leaders in the movement including John Lewis, C. T. Vivian, Bernard Lafayette, Jr. and James Bevel.

As a complement to these improvements, a Civil Rights walking tour of the campus will be created that will incorporate historical markers, interpretive signage, and a mobile-friendly website, allowing for tours both in person and virtually, as a way to educate the public about the college's significance and role in the Civil Rights story.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jim Cooper
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Santiago Creek Festival Grounds Transformative Project in fiscal year 2022. The entity to receive funding for this project is the Discovery Cube Orange County, located at 2500 N Main St., Santa Ana, California 92705.

The funding would be used to expand Discovery Cube Orange County, a non-profit children's science center. The project will acquire adjacent blighted property to create an open-air festival space with seasonal science exhibitions. This sustainably designed facility will be located along the Santiago Creek, bringing a year-round community focused enhancement of an extremely blighted area, located in the middle of a highly populated, urban area. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "J. Luis Correa".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Tierney Center for Veteran Services in fiscal year 2022. The entity to receive funding for this project is the Goodwill Industries of Orange County, located at 410 North Fairview, Santa Ana, California 92703.

The funding would be used to build a comprehensive Veterans Center at Goodwill's current facility which will bring housing, behavioral health, benefits counseling, employment assistance, legal assistance resources and peer navigation in one modern and veteran friendly facility. Orange County has a disproportional number of Veterans compared to services available. This project will help to bridge that gap to better honor those who have served our Nation. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "J. Luis Correa".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Park Improvements in fiscal year 2022. The entity to receive funding for this project is the City of Garden Grove, located at 11222 Acacia Parkway, Garden Grove, California 92840.

The funding would be used for improvements at three city parks in the district. Garden Grove is a majority-minority, under-served city. During the pandemic, the rates of cases were double the rest of the county. Additionally, people in the area are front line workers whose lives were more at risk during COVID or were unemployed because they work in the tourism sector. Families do not have sufficient outdoor space for activities, which contributes to co-morbidity health issues. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "J. Luis Correa".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Hart Park Pickleball and Fitness Circuit in fiscal year 2022. The entity to receive funding for this project is the City of Orange, located at 300 E Chapman Ave., Orange, California 92866.

The funding would be used to add new recreation opportunity for the community because currently, Orange does not have any outdoor pickleball. In this high-density, low-income community, where COVID-19 cases were double the rest of the community, families do not have sufficient outdoor space for activities, which contributes to co-morbidity health issues. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "J. Luis Correa".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for New Soccer Fields at La Palma Park in fiscal year 2022. The entity to receive funding for this project is the City of Anaheim, located at 200 South Anaheim Boulevard, Anaheim, California 92805.

The funding would be used to activate the park by providing three new, natural-turf soccer fields and supporting amenities requested by residents. Improvements will provide benefits to both the surrounding community and the entire city by addressing the City's significant deficiency in soccer facilities. Anaheim is home to 350,000+ residents, it has only 32 athletic fields, no lighted fields dedicated for soccer, and no regulation-size soccer fields. While it is one of Anaheim's largest and oldest parks, La Palma Park currently provides very limited recreational opportunities for community members. Residents report that they do not use the park because: 1) they are intimidated by criminal activity and/or homeless presence, and 2) the park does not offer sufficient recreational opportunities. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

J. Luis Correa

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$792,000 in funding for Roof Replacement and Hazardous Material Removal at the New England Motorcycle Museum. The entity to receive funding for this project is the New England Motorcycle Museum, located at 200 West Main Street, Vernon CT 06066. The funding would be used to repair breached roofs at the Motorcycle Museum and stabilizing the remaining infrastructure. Without immediate action, the costs of repair will continue to grow past the point of economic viability and all opportunities to capitalize on development prospects will be forever unrealized. The following is a summary of the repairs needed for each building.

- Building #1: Remove replace all slate and rotted wood in roof, siding, and roof supports; replace all flashings; rebuild the wooden gutters; and replace rainwater leaders.
- Building #5: Remove existing roof and flashings, add insulation board; install new interior roof drains and overflow units; apply new roofing to monitor roof; provide scuppers and rain water leaders at stair tower connection to building #3 roof overhangs; repair roof framing damage from leaks along the east and west edges of the roofs that have resulted in some corrosion & subsequent cracking in areas and will require structural repairs.
- Building #6: Remove existing roof and flashings; repair deck as required; add insulation board; provide new BUR or EPDM roof and flashings; replace parapet flashing and coping; install new combination roof drain and overflow unit. repair of failed bricks & masonry at roof to exterior walls 3' down around circumference of building.
- Building #8 & attached Building #9: Remove existing slate roof down to the roof deck; install ice & water Shield per CT code; install new corrosion resistant drip edge to roof perimeter; install new architectural shingles and install new hip and roof cap shingles; repair failed bricks & masonry at roof to exterior walls 3' down around circumference of building.

- Building #11: Remove existing roof and flashings; repair deck as required; add insulation board; and provide new BUR or EPDM roof & flashings.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Handwritten signature of Joe Courtney in blue ink.

Chairwoman
Committee on Appropriations
House of Representatives
Washington, D.C. 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2.5 funding for Enfield Rail Station Public Facilities Roadway Access, Sidewalks, and Parking Lot Improvements in fiscal year 2022. The entity to receive funding for this project is the Connecticut Department of Transportation, located at 2800 Berlin Turnpike, Newington, CT 06131. The project is located on Commerce Street in Enfield, CT, 06082.

The proposed project will support the Enfield Rail Station in Enfield, CT, which will be a new stop along the successful *CTrail* Hartford Line. The Enfield Station Public Facilities Roadway Access, Sidewalks, and Parking Lot Improvements will support the integration of a train station into a multi-use building with commercial and residential uses. The project will address how commuters enter the station. Access to the station will require a “road diet” on Main Street and the realignment of Commerce Street. The station will have dedicated commuter parking areas separate from the surroundings. A roundabout will be added to Commerce Street to provide a necessary turn around to allow commuters’ station access. Sidewalks will be added along Commerce Street and will be replaced on Main Street to complete pedestrian access to the station and tie the station to the immediate community. Pavement on both Commerce Street and Main Street will also be upgraded to complete this work.

This project will contribute to Transit Oriented Development and economic revitalization in the Thompsonville section of Enfield, CT and will contribute to the overall Rail Station project, which will increase ridership on the Hartford Line and provide access to jobs throughout the region. The part of Enfield that this project will impact - Thompsonville - is Census-designated place with a Median household income (in 2019 dollars) of \$46,257 - significantly lower than the State of Connecticut's Median household income of \$78,444. Additionally, 23.8% of those in Thompsonville live in Poverty, compared to the statewide rate of 10%. Thompsonville is an economically distressed area and this project will provide revitalization to a distressed region, support transit-oriented housing development, and support increased job opportunities for residents in Thompsonville through the addition of a new public transportation hub.

Additionally, as of 2019, CTfastrak between Hartford and New Britain has been open and operating and the Hartford Line passenger rail service is open and operating at nine stations. CTDOT is adding Enfield as an entirely new Hartford Line Station.

This project supports residents of low-income housing. Specifically, the project supports the Enfield Housing Authority's four moderate rental housing program units, which are all located within walking distance to the proposed project location. The project will also provide transit access to HUD low-income housing apartments - the Freshwater Pond apartments - located within walking distance from the proposed project location.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

JOE COURTNEY

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$138,434 in funding for the City of Wabasha Riverfront Revitalization Project in fiscal year 2022. The entity to receive funding for this project is the City of Wabasha, 50 Pembroke Avenue S., Wabasha, MN, 55981.

Funding would allow the City of Wabasha to acquire land, renovate, construct, furnish, and equip the National Eagle Center in order to expand program and exhibit space, increase aviary space for eagles, and create improvements to the riverfront in Wabasha for infrastructure, large vessel landing areas and docks, and public access and program areas to enhance community economic impact, access, and educational opportunities.

The project would be a valuable use of taxpayer funds because it will be an anchor attraction for Wabasha and the region, creating employment, economic resiliency, and fostering civic engagement.

In accordance with House Rules, I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Angie Craig

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,775,000 in funding for the Dakota County Technical College Commercial Driving Skills Center project in fiscal year 2022. The entity to receive funding for this project is Dakota County Technical College (DCTC), 1300 145th St E. Rosemount, MN 55068.

Funding would be used to assist DCTC enhance its current driving labs. This includes replacing crumbling asphalt on the CDSC with a more durable concrete pad and resurfacing and repairing the Decision Driving Range (DDR). The DDR is a 2-8 mile track and wet skid pad used for both CDL training and safety training for more than 250 agencies, including police departments, paramedics, and state and local transportation departments. The updated labs will host the new Minnesota State Commercial Driver Training Academy, a public-private partnership the planning of which was recently funded by a Minnesota Job Skills Partnership (MJSP) Grant.

The project would be a valuable use of taxpayer funds because it will support economic recovery efforts in the region and make the Southeast corridor a leading area for transportation recruitment and training. It will also help address the severe shortage of commercial drivers in Minnesota.

In accordance with House Rules, I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,124,000 in funding for the City of Jordan US 169 Multi-Use Trail Underpass project in fiscal year 2022. The entity to receive funding for this project is the City of Jordan, 210 East First Street, Jordan, MN 55352.

Funding would be used for construction of proposed improvements for an underpass location to provide safe pedestrian access across US 169 to connect the residential and commercial areas of Jordan. Multiple footpaths have been worn into the grass and have clearly shown where pedestrians and bicyclists, many of whom originate from the Valley Green mobile home park, desire to cross the highway to their intended commercial destinations.

The project would be a valuable use of taxpayer funds because it will enable people of all ages and abilities living north of US 169 to finally be able to safely cross the high-speed barrier with a safe and well-lit underpass.

In accordance with House Rules, I certify that neither I nor my immediate family has any financial interest in this project.

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$7,110,080 in funding for the City of Cottage Grove Shoppes at Cottage View project in fiscal year 2022. The entity to receive funding for this project is the City of Cottage Grove, 8635 W Point Douglas Rd Cottage Grove, MN 55016.

Funding would be used for construction of the Shoppes at Cottage View, a 73-acre site located in the northwest corner of East Point Douglas Road and Keats Avenue (County Road 19) in Cottage Grove. The project will provide Cottage Grove many opportunities such as an improvement in the quality of life of residents by creating jobs, increasing the local tax base, providing a safe, efficient and interconnected network of local and collector streets, providing pedestrian connections to regional and local recreational amenities, public utility extensions, as well as housing opportunities for individuals at all income levels.

The project would be a valuable use of taxpayer funds because it will place the 73-acre site back into productivity by being on the City's tax rolls, as well as providing opportunities for employment, housing, and recreation, thus strengthening the local economy and providing the residents and visitors of Cottage Grove a quality of life where they can live, work, and play.

In accordance with House Rules, I certify that neither I nor my immediate family has any financial interest in this project.

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$5,000,000 in funding for the City of South St. Paul Wakota Crossing Economic Development Initiative in fiscal year 2022. The entity to receive funding for this project is the City of South St. Paul, 125 Third Avenue N, South St. Paul, MN 55075.

Funding would provide the southeast metro region of the Twin Cities with 50 acres of industrial land that will support the creation of more than 500 new jobs in the manufacturing, technology, warehousing, distribution, and transportation industries. Given its proximity to Interstate 494, the project will expand interstate commerce and foster new infill growth opportunities within inner-ring suburban communities.

The project would be a valuable use of taxpayer funds because it will eliminate blighting conditions, remediate known environmental brownfields, and preserve and enhance the integrity of the Mississippi River and the Mississippi River Flood Control System (levee).

In accordance with House Rules, I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Angie Craig

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for the Village Exchange Center Facility Renovation Project in Fiscal Year 2022. This request is for the Economic Development Initiative account. The entity to receive funding for the project is the Village Exchange Center, located at 1609 Havana St., Aurora, CO 80010.

The Village Exchange Center is seeking \$1,700,000 million to renovate and expand its space, which will enhance workforce training, food services, and other supports for the Northwest Aurora community. The proposed renovations will take place on the basement and main levels, and include: build-out of a commercial kitchen and commissary space with a restaurant storefront for two community restaurants, construction of multiple classrooms including two children's classrooms, a high-tech STEM classroom for youth and adult learning, and adult learning classrooms. The renovation will also include a two-story addition to support VEC offices and 20 community-focused organizations that VEC will support and mentor through the pandemic recovery. This investment will result in both economic and equity benefits in Aurora, supporting the community, the neighborhood, and the local economy.

The project is an appropriate use of taxpayer funds. This project will build and expand important infrastructure in a low-income, high-priority community in Northwest Aurora serving primarily immigrants and refugees. This capital investment will support these communities by financing a dedicated training and workforce development space where individuals can establish expertise, gain experience, and create the local connections needed to take their business ideas from conception to marketplace.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason Crow".

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for the City of Aurora Safe Outdoor Spaces Project in Fiscal Year 2022. This request is for the Economic Development Initiative account. The entity to receive funding for the project is the City of Aurora, located at 15151 E. Alameda Parkway, Aurora, CO 80012.

The City of Aurora is seeking \$1,350,000 to provide sheltering options, access to showers, restrooms, laundry facilities, and wrap-around services to those experiencing homelessness. Through safe parking, safe camping, pallet homes, tiny homes, the City of Aurora will provide organized, alternative sheltering solutions that connect individuals to safe places to be, where they have access to a mobile shower/restroom/laundry trailer, portlets, handwashing stations, garbage disposal, food, and the appropriate level of services (housing, medical, case management, clinical services, etc.) needed to move out of homelessness. This would increase safety for the community as well as those experiencing homelessness, mitigate the economic impact of having to conduct regular camp abatements as well as reduce the environmental impact that some of the camps pose. The funds would go to one-time costs of purchasing the various types of housing and to contract with a service provider to provide 24/7 wrap-around services for one year.

The project is an appropriate use of taxpayer funds. The City of Aurora's 2020 point-in-time homeless count reflected that there are 427 individuals experiencing homelessness in the City of Aurora, and the current stock of non-cold weather activation shelter beds is approximately 150. With the growing number of individuals experiencing homelessness, Safe Outdoor Spaces presents an immediate solution until permanent housing becomes available.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason Crow".

Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for the Douglas County Generational Opportunities to Achieve Long-Term Success (GOALS) Program renovation project in Fiscal Year 2022. This request is for the Economic Development Initiative account. The entity to receive funding for the project is Douglas County Human Services, located at 4400 Castleton Court, Castle Rock, CO 80109.

Douglas County is seeking \$1,000,000 to perform rehabilitation and construction of an existing building on the GOALS Program Campus that is not currently used. The funding will go towards the construction and furnishings to provide a family-like community supportive living setting, while bringing the building up to current safety standards and building codes. The GOALS Program is a housing program for families experiencing homelessness currently from Aurora and Arapahoe County. This program provides families a private room while they develop long-term goals for stability and self-reliance. Families are provided a safe space to live for four to nine months, and one-year of follow-up support. Douglas County Department of Human Services will continue to provide services to the Douglas County residents while they participate in the program and help transition them back into Douglas County upon completion of the program with the support of nonprofits and faith-based organizations.

This project is an appropriate use of taxpayer funds and is sorely needed, as Douglas County does not currently have a viable program to address homelessness. Currently, citizens are using hotel vouchers with case management services attached. Hotel vouchers are not a long-term solution for families with the highest needs. The GOALS Program will provide meaningful long-term services and support to assist homeless families in achieving stability.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

A handwritten signature in blue ink that reads "Jason Crow".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Klamm Park Trail project in fiscal year 2022.

The entity to receive funding for this project is the Unified Government of Wyandotte County and Kansas City, Kansas, 701 North Seventh Street., Suite 945, Kansas City, Kansas 66101.

The funding would be used to create an ADA compliant trail that is 10 ft wide and consists of a sub layer of compacted subgrade, 4" aggregate base, and 4" concrete surface, meeting trail regulation standards. The trail would be approximately .80 miles long, looping with Klamm Park. Klamm Park is a 30.2 acre park with amenities such as a playground, basketball courts, tennis courts, baseball fields, a shelter and restroom. Adding a walking trail feature to this park was a recommendation for Klamm Park from the 2017 Master Plan Park Assessment. It provides a public park access and recreational benefits to the citizens of Wyandotte County and Kansas City, KS. Trails have been shown to improve quality of life, promote health, and build a sense of community. When communities invest in trails, they are creating outdoor recreation opportunities and help create a sense of pride for the communities. In Wyandotte County specifically, creating more trails allows for opportunities to encourage exercise and other healthy outdoor activities and provide low or no-cost recreation to families with low costs relative to other recreational services. The Master Plan identified that residents ranked trails as a top improvement for their community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Representative Sharice Davids

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Sumner Are - Green Corridor Design project in fiscal year 2022.

The entity to receive funding for this project is the Unified Government of Wyandotte County and Kansas City, Kansas, 701 North Seventh Street., Suite 945, Kansas City, Kansas 66101.

The funding would provide for engineering and design of the green corridor for redevelopment of the existing street grid in the Sumner neighborhood. The project would include study and design of establishing a green corridor in the Sumner neighborhood for stormwater management utilizing the existing street grid and redevelopment of the vacant neighborhood. This award would be spent on engineering design for redevelopment of the neighborhood with a green corridor to address inland overflow issues that caused many redlined homes to have to be abandoned and ultimately demolished. This project will design green infrastructure to address the inland overflow issues that caused massive disinvestment in this historically redlined neighborhood of Douglas Sumner. By addressing the inland overflow, the UG will be able to use an NRSA and its related HUD programs to redevelop this residential neighborhood with hiking trails adjacent to the green corridor, connect Waterway Park, Big Eleven Lake, Elin Forest Park, Heathwood Park to Jersey Creek Park and Trail through these improvements. The improvements will be done in conjunction with the UGs approved WIFIA program to address stormwater issues. The project will also help with the UGs consent degree for combined sewers and related MS4 issues.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Representative Sharice Davids
Member of Congress

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the 6th St. Bike Blvd. & Heritage Trail Connection project in fiscal year 2022.

The entity to receive funding for this project is the Unified Government of Wyandotte County and Kansas City, Kansas, 701 North Seventh Street., Suite 945, Kansas City, Kansas 66101.

The funding would be used for repaving and restriping 6th Street between Central Avenue and Armstrong Avenue, then connecting on to the Riverfront Heritage trailhead at Armstrong Avenue & 4th Street. Likewise, it would include an upgrade to the off-street trail/sidewalk between 3rd and 4th street. It would also allow the Unified Government of Kansas City, KS and Wyandotte County to complete this connection to the Heritage Trail as well as make additional safety and green infrastructure related improvements along the entire stretch of the project. It would include intersection safety improvements to both signalized and unsignalized intersections in order to update outdated infrastructure and provide safe bike/pedestrian connectivity. It provides a public transportation benefit to the citizens of Wyandotte County and Kansas City, KS. This improvement is in a densely urbanized portion of the city/county. It will connect several nodes of commercial activity with the in-between neighborhood of Strawberry Hill that is low-to-moderate income and was part of historic redlining. This project should help stabilize the neighborhood and approve the walk and biking safety as well as improve the appearance of the neighborhood by taking portions of overinfrastructure street through a road diet to become safer for pedestrian uses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Representative Sharice Davids

Re: Community Project Funding Request for Memorial Park ADA/Accessible Upgrade Project

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$460,000 in funding for Memorial Park ADA/Accessible Upgrade Project in fiscal year 2022.

The entity to receive funding for this project is the Borough of Hatboro, located at 414 S. York Road, Hatboro, PA, 19040.

The funding would be used to transform Memorial Park into a park every resident of Hatboro can enjoy equally. This project will include the installation of an ADA Accessible Playground at the southwest side of the park. The Borough will replace the existing tot playground at this park with an ADA Accessible playground that can be enjoyed by all children of Hatboro. The Borough of Hatboro does not currently have an ADA accessible playground which means any child who is disabled must travel to a nearby town and leave Hatboro to enjoy a playground.

The Borough will also be installing an ADA accessible Trail through this project. The ADA accessible trail will run from the parking lot in the Northwest side of Memorial Park to the bridge that connects both sides of Memorial Park. On the other side of the bridge, the trail will link directly into the accessible playground, allowing children with disabilities to easily access the playground. The trail will also extend further west and will connect to the Memorial Pool Parking Lot. This will provide visitors of the pool with easy access to the playground and vice versa. The Borough will also be installing an ADA accessible bridge that connects both sides of the trail in Memorial Park. The existing bridge in Memorial Park is not ADA accessible. While usable, the bridge is not wheelchair friendly which prevents those with disabilities from crossing the bridge and accessing either side of the park. By replacing the bridge with an ADA friendly bridge, we will be increasing the accessibility of the park by allowing those with disabilities to enjoy the park to its fullest capacity.

Making these improvements to Memorial Park will help Hatboro achieve its goal of becoming a fully accessible community that is friendly and inviting to everyone. The Borough of Hatboro approved a 2040 Comprehensive Plan and Parks & Rec Plan that outlines the goals for our parks. One of the major goals of the plan is to create a parks system friendly to all residents and visitors that coincides with Hatboro's welcoming, inclusive atmosphere.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of this request.

Sincerely,

A handwritten signature in blue ink that reads "Madeleine Dean". The signature is written in a cursive, flowing style.

Re: Community Project Funding Request for YMCA New Early Learning Center: Towards Child Care Equity

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$300,000 in funding for YMCA New Early Learning Center: Towards Child Care Equity in fiscal year 2022.

The entity to receive funding for this project is Greater Philadelphia YMCA (GYC), located at 400 Fayette Street, Suite 250, Conshohocken, PA 19428.

These funds will be used to help construct a new Early Learning Center (ELC) in Abington Township, Pennsylvania. The ELC will offer subsidized high-quality education to children from low-income families in Abington and adjacent areas. GPY will provide socioemotional learning and care for 60-85 kids daily and positively impact the local economy with the creation of an additional education hub and dozens of jobs in Pennsylvania's Fourth Congressional District.

As one of the nation's largest child care provider serving more than 5000 children in 16 branches and 82 sites throughout the Greater Philadelphia area, GPY is uniquely positioned to leverage experts in the industry to deliver top quality programs. The building of a new Early Learning Center at 1073 Old York Road in Abington Township is timely and relevant as it directly addresses the inequity of access to child care services exposed during the pandemic. In the Abington area, roughly 45% of households earn less than \$49,000 per year spending close to 20% of it with child care. Through GPY's financial assistance program, many of those families will be able to register for an early learning program with affordable costs.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration.

Re: Community Project Funding Request for Schuylkill River Trail Safety Improvements at Norristown Transportation Center

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$332,350 in funding for Schuylkill River Trail Safety Improvements at Norristown Transportation Center in fiscal year 2022.

The entity to receive funding for this project is Southeastern Pennsylvania Transportation Authority (SEPTA) located at 1234 Market Street, Philadelphia, PA 19107.

The funding would be used for various improvements to make the area where Norristown Transportation Center connects to the Schuylkill River Trail safer and more convenient for local residents, travelers on the trail, and SEPTA passengers. Dynamic pavement painting will be refreshed, new caution reflectors and new flashing caution signs will be installed at three pedestrian crossings. A light pole that stands in the middle of the bicycle path will be relocated to remove a potentially dangerous impediment to traffic flow and new caution reflectors will be added to additional light poles. Caution wraps will be added to stair railings and the stair treads will be improved to benefit pedestrian safety. Finally, SEPTA will expand the trail right-of-way at certain choke points.

This project will benefit the residents of Norristown Borough and travelers in my district, whether on foot or bicycle, on the Schuylkill River Trail as well as passengers on the Norristown High Speed Line, Manayunk/Norristown Regional Rail Line and eight suburban bus routes that serve the Norristown Transportation Center. Norristown Borough residents are 37.2% African-American and 27.9% Hispanic. 19.3% of the borough's population lives below the federal poverty line. This project will provide safety benefits and increase the utility and attractiveness of transportation assets that offer valuable connections for accessing employment, engaging in commerce, and pursuing leisure that will become more valuable in the coming years.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration.

Re: Community Project Funding Request for Montgomery County Housing Authority – High Priority Capital Needs

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$7,700,000 in funding for Montgomery County Housing Authority – High Priority Capital Needs in fiscal year 2022.

The entity to receive funding for this project is Montgomery County Housing Authority (MCHA), located at 104 W. Main Street, Norristown, PA 19401

The funding would be used for projects that include critical need and life safety capital projects at all of the MCHA's residential properties. MCHA's public housing stock is aging; its youngest property is 38 years old. While MCHA has invested heavily, to date, in critical and life safety projects within its portfolio, the capital funds it receives from HUD are insufficient to meet all of the critical and life safety capital needs of the portfolio.

Accordingly, the MCHA is requesting Community Project Funding to support the critical and life safety needs across all its residential properties. Projects include installing a new fire alarm, replacing a leaking roof, fixing building-wide water infiltration, replacing obsolete furnaces, installing compactors and replacing a building-wide leaking plumbing system.

The MCHA's public housing program supports over 700 community members that are elderly, disabled, veterans, victims of domestic abuse, children, and or qualify as ALICE (asset limited, income constrained and employed.) Of the MCHA's resident population:

- 80% are below 30% of 2021 Area Median Income limits;
- 97% are below 50% of 2021 Area Mean Income Limits
- 46% of heads of households are seniors 62 and over; and
- 56% of heads of households are disabled (physically, mentally or intellectually).

Investing in MCHA's High Priority Critical Needs project is a worthy use of tax payers' dollars as it is an investment in the residential safety of some of the district's most vulnerable. In addition, this investment ensures the future preservation of subsidized housing for the district's most vulnerable, whom, without public housing, would have little other subsidized housing options. Receiving these funds, allows the

MCHA to continue its commitment to preserve the safety of the buildings for some of the 4th District's most vulnerable.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Madeleine Dean". The signature is written in a cursive style with a blue highlight effect.

Re: Community Project Funding Request for Boyertown Yard Downtown Safety, Accessibility, and Connectivity Critical Improvements

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,350,000 in funding for Boyertown Yard Downtown Safety, Accessibility, and Connectivity Critical Improvements in fiscal year 2022.

The entity to receive funding for this project is Colebrookdale Railroad Preservation Trust, located at 100 South Chestnut Street, Boyertown, PA 19512

The funding would be used to finish safety and mobility improvements to the Boyertown Yard, a critically-needed, community-identified and broadly-supported community and economic development project left in a dangerous and half-completed state because of the Pandemic. The project in its current state presents significant safety and mobility concerns and a missed opportunity for the region. Berks County received a National Association of Counties Award in 2020 for the federal/state/local private-public partnership driving the re-invention of this important space.

This project is in Boyertown's downtown where rail freight, recreational passenger trains, rail bikes, automobiles, bicyclists, and pedestrians all commingle. The location is the hub for North America's 2nd-highest-rated tourist railroad, an \$8M/year engine of economic growth. The work proposed includes an off-street access route for tour buses and an off-street park-and-ride station for Pottstown Area Rapid Transit's potential expanded service to Berks County. It includes public restrooms, landscaping, and stormwater management. This project would promote the safety, livability, and economic attractiveness of the region for my constituents.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration.

Sincerely,

Madeleine Dean

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,000,000 for Eugene Civic Park community facility improvements within the Committee's Community Project Funding effort in Fiscal Year 2022.

The entity to receive funding for this project is Eugene Civic Alliance located at 2077 Willamette Street, Eugene, Oregon 97405.

The funding would be used to execute capital improvements, including excavation, a new retaining wall, and pad for bleacher seating, for Eugene Civic Alliance's historic Civic Stadium to expand capacity. Eugene's shortage of athletic facilities inhibits its ability to host sports events and tournaments, preventing our community from fully accessing the growing sports tourism industry.

To deliver this project, Eugene Civic Alliance will remove the Civic Stadium's existing wall, damaged by a fire that destroyed the historic Civic Stadium in 2015, stabilize the hillside, and install 1,000 bleacher seats. Completing Civic Park and the grandstand will provide a space for Eugene to host not only youth sports tournaments, sports camps and clinics, but also community festivals and similar events. These events will boost our local economy by attracting out-of-town visitors and increasing traffic to local businesses. This project will help bring spectator sports back to Civic – supporting the local economy while providing residents the opportunity to enjoy a game or an event in their beloved park.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter A. DeFazio

Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
United States House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$3,000,000 for Corvallis Housing First's Southtown Permanent Supported Housing Project within the Committee's Community Project Funding effort in Fiscal Year 2022.

The entity to receive funding for this project is Corvallis Housing First, located at 2311 NW Van Buren Ave., Corvallis, OR 97330.

The funding would be used to develop additional and better-suited units of Permanent Supported Housing (PSH). The project recipient is Corvallis Housing First – they strive to provide solutions to homelessness, specifically focusing on providing housing and case management services for individuals experiencing homelessness. Currently, they offer 39 units of supported housing in Corvallis, but, as experts in the community, their estimates show that between 150 to 200 individuals are in need of this resource in our community. Corvallis Housing First recently purchased a property, an old Budget Inn, as well as over a half-acre of land that is appropriately zoned and near services to best serve people in need of PSH. This recent purchase, combined with the funding from this project, offers a very unique opportunity to develop additional housing that is appropriate, accessible, and healthy.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter A. DeFazio
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for the Early Learning Center (ELC) at Lake Washington Institute of Technology in fiscal year 2022.

The entity to receive funding for this project is the Lake Washington Institute of Technology, located at 11605 132nd Ave NE Kirkland, WA 98034.

The funding would be used to replace portable classrooms used for the Early Learning Center (ELC) at Lake Washington Institute of Technology (LWTech). This will allow LWTech to continue offering high-quality, low-cost childcare for 74 children of college students, employees and residents of the Washington state 1st Congressional District community. The ELC is currently housed in portable buildings that have outlived their lifespan and must be replaced. This funding will allow LWTech to implement modern, safe, and accessible classrooms.

Chair Rosa DeLauro
Ranking Member Kay Granger
House Committee on Appropriations
307 The Capitol
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for *Emergency Generators for OHA Public Housing Sites (2)* in fiscal year 2022.

The entity to receive funding for this project is *Housing Authority of the City of Orlando, FL*, located at *390 N. Bumby Ave, Orlando, FL 32803*.

The funding would be used to *install emergency standby generators at two (2) assisted housing sites; The Villas at Carver Park and Meadow Lake Apartments. Villas at Carver Park, constructed in April 2009 (854 Carver Park Street, Orlando, FL 32805), is a four-story, 64-unit affordable housing apartment building for low-income seniors aged 62+. The Villas is a few blocks west of the downtown Orlando business core in the historic Parramore neighborhood. Meadow Lake Apartments 3547 Meadow Lake Lane, Orlando, FL 32808, constructed in 1976, features 87 one-bedroom/one-story public housing units for adults with disabilities. The site is near a major thoroughfare with access to services, shopping, and public transportation. Seniors and persons with disabilities make up 65% of the Orlando Housing Authority's public housing residents. In 2007, the Orlando Housing Authority officially designated five (5) public housing sites for special populations, i.e., elderly or disabled. As of March 31, 2021, three (3) of the six sites have permanent generators in place or under contract for installation. However, two (2) sites within FL- District 10 do not have generators: The Villas at Carver Park and Meadow Lake Apartments. Generators will help protect seniors and persons with disabilities who live in the targeted public housing units in FL-District 10. The Atlantic hurricane season runs from June 1 through November 30, with most hurricanes forming between August and October. In 2017, Hurricane Michael hit Central Florida with wind speeds topping 160 mph. In 2018 Hurricane Irma impacted the area with wind speeds over 130 mph. More than 41 percent of hurricanes that hit the United States also make landfall in the Sunshine State. More than twice as many hurricanes have hit Florida as the next closest hurricane-prone state, Texas. On March 31, 2021, AccuWeather, a commercial weather forecasting firm, predicted 16 to 20 named storms for the 2021 Atlantic Hurricane season, including ten hurricanes. The firm predicts that 3 to 5 storms will become major hurricanes – Category 3 or higher with sustained winds of 11 mph or*

greater. The loss of power is a frequent by-product of such heavy storms and/or hurricanes. The Orlando Housing Authority has established protocols in the event of an impending natural disaster to support vulnerable seniors and the disabled and to secure the OHA's offices and records. These protocols include contacting seniors and disabled public housing sites to ensure they have water, flashlights, batteries, and sufficient medication for the duration of the storm/hurricane. While these measures are essential, there is little the Orlando Housing Authority can do in the event of a power outage – unless there is a permanent, functioning power generator in place to provide emergency electricity. The Orlando Housing Authority seeks partial funding to purchase and install generators at the targeted sites to provide emergency power to the specific areas within the site to help protect the wellbeing and safety of our low-income, vulnerable residents during an unexpected loss of electricity.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Val B. Demings". The signature is written in a cursive, slightly slanted style.

AND MARITIME SECURITY

April 23, 2021

Chair Rosa DeLauro
Ranking Member Kay Granger
House Committee on Appropriations
307 The Capitol
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for *Ocoee Lakefront Park Restroom/Concession Building* in fiscal year 2022.

The entity to receive funding for this project is *City of Ocoee*, located at *150 N. Lakeshore Drive; Ocoee, FL 34761*.

The funding would be used to *construct an Ocoee Lakefront Park Restroom/Concession Building*. Over four years ago, the City's largest community engagement process was held in order to draft a Master Plan to revitalize downtown Ocoee. One of the most important projects identified by the public was to redevelop the City's Lakefront Park. Funded as part of a \$44 million downtown improvement bond, phase 1 of the Lakefront Park improvements included expansion of the Lakeshore Center, development of a wedding garden at the historic Maguire House, and the creation of a large performance green equipped with utilities to support a variety of community events. Due to rising costs, in 2019 the City had to remove the proposed restroom/concession building and mooring from Phase 1 construction plans. The City is now desperately needing to construct the restroom/concession building to support special events, as well as day traffic, from those using the park and boating on Starke Lake. Our commissioners and our administration receive calls on a regular basis from our residents and park visitors regarding the need to construct this facility. Park activity has increased since the onset of COVID. People want to get outside, enjoy Lakefront Park without having to leave to use restroom facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Val B. Demings
Member of Congress

Chair Rosa DeLauro
Ranking Member Kay Granger
House Committee on Appropriations
307 The Capitol
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for *Wayne Densch Center Community Center* in fiscal year 2022.

The entity to receive funding for this project is *Ability Housing, Inc.*, located at *1000 West Kennedy Blvd., Orlando, FL 32810*.

The funding would be used to *construct a community center at the Wayne Densch Center (WDC). The WDC directly addresses Orange County's acute affordable housing crisis and furthers Central Florida's community-wide effort to end homelessness supported by the City of Orlando, Orange County, The Central Florida Commission on Homelessness, the Homeless Services Network and several other local governments and significant organizations in Central Florida. The WDC community center is an integral part of the success of the people residing in the WDC community. Access to community-based services and resources that address tenants' needs are vital to help the project's households to achieve and maintain optimal wellness, stability, and self-sufficiency in the community. Additionally, the availability of community-based healthcare and supportive services for the needs of the project's households is imperative to the sustainability of successful housing. This success cannot be optimized by on-site support staff and the many local organizations that are committed to bringing their knowledge, skills, and services to the residents of the Wayne Densch Center without a safe location to facilitate the workshops, training, healthcare education and other activities associated with successful resident outcomes.*

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Val B. Demings

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Iron Horse Trail Bridge, Nature Park, and Pedestrian Safety Project** in Fiscal Year 2022.

The entity to receive funding for this project is the **Town of Danville** located at 510 La Gonda Way, Danville, California 94526.

The funding would be used for pressing safety improvements and enhancements to the Iron Horse Trail across multiple jurisdictions to improve the multi-use, whole access trail of regional significance from the City of Concord to the City of Pleasanton. The project will be done in coordination with the City of San Ramon and the City of Dublin.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Danville Townwide Traffic Signal Modernization/ITS Project** in Fiscal Year 2022.

The entity to receive funding for this project is the **Town of Danville** located at 510 La Gonda Way, Danville, California 94526.

The funding would be used to modernize the Town of Danville's traffic signal system network, including replacement of the Town's aging traffic signal hardware, vehicular detection systems, and communications infrastructure. It would improve bicycle, pedestrian, and vehicular safety; air quality and GHG emission reductions; connectivity and reduce travel time.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Just Transition Economic Revitalization Plan Project** in Fiscal Year 2022.

The entity to receive funding for this project is the **Contra Costa County Department of Conservation and Development** located at 30 Muir Road, Martinez, California 94553.

The funding would be used for community outreach and engagement, specialized studies, economic analysis, and staffing to develop a community-wide framework for green economic development in Contra Costa County as the community transitions away from its historically petroleum-based economic sector. The framework is expected to include workforce training and land uses to support green economy industries.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Pittsburg Center Smart City Pilot** in Fiscal Year 2022.

The entity to receive funding for this project is the **City of Pittsburg** located at 65 Civic Drive, Pittsburg, California 94565.

The funding would be used to implement Smart City technologies by outfitting the ¼ mile transportation grid surrounding the Pittsburg Center BART station with connected technologies such as adaptive street lights, connected traffic signals, and digital and static wayfinding signage. These upgrades will help encourage transit use, encourage walking and bicycling by creating safer and more complete streets, alleviate traffic, and attract local business.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Dixie Highway Corridor Improvements in fiscal year 2022. The entity to receive funding for this project is City of Pompano Beach, located at 100 West Atlantic Blvd., Pompano Beach, FL 33060.

The funding would be used to construct and install fencing and columns along the FEC railroad track on Dixie Highway from Atlantic Boulevard to Sample Road, approximately two miles between the cities of Pompano Beach and Deerfield Beach. The proposed project seeks to increase public safety by deterring activity that would result in dangerous encounters with oncoming trains.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

“I am requesting funding for Chokoloskee Island’s Pump Station project in fiscal year 2022.

The entity to receive funding for this project is the Everglades City government located at 102 Copeland Ave N, Everglades City, FL 34139.

The funding would be used for installing a new wet wall, and mechanical and electrical equipment.

I certify that neither I nor my immediate family has any financial interest in this project.”

Sincerely,

Mario Diaz-Balart
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Washtenaw Integrated Senior Experience (WISE) Center in fiscal year 2022. The entity to receive funding for this project is Jewish Family Services of Washtenaw County, Inc., located at 2245 South State Street, Ann Arbor, MI 48104.

The funding would be used for Jewish Family Services (JFS) to transform the experience of aging by creating the WISE Center at JFS as a meaningful “place” for Washtenaw County seniors. Federal Community Project funding in the amount of \$1.5 million is being requested. The facility will support a network of expert behavioral mental health services, comprehensive geriatric services and educational programming, memory assessments, and a fully appointed kitchen and workspace to address the specialized dietary needs of older adults.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Debbie Dingell

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Safe, Healthy, and Net Zero Energy Affordable Supportive Housing in fiscal year 2022. The entity to receive funding for this project is the City of Ann Arbor, located at 2000 South Industrial, Ann Arbor, MI 48104.

The funding would be used for transitioning ten supportive and affordable housing projects with 463 apartments housing, more than 1,000 community members in the City of Ann Arbor to net zero energy facilities or net zero energy ready facilities. By doing this, they will be creating a replicable model while also making immediate gains towards climate goals, lower operational costs at our housing sites which frees up resources to invest in capital improvements and services for housing commission tenants, improve indoor air quality and comfort for our tenants, put more dollars directly into the local economy, and advance goals around equity and justice.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Debbie Dingell

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Austin IH-35 Cap & Stitch Study in fiscal year 2022. The entity to receive funding for this project is the City of Austin, Texas located at 301 West 2nd Street Austin, Texas 78701.

The funding would be used to further develop plans for a Cap & Stitch approach to the reconstruction of IH-35 in Austin. The City and the Downtown Austin Alliance are working with TXDOT on a plan to depress IH-35 and cover it between East Austin and Downtown. Based on an Urban land Institute report, Cap & Stitch would create lids over the depressed highway to reconnect East Austin to Downtown.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Rehabilitation of the historic Kusch and Tynan-Sweeney Houses at Hemisfair in fiscal year 2022. The entity to receive funding for this project is the Hemisfair Conservancy located at 424 S. Alamo St., San Antonio, Texas 78205.

The funding would be used to complete repairs of the dilapidated Kusch and Tynan-Sweeney Houses so that two small business tenants can operate out of the rehabilitated structures. Both homes will undergo a public solicitation process for selection of the tenants. The Kusch House will likely be used as a family-friendly, casual restaurant with an affordable menu that serves lunch and dinner. The Tynan-Sweeney House can provide a space for a small café, art gallery or other local offering.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for The City of Pittsburgh's "Avenues of Hope: Centre Avenue Revitalization" project in fiscal year 2022.

The entity to receive funding for this project is the City of Pittsburgh, Pennsylvania. The funding would be used to redevelop 70 publicly owned parcels on Centre Ave in Pittsburgh to develop seven community vetted mixed-use projects led by local and minority developers. This portfolio of projects will include mixed-income residential units, commercial retail and office space, and green space for community use. Specifically, funding will go towards site preparation, project financing, engineering and design work, infrastructure improvements and updates, new sidewalks and updated lighting.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Doyle".

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for The City of Pittsburgh's "North Avenue Streetscape" project in fiscal year 2022.

The entity to receive funding for this project is the City of Pittsburgh, Pennsylvania. The funding would be used to make improvements to North Avenue in the city by building curb extensions to narrow pedestrian crossing distance, modernizing traffic signals at all five intersections adding pedestrian indicators and audibles, improving sidewalks and street lighting and better managing curbside spaces to support business, employment, and park and educational institution demands.

This project is necessary and a good use of taxpayer funds as North Avenue is the principal local arterial connecting multiple neighborhoods of Pittsburgh's diverse North Side community. Extending between two highways (Route 28 on the west to Route 279 on the east) the street links together historic Allegheny Commons Park, a neighborhood business district, public primary schools, a major health care center, and several cultural institutions.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Doyle". The signature is written in a cursive, flowing style.

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Action Housing's "Flats on Forward" project in fiscal year 2022.

The entity to receive funding for this project is Action Housing, located at 611 William Penn Pl #800, Pittsburgh, PA 15219. The funding would be used to construct a four-story mixed-use building that will create 43 affordable housing units and 10,000 SF of commercial space in one of Pittsburgh's strongest housing markets and amenity rich neighborhoods. The 43 affordable housing units will serve as homes for households making 60% of AMI or below, 25% of which will be reserved for people disabilities. This is a strong use of taxpayer dollars as the new affordable housing will be in one of the strongest housing markets in Pittsburgh, which faces a 17,000 affordable housing unit shortage, and is in proximity to many amenities that will give new residents opportunities they would not have otherwise been able to access.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Doyle". The signature is written in a cursive, flowing style.

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

As you begin crafting the Fiscal Year 2022 bill, I respectfully request that you consider the following funding priorities:

Provide a funding level of \$389,000 for the proposed Emergency Response Complex at Gulf Coast State College in Fiscal Year 2022. The intended recipient is Gulf Coast State College located at 5230 US-98, Panama City, Florida 32401. This project would be a valuable use of taxpayer funds as it provides training opportunities to local and regional first responders, as well as will supplement academic programs for students pursuing degrees in public safety-related fields.

Provide a funding level of \$3,918,961.00 for the Blountstown Wastewater Treatment Facility in Fiscal Year 2022. The intended recipient is the City of Blountstown located at 20591 W Central Avenue, Blountstown, Florida 32434. This project would be a valuable use of taxpayer funds as the city upgrades to the existing wastewater treatment facility to fulfill the requirements of the Consent and Administrative Orders.

Provide a funding level of \$1,500,000 for the Franklin County Emergency Operation Center in Fiscal Year 2022. The intended recipient is Franklin County located at 33 Market Street, Suite 305, Apalachicola, Florida 32320. This project would be a valuable use of taxpayer funds as the current facility is not large enough to accommodate all the response agencies after an event. Updates to this facility are imperative for response and recovery in the community.

Provide a funding level of \$1,000,000 for the Gulf County Floating Dry Dock in Fiscal Year 2022. The intended recipient is Gulf County located at 1000 Cecil G. Costin Sr. Boulevard, Port St. Joe, Florida 32456. This project would be a valuable use of taxpayer funds as the floating dry dock will create an estimated 215 full-time jobs and serve as a catalyst for additional economic growth in the region.

Provide a funding level of \$3,486,690 for Holmes County Multipurpose and Recreational Center Rehabilitation in Fiscal Year 2022. The intended recipient is the City of Bonifay located at 313 McKinnon Avenue, Bonifay, Florida 32425. This project would be a valuable use of taxpayer funds as this park provides a safe environment for recreational and community events. Upgrades to the facility will make the park accessible to all ages and abilities.

Provide a funding level of \$85,000 for the Hope School Mobility Track and Infrastructure Improvements in Fiscal Year 2022. The intended recipient is the Jackson County School District located at 2903

Jefferson Street, Marianna, Florida 32446. This project would be a valuable use of taxpayer funds as the Hope School serves approximately 125 students in the surrounding school districts with physical and cognitive disabilities. These improvements will create equal access for all students, as well as ensure a safer campus.

Provide a funding level of \$3,000,000 for the rehabilitation of runway 18-36 at the Tallahassee International Airport (TLH) in Fiscal Year 2022. The intended recipient is the City of Tallahassee located at 300 S. Adams Street, Tallahassee, Florida 32301. This project would be a valuable use of taxpayer funds as this runway serves for both flight training and commerce. Improvements to this facility will allow for continued and enhanced shipping and travel service to the region.

Provide a funding level of \$5,391,230 for the City of Williston Fire and Police Department in Fiscal Year 2022. The intended recipient is the City of Williston located at 50 NW Main Street, Williston, Florida 32696. This project would be a valuable use of taxpayer funds as a new facility will benefit the eastern side of Levy County, as well as provide a response to the growing residential areas of the region.

Provide a funding level of \$1,100,000 for the Liberty County Emergency Medical Services (EMS) Facility in Fiscal Year 2022. The intended recipient is Liberty County located at 10818 FL-20, Bristol, Florida 32321. This project would be a valuable use of taxpayer funds as the current EMS facility, built in 1966, is not a fully functional space for an ambulance and crew.

Provide a funding level of \$850,000 for the North Florida Emerging Agriculture Enterprises Accelerator in Fiscal Year 2022. The intended recipient is the University of Florida located at 1001 McCarty Hall D, Gainesville, Florida 32611. This project would be a valuable use of taxpayer funds as it will develop public-private partnerships between the university and food producers in the Suwannee Valley River Region.

I certify that neither I nor my immediate family has any financial interest in these projects.

Thank you for your consideration of these requests.

Sincerely,

A handwritten signature in blue ink, appearing to read "Neal P. Dunn".

The Honorable Rosa Luisa DeLauro
Chairman
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

As you begin crafting the Fiscal Year 2022 bill, I respectfully request that you consider the following funding priorities:

Provide a funding level of \$389,000 for the proposed Emergency Response Complex at Gulf Coast State College in Fiscal Year 2022. The intended recipient is Gulf Coast State College located at 5230 US-98, Panama City, Florida 32401. This project would be a valuable use of taxpayer funds as it provides training opportunities to local and regional first responders, as well as will supplement academic programs for students pursuing degrees in public safety-related fields.

Provide a funding level of \$3,918,961.00 for the Blountstown Wastewater Treatment Facility in Fiscal Year 2022. The intended recipient is the City of Blountstown located at 20591 W Central Avenue, Blountstown, Florida 32434. This project would be a valuable use of taxpayer funds as the city upgrades to the existing wastewater treatment facility to fulfill the requirements of the Consent and Administrative Orders.

Provide a funding level of \$1,500,000 for the Franklin County Emergency Operation Center in Fiscal Year 2022. The intended recipient is Franklin County located at 33 Market Street, Suite 305, Apalachicola, Florida 32320. This project would be a valuable use of taxpayer funds as the current facility is not large enough to accommodate all the response agencies after an event. Updates to this facility are imperative for response and recovery in the community.

Provide a funding level of \$1,000,000 for the Gulf County Floating Dry Dock in Fiscal Year 2022. The intended recipient is Gulf County located at 1000 Cecil G. Costin Sr. Boulevard, Port St. Joe, Florida 32456. This project would be a valuable use of taxpayer funds as the floating dry dock will create an estimated 215 full-time jobs and serve as a catalyst for additional economic growth in the region.

Provide a funding level of \$3,486,690 for Holmes County Multipurpose and Recreational Center Rehabilitation in Fiscal Year 2022. The intended recipient is the City of Bonifay located at 313 McKinnon Avenue, Bonifay, Florida 32425. This project would be a valuable use of taxpayer funds as this park provides a safe environment for recreational and community events. Upgrades to the facility will make the park accessible to all ages and abilities.

Provide a funding level of \$85,000 for the Hope School Mobility Track and Infrastructure Improvements in Fiscal Year 2022. The intended recipient is the Jackson County School District located at 2903

Jefferson Street, Marianna, Florida 32446. This project would be a valuable use of taxpayer funds as the Hope School serves approximately 125 students in the surrounding school districts with physical and cognitive disabilities. These improvements will create equal access for all students, as well as ensure a safer campus.

Provide a funding level of \$3,000,000 for the rehabilitation of runway 18-36 at the Tallahassee International Airport (TLH) in Fiscal Year 2022. The intended recipient is the City of Tallahassee located at 300 S. Adams Street, Tallahassee, Florida 32301. This project would be a valuable use of taxpayer funds as this runway serves for both flight training and commerce. Improvements to this facility will allow for continued and enhanced shipping and travel service to the region.

Provide a funding level of \$5,391,230 for the City of Williston Fire and Police Department in Fiscal Year 2022. The intended recipient is the City of Williston located at 50 NW Main Street, Williston, Florida 32696. This project would be a valuable use of taxpayer funds as a new facility will benefit the eastern side of Levy County, as well as provide a response to the growing residential areas of the region.

Provide a funding level of \$1,100,000 for the Liberty County Emergency Medical Services (EMS) Facility in Fiscal Year 2022. The intended recipient is Liberty County located at 10818 FL-20, Bristol, Florida 32321. This project would be a valuable use of taxpayer funds as the current EMS facility, built in 1966, is not a fully functional space for an ambulance and crew.

Provide a funding level of \$850,000 for the North Florida Emerging Agriculture Enterprises Accelerator in Fiscal Year 2022. The intended recipient is the University of Florida located at 1001 McCarty Hall D, Gainesville, Florida 32611. This project would be a valuable use of taxpayer funds as it will develop public-private partnerships between the university and food producers in the Suwannee Valley River Region.

I certify that neither I nor my immediate family has any financial interest in these projects.

Thank you for your consideration of these requests.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1 Million in funding for the Replace Bridge 6819 along CSAH 75 Project in fiscal year 2022.

The entity to receive funding for this project is Stearns County, located at 705 Courthouse Square, St Cloud, MN 56303.

The funding would be used to replace bridge 6819, due to its rapid deterioration.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Casitas Community Project in fiscal year 2022.

The entity to receive funding for this project is the El Paso Center for Children, Inc at 2200 N. Stevens, El Paso, TX 79930.

The funding would be used to purchase/acquire land and build a 15-unit tiny home community for young adults ages 18-24 who are experiencing homelessness. Although these transition-aged youth are able to access some limited programs specific for their age, there are simply not enough housing options for this particular age group.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Veronica Escobar".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Paso del Norte Trail water-front shared-use path along the Franklin Canal from the entrance of the El Paso Zoo to Tobin in fiscal year 2022.

The entity to receive funding for this project is the City of El Paso at 300 North Campbell, El Paso, TX 79901.

The funding would be used to create a model infrastructure project that prioritizes connectivity for pedestrians and cyclists, provides safe recreation space, and creates a community amenity to drive ecotourism while promoting sustainable development. Additionally, this project will provide multi-modal transportation options for our community, improve pedestrian and cyclist safety in this corridor, and support environmentally-conscious development practices by utilizing drought-tolerant plants and green infrastructure, in addition to creating jobs for trail construction.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Veronica Escobar".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for The Bronx Digital Equity Coalition project in Fiscal Year 2022.

The entity to receive funding for this project is The Bronx Community Foundation, Inc., located at 557 Grand Concourse, Suite 3 #125, Bronx, NY 10451.

This project will establish and build the capacity of The Bronx Digital Equity Coalition (BDEC), a community-led and -owned model to build broadband infrastructure. An investment in broadband will drive recovery not only during emergence from COVID-19, but position Bronx neighborhoods well into the future. Grant funds will cover assessment activities and partnership cultivation. BDEC will be an independent entity with its own legal structure and include representation from residents with the goal of preserving and enhancing community digital infrastructure.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for CLOTH Food Pantry Reimagined in Fiscal Year 2022.

The entity to receive funding for this project is Community League of the Heights Inc. (CLOTH), located at 500 West 159th St, New York, NY 10032

This request is for the physical expansion of CLOTH's existing Food Pantry. Our current Pantry will be upgraded, expanded, and re-engineered to better serve our community. The new pantry will be a short-term emergency food-based distribution facility and a long-term center to address the root causes of the food insecurity. They will increase the square footage of the Pantry by 15%. Additional space will give room to add more refrigerators and freezers to store more fruit, vegetables and meat. In addition, new shelving will be installed to accommodate more packaged food.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Weisberg Commons renovation in Fiscal Year 2022.

The entity to receive funding for this project is Yeshiva University, located at 500 West 185th Street, New York, NY 10033.

Yeshiva University proposes the renovation of Weissberg Commons, a multipurpose events space located on the ground floor of 2495 Amsterdam Avenue in the Washington Heights neighborhood of Manhattan, New York City. The project is anticipated to provide critical structural upgrades to the space and modernize audiovisual equipment utilized in both academic and public-facing events, extending the useful life of the space and providing an improved experience for visitors.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Adriano Espaillat
Member of Congress

Congress of the United States
House of Representatives
Washington, DC 20515

April 27, 2021

The Honorable Rosa DeLauro

Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for ARC Community Kitchen in Fiscal Year 2022.

The entity to receive funding for this project is ARC XVI, FT. Washington, Inc., located at 4111 Broadway, New York, NY 10033.

The funding would be used to build a new kitchen for the ARC XVI Fort Washington Senior Center, which is being relocated to 516 West 181 Street, New York, NY 10033. The build-out of our new space does not include the kitchen. For the past 48 years ARC has provided home-cooked meals from our community kitchen for older adults 60+. They have also cooked take-home meals for seniors who are unable to leave their homes. In addition, they will expand to serving breakfasts, as well as continuing their weekly food pantry. The kitchen in their previous space has been used as a classroom to teach seniors to prepare nutritionally sound meals that require limited cooking, to support the desire of older adults to remain healthy and independent in the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Adriano Espaillat
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Black Doctors COVID-19 Consortium (BDCC) in fiscal year 2022.

The entity to receive funding for this project is It Takes Philly, Inc. located at 419 Johnson Street, Jenkintown, PA 19406.

The funding would be used for the renovation of approximately 6,000+ square feet of space at Deliverance Evangelistic Church in Philadelphia, Pennsylvania, where the organization currently provides COVID-19 vaccinations, and would allow the organization to extend services to include primary and preventative care. The funding would also be used to support the purchase of property in Philadelphia with a minimum of 20,000 square feet to establish a permanent Health Equity Center with services such as primary care with integrated behavioral health for children, adults and the elderly, specialty services related to hypertension, diabetes and nutrition education, smoking cessation programs, mind/body practices, prenatal care, dental care, social work, outreach and enrollment.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for improving healthy food access in Pennsylvania's 3rd Congressional District in fiscal year 2022.

The entity to receive funding for this project is Share Food Program located at 2901 W. Hunting Park Avenue, Philadelphia, PA 19129.

The funding would be used to help replace the deteriorated warehouse roof of the largest independent food bank in Pennsylvania. Funding would also be used to install onsite solar energy capabilities to increase the capacity, resiliency, and the sustainability of its operations.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Allegheny West Economic and Industrial Development Planning Initiative in fiscal year 2022.

The entity to receive funding for this project is Allegheny West Foundation located at 2330 West Allegheny Avenue, Philadelphia, PA 19132.

The funding would be used to produce an economic and industrial development plan that includes a detailed analysis of all vacant industrial and commercial properties in the Allegheny West neighborhoods and determines the most strategic phasing and prioritization of these development opportunities. Funding would also be used to analyze opportunities to develop workforce housing and encourage retail business development that would support economic growth stemming from industrial development.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for West Philadelphia's 52nd Street Corridor Initiative in fiscal year 2022.

The entity to receive funding for this project is The Enterprise Center Community Development Corporation located at 4548 Market Street, Philadelphia, Pennsylvania 19139.

The funding would be used as a component of the Initiative's financial efforts to enhance and rebuild Philadelphia's 52nd Street as an economic hub for small businesses owned by people of color as well as a destination for local arts and cultural experiences. These efforts would include projects such as funding for a mixed-use entrepreneurial marketplace, a community art and history exhibition space, renovation of the historic Parke Building, creation of affordable commercial and residential space, investments in existing business infrastructure and technology integration, improvements in public spaces, and/or a climate action plan.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairman DeLauro and Ranking Member Granger:

I am requesting funding for the YMCA Fairless Hills Branch Revitalization Project in the upcoming Transportation, Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this community project is the YMCA of Bucks County, located at 601 S. Oxford Valley Road, Fairless Hills, PA 19030. The proposed project is a 45,000 square foot capital renovation of the facility. The revitalization is an important effort in improving the health, wellness, and livelihood of tens of thousands of vulnerable individuals residing in the lower region of Bucks County. The project would be a valuable use of taxpayer funds because it would allow the Fairless Hills branch to serve more people and address the needs of low to moderate-income families in the community, including those with health disparities.

I certify that neither my immediate family nor I have any financial interest in this project. Thank you for your consideration and attention to this request.

Sincerely,

A handwritten signature in blue ink that reads "Brian Fitzpatrick".

Dear Chairman DeLauro and Ranking Member Granger:

I am requesting funding for the Newtown Rail Trail Extension Project in the upcoming Transportation, Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this community project is the Bucks County Planning Commission, located at 1260 Almshouse Road, Doylestown PA, 18901. The Newtown Rail Trail will be an extension of the Pennypack Creek Trail and will use the right-of-way of Southeastern Pennsylvania Transportation Authority's former Newtown Line. Once completed, there will be a 25-mile continuous off-road trail from Newtown to the Delaware River in Holmesburg. The project would be a valuable use of taxpayer funds because it would provide a critical off-road, multi-purpose trail that will be a part of the regional Circuit Trails system of trails and answers to the increased demand for safe outdoor recreation infrastructure.

I certify that neither my immediate family nor I have any financial interest in this project. Thank you for your consideration and attention to this request.

Sincerely,

A handwritten signature in blue ink that reads "Brian Fitzpatrick".

Dear Chairman DeLauro and Ranking Member Granger:

I am requesting funding for the Bristol Waterfront Park and Maple Beach Road Bridge Improvements Project in the upcoming Transportation, Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this community project is Bristol Borough, located at 250 Pond Street, Bristol, PA 19007. Bristol Borough proposes to construct improvements to the Waterfront Park and the Maple Beach Road Bridge. The project is located at 92 Maple Beach Road, Bristol, PA 19007. The project would be a valuable use of taxpayer funds because it improves safety, functionality, and access to the Bristol Waterfront Park and Maple Beach Road Bridge. The reconstruction of the Maple Beach Bridge over Otter Creek will allow visitors to fully enjoy the entire length of the Marsh, provide recreation opportunities in Maple Beach, and offer direct access to the Wastewater Treatment Plant for Borough employees. With additional funding, the Borough will also be able to update the Waterfront Park stormwater conveyance system, which is in serious need of upgrades to alleviate flooding from large storms and high tides. Lastly, necessary updates to the outdated park lighting will improve safety and visibility for patrons of the park.

I certify that neither my immediate family nor I have any financial interest in this project. Thank you for your consideration and attention to this request.

Sincerely,

A handwritten signature in blue ink that reads "Brian Fitzpatrick".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for an expansion of Chattanooga's Next Generation Smart City Testbed in fiscal year 2022. The entity to receive funding for this project is the City of Chattanooga. This proposal seeks to build a smart infrastructure by expanding the existing testbed footprint to create a larger, environmentally diverse district. Within the district, we will deploy advanced sensors, wireless communication technologies, and computing capabilities. These technologies provide proof of new concepts for smart city developments that improve citizen's quality of life considering citizen's privacy, cybersecurity, and better accessibility for the disabled and elderly. Funds will be used to expand the existing 1.25 mile MLK Smart Corridor in Chattanooga, TN (Hamilton County) to include diverse environments including residential, business, campus, urban, and highway areas. A diverse infrastructure gives a more holistic and complete view of city-scale interactions. This can lead to more exact and precise city-level operational solutions to the challenges of growing urban populations, thereby improving and securing future quality of life. The proposed infrastructure provides data that can be used to reduce congestion, pedestrian and vehicle crashes, harmful emissions, & inaccessible mobility.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Chuck Fleischmann

I am requesting funding for the following projects in fiscal year 2022:

- **Life Enrichment Center (LEC) building**
 - Entity to receive funding for this project: Aid to Victims of Domestic Abuse, Inc. (AVDA)
 - Location: Delray Beach, FL
 - Amount: \$1,000,000
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This funding would be used to purchase a building to create a sustainable home for AVDA's outreach and administrative offices, expand outreach and prevention programming to a broader part of the community, and increase accessibility to domestic abuse survivors.
- **College and Work Readiness STEM program**
 - Entity to receive funding for this project: Boys and Girls Club of Palm Beach County
 - Location: Delray Beach, Wellington, and Northwood, FL
 - Amount: \$511,886
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This funding will expand Boys and Girls Club's College and Work Readiness Science, Technology, Engineering, and Math (STEM) programming for minority, low-income youth to help lift them out of generational poverty by preparing them to be an integral part of a skilled labor force throughout Palm Beach County.
- **Caridad Center, Inc.**
 - Entity to receive funding for this project: Caridad Center, Inc.
 - Location: 8645 W. Boynton Beach Boulevard, Boynton Beach, FL
 - Amount: \$1,136,206
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This funding will provide for important infrastructure upgrades and the purchase of medical equipment. Caridad Center provides vital medical services to over 5,000 poor and uninsured families every year in Palm Beach County.
- **Early Learning Program**
 - Entity to receive funding for this project: Early Learning Coalition of Palm Beach County
 - Location: 2300 High Ridge Road #115, Boynton Beach, FL
 - Amount: \$125,000

- The Early Learning Coalition works to build a community-wide commitment to ensure every child is ready to succeed in school and life through comprehensive, high-quality early learning environments. Their collaborative partnership with the Children's Services Council of Palm Beach County allows for continuity of care and funding for families, resulting in more than 30,000 children served annually in Palm Beach County.
 - Funding request to support a parent-to-teacher workforce pipeline project to help parents looking to return to work and fill the staffing gap currently felt by early learning programs as a result of the pandemic's impact on the child care industry.
- **Jewish Family and Children's Service of Palm Beach County, Inc.**
 - Entity to receive funding for this project: Jewish Family and Children's Service of Palm Beach County, Inc.
 - Location: 5841 Corporate Way, Suite 200, West Palm Beach, FL
 - Amount: \$327,066
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This grant will assist Alpert JFS to meet the growing mental health needs and allow them to implement a new Electronic Health Record system that will provide the technological support needed to expand the reach of our services further into the community.
- **Pace Center for Girls**
 - Entity to receive funding for this project: Pace Center for Girls
 - Location: 1640 South Congress Avenue, Palm Springs, FL
 - Amount: \$500,000
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This project will provide educational tools and upgrades to the Pace Center. Pace Palm Beach serves over 100 at-risk girls annually through its Academic and Counseling Day Program and Reach Therapy Program. Proposed enhancements are intended to upgrade and improve conditions within the facility including the classrooms, computer lab, counseling spaces, and common areas for girls. Upgrades would include facility and classroom technology, as well as instructional and educational tools for experiential learning.
- **Medical Care for Homeless Populations**
 - Entity to receive funding for this project: Palm Beach County, FL
 - Location: West Palm Beach, FL
 - Amount: \$1,000,000
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This program would provide medical respite acute and post-acute care for people experiencing homelessness when they are not ill enough to remain in a hospital but too ill to recover on the streets. This services would dramatically decrease the cost of care for homeless patients (including those with HIV) and would improve health outcomes for Medicaid/Medicare patients.
- **Palm Beach State College**
 - Entity to receive funding for this project: Palm Beach State College
 - Location: 4200 Congress Avenue, Lake Worth, FL
 - Amount: \$691,936
 - Purpose of funding and why it's an appropriate use of taxpayer dollars: This project will expand the clinical laboratory to provide access to the Respiratory Care students with their faculty members to train on medical simulation to prepare as they enter the workforce. Upon completion of the Associate in Science degree of Respiratory Care program, the graduates obtain their Registered Respiratory Therapists license.

- **Homeless Family Campus Renovation**

- Entity to receive funding for this project: The Lord's Place, Inc.
- Location: 2802 North Australian Avenue, West Palm Beach, FL
- Amount: \$988,900
- Purpose of funding and why it's an appropriate use of taxpayer dollars: This funding would renovate elements of the Family Campus, located in West Palm Beach. The campus has 40 apartments, a community center and a youth center and is called home by 120 (including 75 children) people at any given time. Open since 1983, The Lord's Place has assisted thousands of families experiencing homelessness.

- **MISSION UNITED**

- Entity to receive funding for this project: United Way of Palm Beach County
- Location: 477 South Rosemary Avenue, Suite 230, West Palm Beach, FL
- Amount: \$500,000
- Purpose of funding and why it's an appropriate use of taxpayer dollars: This funding would jumpstart the MISSION UNITED veterans program. This initiative would serve those who have served and sacrificed for our country through their military service by collaborating with veteran nonprofit agencies providing direct services to the almost 100,000 veterans and families in Palm Beach County. Examples of services include connecting them to affordable housing support, employment services, education, legal assistance, health care and other resources with a single-entry point.

I certify that neither I nor my immediate family has any financial interest in any of these projects.

Sincerely,

Lois Frankel

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Pascua Yaqui Tribe Child Education Center in fiscal year 2022.

The entity receiving the funds is the Pascua Yaqui Tribe located at 7474 South Camino De Oeste, Tucson, Arizona 85746.

The funding will be used to construct an Education Center targeted towards Pascua Yaqui Youth, but open to the general community. This two-story facility, located at 8235 S Avenida del Yaqui Guadalupe, Arizona 85283, would house an Internet Cafe for the public, classrooms for K-12 students, and an administrative area for faculty and staff. This center would utilize existing Pascua Yaqui Tribe educational programs to supplement existing learning centers.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for U.S.VETS's Renovation for Veteran Transition Housing Program project in fiscal year 2022.

The entity receiving the funds is United States Veterans Initiative- Phoenix (U.S.VETS) located at 3507 N. Central Ave. Ste. 200, Phoenix, Arizona 85012.

The funding will be used to renovate U.S.VETS's new facility. In June 2020, U.S.VETS was notified that the facility they were renting for over 10 years would no longer rent to them. U.S.VETS was forced to find new housing for their program of over 180 homeless /low income veterans. In partnership with the City of Phoenix, U.S.VETS now has a new home located at 12027 N. 28th Dr. Phoenix AZ 85029. The new facility will need to be renovated and updated to pass the VA inspection, accommodate their programs and the veterans they serve. Renovations needed include electrical, plumbing, ADA, HVAC, kitchen, flooring, room renovations (apartment and transitional living), security updates, security systems, laundry, staff offices, outdoor improvements, inspections, permits and other general improvements.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Edison Impact Hub in fiscal year 2022.

The entity receiving the funds is the City of Phoenix located at 200 West Washington Street, 12th Floor Phoenix, AZ 85003.

The funding will be used to renovate the historic Crippled Children's Hospital from a vacant, dilapidated building to a community services center, named the Edison Impact Hub, in the Edison-Eastlake Community. The Edison-Eastlake Community is the target area for Phoenix's \$30 million HUD Choice Neighborhoods Implementation grant. Renovations will include interior and exterior improvements, returning the exterior facade to its original historic state, and public art/walkability/open space additions. Extensive community engagement has been conducted through the Choice Neighborhoods program. Residents and stakeholders are in support of the area's neighborhood transformation plan and this project.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ruben Gallego

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Highline Canal Recreational Path Lighting Replacement project in fiscal year 2022.

The entity receiving the funds is the Town of Guadalupe located at 9241 S. Avenida del Yaqui Guadalupe, Az 85283.

Project funding will enable the Town of Guadalupe to replace the 76 presently inoperable solar powered path lighting fixtures and poles to improve path lighting and safety along the Highline Canal path. The current lighting system has been subjected to repeated vandalism and theft. This is an appropriate use of taxpayer funds because it will increase opportunities for safe recreational activities and exercise for an underserved community in Guadalupe, AZ.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Vista Village Resident Service Center in fiscal year 2022.

The entity receiving the funds is Chicanos Por La Causa, Inc. (CPLC) located at 1112 E. Buckeye Rd. Phoenix, AZ 85034.

Project funding will allow CPLC to renovate a building that will house non-profits providing wrap-around services to the 80-unit Vista Village affordable housing complex also run by CPLC that serves low-income residents and special populations including homeless, veterans, seniors, and domestic violence survivors. This project is an appropriate use of taxpayer funds because it will enable the provision of case management, education and employment counseling, meal assistance, family support and crisis intervention, substance abuse treatment and more to vulnerable low-income housing residents and the nearby community.

I certify that neither I nor my immediate family has any financial interest in this project.

RE: CPF Member Certification for Rockville Trails Preserve (Solano County) Project

Dear Chairman DeLauro and Ranking Member Granger:

I respectfully request funding (\$431,250) for the accessible recreational trails project at Rockville Trails Preserve (Patwino Worrta Kodoi Dihi) in fiscal year 2022. The project sponsor is California's Solano County located at 675 Texas Street, Suite 6500, Fairfield, CA, zip code 94533.

The Community Project Funding requested will allow Solano County to construct accessible recreational trails and related public facilities compliant with the Americans with Disabilities Act (ADA) at Patwino Worrta Kodoi Dihi (formerly "Rockville Trails Preserve") in unincorporated Solano County near Fairfield, California. Specifically, the project would construct a 0.50-mile accessible loop recreational trail with resting areas, interpretive signage, and ADA-compliant picnic tables at Patwino Worrta Kodoi Dihi (formerly "Rockville Trails Preserve"). It is a responsible use of taxpayer funds for the aforementioned reasons.

Pursuant to Clause 17 of Rule XXIII of the U.S. House of Representatives, I certify that neither I nor my immediate family has any financial interest in this project or request. Thank you for your leadership and consideration.

Sincerely,

A handwritten signature in blue ink that reads "John Garamendi".

JOHN GARAMENDI

RE: CPF Member Certification for Lake Solano County Park Project

Dear Chairman DeLauro and Ranking Member Granger:

I respectfully request funding (\$867,648) for the accessible pedestrian pathways and parking project at Lake Solano County Park in fiscal year 2022. The project sponsor is California's Solano County located at 675 Texas Street, Suite 6500, Fairfield, CA, zip code 94533.

The Community Project Funding requested will allow Solano County to improve pedestrian pathways to comply with the Americans with Disabilities Act (ADA) and the Architectural Barriers Act (ABA) and increase accessible public parking at Lake Solano County Park, California. Managed by Solano County under an agreement with the U.S. Bureau of Reclamation, this county park provides public access for recreation and boating at Lake Solano, formed by the Putah Diversion Dam of the federal Solano Project. Solano County's proposed project will provide greater access to public facilities and parkland for people with disabilities and improve safety for all who visit Lake Solano County Park. It is a responsible use of taxpayer funds for the aforementioned reasons.

Pursuant to Clause 17 of Rule XXIII of the U.S. House of Representatives, I certify that neither I nor my immediate family has any financial interest in this project or request. Thank you for your leadership and consideration.

Sincerely,

A handwritten signature in blue ink that reads "John Garamendi".

The Honorable Rosa L. DeLauro, Chair
The Honorable Kay Granger, Ranking Member
Committee on Appropriations
U.S. House of Representatives

Dear Chairman DeLauro and Ranking Member Granger:

I respectfully request \$1 million in funding for the Woolner Ave Home Construction project in fiscal year 2022. The entity to receive funding for this project is Solano-Napa Habitat for Humanity, located at 5130 Fulton Drive, Ste. R, Fairfield, CA 94534

The Community Project Funding would be used to construct three 3-bedroom, 2-bath homes (1300 square feet) in Fairfield California for low-income and very-low-income families. This project would be a valuable use of tax dollars as it would provide critically needed low-income housing stock in a low-income area with increasing cost of living.

Pursuant to Clause, 17 of Rule XXIII of the U.S. House of Representatives, I certify that neither I nor my immediate family has any financial interest in this project or request.

Thank you for your leadership and consideration.

Sincerely,

A handwritten signature in blue ink that reads "John Garamendi".

Dear Chairwoman DeLauro & Ranking Member Granger,

I am requesting funding for the Carlton Avenue Central Islip Sewer Extension through the Department of Housing & Urban Development (HUD) – Economic Development Initiative in fiscal year 2022.

The entity to receive funding for this project is the Town of Islip, located at 655 Main Street, Islip, NY 11751.

The purpose of the funding request is to aid in revitalizing the northern section of Carlton Avenue of Central Islip. The southern section of downtown, where sewers have been extended, is a flourishing mix of single-family housing, condominiums, and apartments; along with a retail center, two courthouses, an industrial park, and significant recreational and entertainment venues. The sewer extension is the lynchpin on which the complete revitalization of the entire downtown area rests.

The federal government has recognized the downtown area of Islip as an Opportunity Zone, which should encourage private investment into the community. Without the sewer extension, all the combined efforts of the state and local governments to revitalize the community will not succeed.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Andrew R. Garbarino
Member of Congress

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for: Community Day Services Center Improvement Projects in fiscal year 2022.

The entity to receive funding for this project is the United Cerebral Palsy Seguin of Greater Chicago located at 3100 South Central Avenue in Cicero, Illinois 60804-3987 and 1136 North Maple Avenue in La Grange Park, Illinois 60526-13753990-4000 S. Archer Avenue, Chicago, IL 60632.

The purpose of this project is to enhance the spaces and services for the nearly 250 adults and seniors with intellectual and developmental disabilities at the joint centers. The funds will go towards creating safer, functional, accessible, and energy efficient spaces for participants. This is a good use of taxpayer funds because this will allow the center to deliver a wide variety of employment, developmental and life skills training, therapy, and other services to participants every day.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jesús G. "Chuy" García

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Piotrowski Park Natatorium Project in fiscal year 2022.

The entity to receive funding for this project is Chicago Park District located at 4247 W 31st St, Chicago, IL 60623.

The purpose of this project is to create a permanent enclosed natatorium that will offer classes, activities, and programs for community members year-round. The funds will go towards the safe construction and planning of a permanent enclosed natatorium. This is a good use of taxpayer funds because programs will benefit families, children, and seniors and provide much needed activities for mobility, health, and wellness.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jesús G. "Chuy" García

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Brighton Park Neighborhood Council Community Center in fiscal year 2022.

The entity to receive funding for this project is Brighton Park Neighborhood Council located at 3990-4000 S. Archer Avenue, Chicago, IL 60632.

The purpose of this project is to create a community center in Chicago's Southwest side that will offer youth programs, violence prevention and intervention resources, counseling services, immigration support, career development as well as housing assistance through a 40-member organization coalition. The funds will go towards the construction of a new facility with a targeted focus on securing minority/women business (M/WBE) enterprises or contractors. This is an appropriate use of taxpayer funds because this center services will directly serve countless families and children across the city of Chicago and benefit surrounding communities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jesús G. "Chuy" García
Member of Congress
Illinois' 4th Congressional District

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Reclaiming Southwest Chicago in fiscal year 2022.

The entity to receive funding for this project is Southwest Organizing Project located at Western Ave to Kedzie Ave, 51st St through 74th St.

The purpose of this project is to rebuild working-class neighborhoods ravaged by the foreclosure crisis, provide quality, affordable housing to families who reside in Chicago's Southwest side and strengthen surrounding local institutions. The funds will go towards securing and rehabbing 35 vacant properties and creating programmatic economic opportunities for families to build wealth and equity through homeownership. This is an appropriate use of taxpayer funds because it will directly provide affordable homeownership and rental housing options for working-class families, seniors, and the formerly incarcerated as well as positively impact schools, streets, and public safety.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jesús G. "Chuy" García

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Planning and Design for the new Saint Anthony Hospital in fiscal year 2022.

The entity to receive funding for this project is Saint Anthony Hospital (at Focal Point) located at West 31st St. and S. Kedzie Ave, Chicago, IL 60623.

The purpose of this project is to launch the design and relocation of Saint Anthony Hospital, serving over 400,000 patients, to a new site that will allow for expansion of services and greater access to the community. The funds will go towards the planning and design phase including the safe demolition, abatement, environmental and Brownfield cleanup. This is a good use of taxpayer funds because the project services will provide critical affordable and quality healthcare options, especially after the disproportionate impact of COVID-19.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jesús G. "Chuy" García
Member of Congress
Illinois' 4th Congressional District

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Humboldt Park Affordable Housing (LUCHA) in fiscal year 2022.

The entity to receive funding for this project is Latin United Community Housing Association (LUCHA) located at 2120-28 N. Mozart St., Chicago, IL 60647.

The purpose of this Equitable Transit-Oriented Development (eTOD) project is to acquire and rehabilitate the HPUMC church building along with its attached apartment building to create a 22-unit affordable apartment building near transit station and expand access to job centers, healthcare, and other resources. The funds will go towards the acquisition and construction of the project including an estimated 145 temporary construction jobs. This is an appropriate use of taxpayer funds because the project outcomes will directly provide sustainable housing to families in Chicago's Northwest side, an area that has experienced massive displacement due to rise in rent and housing.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jesús G. "Chuy" García
Member of Congress
Illinois' 4th Congressional District

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Houston Financial Empowerment Center in fiscal year 2022.

The entity to receive funding for this project is located at 901 Bagby Houston, TX 77002.

The funding will help enhance and expand the Houston Financial Empowerment Center (Magnolia Park-Manchester) by hiring additional financial advisors to:

- 1) Provide financial counseling, coaching, and light case management
- 2) Set up Individual Development Accounts (IDAs) for 100 clients at \$500 each
- 3) Provide client engagement and retention incentives, to 140 clients with \$50 to meet personal financial goals
- 4) Pull free credit reports and scores from the three major consumer credit bureaus (Equifax, Experian, and TransUnion)

The HFECs are staffed by professionally trained financial counselors who help individuals and families to better manage their finances. Financial Counselors are available for personalized guidance and can help with a wide range of personal financial issues, including assisting small businesses. Financial Counselors also triage clients to other community agencies that provide additional public service assistance. At the core of the HFEC model is the integration of light case management into other social services, such as housing and foreclosure prevention, workforce development, prisoner re-entry, benefits access, and domestic violence services.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for the City of Jacinto City in Texas in fiscal year 2022.

The entity to receive funding for this project is located at 1301 Mercury Drive Jacinto City, Texas 77029.

The funding would be used to install 8-inch water supply lines which will yield a significant increase in water flow and pressure, replacing 80-year-old lines.

This is a reasonable use of taxpayer dollars because the City's current lines are outdated and unable to maintain adequate water pressure. These lines will function to provide potable water to residents and deliver water for emergency fire protection.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Sylvia R. Garcia

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Galena Park, Texas in fiscal year 2022.

The entities to receive funding for this project are located at 2000 Clinton Drive Galena Park, Texas 77547.

The funding would be used to upgrade the City of Galena Park's potable waterlines, which are nearing, or have reached the end of their serviceable life. The city is in need of upgrading these waterlines not only to provide reliable potable water for citizens to drink, but also for emergency fire protection.

This is a reasonable use of taxpayer dollars because the City's current lines are undersized and might not be able to provide adequate water pressure to distribute potable water to residents during emergencies.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$2,500,000 for the for Department of Housing and Urban Development- Economic Development Initiative in fiscal year 2022.

The entity to receive funding for this project is the Housing Authority of the City of Key West for the Senior Citizen Plaza new generator and transformer project located at 1400 Kennedy Drive, Key West, FL 33040.

The funding would be used to purchase a new generator and transformer for the Senior Citizen Plaza. This is a valuable use of taxpayer funds because the island of Key West is located on the northern fringe of the Caribbean and is frequently affected by tropical storms and hurricanes that create very intense winds. These winds can easily tear down power lines and create blackouts that may last for several days. This is in addition to other issues that can cause the normal power supply to the island to fail. Replacement of the aging transformer and generator at the subject property is necessary to guarantee their ability to perform correctly during and after a blackout event. Due to the advanced age of the residents of the subject property, a generator is not a luxury, but rather an actual lifesaver. This project will benefit nearly 200 low-income senior families.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Carlos A. Gimenez

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$500,000 for the Department of Housing and Urban Development- Economic Development Initiative in fiscal year 2022.

The entity to receive funding for this project is Agape Network, Inc., located at 22790 SW 112 Ave, Miami, FL 33170.

The funding would be used towards the construction of the Agape Village Health Center which will increase Agape's capacity of patients being served from 1,000 to 2,500 receiving outpatient weekly services. Residential inpatient capacity will be increased from 62-beds to 141-beds, including a clinic & wellness medical center, educational & vocational center, supportive housing, and a preschool early education daycare center. In addition, the project will add 121 new employees and 30 unpaid healthcare interns to serve the increase in the number of clients that will be served because of the expansion.

I certify that neither I nor my immediate family has any financial interest in this project.

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Madison Anaerobic Digester project in Fiscal Year 2022.

The entity to receive funding for this project is the Town of Madison, located at 26 Weston Avenue, Madison, ME 04950. Funding will be used to assist the Town of Madison in a project to construct and operate an anaerobic digester that turns organic feed stock into renewable biogas (e.g. natural gas). The biodigester will be located at 'The Forest Products Hub,' in the former UPM paper mill in Somerset County, Maine. The anaerobic digester will be operated by the Anson-Madison Sanitary District, will be located in an Opportunity Zone, and will lead to important economic development in a community that is reeling from the closure of its largest employer in 2016.

I certify that neither I nor my immediate family has any financial interest in this project.

Respectfully,

A handwritten signature in blue ink that reads "Jared Golden".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Rumford Fire Station project in Fiscal Year 2022.

The entity to receive funding for this project is the Town of Rumford, located at 145 Congress Street, Rumford, ME 04276. Funding will be used to assist the Town of Rumford in the construction of a new fire station in a part of town with substandard housing and other conditions. This is critical because the current Central Fire Station in town was built in 1924 and is structurally compromised, with deep cracks in the concrete floor, foundation, and load bearing walls. These cracks, which first appeared decades ago, have seen a significant acceleration in growth over the past three years. The current facility does not allow for modern equipment to fit inside.

I certify that neither I nor my immediate family has any financial interest in this project.

Respectfully,

A handwritten signature in blue ink that reads "Jared Golden".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Johnson Hall project in Fiscal Year 2022.

The entity to receive funding for this project is the Johnson Hall Capital Campaign, located at 280 Water Street, Gardiner, ME 04345. Johnson Hall is the oldest opera house in Maine still used as a theater and is an important part of the Gardiner community, hosting regular community events as well as promoting large venue productions. Renovation of the Hall has been ongoing for several years and the community has raised more than \$5 million to date. This funding request will be directed toward the second and final phase of the project, which addresses the theater's interior.

I certify that neither I nor my immediate family has any financial interest in this project.

Respectfully,

A handwritten signature in blue ink that reads "Jared Golden".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Labor Training and Mutual Aid Center project in fiscal year 2022.

The entity to receive funding for this project is the Miguel Contreras Foundation, located at 2130 James M. Wood Blvd. Los Angeles, CA 90006

The funding would be used to acquire and redevelop a blighted building into a Labor Training and Mutual Aid Center that will provide critical, community-focused services and amenities for an underserved community. Dislocated workers will receive mutual aid, such as food and financial assistance, along with training and placement assistance.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jimmy Gomez". The signature is fluid and cursive.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Highland Park Youth Arts Center project in fiscal year 2022.

The entity to receive funding for this project is City of Los Angeles, located at 200 N Spring St. Los Angeles, CA 90012.

The funding would be used to convert an old armory into a youth arts center. It would provide families and youth in the 34th district access to quality arts programming, generate economic activity in the area, and improve social cohesion and cultural development.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jimmy Gomez".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Ramona Gardens Natural Park project in fiscal year 2022.

The entity to receive funding for this project is the Legacy LA Youth Development Corporation, located at 1350 San Pablo St. Los Angeles, CA 90033.

The funding would be used to transform four acres of underused land between the residences at the Ramona Gardens Public Housing Development and one of the busiest transit corridors in the United States into a beautiful, green, "Nature in the City," open space park. This park will also serve as an anti-pollution green buffer to help address air and noise pollution, provide natural shade and cooling and help increase local resiliency to climate change.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jimmy Gomez". The signature is fluid and cursive.

I am requesting funding for the Community Cooling Boyle Heights project in fiscal year 2022.

The entity to receive funding for this project is the City of Los Angeles, located at 200 N Spring St. Los Angeles, CA 90012.

The funding would be used for the installation of cool pavement coatings and for the planting and maintaining of street trees in the Boyle Heights community. This would provide urban cooling, urban greening, and public health improvements for residents suffering from the worsening impacts of climate change.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jimmy Gomez".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Akron-Canton Airport for Taxiway F-Shoulder, Electrical, and Drainage Improvements in FY 2022:

The entity to receive funding for this project is Akron-Canton Regional Airport Authority, located at 5400 Lauby Road NW, North Canton, Ohio 44720.

The funding would be used to upgrade sections of Taxiway F shoulder, electrical infrastructure, and update drainage to FAA standards. The project would be a valuable use of taxpayer funds because improvements to Taxiway F are crucial for the integrity of the active taxiway pavement, and the mitigation of wildlife on the airfield.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting Community Project Funding for the Center for Urban Ecology in fiscal year 2022.

The entity to receive funding for this project is the City of McAllen, 1300 W Houston Ave, McAllen, Texas 78501.

The funding will be used to expand the Center for Urban Ecology, an ecotourism-focused education center located at Quinta Mazatlán, 600 Sunset Dr, McAllen, Texas 78503. This project is projected to stimulate the local economy, create jobs, attract tourists, and offer in-person STEM education opportunities to every school-aged child in the region. The center will also provide an entrepreneurial training center that will support the development of future businesses in the region.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting Community Project Funding for the City of McAllen Hike and Bike Project in fiscal year 2022.

The entity to receive funding for this project is the City of McAllen, 1300 W. Houston Ave, McAllen, Texas 78501.

The funding will be used to add single stall restrooms at each of the three Hike and Bike Trails located at the following estimated addresses:

- Bicentennial / Ebony 455 N. Bicentennial Blvd. McAllen, Texas
- Nolana / 2nd 3960 N. 2nd McAllen, Texas
- Houston / 2nd 761 S. 2nd McAllen, Texas
- Nolana / Bentsen 4008 N 43rd McAllen, Texas
- Bicentennial / Harvey 2706 N. Bicentennial Blvd. McAllen, Texas

The addition of restrooms to the trails would allow users to access the facility on their exercise and commuting routes.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the construction of the Lajas Municipality Solid Waste Facility Stormwater Pollution Prevention Plan in Lajas, Puerto Rico.

The entity that would receive funding for this project The Municipality of Lajas, whose address is PO Box 910 Lajas, PR 00667-0910

The purpose of this funding is to cover expenses related to construction of a stormwater prevention plan to support the existing landfill in the Municipality of Lajas. Specifically, the program would expand the life expectancy of this landfill by 25 years, ensure compliance with environmental requirements, and reduce exposure to environmental hazards. This landfill serves constituents in the municipalities of Lajas, Cabo Rojo, San German, Hormigueros, Guanica, Sabana Grande and Yauco.

I certify that neither I nor my immediate family have any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the construction of a new well and other improvements for the community water system in Barrio Rubias (Rubias Ward) in Yauco, Puerto Rico in Fiscal Year 2022.

The entity to receive funding for this project is the Municipality of Yauco, located at P.O. Box 1, Yauco, Puerto Rico, 00698.

The purpose of this project is to fund the construction of a new well and the installation of the control system of the pumping station in Barrio Rubias, a low-income, rural community in Yauco that has historically lacked reliable water service. The project also seeks to convert the community water system into one that is energetically sustainable through the installation of photovoltaic cells, batteries, and an electric generator to ensure its operation in cases of emergencies and natural disasters.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jenniffer Gonzalez-Colon".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the rehabilitation of the San Lorenzo Community Facility of the Boys & Girls Club of Puerto Rico in the municipality of San Lorenzo.

The entity that would receive funding for this project is the Boys & Girls Club of Puerto Rico (BGCPR), located at 501 R.H. Todd Avenue, San Juan, Puerto Rico 00907.

The purpose of this funding is to cover expenses to rehabilitate a school acquired by the Boys & Girls Club in San Lorenzo to be their community facility or club site. This club has been operating for 13 years, and provides services in the municipalities of San Lorenzo, Juncos, Gurabo, Caguas, and Las Piedras. Specifically, funding would allow BGCPR to connect the 4 buildings that make up school grounds, expand the entrance area with security improvements, resurface and reconfigure the courtyard between buildings, and complete safety and sustainability repairs to the building's infrastructure systems.

I certify that neither I nor my immediate family have any financial interest in this project.

House of Representatives
Washington, DC 20515

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in funding for Sussex County's Elderly, Veteran, and Employment Services Transportation Services Project for fiscal year 2022.

The entity to receive funding for this project is the County of Sussex, located at One Spring Street, Newton, NJ 07860. The entity is a local government entity. The project location is the same as the recipient location.

The funding would be used for the replacement of vehicles within the Sussex County Office of Transit. Sussex County Office of Transit provides more than 65,259 rides a year to County residents through public transportation and paratransit services. These services include assisted transportation, employment transportation, veterans transportation, and senior citizen transportation. The specific request is for five (5) extended cutaway buses (16 passenger plus 2 wheelchair).

Funding for this project is essential and is an appropriate use of taxpayer funds to address the transportation needs of the most vulnerable populations in Sussex County including the elderly, disabled, and veterans. Given Sussex County's demographics and topography, residents are extremely dependent upon the County's Office of Transit as there is little or no public transportation outside of the services provided by the County. This project will preserve and create new opportunities for people to secure and maintain employment within the County by facilitating their ability to get to and from their jobs.

I certify that neither I, nor my immediate family, has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Gottheimer".

Josh Gottheimer
MEMBER OF CONGRESS

Congress of the United States
House of Representatives

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$250,000 in funding for Bergen County's Hackensack Transit Connector Project for fiscal year 2022.

The entity to receive funding for this project is the County of Bergen, located at One Bergen County Plaza, Hackensack, NJ 07601-7076. The entity is a local government entity. The project location is the same as the recipient location.

The funding would be used for the purchase of additional busses for the north/south loops that will connect a regional mall and shopping plaza. There are currently thousands of residential units in development in the surrounding areas, which will increase demand and the need for this type of transportation alternative. With the growing number of residents in Hackensack, the County Seat, it is critical that the County seek concrete support to further invest in public transportation options that are sustainable, reliable, and low-cost.

Funding for this project is essential and is an appropriate use of taxpayer funds to provide services that meet the increase of residency and transit through the County Seat. By developing a north/south loop for the Hackensack Transit Connector, the County will be able to transport residents not only to local trains and busses, but also to a local mall and shopping center. The Connector's mass public transportation service is an environmentally-friendly alternative to driving in a personal vehicle, and will benefit the area long-term.

I certify that neither I, nor my immediate family, has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Gottheimer".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Gonzales Community, Activity, Recreation, and Learning (CARE) Center in fiscal year 2022. The entity to receive funding for this project is the City of Gonzales, located at 120 South Irma Blvd. Gonzales, LA 70737. The funding would be used to construct a community center to provide recreation, education, and community service opportunities to the people of Ascension Parish. I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the OATS, Inc. project in fiscal year 2022.

OATS, Inc. is the project sponsor for this project. The project location is 1306 South 58th St., St. Joseph, Mo 64507.

The funding would be used to provide replacement of high mileage vehicles that are being used to provide transportation to seniors, those with disabilities and the general public in rural America.

This project is an appropriate use of taxpayer dollars by help to continue to provide transportation to people living in rural areas without access to medical care. This funding will be used to retire and replace 8-12 older, high mileage vehicles operating in the rural areas of Missouri.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Sam Graves

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Second Harvest Community Food Bank Van in fiscal year 2022.

The entity to receive funding is Second Harvest Community Food Bank (SHCFB) for this project, located at 915 Douglas, St. Joseph, Missouri 64505.

The funding would be used for refrigerated vans to assist with distribution and delivery of perishable food items throughout Second Harvest's Northwest Missouri service territory. The van would be used primarily by their Children Initiative programs that focus on getting fresh, nutritious foods to food insecure school age children.

This project is an appropriate use of taxpayer dollars that will help bring food to those without. This project will assist SHCFB in distributing food to community members who are suffering from food insecurity. Their mission is to provide nourishment and hope to the hungry while engaging the region in the fight against hunger. All who come to SHCFB and their Partner Agencies are allowed to utilize their services regardless of race, color, religion, sex, national origin, age or income.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Sam Graves

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Thompson River Bridge Bank Stabilization project in fiscal year 2022.

Grundy County, Missouri and the Grundy County Industrial Development Corporation are the project sponsors for this project. The project is located approximately half a mile west of Trenton, Missouri on the North side of Missouri State Highway 6.

The funding is designated for repair and stabilization of damage caused to the riverbank stemming from the flood of 2019. Failure to complete this project places the Thompson River Bridge in imminent jeopardy from washout which would result in the closure of the highway and extensive damage to the bridge.

This project is an appropriate use of taxpayer dollars that will protect this vital regional asset. Without use of the Thompson River Bridge the region will lose its main access to Interstate 35. Without access to this transportation resource industries like Modine Manufacturing, Nestle Foods, Smithfield would suffer. Additionally, access to North Central Missouri College, North Central Mental Health, the Children's Advocacy Center, and the Green Hills Women's shelter would be compromised as well as immediate access for medical personnel to expedite medical transfers to Kansas City.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Sam Graves

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Trammel Community Revitalization Project in Dickenson County, Virginia for fiscal year 2022.

Sponsoring this project is People Incorporated, headquartered at 1173 West Main Street, Abingdon, Virginia 24210.

Funding would be used to address housing and community infrastructure needs of a rural, predominantly low-income neighborhood in the coalfields of Appalachia. It is an appropriate use of taxpayer dollars, as it will provide economic development opportunities for a gateway community to the county as well as affordable housing rehabilitation and other infrastructure improvements for residents. Improving these low-income homes to HUD Home Quality Standards will create long term safety and cost savings benefits for residents.

I certify that neither I nor my immediate family has any financial interest in either of these projects.

Sincerely,

A handwritten signature in black ink, appearing to read "H. Morgan Griffith".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for a pre-engineering study along a portion of U.S. Route 121, the Coalfields Expressway, in Buchanan County, Virginia for fiscal year 2022.

Sponsoring this project is the Virginia Coalfields Expressway Authority (P.O. Box 1060, 527 East Main Street, Lebanon, Virginia 24266).

Funding would be used to conduct pre-engineering work on a targeted portion of the Coalfields Expressway – a Congressional High Priority Corridor – for location analysis and engineering to assist with the planning, budgeting, and design of the Elkins and Rockhouse sections of the proposed highway. The project will define survey alignment data as well as evaluate needed environmental work. This information will then be used to develop a more comprehensive construction planning level estimate for these two segments. The work is needed to better plan and budget for the construction of these two segments, which are critical to the overall U.S. Route 121 project.

It is an appropriate use of taxpayer dollars since completion of this highway will provide a much needed and more efficient pathway through the coalfields region of Southwest Virginia and Southern West Virginia. By providing safe and rapid access to communities along the corridor, it will greatly improve interstate commerce between disadvantaged portions of Virginia, West Virginia, and Kentucky. As an area ravaged by economic depression with the exit of much of the coal industry, Southwest Virginia stands to benefit greatly from increased connectivity with our surrounding states.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting \$1.57 million for the City of Avondale's Historic Old Town renovations in fiscal year 2022.

The entity to receive funding for this project is the City of Avondale located at 11465 W. Civic Center Drive Avondale, AZ 85323. The location of the project is Western Avenue from 4th Avenue to Dysart Road.

This project will serve to update public infrastructure and beautify the area along Western Avenue in the City of Avondale's Historic Old Town. One component of the project will reconstruct Central Avenue to 4th Avenue. The pavement condition in this section of Western Avenue is beyond its useful life and preservation treatments are no longer effective. This has resulted in poor drainage and rutting of the pavement at pedestrian crossings. Western Avenue is included in one of the City of Avondale's three Opportunity Zones (OZ), which are economically distressed areas that may have a significant rate of poverty or low-income households. By continuing to invest in the area, the City hopes to foster a sense of pride in residents and establish itself as a unique tourism destination.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Raúl M. Grijalva

Committee on Appropriations

The Honorable Kay Granger
Ranking Member
U.S. House of Representatives
Committee on Appropriations

Dear Chair DeLauro and Ranking Member Granger,

I am requesting \$750,000 for Nogales Community Development for the Nogales Rural Innovation Center in fiscal year 2022.

The entity to receive funding for this project is Nogales Community Development at 250 N Grand Avenue (PO. Box 421), Nogales, AZ 85621. The location of the project is 250 N Grand Avenue and 112 N Grand Avenue, Nogales, AZ 85621.

This request of \$750,000.00 will enable Nogales Community Development (NCD), a nonprofit 501 (c) (3) organization, to provide local business owners and startups with needed space, equipment, workshops, mentoring and logistics at a dual facility owned by NCD to foster success and support local job creation and sustainability. The project also will help NCD integrate these services with health and food security resources, helping entrepreneurs flourish, while retaining and creating new jobs in downtown Nogales, one of the poorest census tracts in Arizona.

Both Santa Cruz County and Nogales have chronically high rates of unemployment, poverty and low educational attainment. All numbers far exceed state and national averages, especially now as Nogales' residents and business community have suffered greatly from the closure of border trade since March 2020 due to the pandemic. This is a one-time investment in capital facilities for entrepreneurship and job creation. It supports Nogales Community Development's long-term community development strategy for improving downtown Nogales through property management and shared services delivery strategies with its trusted community development partners. This is especially important now, so that NCD can provide stability in a time of great economic upheaval to entrepreneurs who need not only business supports, but also access to health care and food supports.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Raúl M. Grijalva". The signature is written in a cursive style with a large, stylized initial 'R'.

The Honorable Rosa L. DeLauro
Chairwoman
U.S. House of Representatives
Committee on Appropriations

The Honorable Kay Granger
Ranking Member
U.S. House of Representatives
Committee on Appropriations

Dear Chair DeLauro and Ranking Member Granger,

I am requesting \$750,000 for the Tohono O'odham Nation for development of a permanent Children's Home in fiscal year 2022.

The entity to receive funding for this project is the Tohono O'odham Nation located at P.O. Box 837 Sells, AZ 85634. The location of the project is Tohono O'odham Nation HWY 86 Business Loop C/O Property & Supply P.O. Box 837 Sells, Arizona 85634.

The funding will be used to support development and construction of a permanent Children's Home that would encompass three group homes respectively for boys, girls and young children in need of housing, care and support services. The Nation currently provides housing and services for fourteen children in two temporary group homes on the Reservation, which are single family residences modified to accommodate the needs of the children and staff. The Nation also provides residential placement for 73 other children through contracts and referrals to temporary residences off the Reservation. The Nation wants to bring the majority of these children home to the Reservation, so that the care and education of the children will reflect O'odham values, language and Himidag (the culture, way of life, and values unique to the O'odham). In addition to being able to provide culturally appropriate services, a Children's Home on the Reservation would better protect the children's health, safety and welfare, and ensure more coordinated and centralized provision of services. It also would allow for more efficient supervision of the children and reduce the costs of locating and financing foster and residential off-reservation care for Tohono O'odham children. In fiscal year 2020, the Nation incurred \$3.24 million dollars in costs for residential care, and another \$218,000 for foster care for its children.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Raúl M. Grijalva
Member of Congress

April 24, 2021

The Honorable Rosa L. DeLauro
Chairwoman
U.S. House of Representatives
Committee on Appropriations

The Honorable Kay Granger
Ranking Member
U.S. House of Representatives
Committee on Appropriations

Dear Chair DeLauro and Ranking Member Granger,

I am requesting \$573,014 for the City of Tucson's Dunbar Pavilion and Dunbar School Arts and Culture Revitalization Initiative in fiscal year 2022.

The entity to receive funding for this project is the City of Tucson located at 255 W. Alameda Street Tucson, AZ 85701. The location of the project is 325 W. 2nd Street Tucson, AZ 85705.

The funding will be used to provide an outdoor meeting and performance space/amphitheater as well as universal access and rehabilitation of the Paul Laurence Dunbar School. The project includes providing access to information that accurately tells the story of Black people in Tucson and Southern Arizona by preserving and celebrating the rich cultural history and future of people of African descent. The space will foster economic development initiatives by having rooms that can serve as permanent and semi-permanent office and retail space.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Raúl M. Grijalva
Member of Congress

Congress of the United States
House of Representatives

April 29, 2021

The Honorable Rosa DeLauro

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Barren County's Chapatcha Industrial Park Development in fiscal year 2022.

The entity to receive funding for this project is Barren County Fiscal Court, located at 126 E Public Square, Glasgow, Kentucky, 42141.

The funding would be used for site development, grading and pad, site plan, preliminary building design, cost and schedule that will bring three 10-acre sites up to the Kentucky Build Ready Program standards and an industrial park. This project would be a valuable use of taxpayer funds because this infrastructure development would help revitalize the community and create economic opportunities. This project would result in needed job creation and capital investment in the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Brett Guthrie
Member of Congress

Congress of the United States
House of Representatives

April 29, 2021

The Honorable Rosa DeLauro
Chair
House Appropriations Committee
H-307 The Capitol
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Washington County: "Improve U.S. 150 from KY 1872 to Mayfield Lane" in fiscal year 2022.

The entity to receive funding for this project is the Kentucky Transportation Cabinet, located at 200 Mero Street, Frankfort, Kentucky, 40601.

The funding would be used for creating a safer roadway for travelers, but also an improved connection to interstate access for I-65 and the Bluegrass Parkway along with an immeasurable economic impact for the surrounding communities. This section of U.S. 150 does not meet the criteria for the 55-mph design speed due to no passing lanes, narrow shoulder widths, and multiple horizontal and vertical curves. Residents in this area greatly rely on U.S. 150 to commute to work and travel to health care facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

BRETT GUTHRIE
Member of Congress

Congress of the United States
House of Representatives

April 29, 2021

The Honorable Rosa DeLauro

Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Breckinridge County: "Improve KY 86 from Jesse Priest Road to Rosetta Corners" in fiscal year 2022.

The entity to receive funding for this project is the Kentucky Transportation Cabinet, located at 200 Mero Street, Frankfort, Kentucky, 40601.

The funding would be used to address severe safety concerns and accessibility issues. This road has been an impediment to the region. This particular project evolved from a state scoping study to address multiple accidents, including injuries and death from mainly single vehicles. This project would improve the safety of this route for people commuting to schools, places of work, and homes.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

BRETT GUTHRIE
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Hartford County, Town of Avon, West Avon Road, Country Club Road, Scoville Road Sidewalk Replacement in fiscal year 2022.

The entity to receive funding for this project is Town of Avon, 60 West Main Street, Avon, CT 06001.

The funding would be used for the second and final phase of sidewalk replacements along West Avon Road, Country Club Road, and Scoville Road and includes the replacement of 5,580 linear feet of sidewalk. Four of Avon's five public schools are located in the project area and will be directly served by the sidewalks. The project will also service the secondary village center development that was created as a neighborhood business zoning district in the 1960s, facilitate easier and safer access to the Sycamore Hills recreation complex, and link West Avon Road to the 4.8 miles of the Farmington Valley Greenway that run through town via Scoville Road.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Jahana Hayes". The signature is written in a cursive, flowing style.

Washington D.C. 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the City of Ilwaco's Bear Ridge Community Forest in fiscal year 2022. The entity to receive funding for this project is the City of Ilwaco, Washington located at 120 1st Ave N, Ilwaco, WA 98624.

The City of Ilwaco is looking to acquire land and timber rights within the Indian Creek watershed to create a community forest on land surrounding the city's water supply in Pacific County. The community forest proposal seeks to benefit the city and its residents not only through protection of its municipal water supply and the forestland surrounding it, but also through sustainable use of forest resources, expanding access to outdoor recreation, and by avoiding significant potential impacts to the community's local budget.

The City of Ilwaco has proposed the community forest concept as a solution to its water issues. The overall provisions of clean drinking water through the reservoir already consumes 15% of the City's annual budget. A sustainable harvest of the current forest land would increase filtration, maintenance, and other costs. Furthermore, the community forest concept is aimed at implementing sustainable forestry while promoting outdoor recreation.

Funding will be used to acquire the remaining 388 acres of forest to establish a community forest surrounding the city's water supply in Pacific County. The city's proposed project has received a formal support (Resolution NO. 2019-03) from the Ilwaco City Council. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jaime Herrera Beutler".

The Honorable Chair DeLauro and Ranking Member Granger
House Committee on Appropriations
H-307 The Capitol
Washington D.C. 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding to develop a child care facility in Goldendale, Washington in fiscal year 2022. The entity to receive funding for this project is Washington Gorge Action Programs located at 115 West Steuben Bigen, WA 98605.

Washington Gorge Action Programs (WAGAP), the only Community Action Program serving Klickitat County, is seeking funds to renovate or construct a facility in rural Goldendale, Washington to serve as a child care and early learning center. Currently there are no licensed child care providers operating in the region except for a Head Start building that is at capacity.

A detailed feasibility study is underway. It is showing far more young children need services and care than Head Start can provide, and the Goldendale School District does not offer any pre-school programs. There may be an opportunity to renovate an existing Klickitat County owned facility for a child care and early learning center or purchase a parcel of land in the Goldendale city limits to use with a modular facility. These two options are being considered.

Funding would be used to establish a new location to address the critical need for child care and early learning programs in and around the Goldendale community. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jaime Herrera Beutler".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Riverwalk Improvements @ new NFTA-Metro Rail DL&W Station in fiscal year 2022.

The entity to receive funding for this project is the Niagara Frontier Transportation Authority, located at 181 Ellicott Street, Buffalo, New York 14203.

The funding would be used to support to design and construct bicycle and pedestrian infrastructure improvements along various public spaces adjacent to the new NFTA-Metro Rail DL&W Station and Ohio Street Corridor. Such improvements will enhance connectivity between the surrounding multi-use trail network (i.e., Shoreline Trail, Niagara River Greenway, and Empire State Trail) and areas north and south, including the Outer Harbor, Commodore Perry Public Housing, Old First Ward, and Canalside/Cobblestone Districts. These bike and pedestrian infrastructure improvements will help the project area become a gateway to key neighborhoods, shoreline, Downtown Buffalo and the region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Brian Higgins

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for The Riverline – First Gateway in fiscal year 2022.

The entity to receive funding for this project is the Niagara Frontier Transportation Authority, located at 181 Ellicott Street, Buffalo, New York 14203.

The funding would be used to support the transformation of an unused, 1.5-mile, 40-acre railroad corridor in the heart of the City of Buffalo into The Riverline, an iconic, innovative, and inspiring nature trail and greenway. The project will begin by designing and constructing the portion of The Riverline between Chicago Street and Louisiana Street near Downtown. This will be the first gateway to The Riverline.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the USS The Sullivans Preservation Project in fiscal year 2022.

The entity to receive funding for this project is the Buffalo and Erie County Naval & Military Park, located at 1 Naval Marina Park S, Buffalo, NY 14202.

The funding would be used to support USS The Sullivans, a national historic landmark, which is taking on water through its deteriorating hull below the water line. A plan has been developed to make the necessary repairs to the hull and apply a Navy-approved epoxy to the under side of the ship to create a water-tight barrier and prevent further damage. The funding provided would facilitate this repair.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the AK360 Albright-Knox Expansion Greenspace Repatriation in fiscal year 2022.

The entity to receive funding for this project is the Buffalo Fine Arts Academy d/b/a/ Albright-Knox Art Gallery, located at 1285 Elmwood Ave, Buffalo, NY 14222.

The funding would be used to support the Albright-Knox's campus expansion and development project, AK360. Specifically, this request would expand greenspace on the museum's Elmwood Avenue campus by funding elements of a reconfigured parking system which will enhance the walkability of this main thoroughfare and establish a Great Lawn complementing the Olmsted Park System.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Igor I Sikorsky Memorial Airport (“Sikorsky Airport”) Fiscal Year 2022. This request is for the Airport Improvement Program account under the Department of Transportation. Sikorsky Airport is located at 1000 Great Meadow Road, Stratford, CT 06615.

The Sikorsky Airport is seeking \$2,187,628 for improvements to the fencing, as well as additional environmental studies and design work for future phases of the airport redevelopment.

This investment will result in significant economic benefits in Bridgeport and surrounding communities. Environmental review and planning funding will support the long-term goal of returning commercial service to the airport after years of serving as a general aviation airport. If commercial service were to return to Sikorsky Airport, that would provide for tremendous economic growth in the area, as well as increase air travel options for my constituents in southwest Connecticut. In the short term, improvements to the fence will also provide very real site safety and security enhancements for Sikorsky Airport as well. Both the security fence improvements and environment and design planning are needed for future efforts to return commercial service to the airport.

This project would be an appropriate use of taxpayer funds because the project will help increase the overall safety and efficiency of the National Airspace System. In addition, restoring commercial service to Sikorsky Airport would have profound long-term economic growth impacts on the area. Sikorsky Airport is also on the National Plan of Integrated Airport Systems and is therefore eligible for Airport Improvement Program funding.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

JIM HIMES

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Mt. Growmore Hydroponic Farming Greenhouse and Wellness Campus in Fiscal Year 2022. This request is for the Economic Development Initiative account under the Department of Housing and Urban Development. The entity to receive funding for the project is the East End NRZ Market & Cafe Inc., located at 1851 Stratford Avenue, Bridgeport, CT 06607.

The East End NRZ Market & Cafe, a 501(c)(3) non-profit organization, is seeking \$1 million for construction of the Mt. Growmore Hydroponic Farm and Wellness Campus. Funds will be used for construction costs, personnel salaries, payments for services, labor costs, related equipment purchases, and additional costs to assist in the development of the campus. The requested funds will support up to 8 additional containers for gardening, community learning, mental health and trauma-informed training, and workforce development.

This investment will result in both economic and equity benefits in Bridgeport, supporting the community, the neighborhood, and the local economy. This project will help provide local, healthy, fresh food in a community that's widely been recognized as a severe food desert through the creation of a hydroponic farm. The campus will also serve as a focal point for services to the community, providing workforce and entrepreneurial training in a city of consistently high poverty. All of this will take place on a developed parcel formerly named Mt. Trashmore after the 35-foot high pile of illegally dumped construction debris that occupied the property.

This project is an appropriate use of taxpayer funds because it directly addresses the needs of women and families in the East End of Bridgeport, CT, a community already bearing the heavy burdens of pollution, disease, poverty and crime, and disproportionately impacted by COVID-19. Designed by those with lived experience, Mt. Growmore builds individual and community resiliency, simultaneously contributing to social and economic mobility while developing food sovereignty and addressing physical and mental health. Through phased construction to advance indoor urban agriculture and delivery of community-designed services, including maternal mental health, trauma recovery, civic engagement, and women's clean energy business incubation, the Mt. Growmore Hydroponic Farming Greenhouse and Wellness Campus sets a course for community resiliency and recovery.

The project is supported by several local and statewide partners, including the Yale School of Medicine's Elevate policy lab, which aims to alleviate poverty and improve the mental health of children and parents; the University of Connecticut's College of Agriculture, Health and Natural Resources; the Bridgeport Economic Development Corporation; the Bridgeport Landing Development; the Bridgeport Regional

Business Council; The Bridgeport City Council; Bridgeport Mayor Joe Ganim, and State Representative Andre Baker (124th District) and State Senator Denis Bradley (23rd District), both of whom represent the Bridgeport area in the Connecticut General Assembly.

Ultimately, the Mt. Growmore Campus furthers partners' mission by using a creative approach to grow and distribute fresh produce in a low-income community starving for high-quality, nutritious foods. It provides workforce development opportunities by creating jobs and designing targeted training opportunities for residents, and creates entrepreneurial opportunities for local job creation and business ownership in the food production sector.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

JIM HIMES

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Lawnhill Terrace housing development in Fiscal Year 2022. This request is for the Economic Development Initiative account under the Department of Housing and Urban Development. The entity to receive funding for the project is Charter Oak Communities (Housing Authority of the City of Stamford), located at 22 Clinton Ave, Stamford, CT 06902.

Charter Oak Communities is seeking \$450,000 to complete the renovation of Lawnhill Terrace, located at 37 Custer Street, Stamford, CT 06902.

Charter Oak Communities is in the fourth and final stage of renovating Lawnhill Terrace. Upon its completion, the development will offer 206 units. Lawnhill Terrace is 100% affordable housing, comprised of two and three-bedroom apartments serving a population of working families with incomes below the area median. While all residents of Lawnhill Terrace will have incomes below 60% of the area median, 38% of the apartments will be reserved for households earning up to 25% of the area median income, and another 21% will be affordable to those under 50% of the area median income. This project will be a welcome addition of affordable housing options in lower Fairfield County, which is one of the most expensive in the nation.

This project would be an appropriate use of taxpayer funds because Lawnhill Terrace benefits low-and moderate-income persons and provides decent housing and suitable living environments. Additionally, the project is fully consistent with the City of Stamford's 2020-2021 Community Development Plan. The first priority addressed in the Plan's housing category is the preservation and expansion of affordable housing for low-and-moderate-income people. The target areas identified in the Plan include the neighborhood in which Lawnhill Terrace is located. The project is supported by local stakeholders, including residents of Lawnhill Terrace, whose resident association approved the renovation effort when it was initially proposed.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for The Center for Family Justice in Fiscal Year 2022. This request is for the Economic Development Initiative account under the Department of Housing and Urban Development. The entity to receive funding for this project is The Center for Family Justice, located at 753 Fairfield Ave, Bridgeport, CT 06604.

The Center for Family Justice, a 501(c)(3) non-profit organization, is seeking \$865,000 to assist in physical renovations of a large home that will be converted into a domestic violence safe house. The renovations include equipment purchases and accessibility alterations for hearing impaired, visually impaired, and physically disabled persons; bedroom and bathroom renovations; installation of a commercial kitchen; development of a safe kennel for pets; installation of a computer lab; physical site security upgrades; installation of an HVAC system; installation of sprinkler systems; creation of recreation space for children; and installation of energy-efficient windows.

The upgraded facility will improve safety and economic outcomes for up to fifteen individuals at a time who are fleeing domestic/sexual violence, human trafficking, and/or child abuse. This will account for up to 5,475 bed nights during each year of operation. These improvements are critical as an increased demand for services in recent years has created a bed shortage at the organization's current emergency shelter.

Since its origins as a YWCA in 1895, The Center for Family Justice has provided a physical and emotional safe haven for citizens in the Greater Bridgeport area. The organization aims to break the cycle of abuse and violence — domestic, sexual, and child — by providing services that create hope, restore lives, and drive social change through education and community collaboration. The Center for Family Justice's model focuses on holistic care and services, including victim advocacy, shelter, and legal services, all of which are available in one safe location.

This project would be an appropriate use of taxpayer funds because it will help assist more victims of domestic and sexual violence. The Center for Family Justice will deploy a successful strategy of providing mental health, wellness, and self-sufficiency care. Funds for this project

will help the organization provide victims and their children the greatest chance to build resilience and thrive in the local economy while being free from abuse.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the City of Stamford's Safe Routes to Schools and Access to Public Transit Facilities project in Fiscal Year 2022. This request is for the Local Transportation Priorities account under the Department of Transportation. The entity to receive funding for the project is the City of Stamford, located at 888 Washington Blvd, Stamford, CT 06901.

The City of Stamford is seeking \$2 million for construction and rehabilitation of sidewalks in a number of locations within one mile of schools and one-quarter mile of public transit bus stops.

The City of Stamford's goal is to develop sidewalk infrastructure within a one-mile radius of every school and a one-quarter (0.25) mile radius of every bus stop in the community since access to school buses is provided only for those who live within a mile of school facilities. To reach that goal, funding would be used to build sidewalks with appropriate pavement markings, installation of Americans with Disabilities Act (ADA) curb ramps, and bus stop pads at every bus stop in Stamford. The project has been supported in multiple previous studies, including the Stamford Bicycle and Pedestrian Plan, the Stamford Master Plan, the Stamford Neighborhood Traffic Calming Master Plan, the Stamford Complete Streets Manual, and the South Western Region Metropolitan Planning Organization 2019-2045 Long Range Transportation Plan.

This project would be an appropriate use of taxpayer funds because improving access to schools and transit facilities will promote pedestrian activity and transit use, expand mobility options, reduce congestion on local roadways, and improve pedestrian safety, particularly for schoolchildren. The project is eligible for funding under Title 23.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

JIM HIMES

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the City of Norwalk Citywide Sidewalk Program in Fiscal Year 2022. This request is for the Local Transportation Priorities account under the Department of Transportation. The entity to receive funding for the project is the City of Norwalk, located at 125 East Avenue, Norwalk, CT 06851.

The City of Norwalk is seeking \$1.4 million for construction of approximately 3 miles of sidewalks alongside West Rocks Road and France Street.

This investment will result in significant equity and safety benefits in Norwalk. West Rocks Road and France Street are minor arterial roadways connecting State Route 1 to State Route 7 and currently lack an adequate and accessible sidewalk. The limited sections of sidewalk that do exist were requirements of recent developments, and the City of Norwalk does not have the resources currently to ensure the entire stretch of road has sidewalks. The area is also highly residential, with four schools and three places of worship in the corridor. Additionally, these roadways have a combined total of eight Norwalk Transit Stops which are difficult to access without sidewalks.

This project would be an appropriate use of taxpayer funds because it would result in improved safety and usability of West Rocks Road and France Street. The project is eligible for funding under Title 23.

I certify that neither I nor my immediate family has any financial interest in this project. I appreciate your consideration of this request.

Sincerely,

JIM HIMES

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Tower Terrace Road Corridor (Phase 7 Improvements) in fiscal year 2022.

The entity to receive the funding for this project is the Corridor Metropolitan Planning Organization (MPO), which is an organization made up of officials and representatives of the City of Cedar Rapids, Linn County, the City of Marion, the City of Hiawatha, the City of Robins, the City of Ely, the City of Fairfax, and the City of Palo, working in conjunction with the Iowa Department of Transportation. Corridor MPO is located at 101 First Street SE, Cedar Rapids, IA 52401.

The Tower Terrace project funding would be used to complete a previously underfunded remaining segment, totaling 3.7 miles in length, of an east-west arterial connector roadway. This connection is a regionally significant, multi-modal transportation corridor located in the north central portion of the metro area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ashley Hinson
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Jones County Affordable Housing Project in fiscal year 2022.

The entity to receive the funding for this project is Jones County Economic Development, located at 107 S. Ford Street, Anamosa, IA 52205.

The Jones County Affordable Housing Project would use the funds to increase the supply of affordable housing in Jones County through the acquisition of housing stock to assist economic development. This will be achieved through the refurbishment of homes in disrepair, the purchase of vacant lots, the development of upper-story housing downtown, and the provision of gap financing for low-income residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ashley Hinson
Member of Congress
Committee on Appropriations

Congress of the United States
House of Representatives
Washington, DC 20515-1501

Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

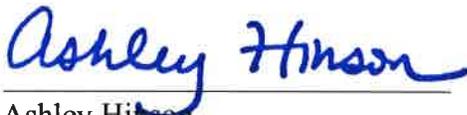

I am requesting funding for the Chaplain Schmitt Island Trail Connection in fiscal year 2022.

The entity to receive the funding for this project is the City of Dubuque, located at 50 W 13th Street, Dubuque, IA 52001. The project itself is located on and connecting to Chaplain Schmitt Island in the Mississippi River, immediately off the coast of Dubuque, IA.

The funding for this project will be used to create a trail system, increasing accessibility to the Chaplain Schmitt Island and Chaplain Schmitt Veterans Memorial for the local community, Iowans, and veterans visiting from outside the area. These funds would also connect 30 miles of trails around the region, removing a mobility and accessibility barrier for low-income and rural residents in a way that is safe, environmentally friendly, and ADA compliant.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ashley Hinson
Member of Congress
Committee on Appropriations

Congress of the United States
House of Representatives
Washington, DC 20515-2804

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Mixed-Used Micro-Business Park and Affordable Housing Project in fiscal year 2022.

The entity to receive funding for this project is the Board of Clark County Commissioners – Clark County District D, located at 500 S. Grand Central Parkway, Floor 6, Las Vegas, NV 89155.

The funding would allow Clark County District D to build a campus where new or growing businesses can be centralized, have a brick-and-mortar operation, and have quick access to resources from Clark County. The campus would help foster entrepreneurship in minority communities and come at no cost to business owners. This would be a mixed-use development, with affordable housing on above floors, and businesses at ground-level. This new concept would serve as an opportunity to grow businesses and strengthen existing ones – over a specified period of time. The goal is to help cultivate new industries, and generate much-needed, diverse tax revenue in Clark County.

The Micro-Business Park's affordable housing component would consist of between 150 & 250 residential units. The property would be managed by Clark County government's Real Property Management department. We are envisioning a U-Shaped design for the business park, that will accommodate business, residential, and parking needs. The undeveloped land in consideration for this project is currently owned by Vegas View Church of God Christ and Zion Methodist Church, which would be purchased by Clark County. There are also other undeveloped lands that could suit this development.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Steven Horsford
Nevada's Fourth Congressional District

Congress of the United States
House of Representatives
Washington, DC 20515-2804

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Historic Westside Complete Streets project in fiscal year 2022.

The entity to receive funding for this project is the City of Las Vegas, located at 405 S. Main Street, Las Vegas, Nevada 89101.

The funding would allow the City of Las Vegas to complete street improvements within the Historic Westside community of Las Vegas, Nevada, including improvements along Washington Avenue, H Street, and Bonanza Drive. Proposed improvements include rehabilitation of the pavement, new bicycle lanes, widened sidewalks, street trees, median island landscaping, enhanced, historical streetlighting, and other pedestrian-focused upgrades.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Steven Horsford
Nevada's Fourth Congressional District

Congress of the United States
House of Representatives
Washington, DC 20515-2804

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Cheyenne Sports Complex Enhancements project in fiscal year 2022.

The entity to receive funding for this project is the City of North Las Vegas, located at 2250 Las Vegas Blvd. North, Suite 900, North Las Vegas, Nevada 89030.

The Cheyenne Sports Complex has historically been the center of recreation programming for the surrounding community which has a large minority population and is underserved both in recreational opportunities and facilities.

The funding would allow the City of North Las Vegas (the City) to add critical amenities that will allow the Sports Complex to reestablish itself as the center for the community to gather, focusing on health, wellness and outdoor activities. Specifically, the project would include the construction of a splash park that celebrates the historical aspect of the City's original hydrotube along with multiple play areas with safety surfacing encompassing active play concepts for a variety of age groups from toddlers to seniors.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Steven Horsford
Nevada's Fourth Congressional District

Congress of the United States
House of Representatives
Washington, DC 20515-2804

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Nye County Civic Center project in fiscal year 2022.

The entity to receive funding for this project is the County of Nye, located at 2100 E. Walt Williams Dr., Suite 100, Pahrump, Nevada 89048.

The funding would allow Nye County to develop a civic center that serves as a local community center for youth activities, recreation, physical/wellness programs, events, performances, educational programs and community gatherings in Pahrump, Nevada. Working with community members and key stakeholders for more than 10 years, Nye County has developed a plan to build a multi-purpose facility that will be operated by the County for the benefit of the community. The County is seeking federal assistance to help with the construction of the community facility. The County has identified a site location and plans to use an environmentally friendly prefabricated, modular design to construct the facility in an efficient and cost-effective manner. The operating costs of the facility and its programs will come from a combination of public and private revenue sources, including rental income and program fees, and local government funds.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Steven Horsford
Nevada's Fourth Congressional District

Congress of the United States
House of Representatives
Washington, DC 20515-2804

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Kiss and Drop Project in fiscal year 2022.

The entity to receive funding for this project is the City of Yerington, located at 14 East Goldfield Avenue, Yerington, Nevada 89447.

The funding would allow the City of Yerington, in partnership with the Lyon County School District, to provide better transit to the school and awareness of safety to all members of the community. The Kiss and Drop Project would include adding inlay striping with a median island, a two-foot center pedestrian landing to each crosswalk, and correcting the traffic flow by adding signage of two stop signs to the four-way intersection of Broadway Avenue and California Street for a four-way stop. A student drop-off driveway will be constructed by building a two-lane driveway with an ingress and egress, add curb setbacks, repainting crosswalks, adding epoxy mounted bases with signage, correct curb and gutters, reconstruct the bus loading and unloading zone, and provide a drop-off and pick-up area for the entire Lyon County School District. The school zone includes the Yerington Elementary School, the Yerington Intermediate School, and the Yerington High School.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Steven Horsford

I am requesting funding for Restoration of Passenger Rail Service Between Berks County and Philadelphia in fiscal year 2022.

The entity to receive funding for this project is the County of Berks located at 633 Court Street Reading, PA 19601. The project would cover an area from Franklin Street Station, Franklin and 7th Streets, Reading, PA 19601 through Pottstown, Phoenixville, and Royersford to 30th Street Station, 2951 Market St, Philadelphia, PA 19104.

The funding would be used for technical and environmental studies necessary to further progress for the passenger rail service.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$8,000,000 in funding for Hammond Trail Bridge Replacement Project in fiscal year 2022.

The entity to receive funding for this project is County of Humboldt, located a 825 5th St, Eureka, CA 95501.

The funding would be used for replacing the Hammond Trail Bridge which provides an active transportation route across the Mad River between Arcata and McKinleyville, the second and third largest communities in Humboldt County. The Hammond Trail Bridge is a former railroad bridge that was re-purposed for bicycle and pedestrian use in 1983 but must be replaced because the steel trusses have suffered significant rust and deterioration, making rehabilitation prohibitive.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits by ensuring active transportation services in the area and continued public safety by replacing the deteriorating existing bridge. The project would provide local, regional, and statewide benefits by preserving a key link of the California Coastal Trail and U.S. Bicycle Route 95 and ensuring a non-motorized route alternative to Highway 101 between McKinleyville, Arcata, and Humboldt Bay.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$100,000 in funding for The Ceres Community Project in fiscal year 2022.

The entity to receive funding for this project is The Ceres Community Project, located at 7351 Bodega Ave. Sebastopol, CA 95472.

The funding would be used for the Ceres Community Project, which is the sole provider of medically tailored meals (MTM) for low-income medically vulnerable patients living with chronic and acute health conditions in Marin and Sonoma County. 80% of those we serve are living on less than 200% of the federal poverty level, 73% are living alone, and one-third are Spanish Speaking. Sonoma and Marin counties face annual threats from planned power shut-offs and wild fires. In these situations, those we serve are more dependent on our services than ever. We are also part of Sonoma County's emergency food response, providing MTM for those in medical shelters and those with chronic health conditions that make them a high risk for ED visits and hospitalizations without appropriate nutrition. This project funds installation of a 160 square foot walk-in freezer able to store three weeks of medically tailored meals, and a generator to protect that meal inventory and allow our main kitchen to operate during power shut offs.

The project is an appropriate use of taxpayer dollars and is anticipated to have many benefits. Since the 2017 Tubbs Fire which devastated Sonoma County, Ceres has served an essential role as an emergency food provider during disasters. The organization plays two critical functions in support of medically and economically vulnerable community members with chronic health conditions: 1) provide home delivered meals, including shelf-stable meals, to those who are able to remain in their homes, and 2) provide individually packaged meals to those in medical shelters and other evacuation sites. Seventy-five percent of those we serve are patients of the Medicaid and/or Medicare programs. Ensuring that these patients with chronic health conditions have nutritionally appropriate meals reduces emergency department visits and hospitalizations, protecting health care and emergency resources, and reducing Medicaid and Medicare spending.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$700,000 in funding for E. Sir Francis Drake Blvd Gap Closure in fiscal year 2022.

The entity to receive funding for this project is County of Marin, located a P.O. Box 4186, San Rafael, CA 94913.

The funding would be used for development of preferred project alternative, environmental review, and preparation for the construction of a bicycle/pedestrian network along Sir Francis Drake Blvd between Remillard Park in Larkspur and Andersen Dr in San Rafael.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits by improving the environment by incentivizing nonmotorized transportation through this key corridor and closing the gap in existing routes. This 0.7 mile segment is the last remaining gap in an otherwise continuous nonmotorized route between several of central Marin's most popular bike routes and the East Bay via the Richmond-San Rafael Bridge.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$400,000 in funding for Anderson Valley Affordable Housing Initiative in fiscal year 2022.

The entity to receive funding for this project is Anderson Valley Health Center, located at 13500 Airport Road PO Box 338 Boonville, CA 95415

The funding would be used for the Anderson Valley Housing Association (AVHA) and the Anderson Valley Health Center (AVHC) who are partnering to provide affordable housing in the Anderson Valley. AVHA and AVHC have a longstanding commitment to the health and wellbeing of the underserved population in the valley including those under 200% of poverty level and seasonal farm workers. There is a significant shortage of affordable housing in this rural valley and AVHA has over 40 individuals on a waiting list for affordable housing. This directly affects the health and stability of local families.

The project is an appropriate use of taxpayer dollars. With over 30 vineyards in the valley, it is in the economic best interest of the region to improve housing opportunities in order to attract long-term residents and employees. Poor housing leads to poor health outcomes which contributes to higher healthcare costs and strains the local resources such as the all-volunteer Anderson Valley Ambulance. When workers can no longer afford to live in the valley they move and businesses have to invest in retraining and the community loses valuable contributing members. Supporting people at or below 200% poverty level with affordable housing and health services in one place enables people to climb out of poverty and ultimately become successful, reducing a need to rely on public benefits. This ultimately reduces the amount of public tax dollars that funds services for these individuals.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$218,000 in funding for Project Rebound – Humboldt County Comprehensive Economic Development Strategy in fiscal year 2022.

The entity to receive funding for this project is Project Rebound, located at 520 E Street Eureka, CA 95501

The funding would be used for a community wide effort led by the County of Humboldt (in collaboration with its partner communities and jurisdictions) to deconstruct and rebuild the county's comprehensive economic development strategy (CEDS) with an eye toward creating specific, measurable, and actionable economic strategies which emphasize economic recovery, economic self-sufficiency, and economic equity.

The project is an appropriate use of taxpayer dollars and is anticipated to have the benefits. The poverty rate in Humboldt County is above the State and National Average. Much of Humboldt's economy is based on receiving federal and state aid for disadvantaged persons and the jobs created (through those funds) to provide those persons with assistance. Supporting local and rural communities to develop prosperous communities is a State and Federal priority. Especially for endeavors whose to strengthen local economic independence thereby lessening the need for dependence on State and Federal aid.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Houston Complete Communities Bethune Empowerment Center and East End Facility for Latino Arts (Talento Bilingüe de Houston) in fiscal year 2022. The entity to receive funding for this project is the City of Houston Texas, located at City Hall, 901 Bagby St, Houston, TX 77002.

The Complete Communities Bethune Empowerment Center project has received \$4,000,000 from the City of Houston to construct Phase I of the Bethune Empowerment Center. The funding requested for FY 2022 is for the Bethune Empowerment Center's Phase II, which will continue renovations of Bethune Empowerment Center to provide space for the incubation of small businesses, a location for small business owner management and technical assistance as well as classrooms and conference rooms, and an open space for the relocation of a neighborhood Farmer's Market.

The funding would be used for the East End Facility for Latino Arts and will allow the City of Houston to develop a sustainable long-term plan for the city-owned facility in the East End Cultural District. The facility was formerly operated by Talento Bilingüe de Houston (TBH), which ceased operations in fall 2019. An \$80,000 bridge grant from the Houston Mayor's Office of Cultural Affairs (MOCA) allowed Multicultural Counseling and Education Through the Arts to temporarily take over the lease to maintain access for the community, until the COVID-19 pandemic caused severe disruption in services.

The East End Facility for Latino Arts (Talento Bilingüe de Houston) needs new curtains, tech upgrades, an updated ticketing system, rest room and dressing room updates, fly system repairs, seating and HVAC improvements, carpet, paint and other repairs. The East End District announced the adoption of a Cultural Arts Strategic Plan that will provide a framework for cultivating the cultural landscape of Houston's East End over the next ten years. The plan is the result of seven months of research, analysis and

community outreach to East End residents, business owners, artists, cultural activists, historians and more.

I certify that neither I nor my immediate family has any financial interest in this project.”

Sincerely,

A handwritten signature in blue ink that reads "Sheila Jackson Lee". The signature is fluid and cursive, with the first name "Sheila" being the most prominent.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for The Vision" Community Statue Project in fiscal year 2022. The entity to receive funding for this project is the Houston Independent School District (HISD), located at 4300 Lyons Avenue, Suite 300, Houston, TX 77339.

The funding will be used to construct and maintain a sustainable growing environment at the Booker T. Washington High School founded in 1893 and is currently, located at 4204 Yale St, Houston, TX 77018. The project will provide a living laboratory food education center as well as a production facility. The grounds will feature raised beds gardens for food production. The raised beds gardens will act as a carbon sink to absorb carbon dioxide from the atmosphere and store it in soil and plants.

A wind farm will be installed that can supply electrical energy to the entire project and the football field. There will also be two container houses to be used for the display of historical and engineering artifacts and a container house for use as a Plant Factory with Artificial Lighting (PFAL). PFAL is a plant production facility with a thermally insulated and nearly airtight warehouse-like structure. Stacking more culture shelves vertically increases the efficiency of land use. All container houses will not use the electrical power from the grid but from wind, solar, geothermal, and biofuel alternative energy sources according to the Net-Zero Energy Concept

I certify that neither I nor my immediate family has any financial interest in this project."

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Linda Vista Branch Library, Outdoor Early Learning Patio Project in Fiscal Year 2022.

The entity to receive funding for this project is the City of San Diego, and the project is located at 2160 Ulric St, San Diego, CA 92111.

The funding would be used by the City of San Diego to expand an outdoor children's area and homework center at the Linda Vista Branch Library. The Linda Vista Branch Library serves all ages but is most heavily used by families with young children. If expanded and enhanced, the outdoor area/patio would more than double the space devoted to early learning and family support. The Do Your Homework @ the Library center is the busiest in San Diego each year by a substantial margin. This reflects the demographics of the area but also the importance of public educational supports for this substantially immigrant, working-class community. The neighborhood is urban and is identified by the San Diego Foundation as "parks-poor." In a 2018 local community survey, "access to nature" tied for third out of 12 neighborhood-need responses. The patio expansion plan is driven by these dual priorities, will directly improve provision of many library programs, and aligns with current research which finds that nature-based play is among the best modes for early childhood cognitive development.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Sara Jacobs".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City Heights Multimedia IDEA LAB and Performance Annex in Fiscal Year 2022.

The entity to receive funding for this project is the City of San Diego, and the project is located at 3795 Fairmount Avenue, San Diego, CA 92105.

The funding would be used by the City of San Diego to complete a joint community facing project between the Library, Parks & Recreation, and Commission for Arts & Culture to renovate the interior/exterior public spaces at the City Heights/Weingart Library, Performance Annex, and park to better serve the City Heights, Talmadge, and College Area communities. The planned renovation includes public art, a new tot lot, reimagined landscaping/gathering places, box office, and a new theatre entrance to allow for safer flow of traffic.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding for the Northwest Native Canoe Center in fiscal year 2022.

The entity to receive funding for this project is United Indians of All Tribes Foundation located at 5011 Bernie Whitebear Way, Seattle, WA 98199.

The funding would be used for the first phase of the United Indians for All Tribes Foundation's long-awaited Northwest Native Canoe Center. The Center was originally agreed to in 1970 negotiations between United Indians and the City of Seattle. The Center will help realize the long-held vision of creating a Native place on the City's shorelines where people can celebrate Coast Salish heritage through cultural and educational offerings.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding for Pacific Apartments Rehabilitation in fiscal year 2022.

The entity to receive funding for this project is Plymouth Housing Group located at 2113 Third Avenue, Seattle, WA 98103.

The funding would be used for renovations of the 112-unit Pacific Apartments building, which houses people formerly experiencing homelessness and is also a historic landmark. The main project goal is conversion of single room occupancy units to units with bathrooms and kitchenettes. Other project goals include plumbing, sewer, electrical, and mechanical upgrades; structural repairs; ADA access upgrades; and RAD conversion. Funding will help ensure affordable housing and quality of life for residents for many years to come.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for Seattle Repertory Theatre renovations in fiscal year 2022.

The entity to receive funding for this project is the Seattle Repertory Theatre located at 155 Mercer St., Seattle, WA 98109.

The funding would be used for to bring the Theatre's primary and largest performance space up to current standards for the Americans with Disabilities Act and provide restrooms accessible to transgender and gender non-conforming people. The Seattle Rep is the largest nonprofit resident theatre in the Pacific Northwest. These renovations will improve access and equity for the 160,000+ patrons who attend 350+ performances and events in the Seattle Rep's facility in a typical year, including those produced by the organization as well as by other nonprofit organizations that rent or utilize the space for free.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Community Food Hub, Brooklyn, NY 11233 (NY08) in fiscal year 2022.

The entity to receive funding for this project is The Campaign Against Hunger located at 2010 Fulton St., Brooklyn, NY 11233.

The funding would be used for a permanent community food hub, a first-of-its-kind ecosystem that uses food access, education and innovation in urban farming to break the systemic and interconnected cycle of hunger and poverty in New York City. The community food hub will amplify the emergency food network capacity to store, pack and distribute healthy food in urban communities during pandemics, hurricanes and other emergencies. The economic, social, cultural and physical environmental contributions of food hubs demonstrate the investments The Campaign Against Hunger (TCAH) could make to ensure the long-term health of food-insecure communities. Further, the community food hub will increase wealth-building opportunities through decreased inequality and the creation of foodservice and green jobs for New Yorkers grappling with income loss impacts. The communities TCAH serves are primarily communities of color that face the incredible burden of racism, economic inequity, disinvestment and historically oppressive policies on everything from policing to housing, education and, not surprisingly, food accessibility. A community food hub is needed to address these egregious disparities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Hakeem Jeffries", with a long horizontal flourish extending to the right.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Bringing Brooklyn Museum's Arts of Africa Collections Back on View, Brooklyn, NY 11238 (NY09) in fiscal year 2022.

The entity to receive funding for this project is the Brooklyn Museum located at 200 Eastern Parkway, Brooklyn, NY 11238.

The funding would be used for supporting the creation of Brooklyn Museum's first-ever permanent galleries for its world-renowned collection of African Arts. The museum is a central resource for Brooklyn, which has over 2.5 million residents, and nearly 1/3 are of African descent. Additionally, the project will enable the museum's Education division—which works with more than 50,000 Brooklyn children each year, many of whom live in Central Brooklyn—to create curricula that use the galleries as a springboard for K-12 students to learn about art and history while celebrating the enormous diversity and legacy of African arts. The reopening of the Brooklyn Museum's African Arts collection would represent a tremendous asset for countless schools, students and families across the borough and beyond.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Hakeem Jeffries

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Affordable Small Home Sustainability Initiative, Brooklyn, NY 11205 (NY08) in fiscal year 2022.

The entity to receive funding for this project is the Pratt Center for Community Development located at 200 Willoughby Ave., Brooklyn, NY 11205.

The funding would be used to preserve affordable housing for 600 residents through the delivery of a “whole homes” combination package of energy retrofits, health and safety measures and home repairs to 75 2-family homes in low-income areas in the Bedford Stuyvesant, Cypress Hills and Crown Heights sections of Brooklyn. Small homes are an important source of affordable housing, but the existing stock is deteriorating. Maintaining the affordability and sustainability of this housing stock is critical to New York City’s ability to provide housing to low- and moderate-income residents, particularly seniors on fixed incomes, and to achieving its environmental goals to reduce greenhouse gas emissions. However, this housing stock is at risk as it ages, and the owners lack the financial resources to make repairs. The challenges include rising energy costs; invisible threats to health and safety such as lead paint, mold and asbestos; and the need for ongoing repairs. The funding requested will be used to close financial gaps and leverage significant state funds for implementation and to develop a streamlined application process for implementing retrofits and repairs in small homes.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Hakeem Jeffries

Dear Chair DeLauro and Ranking Member Granger:

As you prepare the Fiscal Year 2022 Transportation, Housing and Urban Development appropriations bill, I am requesting funding for the "Village of Cadiz Phase II North Trunk Wastewater Collection System Cadiz, OH 43907" project.

The entity to receive funding for this project is The Village of Cadiz, Ohio. Mayor John Migliore is located at 128 Court Street, Cadiz, OH 43907.

The funding would be used for proposed improvements to the North Trunk Collection System portion of Cadiz's wastewater collection system. Specifically, the improvements will include approximately 5,300 linear feet of gravity sewer pipe replacement, 10,460 linear feet of gravity sewer pipe rehabilitation, 30 manhole replacements, 85 manhole rehabilitations, and all necessary appurtenances.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Lancaster Regional Airport Taxiway Relocation in fiscal year 2022.

The entity to receive funding for this project is the City of Lancaster, located at 211 N Henry St, Lancaster, Texas 75146.

The funding would be used for the relocation of the taxiway at Lancaster Regional Airport. This relocation will allow for increased safety and compliance with FAA Advisory Circular 150/5300-13A as described in Table 3-4 for Runway centerline to Taxiway centerline separation. The current distance between the runway and taxiway at Lancaster Regional Airport is 300 feet. The FAA requires a separation of 400 feet for taxiways from runways with a precision instrument approach.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eddie Bernice Johnson

Dear Chair DeLauro and Ranking Member Granger,

I write to urge that the House Committee on Appropriations award Community Project Funding for the Georgia Piedmont Technical College Regional Transportation Training Center. The entity to receive funding for this project is the Georgia Piedmont Technical College, located at 495 North Indian Creek Dr, Clarkston, GA, 30025.

There is a significant need for skilled transportation and logistics workers in the region. A number of jobs in the region remain unfilled and the training space for delivering training is inadequate. Located in DeKalb County, in the City of Stonecrest, Georgia Piedmont Technical College's Regional Transportation Training Center (RTTC) serves as Georgia's largest public transportation training center. Presently, the RTTC provides workforce development training in the areas of CDL (Commercial Driver's License) Class A and B for new employees and incumbents. This includes working with metro Atlanta's largest public transportation provider, MARTA, as well as trucking companies like Schneider and DART.

The current physical space and teaching resources available are inadequate to provide training at the level in which our business and industry partners expect. Facilities are outdated and too small to host the maximum number of trainees requested by companies. This hampers the College's ability to train enough workers to keep up with the current and projected training needs of regional transportation and logistics employers. The expansion of the RTTC will also provide opportunities to establish additional high demand programs in distribution, logistics, and transportation. GPTC's impact in successfully creating such programs is critically important to both the workforce needs of the companies and economic development landscape of the region as the college. For example, the college serves major employers moving into the county such as Amazon and existing companies looking to expand their operations such as Home Chef. I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration of this request.

Sincerely,

Henry C. "Hank" Johnson, Jr

Dear Chair DeLauro and Ranking Member Granger,

I write to urge that the House Committee on Appropriations award Community Project Funding for the Flat Shoals Parkway (SR 155) Sidewalk Improvements project. The entity to receive funding for this project is the Dekalb County Transportation department, located at 1950 West Exchange Place, Tucker, Georgia 30084.

The Flat Shoals Parkway (SR 155) is a four-lane divided highway with intermittent sidewalk from Columbia Drive to the Wesley Chapel Road / Flakes Mill Road intersection. This project will build six segments of sidewalk to create continuous sidewalk on both sides of the road. The project will improve pedestrian access to Flat Shoals Library, Flat Shoals Park, and to the commercial areas at either end of the project. I certify that neither I nor my family has any financial interest in this project.

Thank you for your consideration of this request.

Dear Chair DeLauro and Ranking Member Granger,

I write to urge that the House Committee on Appropriations award Community Project Funding for the Fairview Road Multi-use Trail. The entity to receive funding for this project is the Newton County Board of Commissioners, located at 1124 Clark Street, Covington, GA 30014.

The Fairview Road Multi-use trail project consists of the construction of a 2.5 mile pedestrian/bicycle trail along the south side of Fairview Road in Newton County. The trail would be 8-10' wide concrete and connect the communities from I-20 to the Rockdale County line. 95% of Fairview Road has no existing sidewalk. The proposed trail would connect Clements Middle School and Fairview Elementary School with all of the communities along Fairview Road and provide a safe route for children to and from school. I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of this request.

Dear Chair DeLauro and Ranking Member Granger,

I write to urge that the House Committee on Appropriations award Community Project Funding for the Dried Indian Creek Corridor Protection and Connection Initiative. The entity to receive funding for this project is the City of Oxford, Georgia, located at 110 W Clark St, Oxford, GA 30054.

The project has two primary goals. First, this project would protect the Dried Indian Creek corridor from further degradation through land donations/acquisitions, and conservation easement purchases. Secondly, this project would provide public access to the corridor via an ecologically-sensitive multi-use trail along the land acquired or secured through conservation easements. I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of this request.

Dear Chair DeLauro and Ranking Member Granger,

I write to urge that the House Committee on Appropriations award Community Project Funding for the Derry Down complete streets project. The entity to receive funding for this project is the City of Decatur, located at 509 N. McDonough Street, Decatur, GA, 30030.

This project consists of approximately 2000 linear feet of concrete sidewalk installation on the south side of Derry Down Way from Craigie Avenue to South Columbia Drive. Traffic calming devices will be developed with the community and will likely include speed tables and bulb-outs. Other improvements will include painted crosswalks and signage. I certify that neither I nor my family have any financial interest in this project.

Thank you for your consideration of this request.

Sincerely,

Henry C. "Hank" Johnson, Jr

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Beloved Community Green at Martin Luther King Multi-Purpose Center project in fiscal year 2022. The entity to receive funding for this project is Martin Luther King Multi-Purpose Center, located at 110 Bethune Boulevard, Spring Valley, New York 10977.

The funding would be used for Phase II development of a community green on the last remaining vacant lots in an urban-suburban neighborhood with no recreation areas for school age children or adults. Funding will complete and support revitalization of historic community of color, adding a pocket park, basketball court, gazebo for community events, and garden.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mondaire Jones".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for New York State Route 100B–Dobbs Ferry Road Sidewalk Project in fiscal year 2022. The entity to receive funding for this project is the Town of Greenburgh, located at 177 Hillside Avenue, Greenburgh NY 10607.

The funding would be used for a 3,000 linear ft. sidewalk construction project benefitting Town of Greenburgh residents in the Census Tract 109.03 Knollwood, providing safe access to mass transit options, employment centers, commerce and institutional uses. The project would bring safety to the pedestrian where no sidewalks exist, help to calm traffic, and provide a safe alternative to single-occupant vehicle.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mondaire Jones".

Dear Chair DeLauro and Ranking Member Granger,

As you begin crafting the fiscal year 2022 Transportation, and Housing and Urban Development, and Related Agencies appropriations bill, I respectfully request that you consider providing \$750,000 for an intermunicipal wastewater treatment and conveyance project to be carried out by the County of Oswego, government offices located at 46 E. Bridge Street, Oswego, NY 13126. This project would be a valuable use of taxpayer funds because it would promote water access and economic development in the surrounding community.

Currently, multiple systems at the water treatment facility in the Village of Phoenix, NY have exceeded their life expectancy and suffer from inflow and infiltration issues. As a result, limitations on the ability to add new users to this system have had dire consequences for economic development, as the county's primary industrial park is connected to this water treatment facility. This funding would assist Oswego County, along with the Village of Phoenix, the Town of Schroepfel, and the County of Oswego Industrial Development Agency (COIDA) in undertaking a project to rehabilitate and expand this water treatment system.

I certify that neither I nor my immediate family has any financial interest in this project. Furthermore, I am not aware of any other Member of Congress submitting a request for this purpose.

Thank you for your time and consideration of this request.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Katko". The signature is fluid and cursive, with a long horizontal stroke extending from the end of the name.

Dear Chair DeLauro and Ranking Member Granger,

As you begin crafting the fiscal year 2022 Transportation, and Housing and Urban Development, and Related Agencies appropriations bill, I respectfully request that you consider providing \$750,000 for the construction of an emergency shelter for homeless men by the Catholic Charities of the Roman Catholic Diocese of Syracuse, NY, located at 1654 West Onondaga Street, Syracuse, New York 13204. This project would be a valuable use of taxpayer funds because it would provide critical shelter and services to vulnerable individuals throughout Central New York.

The proposed project would address significant housing needs in our community, while also providing necessary health and mental health services to homeless individuals. Specifically, this project would involve the establishment of a Catholic Charities Housing Services Center, including 80 beds for homeless men, 6 apartments for frail homeless men, integrated on-site health and mental health services, and office space for approximately 40 professional staff members.

I certify that neither I nor my immediate family has any financial interest in this project. Furthermore, I am not aware of any other Member of Congress submitting a request for this purpose.

Thank you for your time and consideration of this request.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Katko". The signature is fluid and cursive, with a long horizontal stroke extending from the end of the name.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the General Aviation Apron at Erie International Airport in fiscal year 2022. The entity to receive funding for this project is Erie International Airport, located at 4411 West 12th Street Erie, PA 16505.

The funding would be used to rehabilitate and resurface the existing airport general aviation apron. The pavement is at the end of its useful life and per FAA guidance is in need of rehabilitation. The existing general aviation apron provides parking and taxiing for local and itinerant aircraft as well as operational area for the fixed base operator. The increase in size and weight of the aircraft utilizing the apron has contributed to the accelerated deterioration of the pavement. The existing condition if not addressed will begin to pose a safety and operational risk as the pavement continues to deteriorate and foreign object debris (FOD) is created. This project would meet current FAA standards to rehabilitate aging infrastructure that is instrumental in the operation of general aviation and corporate air travel of the region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Kelly
Member of Congress

Congress of the United States

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Extension of Runway 8 in fiscal year 2022. The entity to receive funding for this project is Butler County Airport Authority, located at 473 Airport Road, Suite 2, Butler, PA 16002.

The project would be a valuable use of taxpayer funds because it would complete planning and construction extending approach end of Runway 8 to increase safety margins to accommodate jet operations of aircraft currently based at the airport. The Pittsburgh-Butler Regional (BTP) Airport is the only regional air transportation hub serving the north Pittsburgh region, and enables access to the eastern half of the United States. As part of the minimum operational network, it is equipped with ground-based instrument landing systems, which provides aircraft with precision vertical and horizontal navigation guidance during approach and landing, which is critical in times of GPS interference. The present runway is not long enough to enable aircraft currently based at the airport to land or takeoff when runway surface is covered with water, ice or snow which causes an increased runway length required to operate under those conditions. Additionally, high temperatures and humidity experienced during mid to late summer will frequently increase the required runway length by over 1,500 feet to a total length requirement of 6,300 feet vs. the current 4,800 feet available. Thereby creating a safety issue for both flight crews and passengers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Kelly

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for CTA Red Line Extension - Workforce Development in fiscal year 2022. The entity to receive funding for this project is Chicago Transit Authority, located at 567 W. Lake St, Chicago, IL 60661. The funding would be used for supporting the extension of the Red Line south 5.6 miles from the 95th Street Terminal to 130th Street in the City of Chicago in Cook County, Illinois. Workforce development funding would cover wrap around services such as mentorship, training, transportation, and childcare grants to eligible candidates, in order to support successful outcomes. Funding may also be used to develop a pilot professional services hub with an educational institution in the RLE project area, which would identify and support candidates to work in professional services careers on CTA projects and external projects. The goal would be to prepare candidates to be able to work on the future RLE project.

I certify that neither I nor my immediate family has any financial interest in this project.

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for SR 7 & University Avenue in Oxford Roundabout Interchange Lafayette County through the Local Transportation Priorities account in fiscal year 2022. The entity to receive funding for this project is City of Oxford, located at 107 Courthouse Square, Oxford, MS 38655.

The funding would be used for converting a diamond interchange on a 4-lane divided roadway to a double roundabout along with other improvements to reduce crashes and injuries related to the current configuration. It will improve safety and functionality, alleviate congestion, and improve access to local businesses on one of Oxford's busiest gateway intersections.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Trent Kelly', written over a vertical line.

Trent Kelly
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for LCIDA Waterline Upgrade and Replacement through the Economic Development Initiatives account in fiscal year 2022. The entity to receive funding for this project is Lowndes County Industrial Development Authority, located at 1102 Main Street, Columbus, MS 39701.

The funding would be used for replacing the existing 16 and 12 water lines on the south side of Artesia Road and Manufacturers Drive were installed in 1975 and 1989. The existing water lines have deteriorated and are experiencing frequent failures and leaks.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Trent Kelly', with a stylized flourish at the end.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for East Lagoon Wastewater Station through the Economic Development Initiatives account in fiscal year 2022. The entity to receive funding for this project is City of Louisville, located at 2373 South Church Avenue, Louisville, MS 39339.

The funding would be used for converting rehabilitation of the East Lagoon Wastewater Pump Station. This project will benefit our taxpayers by improving the existing community infrastructure by replacing the existing pump station which has been deemed by MDEQ to be a hazard and obsolete. This solution will resolve potential health and environmental issues and well as support local economic development efforts. Installing the new pump station would save approximately \$40,000.00 per year rental fee as well as alleviate the diesel pump emissions.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Trent Kelly', written over a horizontal line.

Dear Chair DeLauro and Ranking Member Kay Granger:

I am requesting \$750,000 in funding for the City of San Jose's Digital Inclusion, Virtual Learning, and Caregiver Support program in FY22. The entity to receive funding for this project would be the San José Public Library (SJPL), which is located at 150 E. San Fernando Street in San Jose, California 95112. SJPL will have citywide participant recruitment, and offer programming at various branches including the Alviso Branch at 5050 N 1st St, San Jose, CA 95002, Berryessa Branch at 3355 Noble Avenue, San Jose, CA 95132, and Educational Park Branch at 1771 Educational Park Dr. San Jose, CA 95133.

This funding would be used to build on San José Public Library's successful pilot program to serve the most vulnerable children in our community by providing professional training for family, friend, and neighbor (FFN) caregivers of children under the age of six. The funding would allow for expanded digital inclusion and technology support for caregivers to access virtual programming and additional resources to enhance the care they provide.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ro Khanna

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$880,000 in funding for the Pedestrian and Safe Routes to School Improvements Project in fiscal year 2022. The entity to receive funding for this project is the City of Sunnyvale at 456 W. Olive Ave, Sunnyvale, CA 94086. The project will make improvements to the intersections of Borregas Avenue and Duane Avenue and Borregas Avenue and Hemlock Avenue in Sunnyvale, CA 94085. It will also make improvements to the intersection of Gail Avenue and Gladiola Drive in Sunnyvale, CA 94086.

The funding would be used to install enhanced crossing improvements at all three intersections, including a rectangular rapid-flashing beacon, high visibility crosswalks, curb extensions, and advanced yield markings. These improvements would enhance the crossing experience and safety for students walking to and from the two Sunnyvale neighborhood schools.

The proposed improvements are located in the two Communities of Concern in the City of Sunnyvale as identified by the Metropolitan Transportation Commission (MTC), the metropolitan planning organization for the nine-country San Francisco Bay Area that identifies disadvantaged neighborhood by census tract.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$2,725,000 in funding for the De La Cruz Blvd, Lick Mill Blvd, and Scott Blvd Bicycle Projects in fiscal year 2022. The entity to receive funding for this project is the City of Santa Clara located at 1500 Warburton Avenue Santa Clara, CA 95050.

The funding would be used to complete traffic analyses, public outreach, design, and construction of bicycle facilities on three corridors in Santa Clara, CA 95054 (De La Cruz Blvd: Montague Expressway to Trimble Road, Lick Mill Blvd: Tasman Drive-Montague Expressway, and Scott Blvd: Calabazas Creek Trail to Saratoga Avenue).

The project will enhance safety, improve mobility, and reduce vehicle emissions by implementing high priority bicycle projects identified in the Santa Clara Bicycle Plan Update 2018. The project will connect local residential communities, schools, libraries, and major employers within Silicon Valley.

I certify that neither I nor my immediate family has any financial interest in this project.

Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Kay Granger:

I am requesting \$1,000,000 in funding for ALL IN Eats program managed by ALL IN Alameda County in fiscal year 2022. The entity to receive funding for this project is Alameda County, 1221 Oak Street, Suite 555, Oakland, CA 94612. The project location for the rehabilitated kitchen and staging area to expand the food hub's expansion would be at Tri-City Volunteers at 37350 Joseph Street, Fremont, CA 94536.

ALL IN Eats helps address poverty and hunger by employing the formerly incarcerated and other vulnerable populations with \$21/hour jobs to grow, process, deliver and recover food from ALL IN Eats programs. These programs include recovering edible food that would otherwise go to waste from restaurants, hotels and large events and distributing it to the food insecure. This program has currently reached capacity, but this extra funding would provide for retrofitting an existing warehouse in Fremont to provide a commercial kitchen and a staging area for a fleet of delivery vans and trucks to help meet the needs of the food insecure throughout the Tri-Cities, particularly in Fremont & Newark.

It would greatly expand the capacity of a large-scale food hub in the City of Fremont to power a circular food economy that seeks to increase food security, protect the planet, and provide living wage jobs to the formerly incarcerated and other vulnerable populations.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ro Khanna

Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Kay Granger:

I am requesting \$500,000 in funding for the City of Fremont's Housing Navigation Center in fiscal year 2022. The entity to receive funding for this project is the Fremont's Housing Navigation Center, located at 3300 Capitol Ave, Building C, Fremont CA 94538. The funding would be used for providing short-term housing to help people transition from encampments to permanent housing. The services provided will include health and wellness resources, employment assistance, substance abuse counseling, landlord liaisons, and other support needed for transitioning unhoused individuals toward permanent housing solutions.

This funding will support operating costs for a 45-bed Housing Navigation Center (HNC) which provides 16,400+ bed-nights to an average of 90 homeless residents each year. Costs include 17 on-site staff that provide rigorous housing navigation, case management and outreach services. Housing Navigators work with participants to connect them to stable income and permanent housing.

This program helps address the long-standing homelessness crisis in the Bay Area. Seniors, people with disabilities and many people working demanding jobs live out of their vehicles, in tents and in other situations not fit for human habitation because they cannot afford housing in the region, they call home.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Kay Granger:

I respectfully requesting \$1,000,000 in funding for the City of Cupertino's Library in FY22. The entity to receive funding for this project would be the City of Cupertino, which is located at 10300 Torre Ave, Cupertino, CA 95014. The funds will be used to construct a multi-purpose expansion to the Cupertino Library, which would allow the City of Cupertino and the Santa Clara County Library District to better serve Library patrons and all members of the community.

The Cupertino Library has enjoyed a level of success unmatched by any library in the Santa Clara County Library District system. More than 904,000 people visited the Cupertino Library between July 2018 and June 2019. Aside from the last year, due to shelter-in-place orders, the number of visitors to the Cupertino Library has increased year over year. The City of Cupertino has considered expanding the Cupertino Library since 2012 and has conducted extensive community outreach to fully understand the community's needs and the goals for the Library and the Cupertino Civic Center.

The southern portion of the Cupertino Library building will be expanded to a 5,600-square-foot, two-story addition that will be connected to the existing library building. This expansion provides a large multi-purpose room that will be used for library programs for all ages, spill-over study spaces, and other community uses such as meetings, presentations, a venue for public speaking, and the creative arts.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ro Khanna

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$3,000,000 in funding for the South Milpitas Boulevard Extension Bridge in fiscal year 2022. The entity to receive funding for this project is the City of Milpitas located at 455 E. Calaveras Blvd Milpitas, CA 95035.

The funding would be used to extend a bridge at South Milpitas Boulevard over Pennitencia Creek in Milpitas, CA 95035. The bridge would provide residents direct pedestrian and bicycle access to the Milpitas Transit Center.

The bridge would be a safe, direct, low stress access route for pedestrians and bicyclists traveling to the Milpitas Transit Center. Without this bridge, pedestrians and bicyclists would need to traverse a longer route along a high speed and high traffic expressway to get to the transit hub. This bridge aims to encourage transit ridership in the City and reduce carbon emissions and help fight climate change.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ro Khanna

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Quincy Square Project in fiscal year 2022. The entity to receive funding for this project is the City of Bremerton, located at 345 6th Street, Suite 100, Bremerton, WA, 98337. The funding would be used for the construction phase of this project, including street reconstruction, landscape, stormwater improvements, water improvements and relocations, lighting, signage, construction engineering, construction management, project management, traffic control, public outreach, and other costs associated with completion of the Quincy Square project. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Derek Kilmer

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Housing Hilltop-Commercial project in fiscal year 2022. The entity to receive funding for this project is the Tacoma Housing Authority, located at 902 South L Street, Tacoma, WA, 98405. The funding would be used for the purchase of commercial condos and tenant improvements to commercial spaces to deliver high quality, cost effective, and affordable rental units and commercial space for the Hilltop community in Tacoma, WA. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Derek Kilmer

I am requesting funding for the Hilltop Attainable Housing and Businesses project in fiscal year 2022. The entity to receive funding for this project is Forterra, located at 217 1st Ave S #4189, Seattle, WA, 98194. The funding would be used for construction of a community plaza and business center as a part of a larger project that will provide community ownership of a sustainable, mixed-use hub for the culture, community, homes, and businesses on the Hilltop in Tacoma, WA. I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Brea Active Transportation Program.

The entity to receive funding for this project located at 1 Civic Center Cir, Brea, CA 92821.

The funding would be used to improve the railroad corridor along Orange County Loop Segment B; known to the City as the Tracks at Brea Western Extension. It will help the City acquire a 120 foot cross section of abandoned rail corridor to later construct a paved pedestrian trail adjacent to an existing Union Pacific Railroad line between Palm Street and Brea Canyon Flood Channel, helping close a gap in the 66-mile OC Loop. Closing the gap will position this project for a transformative 20 mile off street corridor serving disadvantaged community members that want to walk and bike between the San Gabriel River in Whittier, through La Habra, Brea, Placentia and all the way down to the Santa Ana River in Anaheim. Full funding for this program will ultimately remove barriers to mobility for the community, create safe walking and biking pathways, and improve connectivity from neighborhoods to parks, schools, and businesses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'YKIM'.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the California State University, Fullerton Pedestrian Bridge.

The entity to receive funding for this project is California State University, Fullerton, located at 800 N State College Blvd, Fullerton, CA 92831.

The funding would be used to construct a pedestrian bridge spanning a key campus crossing at Nutwood and Commonwealth Avenues. The bridge would protect pedestrians, mitigate neighborhood concerns by reducing vehicle trips, improve traffic flow along one of the city's busiest routes, and ultimately encourage safe walking and biking. CSUF serves over 40,000 students and is the most populous campus in the California State University system. Also, the campus is a top employer for the City of Fullerton and Orange County, with over 4,000 faculty and staff. The safety of students, faculty, visitors, and the surrounding community is of the utmost importance, and thus I support full funding for this project.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

YOUNG KIM
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the State Route 91 corridor project in fiscal year 2022.

The entity to receive funding for this project is the Orange County Transportation Authority (OCTA) located at 550 S. Main Street, Orange, CA 92868.

This funding would be used to improve safety and reduce congestion on one of the most heavily congested freeways in Southern California, which accommodates 308,000 vehicles and 14,500 freight vehicles daily. The project will replace the current Lakeview Avenue Bridge, add dedicated ramps to SR-55, reconfigure the ramps to alleviate traffic and add a bicycle and pedestrian facility along Lakeview Avenue. These improvements will improve congestion and improve non-motorized mobility options for commuters and pedestrians seeking more environmentally friendly travel options.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

YOUNG KIM
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for an extension of Martin Avenue to Courthouse Road (1760 N Road) including utilities and a detention pond through the fiscal year 2022 Appropriations bill. The entity to receive funding for this project is the City of Watseka located at 201 Brianna Drive, Watseka, Illinois 60970. The funding would be used for extending Martin Avenue to provide easier access for emergency services vehicle for a new K-12 school campus, an assisted living complex, and residential subdivision, while also providing a detention pond for flood mitigation. This will provide the City of Watseka with the opportunity for residential development on the East side of the city which is very much needed after four, 100-year floods since 2008 have devastated several homes on the north and west parts of town. I certify that neither I nor my immediate family has any financial interest in this project.

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for redesigning and expanding Mother's Hub at Circle Tree Ranch in fiscal year 2022.

The entity to receive funding for this project is the Epidaurus DBA Amity Foundation, located at 10500 E Tanque Verde Rd, Tucson, AZ 85749. The location of the project is at the Amity Foundation Executive Office, 10500 E Tanque Verde Rd, Tucson, AZ 85749.

Amity's Circle Tree Ranch, located East of Tucson, currently has 10 units in its designated "Mothers' Hub" for mothers with children. It currently serves 10 women and approximately 20 children at any given time. Services include gender-responsive and trauma-informed residential substance abuse treatment and recovery services for mothers to include case management for referrals and wrap around services.

The funding will go towards redesigning the "Mother's Hub" to expand the number of units that can serve vulnerable women and their children to 50 women and children at any given time, therefore allowing Amity to serve up to 200 women and their children per year.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Dunbar Pavilion/Dunbar School Rehabilitation Project in fiscal year 2022.

The entity to receive funding for this project is the City of Tucson, Housing and Community Development, located at 310 N Commerce Park Loop, Tucson, AZ 85745.

The funding will allow the City of Tucson to rehabilitate the Dunbar Pavilion and Dunbar School as part of the City's Arts & Culture Revitalization Initiative. This repurposed school is on the National Register of Historic Places and holds social and cultural significance as the only segregated school in Tucson, built by Tucson Unified School District in an era of overt bigotry and discrimination as an educational facility for Tucson's Black children in grades 1-8.

The facility now operates as a space for artists, educators, entrepreneurs and cultural activists interested in elevating and centering the accomplishments of African Americans in Tucson and Southern Arizona. The full vision for the Dunbar School is to be a convening and incubator space- promoting entrepreneurship, education, health and wellness, civic engagement, and arts and culture. Funding for this project will help achieve this goal by going towards rehabilitating rooms that will be used as research and museum spaces, as well as an outdoor space that will be utilized for community events.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick

Dear Chair DeLauro and Ranking Member Granger,

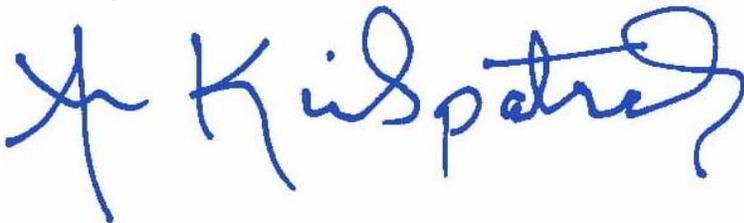

I am requesting funding for the Willard Apartments Improvement Project in fiscal year 2022.

The entity to receive funding for this project is the City of Tucson, Housing and Community Development, located at 310 N Commerce Park Loop, Tucson, AZ 85745.

The funding will allow the City of Tucson to complete the Willard Apartments Improvement Project, which consists of eight units of affordable housing. The apartments need a complete remodel, including all new systems, restrooms, flooring, and up-grades to make the units accessible and safe. Tucson is facing a severe housing affordability crisis, and the Willard Apartments will bring 8 units back online that are currently vacant, providing much-needed affordable housing for families.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

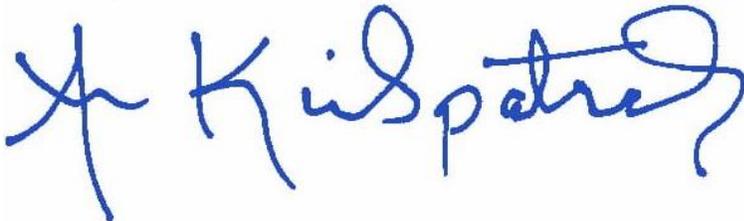

I am requesting funding for YMCA Drowning Prevention Services Facility Improvements in fiscal year 2022.

The entity to receive funding for this project is the YMCA of Southern Arizona, located at 60 West Alameda Street, Tucson, AZ 85701.

Funding for this project will be used towards capital improvements of the drowning prevention services facility within the Lohse Family YMCA located in downtown Tucson, including pool surface replacement, drainage repairs, accessibility alterations (chair lift, handrails), pump and related equipment, exterior alterations, and labor and materials. The drowning prevention services facility provides critical life-saving swim programs to underserved communities including refugees and families living at or below poverty level.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the National Parkway and Higgins Road (IL 72) Pedestrian Signal Improvements project in fiscal year 2022.

The entity to receive funding for this project is the Village of Schaumburg, located at 101 Schaumburg Court, Schaumburg, IL 60193.

The funding would be used to install new pedestrian signals and crosswalk markings at all four legs of the intersection of Higgins Road (IL-72) and National Parkway to increase safety and give more confidence to mobility impaired pedestrians. Upon completion, these signal improvements will provide a safe route for local residents and visitors to hotels and restaurants in the Woodfield Regional Center, strengthening economic prosperity and workforce development in this area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Raja Krishnamoorthi

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Nashua, NH, Cotton Mill Bridge ADA Compliant Pedestrian Ramp Project in fiscal year 2022.

The entity to receive funding for this project is the City of Nashua, NH, located at 229 Main Street, Nashua, NH 03060.

The funding would be used for the construction of an American with Disabilities Act (ADA) compliant ramp on the Cotton Mill Bridge in Nashua, NH. This upgrade is necessary to ensure that individuals with mobility challenges can safely use the bridge. Additionally, the project would improve transportation options for individuals living in a low to moderate income neighborhood and those living in more than 500 units of Low Income Housing Tax Credit (LIHTC) developments.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann McLane Kuster

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Keene, NH, Transportation Heritage Trail Project in fiscal year 2022.

The entity to receive funding for this project is the City of Keene, NH, located at 3 Washington Street, Keene, NH 03431.

The funding would be used for the construction and improvement of 4100 feet of the Keene Transportation Heritage Trail. This trail network will improve the quality, safety and functionality of the City's transportation facilities for pedestrians, bicyclists and other non-motorized users. Additionally, this expanded section of trail will serve as an important thoroughfare between the City of Keene and the Town of Swanzey.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Town of Hanover, NH, Cross Town Multi-Use Path in fiscal year 2022.

The entity to receive funding for this project is the Town of Hanover, NH, located at PO Box 483, Hanover, NH 03755.

The funding would be used for the construction of a multi-use path in the Town of Hanover, New Hampshire. The path would connect a busy elementary school and nursery school to other town path systems. This project would increase transportation options and improve public safety for children, families and seniors commuting to school and amenities in the surrounding neighborhoods. This project enjoys widespread community support.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Lebanon, NH Mechanic Street Sidewalk project in fiscal year 2022.

The entity to receive funding for this project is the City of Lebanon located in 51 N Park St, Lebanon, NH 03766.

The funding would be used for the construction of a pedestrian sidewalk on Mechanic Street in Lebanon, NH. Currently, this section of road is heavily trafficked by both pedestrians and vehicles creating dangerous conditions on the roadway. The construction of sidewalks would contribute greatly to public safety and increase transportation and recreation options for residents and commuting workers.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the North Country Council's effort to support affordable housing development in fiscal year 2022.

The entity to receive funding for this project is the North Country Council located at 161 Main Street, Littleton, NH 03561.

The funding would be used for the delivery of targeted technical assistance to communities in New Hampshire's North Country to support the development of housing options for low and moderate income households. This initiative addresses one of the most pressing challenges in Northern New Hampshire: lack affordable housing. The North Country Council's proposal enjoys widespread support from communities in New Hampshire's North Country.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Berlin, NH, Mason Bridge rehabilitation project in fiscal year 2022.

The entity to receive funding for this project is the City of Berlin, located 168 Main Street, Berlin, NH 03570.

The funding would be used to make critical repairs to the Mason Bridge which serves as a critical corridor between the City of Berlin's east and west sides. The bridge requires serious repairs to ensure safety and functionality for city residents, businesses, and emergency services. This project is a priority for the City of Berlin and its emergency services departments.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a community funding project in fiscal year 2022.

The entity to receive funding for this project is the City of Jacksonville located in Illinois, 62650.

The funding would be used to reconstruct Lincoln Avenue from Morton Avenue to Mount Road in Jacksonville, IL. Included with the project will be replacing the structure carrying Lincoln Avenue over the Town Brook and realigning the east leg of the intersection of Hoagland Boulevard and Lincoln Avenue. Work on Lincoln Avenue will include constructing pedestrian accommodations on the west side of the road, constructing pedestrian bump-outs, streetscaping, pavement, and curb and gutter. This project is a high priority project for the City of Jacksonville due to Lincoln Avenue's prominence in serving as a gateway to vital City resources and due to the vehicular and pedestrian traffic volumes generated by the educational and religious facilities, the YMCA, and the adjacent residential area on the west side of Lincoln Avenue.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Darin LaHood". The signature is written in a cursive style with a horizontal line underneath.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a community funding project in fiscal year 2022.

The entity to receive funding for this project is Sangamon County located at 3003 Terminal Avenue in Springfield, Illinois 62707.

The funding would be used to connects the already completed MacArthur Interchange on Interstate 72 near the southwest side of the City of Springfield with the soon to be constructed Woodside Road and Iron Bridge Road railroad grade separations approximately 1.2 miles southwest of the interchange. This project will extend four lanes between the I-72 interchange and the soon to be constructed four lane corridor on Woodside Road. This project has shown that it will alleviate at least 10% of the traffic from the morning and evening commutes along the busy IL Route 4 corridor and the I-55 corridor. This project will provide direct access from the MacArthur Boulevard commercial corridor to the south, connecting the City of Springfield, IL and the Village of Chatham, IL.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Darin LaHood". The signature is written in a cursive style with a horizontal line underneath.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Oroville Veterans Memorial Park, ADA Accessibility, and River Access Improvement project in the Fiscal Year 2022 Transportation, and Housing and Urban Development appropriations bill.

The project sponsor for this project is the County of Butte located at 25 County Center Drive, Oroville, CA 95965. The project itself is located at 2450 Montgomery Street, Oroville, CA, 95965.

The funding requested for this project will be used to finish construction of the Oroville Veterans Memorial Park (OVMP), adjacent to the existing Oroville Veterans Memorial Hall (OVMH), providing critical ADA complaint access to the Hall, and to Feather River recreational opportunities. Both the OVMP and OVMH are permanent memorials which recognize military veterans associated with Butte County and honor the County's Medal of Honor recipients.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Chico Sewer Master Plan Project P-18 Trunkline project in the Fiscal Year 2022 Transportation, and Housing and Urban Development appropriations bill.

The project sponsor for this project is the City of Chico located at 411 Main Street, P.O. Box 3420, Chico, CA 95927.

The funding requested for this project will be used to assist the City of Chico in meeting its planned growth efforts, as outlined in their 2030 General Plan. Specifically, this project includes nearly four miles of new sewer trunklines that will service portions of Chico which are planned to help address the post-Camp Fire housing crisis in the region – as well as new planned community facilities such as schools, community parks, and senior living centers. In addition, the project will serve as a connection for another sewer project in Paradise, California.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Coraopolis Train Station Project in fiscal year 2022. The entity to receive funding for this project is Coraopolis Community Development Corporation located at 411 Broadway Street, Coraopolis, PA 15108. The funding would be used for capital improvements to the train station. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Conor Lamb".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Conimicut Shoals Lighthouse Restoration and Community Education in fiscal year 2022.

The entity to receive funding for this project is the City of Warwick, located at 3275 Post Road, Warwick, RI 02886.

The funding would be used to evaluate and restore the historic Conimicut Shoals Lighthouse and construct an interpretive educational kiosk in nearby Conimicut Point Park. Work on the lighthouse is anticipated to include an architectural assessment, replacement of railings, repair of the existing jetty, weatherproofing the structure, and a complete repainting of the exterior shell. In addition, a new interpretive kiosk will be installed in Conimicut Point Park to showcase the history of this iconic landmark.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

James R. Langevin
Member of Congress

I am requesting funding for Riverfront Park in fiscal year 2022. The entity to receive funding for this project is the City of Hartford, located at Hartford City Hall, 550 Main St., Hartford CT 06103.

The funding would be used to support the development of Riverfront Recapture's 70-acre riverfront park in the north end of Hartford which will include a newly created cove, regional trail linking Hartford and Windsor Riverwalks, and 10-acre commercial development area. The plan to develop this property represents a transformational investment in the multimodal transportation system along the Connecticut River, will drive economic development, and improve the environment and community health in the underserved neighborhoods surrounding the project. The nine-acre cove will be home to Riverfront Recapture's new paddle sport and outdoors center, featuring rowing, kayaking, canoeing and standup paddle boarding. The park will support recreation, youth programs including STEM education, large scale community events and festivals. The newly developed trail will complete a seven-mile multi-modal public transportation system extending from South Windsor to Hartford with connections to East Hartford and Glastonbury. The newly created commercial development, park, and trail are directly adjacent to an Opportunity Zone.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding for Hartford400 in fiscal year 2022. The entity to receive funding for this project is the iQuilt Partnership, located at Innovation Center, 24 Central Row, Hartford CT, 06103.

The funding would be used to create – in time for the Hartford Region’s 400th anniversary in 2035 – a Connecticut Valley and capital city which are more sustainable, prosperous, equitable, mobile, and vibrant. These infrastructure investments will:

- Reconfigure the central highway system to reduce congestion and re-open the riverfront to the entire city.
- Free up more than 140 acres of highway footprint for reinvesting in historically Black, Latino and working-class communities previously cut off by interstate highways.
- Expand rail, bus, bike and pedestrian options to reduce auto-dependency
- Foster new and affordable housing at higher densities, sustainably clustered around transit stops and stations
- Expand and connect historic parks and new public space amenities
- Leverage the region’s geographic advantages at the economic, educational, and natural crossroads of New England to attract new residents, businesses, and investment
- Leverage the capital city’s post-pandemic advantages as a highly livable mid-size city surrounded by nature – ideal for hybrid home/office working in Hartford, Boston or New York

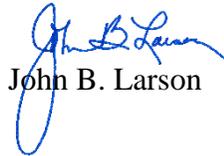

In order to advance all of these projects, Hartford 400 seeks funds for one year, from October 1, 2021, to perform the following tasks:

- Increase community participation and partnerships
- Create a sequencing plan for the major highway and infrastructure projects
- Develop preliminary engineering concepts for 6 river bridges (3 new, 3 transformed)
- Produce a master plan for the 14-mile Hartline park corridor (incl. I-891 tunnel)
- Advance the engineering and urban design studies for River Road (incl. capping I-91)
- Advance engineering and urban design studies for MidTown (incl. Rte 2 tunnel)

- Develop, implement and sustain a community engagement, communications and feedback process to address questions, comments and ideas that can be incorporated into the plan to make sure that all constituents have a voice.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

John B. Larson

Chair DeLauro and Ranking Member Granger:

I am requesting funding for The Hockanum River Linear Park Trail in fiscal year 2022. The entity to receive funding for this project is the Town of East Hartford, located 740 Main Street, East Hartford, CT 06108.

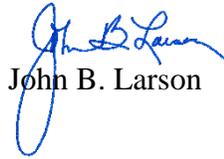

The funding would be used for the Rehabilitation of Hockanum River Linear Park Trail. The Hockanum River Linear Park Trail (HRLPT), 3.5-mile boardwalk and stone dust trail extending roughly from the Charter Oak Bridge east-northeast to the Manchester town line. The trail, which will ultimately run 4.6 miles, connects key Town assets, including Great River Park, the Charter Oak Greenway, Town Hall, two parks, open space areas, and the East Hartford Middle School. Parking facilities are located at Hillside Street, Chipper Drive, Labor Field, Martin Park, Elm Street and Town Hall. In Martin Park, a long-span pedestrian bridge is used to cross over the Hockanum River.

The existing trail sections were constructed in the 1990s using a grant from the Connecticut Department of Environmental (DEP, now DEEP). Wooden decking has deteriorated from exposure to the elements, submersion in floodwater, and vandalism.

This request for funding would provide replacement wooden decking for existing trail sections primarily located between Ecology Drive and a point approximately 1,000 feet east of Hillside Street, where wooden decking currently ends. Replaced wooden decking sections will be anchored to prevent uplift by floodwater, most likely using helical anchors to tie the sections to existing grade (even in wetland soils areas). Stone dust trail sections will be widened to the original five foot width and refreshed with new stone dust. The bridge at Martin Park will receive new wood decking and replacement handrails (removed by vandals). Sections of wood stairs will be rehabilitated as necessary. Trail signs will be replaced and refreshed. Last, trail markers will be installed to allow callers to identify their location along the trail when making emergency service calls, and emergency "blue light" phones will be installed at select locations along the trail and the parking areas to improve safety for all trail users.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "John B. Larson". The signature is stylized with a large initial "J" and a long, sweeping underline that extends to the left and loops back under the name.

I am requesting funding for La Bodeguita De La Gente in fiscal year 2022. The entity to receive funding for this project is Connecticut Food Bank, located at 450 Woodland Ave. Bloomfield, CT 06002.

The funding would be used to allow Connecticut Food Bank to expand La Bodeguita De La Gente's scope to serve more households and coordinate with other local organizations to provide wrap-around services. Without the requested funding they will not be able to continue their work at the level needed within this community, leaving the more than 400 households each week with a devastating gap in services. There is currently no one else meeting the needs of the vulnerable population in this neighborhood as effectively as they are. They have participated in the distribution of Farmers to Families Food Boxes during the pandemic and act as a TEFAP distribution site in compliance with federal regulations. They provide diapers, clothing, and books through a partnership with the Hartford Public Library during the pandemic. With this funding La Bodeguita could continue and expand their work to offer more fresh produce, shortened wait times and additional wrap around services like SNAP outreach, access to health care and legal services.

Motivated by her own experience as a single mother and refugee from Peru, Xiomy began distributing food and supplies out of her house to neighbors whom she knew were struggling. She speaks candidly about the challenges she faced immigrating to escape violence and the challenges she faced once she arrived. It is her empathy and understanding of the experiences this vulnerable population faces that has created this special program. Barriers like language, transportation, and immigration status prevented many in her community from seeking the help they needed and in many cases were entitled to. The first distributions out of Xiomy and her partner Ingmar's home supported less than 10 families but within a few months the need increased significantly. They relocated to the basement of a mattress store in the vibrant and diverse Parkville neighborhood of Hartford and less than a year later La Bodeguita De La Gente, the People's Little Market, is serving more than 400 households a week.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "John B. Larson". The signature is stylized with a large, looping initial "J" and a long horizontal stroke extending to the right.

Chair DeLauro and Ranking Member Granger:

I am requesting funding for the East Hartford Downtown Post Office Acquisition in fiscal year 2022. The entity to receive funding for this project is the Town of East Hartford, located 740 Main Street, East Hartford, CT 06108.

The funding would be used to acquire the downtown East Hartford Post Office building.

The East Hartford Downtown Post Office building was constructed in 1939 and was later remodeled in 1965. The one-story, brick exterior building covers about 7,060 square feet, most of it located on the first floor and in the basement. The total land area of the parcel is .71 acres. The facility is located on a highly-visible parcel of land in the central business district on Route 5 (also known as Main Street) and has a heavy flow of traffic. The parcel is highly-visible for people travelling on Route 5 and lies at the intersection of Connecticut Boulevard and Main Street. The site has close proximity to Interstate 84 and Interstate 91, further improving its potential for a commercial use. Public transport access to the area is excellent, with Greater Hartford Transit District buses passing frequently. As a result, the site has good connectivity all around and is highly suitable for a commercial application of any kind. Next door to the Post Office stands the Raymond Library, the Town's main library and a facility that has undergone a recent \$9.5 million renovation.

When discussions about closing the Downtown Post Office and selling the property began to circulate in 2015, the Town used a combination of public and foundation funds to create a feasibility study for the re-use of the property with an eye toward acquiring the property and using it as an important factor in the ongoing economic development efforts in the Downtown District. The scenario most favored by the Town and other stakeholders was the reuse of the first floor of the building as rented-out office space and using the basement's 2,600 square feet for civic functions tied closely with the adjacent Raymond Library. Additionally, the large parking area currently at the Post Office could accommodate both the commercial use and increased public usage of the Library and its facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

John B. Larson

Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Victim Impact Project in fiscal year 2022. The entity to receive funding for this project is Mothers United Against Violence (MUAV), located at 2550 Main Street 06120.

The funding would be used for the Victim Impact Project.

The Victim Impact project is designed to provide the victims of violence with direct services and support. The program provides guidance and assistance with clients as they engage in the justice system as victim and or participant as a witness, including providing to transportation to and from criminal proceedings. In doing so MAUV ensures that victims and family members understand the process and become less intimidated and less traumatized.

The project also supports victims access basic needs, including housing, educational support and health and food resources. Ultimately, this program is the support mechanism which prevents additional trauma for families who are already facing an inordinate amount of additional pain and suffering and mental health issues. MUAV provides and connects clients to resources to help transition them back into their families, jobs and the community to help create stabilization.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the upgrading of landing systems at Eugene F. Kranz Toledo Express Airport in Lucas County, Ohio, in FY 2022. The entity to receive funding for this project is the **Toledo-Lucas County Port Authority, located at One Maritime Plaza, 7th Floor, Toledo, OH 43604**. The funding would be used to upgrade the airport's Instrument Landing System Technology from Category 1 to Category 3 to match the technology available in modern aircraft so that they can operate safely in conditions with low visibility. This project is on the Airport Improvement Plan and is shovel ready.

I certify that neither I nor my immediate family has any financial interest in this project.

I hereby certify that this request will be made publicly available on my Official Website as required by the House Appropriations Committee's policy that only posted requests will be considered.

Dear Chair and Ranking Member,

“I am requesting funding for Concord School Restoration in Leon County in fiscal year 2022.

The entity to receive funding for this project is Leon County Board of County Commissioners, located at 301 South Monroe Street, Tallahassee, FL 32301.

The funding would provide a funding level of \$1,000,000 to support the restoration of the historic Concord School building to facilitate its use as a rural community center supporting Miccosukee community. The building is in need of significant repairs and renovations. This will enable Leon County to consolidate the existing Miccosukee Community Center, which has reached the end of its life cycle, into Concord School building. The project includes enhancements to the Concord School’s exterior and the air conditioning, plumbing and electrical systems. With these improvements this historical building located in a remote more rural area of Leon County, will provide a much needed community facility, which will serve as the meeting place for the local Boys & Girls Club, the Miccosukee Youth Foundation, the Leon County Senior Outreach Center, and more.

I certify that neither I nor my immediate family has any financial interest in this project.”

Dear Chair and Ranking Member,

I am requesting funding for the City of Midway, FL Expansion of Eugene Lamb, Jr. Recreation Center.

The entity to receive funding for this project is City of Midway located at 50 Martin Luther King Boulevard, Midway, FL 32343.

The funding would be a valuable use of taxpayer's funds because it will address critical needs of the current facility expansion design necessitated by population growth while also expanding public fitness and recreational development, multipurpose services and enrichment needs of Midway's citizens from toddlers to seniors including low to moderate income households. Population growth now finds the current facility inadequate in meeting the community's needs or accommodating the City's opportunities of advancement and development. The facility expansion will also strengthen community development and enhance economic development and partnership opportunities for the City of Midway. This recreation center serves as the City's only such source of facility infrastructure and support for a population of approximately 3,500 citizens and therefore this project would establish the first and only such multipurpose center in this community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Al Lawson
Member of Congress

Dear Chair and Ranking Member,

I am requesting funding for the Clara White Mission (CMS) White Harvest Farms and Market Project through the Economic Development Initiative in fiscal year 2022.

The entity to receive funding for this project is Clara White Mission, Inc.– White Harvest Farms, located at 613 West Ashley Street, Jacksonville, FL 32202.

Provide a funding level of \$2,000,000 to the Clara White Mission (CMS) White Harvest Farms and Market Project through the Economic Development Initiative. This project would be a valuable use of taxpayer's funds because this funding will allow the farm to expand by building a state of the art processing and packaging center which will enable the farm to utilize fresh produce coupled with food provided by community partners to develop healthy meals for seniors at least five days per week. The center will also be open for the public use for healthy nutrition courses, food demonstrations, food packaging employment training, and use as a rental space for the culinary kitchen and local business. The project will also create opportunities to educate and empower the community with 8-10 raised flatbed community garden plots so residents can become urban farmers. More than 59% of the residence residing within the cities designated health zone 1, suffer from low access to fresh and healthy food due to poverty, low income, and lack of transportation to mainstream grocery stores. Many residents seek assistance from grassroot programs, like White Harvest Farms, to make ends meet, while acquiring about a healthier lifestyle.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Al Lawson

Dear Chair and Ranking Member,

I am requesting funding for the Jacksonville Urban League Economic Community Development Foundation Community and Veterans Empowerment Center.

The entity to receive funding for this project is Richard Danford with the Jacksonville Urban League, 903 W. Union St., Jacksonville, FL 32204.

The funding would provide Jacksonville Urban League Economic Community Development Foundation \$2,000,000 for the renovation and construction of the Community and Veterans Empowerment Center through the Economic Development Initiative. This project would be a valuable use of taxpayer's funds because the area this center will serve has the lowest income population in the city with the highest unemployment and lowest performance on health indicators. The facility will be designed as a service and community center with a focus on research, tele-mental health service, training, and a technological veteran's experience as a means of supporting veterans and their families. The building will provide a varied and comprehensive range of service, such as diagnostic service, rehabilitation service including education and vocational programs, training, research and evaluation. These services will be easily transferred from one type to another and these services will be provided regardless of a client's ability to pay.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Al Lawson

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Ruston, Louisiana, East Kentucky Avenue: Safety and Capacity Improvements Project in Fiscal Year 2022. The entity to receive funding for this project is City of Ruston, Louisiana, located at Post Office Box 2069 Ruston, LA 71273.

The funding would be used to rebuild and revitalize one of the most heavily trafficked local roads in the city of Ruston. Specifically, this project will add an additional turn lane, construct curb and gutters with subsurface drainage, relocate all overhead utilities underground, remove a timber bridge structure, add energy efficient lighting, and add American with Disabilities Act (ADA) compliant pedestrian facilities. This project will decrease traffic congestion, enhance safety, and provide economic value to the district.

I certify that neither I nor my immediate family has any financial interest in this project.

I request you give this project every consideration, consistent with all rules and regulations. Thank you for your attention to this request. Please let me know if I can be of further assistance.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Clinton River Water Trail Improvements in fiscal year 2022.

The entity to receive funding for this project is the Charter Township of Clinton, located at 40700 Romeo Plank Road, Clinton Township, MI 48038. The funding would be used for a series of improvements along the Clinton River Water Trail. The project will include installation of a new universally accessible kayak launch at Budd Park and a day-use rest stop at Mill Park, treefall and log removal from the river, and removal of a deteriorating structure that is within the banks of the river trail at the east right of way limits of Clinton River Road, approximately 0.25 miles north of Canal Road. This would open the Clinton River Trail from Sterling Heights to the west and Mt. Clemens to the east, providing a fully accessible Clinton River in Macomb County. The project is a valuable use of taxpayer funds because it will provide free and improved water trail accessibility to the Clinton River in a developed, urbanized area of Macomb County, with benefit to the economy, health, and quality of life of the diverse communities of Sterling Heights, Clinton Township and Mount Clemens as well as the natural environment. This is part of a local and regional master plan to further stimulate the “blue economy” of the area, improving the quality of life of all residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Pre-Development Phase 3 of City of Mount Clemens Art Space Project in fiscal year 2022.

The entity to receive funding for this project is Anton Art Center, a 501(c)(3) non-profit organization, located at 125 Macomb Place, Mount Clemens, MI 48043. The funding would be used for affordable housing and creative workspace accommodations in the City of Mount Clemens. This project is a valuable use of taxpayer funds because the City of Mount Clemens does not currently have enough affordable housing; a market survey supports the need for affordable living and work space, which this project would provide. It will offer targeted assistance to those working in the creative and visual arts who need both affordable housing and a work space to create. Well-documented public forums and input over the course of two years has demonstrated the value of supporting this project with taxpayer funds.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Library Accessibility and Training Area in fiscal year 2022.

The entity to receive funding for this project is City of Madison Heights, located at 300 West 13 Mile Road, Madison Heights, MI 48071. The funding would be used for renovating and expanding Madison Heights' public library. The City is planning to build a new Active Adult Center at Civic Center Plaza connecting the existing library and City Hall. Funding is needed to include a complete renovation and expansion of the library. This project is a valuable use of taxpayer funds because the renovation will ensure this key public service remains accessible for residents who depend on the library for tutoring, job hunting, computer use and social programs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Eastside Community Hub Revitalization Project in fiscal year 2022.

The entity to receive funding for this project is Advancing Macomb Foundation, Inc., a 501(c)(3) non-profit organization, located at 25 North Main Street, Mount Clemens, MI 48043. The funding would be used for improving public facilities and services for programming that will empower at-risk youth and their families in two economically disadvantaged communities in Macomb County: Mount Clemens and Eastpointe. This project is a valuable use of taxpayer funds because youth in these communities have experienced greater hardships because of the pandemic and continued disinvestments into public facilities, which limits their potential for economic mobility. This funding will be used to support afterschool programming focused on economic mobility.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Creating a Community Meeting Space in fiscal year 2022.

The entity to receive funding for this project is City of Hazel Park, located at 111 E. Nine Mile Road, Hazel Park, MI 48030. The funding would be used for improving a public facility—an accessory building next to Hazel Park’s Community Center—that will serve as a meeting place for residents in the surrounding area. The public building will also serve as gallery space for local artists, a location for job fairs, educational seminars and a heating and cooling center for the residents of Hazel Park and neighboring Ferndale. This project is a valuable use of taxpayer funds because this space will encourage civic participation, enhance community involvement, and improve economic development. In addition, because of increasing power outages due to an aging electrical infrastructure and underserved residents who cannot afford mechanical upgrades or have in-home mechanical failures, there is a need for a cooling and warming center like this.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
Member of Congress

Congress of the United States
House of Representatives
Washington, DC 20515

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Oceanside Homeless Shelter Development in fiscal year 2022.

The entity to receive funding for this project is the City of Oceanside, located at 300 North Coast Hwy, Oceanside, CA 92054.

The funding would be used to develop a new homeless shelter at a former high school facility. The shelter would operate up to 50 beds.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin". The signature is written in a cursive style with a prominent flourish at the end.

MIKE LEVIN
Member of Congress

Congress of the United States

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Carlsbad Barrio Street Lighting and Traffic Circles Project in fiscal year 2022.

The entity to receive funding for this project is the City of Carlsbad, located at 1635 Faraday Avenue, Carlsbad, CA 92008.

The funding would be used to enhance safety, walkability and aesthetics within the Barrio neighborhood. The street lighting portion of the project will install 24-foot to 26-foot poles streetlight poles along street throughout the Barrio neighborhood to improve nighttime visibility for drivers, pedestrians, and bicyclists. Additionally, 13-foot pedestrian lighting will be installed throughout the Barrio neighborhood in order to specifically facilitate neighborhood walkability. The second component of the Project will install 6 traffic circles located throughout the Barrio neighborhood for traffic calming and beautification purposes.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin".

MIKE LEVIN

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Hydrogen Fuel Cell Electric Bus Transition project in fiscal year 2022.

The entity to receive funding for this project is the North County Transit District, located at 810 Mission Avenue, Oceanside, CA 92054.

The funding would be used for constructing a hydrogen fueling station with capacity for fueling up to 50 fuel cell electric buses. The hydrogen fueling station will be constructed at NCTD's West Division Facility in the City of Oceanside.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin". The signature is fluid and cursive, with a prominent flourish at the end.

MIKE LEVIN
Member of Congress

Congress of the United States
House of Representatives
Washington, DC 20515

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Doheny Village Connectivity Improvements project in fiscal year 2022.

The entity to receive funding for this project is the City of Dana Point, located at 33282 Golden Lantern, Dana Point, California 92629.

The funding would be used for safety enhancements and facilities for various modes of travel including bicycles, pedestrians and vehicles. Further, it will provide the additional vehicle and bike lanes on Doheny Park Road and Coast Highway per the Master Plan of Arterial Highways. The Project will also add a missing sidewalk on the north side of Coast Highway near Doheny Park Road. Lastly, the Project will bring enhanced lighting and beautification to the Doheny Village area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Arnold Avenue Rehabilitation in fiscal year 2022.

The entity to receive funding for this project is US Vets located at Arnold Ave, West Los Angeles VA at 11301 Wilshire Boulevard, Los Angeles, CA 90073.

The funding would be used to provide funding to renovate Arnold Ave on the West Los Angeles VA Medical Center Campus. When complete, the dilapidated road will be transformed into a pedestrian friendly space that supports wellness and community integration for the residents of Buildings 206, 207, and 300, which are in the process of being converted into permanent supportive housing for veterans experiencing homelessness. This project is a part of a larger "transportation backbone" plan, that will improve the accessibility of the entire north campus pursuant to the West Los Angeles VA Medical Center Draft Master Plan.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Agoura Hills/Calabasas Community Center in fiscal year 2022.

The entity to receive funding for this project is the City of Agoura Hills, CA located at the Agoura Hills/Calabasas Community Center at 27040 Malibu Hills Road, Calabasas, CA 91301.

The funding would be used as a much needed, one-time expense on capital improvement projects at the Agoura Hills/Calabasas Community Center. The Center is a public facility that provides community services, recreation programs, regional services support, and special events and activities to a large, regional community in the Las Virgenes corridor of Los Angeles County. This public facility is in need of major repairs and capital improvements to a very dilapidated infrastructure that includes a damaged roof, antiquated HVAC systems, aging infrastructure, and outdated technological hardware.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Torrance Homelessness Response – Encampment Infrastructure in fiscal year 2022.

The entity to receive funding for this project is the City of Torrance, CA, located at Prairie and Challenger, Torrance, CA 90503; Interstate 405 at Van Ness and 190th, Torrance, CA 90504; Interstate 405 at Crenshaw and 190th, Torrance, CA 90504; Interstate 405 at Western and 190th, Torrance, CA 90504; Wilson Park, Torrance, CA 90501; Del Amo and Western Boulevard, Torrance, CA 90501.

The funding would be used for three key components: 1) Strengthen the City's infrastructure at encampment sites; 2) Retain Outreach Workers and Housing Navigators; and 3) Identify City sites for potential permanent supportive or transitional housing. This request will allow four encampments to receive crucial infrastructure improvements such as wrought iron fencing, hazardous waste removal, and landscaping.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for neighborhood improvements for a city in my district in fiscal year 2022.

The entity to receive funding for this project is the City of Kennesaw, located at 2529 J.O. Stephenson Avenue, Kennesaw, Georgia 30144. The funding would be used for resurfacing streets, installing sidewalks, and improving drainage in several low to moderate income neighborhoods. I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Barry Loudermilk
Member of Congress

BARRY LOUDERMILK

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting community project funding for the Cass-White Road from Busch Drive to Great Valley Parkway- Phase II project in fiscal year 2022.

The entity to receive funding for this project is Bartow County and the project is located at east of 30 Great Valley Parkway, White, Georgia 30184.

The funding is designated for the realignment and construction of 1.9 miles of four-lane road to connect I-75 with the Highland 75 Industrial Park.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Barry Loudermilk

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Town Center Community Improvement District for the Big Shanty Road widening project in fiscal year 2022.

The entity to receive funding for this project is Town Center Community Improvement District located at 1701 Barrett Lakes Blvd #200, Kennesaw, GA 30144.

The funding would be used for widening to accommodate traffic impacts and to complete the Big Shanty Corridor. In addition, it will prevent traffic from being continually pushed to the adjacent arterial roads, improve access for freight and logistics facilities, and provide enhanced access to the I-75 Managed Lanes.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Barry Loudermilk
Member of Congress

Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,500,000 in funding for Silverado Park project in fiscal year 2022. The entity to receive funding for this project is the City of Long Beach, located at 411 W. Ocean Blvd., 10th Floor, Long Beach, CA 90802 (Park Address: 15456 W. 31st Street, Long Beach, CA 90810).

The funding would be used to install signature playground at Silverado Park which improves and upgrades the playground facilities. Community benefits include: increased ADA accessibility through site-work improvements, enhanced outdoor recreational opportunities, provide age-appropriate playground structures for ages two to five and ages five to twelve, and promotes active and healthy lifestyles. Silverado Park is one of the last major parks in the City to not have a signature playground with age-appropriate facilities and structures. This project would create a much-needed resource for the communities near and surrounding Silverado Park. This park will provide children with opportunities for play and build a healthy community by creating stable neighborhoods and strengthening community development.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Alan Lowenthal

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,094,239 in funding for The Cove Housing our City's Veterans Infrastructure Improvements project in fiscal year 2022. The entity to receive funding for this project is The Cove at the Villages at Cabrillo, located at 2001 River Avenue, Long Beach, CA 90810.

The funding would be used support The Cove, which offers permanent supportive housing for veterans in our community, make important infrastructure improvements, including the realignment of Williams Street and improving associated utilities. This project will help The Cove address Veteran homelessness in our community. Funds will serve as an investment in our impacted veterans, regardless of their age, branch of service, or type of housing (transitional or permanent), with access to safe and affordable housing, as well as access to all resources and services to remain healthy and stable. The Villages at Cabrillo also serves the entire community for meetings, conferences, and community trainings.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,800,000 in funding for the Civic Center Parking Lot Improvement project in fiscal year 2022. The entity to receive funding for this project is the City of Signal Hill, located at 2175 Cherry Avenue Signal Hill, CA 90755.

The funding would be used to improve an existing, outdated public facility to bring it up to current ADA standards, providing a modern parking lot with access to the Civic Center Complex, including the City Library, City Hall, and City Community Center. The improved parking lot will meet current ADA standards and facilitate civic engagement through welcoming access to civic assets for employees, residents, and visitors. This project is important to ensure access to civic facilities and civic life by people with disabilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$2.3 million in funding for the Ponca City Multi-Modal Transportation Infrastructure Project in fiscal year 2022. The entity to receive funding for this project is the City of Ponca City for its Transportation Infrastructure Project at the Santa Fe Depot located in Ponca City, OK, 74601 .

Ponca City is situated along a major BNSF rail corridor linking Chicago, Illinois to Houston, Texas. This corridor has also been identified as a major gap in the Amtrak nationwide passenger rail system. Since 1979, there has been no passenger service available between Oklahoma City and Newton, Kansas (via Wichita). The States of Texas, Oklahoma and Kansas have formed a coalition in support of the restoration of passenger rail between Fort Worth, Texas and Newton, Kansas in an effort to bridge this gap in passenger rail service. Ponca City must position itself to be a scheduled stop along this route and thus, the former Santa Fe Depot will be rehabilitated and re-purposed to serve both as a passenger rail depot and a hub for the local transit system.

The multi-model transportation project has several components that combined, create an integrated transportation system serving not only the citizens of Ponca City but all of Northern Oklahoma. The project is a multi-model transportation project that has several components that combined, create an integrated transportation system serving not only the citizens of Ponca City but all of Northern Oklahoma.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Frank Lucas
Member of Congress

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Jefferson City Memorial Airport Air Traffic Control Tower Reconstruction in fiscal year 2022.

The entity to receive funding for this project is the City of Jefferson and is located at 500 Airport Road, Jefferson City, Missouri 65101.

The funding would be used to enhance the safety of operations at the airport and reconstruction for the Air Traffic Control Tower so that the tower can meet current Federal Aviation Administration standards.

This project is an appropriate use of taxpayer dollars because it will increase safety benefits for controllers in the facility and to the air traffic that operates at the Jefferson City Memorial Airport.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Centertown Wastewater Collection System in fiscal year 2022.

The entity to receive funding for this project is the Village of Centertown at 1227 Broadway Street, Centertown, Missouri 65023.

The funding would be used for the creation of a central wastewater collection and treatment system in the Village of Centertown, Missouri.

This project is an appropriate use of taxpayer dollars because a new wastewater system will help correct problems that have arisen from an aging and undersized septic system that is currently in place.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

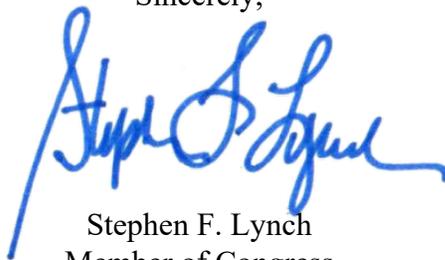

I am requesting funding facility modifications and upgrades to the New England Center and Home for Veterans in fiscal year 2022.

The entity to receive funding for this project is the New England Center and Home for Veterans located at 17 Court Street, Boston, MA 02108.

The funding would be used to convert as many as 20 existing congregate living style, i.e., dormitory bunkbeds with shared bath, transitional housing berths for Veterans experiencing homelessness and enrolled in VA Grant and Per Diem, to more individual unit-style, housing. This Community Funding Project is intended to fall under the purview and follow the guidelines as described in the U.S. Department of Veterans Affairs GPD Capital Funding Grant, Funding Opportunity VA-GPD-CG-FY 2021. The project will affect facility modifications and upgrades to the Center's Downtown Boston facility which provides support for more than 1,300 Veterans experiencing homelessness, every year.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Stephen F. Lynch
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

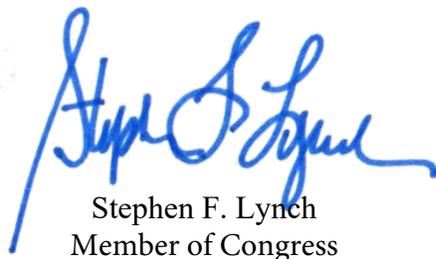

I am requesting funding for the Boys & Girls Club of Dorchester-Martin Richard Foundation for construction of a community fieldhouse and outdoor athletic and recreational facilities in fiscal year 2022.

The entity to receive funding for this project is the Boys & Girls Club of Dorchester, located at 1135 Dorchester Avenue, Dorchester, MA 02125.

The funding would be used to develop a 78,000 square foot fieldhouse and outdoor athletic and recreational facilities that will provide over 47,000 young people who live within a three-mile radius of this location with access to early education and care, academic assistance and support, healthy lifestyle programming, and character and leadership development. The goal of this effort is to build a civic hub that connects a network for like-minded institutions and individuals to forge innovative approaches to youth development and family engagement.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Stephen F. Lynch

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Readington Township Public Works Garage Enhancement Project in Fiscal Year 2022. The entity to receive funding for this project is Readington Township, New Jersey located at 287 Mountain Avenue, Whitehouse Station, NJ 08889.

The \$750,000 amount would be used to update the garage and maintenance facilities located at the Readington Township Department of Public Works. At present, the garage and maintenance facilities have not kept pace with the additional equipment, and thus, a good portion of it is stored out of doors and not protected from the elements. By having up-to-date facilities, the equipment will last longer, there will be room to store equipment away from the elements allowing it to last longer.

I certify that neither I nor my immediate family has any financial interest in this project.

April 30, 2021

The Honorable Rosa DeLauro
Chairwoman
House Committee on Appropriations
Washington, D.C. 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger

I am requesting funding for Member Directed Community Funding Project in the FY2022 Transportation, Housing & Urban Development Appropriations bill within the Economic Development Initiative (EDI) account.

\$1,492,560– for **St. George Theatre**, a 501(c)3 non-profit organization , located at 35 Hyatt Street, Staten Island, NY 10301

The theater is currently undergoing a significant capital plan, “Restoring a Masterpiece,” to improve its physical infrastructure, encompassing both interior restoration and exterior work to protect the theater’s envelope and ensure its longtime viability. EDI funding would allow the theater to broaden the scope of planned capital improvements to enhance the entranceway, renew the interior structure, and address life-safety features. The scope of the project includes:

- **Restoration of the exterior** including a full roof replacement, renovation of the building’s façade, and asbestos abatement.
- **Installation of a custom mosaic at the front entrance** that replicates the iconic interior artwork surrounding the theater’s majestic proscenium. This mosaic will simultaneously improve the streetscape directly outside the museum and extend the historically significant artwork into the public realm.
- **Restoration of interior spaces** that have fallen into disrepair. The project will include restoration of the paint, plaster, and finishes.

Project Benefits

A restored St. George Theatre is key to the revitalization of its namesake neighborhood, using arts and culture to attract Staten Island residents and visitors from throughout the greater New York City metro area. More than 100,000 people attended shows or participated in activities at the theater last year. Approximately 65% of attendees are from Staten Island, meaning the theater attracts more than 30,000 off-Island visitors annually. Among Staten Island attendees, 34% live on the South Shore, 41% are from the East Shore and Mid-Island, and 25% are from the North

Shore. Investing in this unique cultural asset will continue to draw Staten Island residents to the Downtown and draw tourists from off-island.

The organization brings world-class entertainment into the community and increases access to the arts through community outreach, educational programming, and public performances. The venue presents national and regional tours; arts programs for youth; and events for other cultural/nonprofit groups and connects local artists to audiences. Since the theater re-opened in June 2004, it has welcomed more than 1,500 events and more than 2,000,000 patrons. The cultural anchor strengthens the local real estate market and drives traffic to nearby bars, restaurants, bakeries, and other small businesses.

This project is critical for the health and safety of patrons, artists, and staff at the St. George Theatre. Currently SGT's interior plaster is crumbling and falling, which could eventually lead to the entire ceiling being netted due to safety concerns. If these physical improvements are not addressed soon, the theatre risks closure, which would lead to a vacant spot at the heart of the St. George neighborhood and cause the loss of jobs for existing employees.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nicole Malliotakis', with a stylized flourish at the end.

Dear Chairwoman DeLauro and Ranking Member Granger

As you begin crafting the FY22 Transportation, Housing and Urban Development, and Related Agencies (THUD) Appropriations Bill, I respectfully request you consider the following funding priority.

Please provide funding for facility improvements and repairs at The Goodhue Center as a community project funding request. The intended recipient is The Goodhue Center, located at 304 Prospect Avenue, Staten Island, NY 10301.

The funds would be used to repair podiums, retaining walls, fencing; mechanical room repairs to boilers, heating pumps, pool equipment, air conditioning, and furnace systems; build electrical wiring and smoke/fire detector systems; build architecture repairs including those to foundation structures, service doors, exterior walls, window frame replacement, lighting systems; and roof repairs.

The project would be a valuable use of taxpayer funds because it extends the life of the structures and systems so that this vibrant community center stays safe and operational.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Nicole Malliotakis

Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft the FY2022 Transportations, Housing and Urban Development Appropriations bill, I respectfully request the following Economic Development Initiative (EDI) Community Project.

\$575,000 - Sephardic Community Youth Center Inc. Located in my district at **1901 Ocean Parkway Brooklyn NY 11223**

The Sephardic Community Center needs to remove and replace approximately 2,880 square feet of failed rubber playground pads. Nearly all the cushions have curled or experienced shrinkage due to longtime exposure to sunlight and the elements. Walking on the failing tiles has become difficult if not hazardous. An independent building maintenance survey has deemed the replacement of the cushioned floor tiles a priority. In addition to replacing the floor, the space needs new lighting, seating, and outdoor gym equipment to continue serving those who visit. The uneven floor has become challenging to navigate for our members and challenging to navigate in present condition, especially for our seniors who use wheelchairs. The urgency and need for immediate correction are evident.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Nicole Malliotakis
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$3,000,000 for the High Point Shelter and Day Center for the Homeless for Fiscal Year 2022. The entity to receive funding for this project is City of High Point, located at 211 S. Hamilton St, High Point, NC 27260. The proposed center would provide emergency shelter and transitional housing, as well as opportunities to individuals to access services, learn basic skills, and regain their ability to live independently.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Kathy Manning".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,500,000 for the High Point Multi-Modal Connector Greenway for the City of High Point, NC for Fiscal Year 2022. The entity to receive funding for this project is the City of Winston-Salem, NC, located at 311 Winston-Salem, NC. This multimodal connector would help bridge a critical gap from our existing High Point Greenway to the downtown area, and would provide a spine that would allow for future greenway connectivity options throughout the City. The project will enhance equitable access to outdoor recreation, economic development, and safe, healthy, active transportation.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Kathy Manning".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$272,250 for transportation LED lighting upgrades for the City of Winston-Salem, NC for Fiscal Year 2022. The City of Winston-Salem, located at 101 North Main Street, Winston-Salem, NC 27101, wishes to install LED lights at a city-owned parking deck and the transportation center to cut electricity use from these facilities and to improve safety for the public when using the facilities. The reduced electricity would both cut costs and greenhouse gas emissions.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Kathy Manning".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the MARTA-Brookhaven Station Rehabilitation project in fiscal year 2022.

The entity to receive funding for this project is the Metro Atlanta Rapid Transit Authority located at 2424 Piedmont Rd NE, Atlanta, GA 30324.

This funding request for the Brookhaven Station Rehabilitation is part of the overall State of Good Repair Station Rehabilitation Program that MARTA is undertaking over the next 7 years at all 38 rail stations. With the station having a 'face-lift' of all forward-facing areas to the public, it will provide a fresh look for MARTA and mass transit at all stations. This along with proposed new railcars coming in a few years will provide riders with a more modern riding experience. This may increase ridership throughout the region stimulating economic growth.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

LUCY MCBATH
Member of Congress

Congress of the United States

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Dekalb County, Pleasantdale Road Pedestrian Improvements project in fiscal year 2022.

The entity to receive funding for this project is the Dekalb County Government located at 1300 Commerce Drive Decatur, GA 30030.

This funding request is for the 1.8-mile section of road from I-85 to South Norcross Tucker Road has numerous condo/apartment complexes, MARTA bus stops, a park, and an elementary school. Many students walk to Pleasantdale Elementary school. However, there are currently no safe pedestrian crossings on this corridor. The project will construct a traffic signal at the combined driveway for Pleasantdale Park and Pleasantdale Elementary School. Two other pedestrian crossings will have pedestrian hybrid beacons that will allow for protected crossing of the roadway.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Alpharetta, Bus Shelter Construction project in fiscal year 2022.

The entity to receive funding for this project is the City of Alpharetta, located at 2 Park Plaza, Alpharetta, GA 30009.

This funding request is for the installation of two (2) new bus shelters in Downtown Alpharetta at existing bus stops. One on Haynes Bridge Road by the library; and a second on Main Street near Marietta Street. Designs will complement those installed by the North Fulton CID. This project enhances transit operations around the Downtown Alpharetta activity center. Transit investment within the Downtown activity center complements improvements throughout the area which have created an active walkable environment. Additional Bus shelters make MARTA bus service a more attractive transportation option for both those relying on transit as the only option as well as those making transit their transportation option of choice.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Cumberland CID Paces Mill/Palisades project in fiscal year 2022.

The entity to receive funding for this project is the Cumberland CID located at 3444 Cobb Pkwy, Atlanta, Ga, 30339

This funding request is for the Paces Mill/Palisades Unit is the southern-most site of the CRNRA. Built in the 1970s, the park unit is a popular destination for people participating in recreational boating, fishing, picnicking, jogging, biking, and walking activities. The Paces Mill/Palisades Unit hosts over 250,000 visitors a year connecting to 38 miles of multi-use trails and serving as the Bob Callan Trailhead.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for International Institute of Minnesota facility improvements and expansion in fiscal year 2022.

The entity to receive funding for this project is the International Institute of Minnesota, located at 1694 Como Avenue, Saint Paul, MN 55114.

The funding would be used for capital improvements, including a comprehensive renovation of its existing 18,000 square foot space and the addition of a 16,000+ square foot wing containing six new classrooms, interactive training labs and a welcoming lobby and gathering spaces for clients and their families. The Institute provides support services, education, ESL, and workforce training that places our program participants into careers that facilitate wealth creation and multi-generational success. The Institute's employment programs benefit all Minnesotans, especially during the COVID-19 pandemic. Its Medical Careers Pathway has trained and placed nearly 3,000 New Americans in front line healthcare positions as nursing assistants caring for seniors in our community; and 581 have advanced their nursing careers by becoming RNs, LPNs and other advanced healthcare positions with support of the Institute's College-Readiness Academy and Medical Career Advancement programs. With an expanded facility, the Institute will be able to double its efforts and make a greater contribution to our need for a skilled workforce in the region, including the demand for skilled nurses to care for Minnesota's seniors.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Betty McCollum

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Central Greenway Regional Trail Improvements in fiscal year 2022.

The entity to receive funding for this project is Washington County, this planned multiuse trail will connect the Cottage Grove Ravine Regional Park, Lake Elmo Park Reserve, and Big Marine Park Reserve in Washington County, MN.

The funding would be used to improve the multiuse regional trail within Washington County, including new trail segments, pavement rehabilitation, and trailhead improvements. This project will provide improved regional and local pedestrian and bicycle connectivity to community destinations, improving accessibility, safety, and environmental conditions. Segments of the existing trail have passed their service life and are in need pavement rehabilitation. New trail segments and trailheads are also needed to accommodate increased use and provide a safer experience for all.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Bruce Vento Regional Trail Extension in fiscal year 2022.

The entity to receive funding for this project is Ramsey County, located at the Bruce Vento Regional Trail from Buerkle Road to County Road J in Ramsey County, MN.

The funding would be used to provide final design and construction plans for a six-mile alternate regional trail alignment that is mainly outside of rail property on public land and will complete the last two undeveloped segments of the Bruce Vento Regional Trail from Buerkle Road to County Road J in the cities/township of Gem Lake, White Bear Lake, White Bear Township, Vadnais Heights in Ramsey County, Minnesota. This project will provide critical pedestrian connections to a proposed arterial bus rapid transit project (aka. Rush Line Bus Rapid Transit (BRT)) between Buerkle Road and Highway 96 and the Bruce Vento Regional Trail will provide access to these station stops. In addition, this project will provide connections to the Highway 96 Regional Trail, Lakes Line Regional Trail, South Shore Lake Trail, local trails, and provide a future connection to the Hardwood Creek Regional Trail.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the 33 Hawley Street project in fiscal year 2022. The entity to receive funding for this project is the Northampton Community Arts Trust Inc., located at P.O. Box 366, Northampton, MA 01061. The funding would be used to complete the renovation of 33 Hawley Street, a 25,000 square foot steel building on 1.5 acres on the edge of downtown Northampton, into an energy efficient, affordable community arts facility. Construction is proceeding in phases, as funding allows. Renovation is about 70% complete and includes two 1,200 square foot multi-use studios, a dance studio, a 2,000 square foot performance/event venue, a large, open lobby/mezzanine, and two outdoor courtyards. The finished portions of the premises are leased and programmed by three established arts organizations; all serve as portals to artists, arts groups and others who use 33 Hawley's affordable spaces. This funding will help complete the remaining 30% of the renovation, including the Workroom/Theater (a 3,800 square foot, 220+ seat, black box theater), theater support spaces serving both performance venues, an 800 square foot visual arts gallery, administrative offices, and lobby flooring, box office and concession area. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "James P. McGovern".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Worcester Regional Food Hub Union Station Fit-Out in fiscal year 2022. The entity to receive funding for this project is the Worcester Area Business Education Foundation, located at 311 Main Street, Suite 200, Worcester, Massachusetts 01608. The funding would be used for the establishment of a permanent headquarters for the Worcester Regional Food Hub and its shared commercial kitchen and local food aggregation services at Union Station, chosen for its strategic proximity to relevant community landmarks and the region's largest intermodal transportation hub. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "James P. McGovern".

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$400,000 in funding for site readiness and redevelopment in downtown Parkersburg, West Virginia.

The project sponsors are Wood County Development Authority and Parkersburg-Wood County Area Development Corporation located at 400 Market Street Parkersburg, WV 26101

The funding is designated for Site Readiness & Redevelopment estimates for commercial and industrial slum and blight areas including, Depot & Jeanette Street Area/East Street Area/Camden Avenue Area

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits by redeveloping blighted areas to make them more appealing for businesses and developers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

David B. McKinley, P.E.

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$1,000,000 funding for Weirton Frontier Crossing Industrial Access Road for fiscal year 2022. The road will open 1,300 acres that used to house former Weirton Steel Iron and Steel Facilities.

The project sponsors are the City of Weirton and the West Virginia Department of Highways and is located at 200 Municipal Plaza I Weirton, West Virginia 26062.

The funding is designated for site infrastructure that gains access to the industrial site.

The project is an appropriate use of taxpayer dollars opens 1,300 of property in the middle of Weirton for site development. The Development will bring jobs and families to the area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

David B. McKinley, P.E.

1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$1,500,000 for the ACE Locomotive Zero Emission Engine Conversion Project in the fiscal year 2022 Subcommittee on Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill.

The project sponsor for this project San Joaquin Regional Rail Commission, located at 949 E. Channel St., Stockton, CA 95202.

The ACE Locomotive Zero Emission Engine Conversion Project will repower ACE's existing legacy F40PH-3C locomotives to zero emission, including restoring two (2) nonfunctional locomotives to be returned to service. These locomotives are necessary to ensure sufficient locomotives are available to operate the full envisioned Valley Rail service while having sufficient backup locomotives available for use during overhauls. In addition, when paired with ACE's Tier IV Siemens Charger locomotives, the zero-emission locomotives will provide additional traction and head end power to reduce the power needed to be provided by the Chargers with a resulting decrease in emissions and fuel use.

The project will represent a good use of taxpayer dollars by increasing the reliability and cost savings of the ACE service. The re-powered locomotives will provide residents a reliable transportation option throughout the San Joaquin Valley and Bay Area. Increasing the number of available locomotives for revenue service will reduce congestion on the major highways within the region. The increased reliability and connectivity for residents will help mitigate the statewide interregional travel forecast increase by 50.9 percent, to 544.7 million two-way trips annually by 2040. Over 150 million of those trips are expected to originate or terminate in, or pass through, Sacramento and the San Joaquin Valley. The proposed project would provide project benefits that include reducing Vehicle Miles Traveled (VMT) and associated regional traffic, air quality emissions, and GHG emissions, as well as increasing ridership.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jerry McNerney", with a long horizontal flourish extending to the right.

1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$1,500,000 for the North Lathrop Multi-Modal Transfer Station in the fiscal year 2022 Subcommittee on Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill.

The project sponsor for this project is the San Joaquin Regional Rail Commission, located at 949 E. Channel St., Stockton, CA 95202.

The North Lathrop Station will be constructed in the northern portion of Lathrop, on presently vacant federal land that is part of the 724-acre U.S. Department of Defense Sharpe Army Depot. The Station is required to facilitate the extension of the ACE service to Sacramento and Ceres/Merced. To provide ACE service at this new station, new station tracks and a station platform will be constructed to allow trains to pull into the station and passengers to board and disembark the train. A pedestrian overcrossing will be constructed between the surface parking area and the station platform, crossing over the railroad tracks. To meet parking demands generated by ACE service at this new station, a new surface parking lot will be constructed on approximately 6.9 acres directly east of the station platform on the southern portion of the Sharpe Army Depot.

The North Lathrop Transfer Station will represent a good use of taxpayer dollars by increasing the frequency and reliability of the ACE service. The Transfer Station will provide residents a reliable transportation option throughout the San Joaquin Valley and Bay Area. The project will reduce congestion on the major highways within the region. The increased connectivity for residents will help mitigate the statewide interregional travel forecast increase by 50.9 percent, to 544.7 million two-way trips annually by 2040. Over 150 million of those trips are expected to originate or terminate in, or pass through, Sacramento and the San Joaquin Valley. The proposed project would provide project benefits that include reducing Vehicle Miles Traveled (VMT) and

associated regional traffic, air quality emissions, and GHG emissions, as well as increasing ridership.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$300,000 for Veterans Memorial Buildings Improvements in the fiscal year 2022 Subcommittee on Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill.

The project sponsor for this project is the Contra Costa County Veterans Service Office, and the project is located at 757 1st Street, Brentwood, CA 94513, and 815 Fulton Shipyard Road, Antioch, CA 94509.

The Veterans Memorial Buildings Improvements project would provide safety upgrades and energy efficiency improvements at two veterans memorial buildings to improve building systems and safety, reduce maintenance costs, and ensure that they can continue to be used by veterans for generations to come. These buildings are where core services are delivered by the County's Veterans Service Office, VA Vet Centers, Veterans Service Organizations including Marine Corps League, American Legion and Veterans of Foreign Wars, as well as various community organizations and nonprofits.

Many of these buildings are 100 years old and are in need of capital improvements to make them more energy efficient and safer for the public. Redevelopment funds are no longer available to communities, and some Veterans Service Organizations have had to rely on fundraisers to maintain these buildings and keep their doors open.

The Veterans Memorial Buildings Improvements project represents a good use of taxpayer dollars, as funding for the project will provide vital safety upgrades and energy efficiency improvements to veterans memorial buildings that serve both veterans and the public at large. The project will improve building systems and safety, reduce maintenance costs, and reduce energy dependence and greenhouse gas emissions. The funding will be used for capital improvements including HVAC system replacements; ADA accessibility improvements;

perimeter safety measures; and other facilities upgrades. These building improvements will allow for the Veterans Service Organizations to focus on providing services that benefit veterans and the community and for the VA and Contra Costa County Veterans Service Office to continue its advocacy and treatment for veterans and their families.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jerry McNerney", with a long horizontal flourish extending to the right.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$3,000,000 for a Fire Station in the fiscal year 2022 Subcommittee on Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill.

The project sponsor for this project is the East Contra Costa Fire Protection District (ECCFPD), located at 150 City Park Way, Brentwood, CA 94513.

The project will provide funding to add a fire station in the City of Brentwood to serve the ECCFPD community. Currently, ECCFPD staffs three fire stations, 24 hours a day, seven days a week with 19 full-time firefighters responsible for covering this vast territory. Stations are located in Brentwood, Oakley, and Discovery Bay. The ECCFPD's strategic plan, published in early 2018, identified a current need for six stations to adequately protect both residents and firefighters across the 249 square mile district. Another three stations will be required to accommodate expected growth in the coming years.

ECCFPD hired a management consultant to conduct a performance and headquarters staffing adequacy study in 2016. That study states that ECCFPD's deployment system does not meet the risks present in Brentwood and Oakley if ECCFPD is expected to prevent more than a catastrophic loss. The study further states that ECCFPD is the most under-deployed and administratively understaffed fire department that the management consultant had seen for the size of the communities to be protected. This new station will directly address that need by serving the communities of Brentwood and Oakley and providing a direct public benefit to those residents by increasing the level of public safety service that they receive.

ECCFPD serves a large portion of California's 9th Congressional District (CA-9) that is facing rapid population growth in the coming years, especially in the urban areas. The population for the ECCFPD service area is expected to grow to 139,097 by the year 2040, which will increase

fire response demands and needs. As additional commercial and residential buildings are erected and more residents move into the community, it is critical that there is adequate public safety infrastructure to be able to provide firefighting and lifesaving services.

The ECCFPD is a rural funded fire district that protects approximately 249 square miles, 695 miles of public roads, and over 128,000 residents. ECCFPD provides firefighting personnel and emergency medical services (basic life support) to the residents and businesses of the Cities of Brentwood, and Oakley, and to the Townships of Discovery Bay, Bethel Island, Knightsen, Byron, Marsh Creek, and Morgan Territory.

As part of the 2018 strategic planning process, a survey was administered to the community to determine their level of satisfaction with the existing service levels, particularly emergency response times and fire containment strategy, of ECCFPD. Less than 20 percent of the community indicated that they were satisfied. Results of the survey showed support for funding for additional fire stations to help reduce the impacts of regional population growth that may exacerbate response times and service level challenges.

ECCFPD's Fire Station project represents a good use of taxpayer dollars as funding for the project will allow ECCFPD to more effectively meet its public safety obligations and reduce response times to the local community. Today, ECCFPD is unable to meet the nationally recognized goal of a 4 minute response time for urban density areas and an 8 minute response time for suburban and rural population density areas because there are not enough fire stations to be able to respond within these call time windows in order to minimize the loss of life or loss of a structure. Especially in CA-9 where there are often severe winds, drought, and other extreme fire conditions, residents and taxpayers deserve to have appropriate public safety infrastructure in place to keep them safe. The addition of a fire station is critical to help ECCFPD serve the community and is a necessary project that will benefit each of the residents served by ECCFPD in CA-9.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jerry McNerney", with a long horizontal flourish extending to the right.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Gerald R. Ford International Airport Concourse A Expansion & Widening project. The project sponsor for this project is the Gerald R. Ford Airport Authority located at 5500 44th St SE, Grand Rapids, MI 49512.

The funding is designated for an expansion that will add eight new gates to Concourse A. The full expansion will widen the 66 ft concourse to up to 120 ft and lengthening by 510 ft to a total of more than 900 ft. When completed in 2023, the Ford Airport morning rush will be seamless for passengers and airlines, and the airport will be situated to accept many more daily flights for thousands of additional passengers. Phase 1 of this effort is an enabling project for the full build out and includes a 1,600 square foot addition to gate A3.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: The Gerald R. Ford International Airport (GRR) generates \$3.1 B of economic activity annually for West Michigan with 2,000 direct jobs. The airport terminal core is reaching capacity with significant aircraft gate and hold room constraints and challenges. Six domestic airlines currently provide service to West Michigan via 15 aircraft gates, 7 on Concourse A and 8 on Concourse B. 14 gates are preferentially leased to airlines, with one gate being held as common use infrastructure. Beyond the necessity for additional aircraft gates to support daily operations, Concourse A was constructed at 66' wide for small regional jets seating 30-50 passengers. Today, mainline aircraft with 120-180 seats regularly board from Concourse A, routinely exceeding hold room capacities. The expansion and widening of Concourse A will provide 8 new gates with appropriately sized hold rooms and increase the size of existing hold rooms to foster the continued connectivity of West Michigan to the world. The additional terminal square footage will reduce both aircraft and passenger congestion. While the full Concourse A Expansion & Widening remains a priority for Project Elevate, progress has slowed due to the global pandemic. Phase 1, an expansion of the gate A3 hold room, will provide immediate congestion relief to the core of Concourse A while preparing the facility for the full expansion and widening buildout.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Meijer', is positioned at the top left of the page. The signature is fluid and cursive, with a small circle at the end of the final stroke.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Eastpointe Commons: Redeveloping Fulton Manor project. The project sponsor for this project is the Hope Network, located at 3075 Orchard Vista Dr SE, Grand Rapids, MI 49546.

The funding is designated to help transform the 195,000 square foot Fulton Manor, which has been vacant for several years, into Eastpointe Commons. This will not be a shelter. The \$40 million initiative will add 118 affordable apartments with dignified amenities for low-income seniors, housing vulnerable families, and unhoused residents to the local housing stock. Our plan targets potential tenants earning 60% or less of the area median income. Rent will be calculated at 30% of tenant income. Forty-two apartments will be rented at little or no cost as permanent supportive housing to individuals and families experiencing homelessness, domestic violence, and those with disabilities. Two Housing Specialists, contracted through Community Rebuilders, will serve on site to help residents live independently and remain housed.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: It will provide permanent housing with one-year leases or longer. This includes the Permanent Supportive Housing apartments that will have one-year leases to provide security and emphasize residential stability. The facility will provide 2 FTEs as Housing Specialists who will be contract employees of Community Rebuilders. These Housing Specialists will be like social workers who are on site to help the Permanent Supportive Housing residents to live independently and stay housed so that they do not lose their homes. They will connect residents to resources and services they need. They also arrange social activities to bring together residents and the Permanent Supportive Housing residents so they create a community. This project will address the acute need for low-income housing in Grand Rapids.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter Meijer

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Rapid Zero Emission Bus project.

The project sponsor for this project is the Interurban Transit Partnership (The Rapid), located 250 Grandville Ave SW, Grand Rapids, MI 49503.

The funding would be used to support the purchase of eight electric vehicles and charging infrastructure to provide on all-electric demand transportation service in two zones in The Rapid's service area. These zones are characterized by industrial employment clusters that are not easily served by fixed route buses, providing a new and innovative transportation options to riders lowering, emissions and facilitating a transition to electric vehicles. The on-demand zones are called for by a recently completed Comprehensive Operations Analysis to provide enhanced access to the jobs in this area.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits:

This will be The Rapid's first electric vehicle and first regular on-demand service, providing zero-emission transportation service as well as providing a more flexible transportation option for our passengers looking to access these zones. This project has numerous benefits, including enhancing the economic opportunities in our region, reducing the pollution and carbon emissions of The Rapid's fleet, and introducing new technologies to our region that may be adopted in future transportation initiatives. The installation of electric bus charging infrastructure is critical to future fleet electrification. The project also maximizes efficiency of The Rapid's fixed route system and meets the needs of underserved areas by identifying on-demand ones at the Walker/Three Mile Area and the Broadmoor/Airport Area. These zones cover approximately 45,000 jobs and 14,900 residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter Meijer

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for City of Shamokin's Independence Street Downtown Makeover in fiscal year 2022. The entity to receive funding for this project is the City of Shamokin located at 201 Furnace Rd. Lewisburg, PA 17837. The funding would be used for the Independence Street Downtown Makeover project. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Dan Meuser".

Dear Chairwoman and Ranking Member:

Pursuant to the processes outlined by the U.S. House Committee on Appropriations and the U.S. House of Representatives, I am requesting funding for "Patuxent Commons" in fiscal year 2022. The entity to receive funding for this project is the Mission First Housing Development Corporation located at 1330 New Hampshire Ave NW #116, Washington, DC 20036.

The proposed \$500,000 would be used to "adapt an award-winning housing model in which neighbors of different ages, abilities and incomes commit to providing one another with reciprocal social support. The project will be the first of its kind in Maryland and one of the first in the country to utilize this community-based approach to supporting adults with disabilities."

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman and Ranking Member:

Pursuant to the processes outlined by the U.S. House Committee on Appropriations and the U.S. House of Representatives, I am requesting funding for the "Liberty Community Development Youth Center" in fiscal year 2022. The entity to receive funding for this project is the Liberty Community Development Corporation Inc. located at 6901 Security Boulevard, Baltimore, MD 21244.

The proposed \$500,000 would be used to "establish a new 13,000 square foot community youth center located in Woodlawn, Md. The facility will include a gymnasium, computer lab, meeting and training rooms and will be a safe place for youth and their families. Programs and elements include workforce development, re-entry, after-school program, male and female mentoring, leadership, health and wellness, crime prevention, educational enrichment, social interaction, cultural enrichment, life skills, sports and fitness. The youth center will also provide adults with the opportunity to participate in various training and development programs to include parenting and family enrichment, home ownership, marriage enrichment and financial literacy."

I certify that neither I nor my immediate family has any financial interest in this project.

Washington, DC 20515

Dear Chairwoman and Ranking Member:

Pursuant to the processes outlined by the U.S. House Committee on Appropriations and the U.S. House of Representatives, I am requesting funding for the project to “Restore and Revitalize the North and South Park Squares of Mount Vernon Place, Baltimore City” in fiscal year 2022. The entity to receive funding for this project is the Mount Vernon Place Conservancy located at P.O. Box 2394, Baltimore MD 21203.

The proposed \$1,000,000 would be used to “support the full restoration and revitalization of Mount Vernon Place, and will enable this National Historic Landmark District to endure throughout the 21st century. The surrounding park squares were redesigned to their current state by Carrère and Hastings in 1917-20 and are now 100 years old. Not only is the physical historic marble and granite fabric crumbling and unstable, but all of its systems are failing as there has been no major investment in the infrastructure since it was built. This project will restore the historic elements of the squares while making them more resilient for 21st century use and needs.”

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Kweisi Mfume
Member of Congress

Dear Chairwoman and Ranking Member:

Pursuant to the processes outlined by the U.S. House Committee on Appropriations and the U.S. House of Representatives, I am requesting funding for "Baltimore's Tivoly Triangle Eco-Village" in fiscal year 2022. The entity to receive funding for this project is the Coldstream Homestead Montebello Community Corporation located at 3220-A The Alameda, Baltimore, MD 21218.

The proposed \$3,768,739 would be used to "support capital public infrastructure improvements for the Tivoly Triangle Eco-Village project, the new construction of an innovative mixed-income community in Northeast Baltimore City that will feature net-zero energy, low-carbon footprint homes with a mix of 80 single-family, detached and townhouse units and plentiful greenspaces. The project will establish the first residential microgrid community in Maryland that will supply 100% of the necessary power, heat and hot water for the community. The Eco-Village will be certified LEED for Neighborhood Development and the Community Clubhouse will serve as a State of Maryland Resiliency Hub. All homes and the Community Clubhouse will be certified LEED Platinum and connected to an 800 kW microgrid powered by a solar pv system and battery systems gas-turbines. The Eco-Village will also feature 8 solar carports and electric vehicle charging stations, rentable electric vehicles, a bike share kiosk, and an outdoor community garden."

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding for Breckenridge Industrial, Technology and Agri-Business Park Phase II in fiscal year 2022.

The entity to receive funding for this project is Breckenridge Industrial, Technology and Agri-Business Park Phase II, located at 7316 East Monroe Road, Breckenridge, MI, 48615. The funding would be used for expanding the existing Park created in 2009 to allow for additional lots to be available for the increasing demand of new industrial and agribusiness development within the Breckenridge area and the Great Lakes Bay Region. The project will provide for 19 new developed lots with full infrastructure, all season roads, lighting, and access to M-46. The project will build the needed capacity for developed lots for industrial, technology and agribusiness expansion and will lead to the creation of over 200 new jobs and an estimate of \$10,000,000.0 of private investment into the region.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Vernal City's infrastructure enhancement project in fiscal year 2022.

The entity to receive funding for this project is Vernal City, located at 374 East Main Street, Vernal, Utah 84078.

Funding would be used to improve historic Vernal downtown with much needed enhancements to pedestrian safety, mobility, drainage, transit access, bike lanes, streetscape, lighting, and business district aesthetics. The project will provide an economic boost to an economically distressed area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Blake Moore
Member of Congress

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Utah Military Installation Development Authority's 3-Gate Trail project in fiscal year 2022.

The entity to receive funding for this project is the Utah Military Installation Development Authority, located at 450 Simmons Way, Suite 400 Kaysville, UT 84037.

Funding would allow MIDA to acquire a portion of the rail corridor, and to construct and complete the initial "3-Gate Trail." This portion of the converted rail line will be designed to serve as commuter trail that will be integrated into the 1800 N. interchange, base gate, and surrounding road infrastructure, for which the State of Utah has committed matching funds of \$8.9 million dollars to construct. This trail will be a vital asset in connecting 3 gates on the western side of HAFB directly into an active transportation path. In time, the project will be expanded, connecting the trail from the south end of the base all the way to downtown Ogden in an extended MIDA project area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Blake Moore
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$157,000 in community project funding in fiscal year 2022 for the Benedict Center's Sisters Program to address the underlying needs of women involved in the street sex trade and/or sex trafficking in Milwaukee.

The entity to receive funding for this project is the Benedict Center which is located at 1849 N. Martin Luther King Drive, Ste. 101 Milwaukee, WI 53212. Established in 1974, the Benedict Center is a 501 (c) (3) who's mission is to work with victims, offenders, and the community to achieve a system of justice that is fair and treats everyone with dignity and respect. In 2020, the Center served 614 unduplicated women.

The requested funding would support the Sisters Program to help survivors of the street sex trade/ sex trafficking get into housing, treatment, and support services to enhance their health and the safety of the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gwen Moore".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in community project funding in fiscal year 2022 for the Urban Economic Development Association of Wisconsin, a 501 (c) (3) located at 803 West Layton Avenue, Milwaukee, WI 53221.

The entity would use funds to support a collaborative housing counseling and support initiative, the Milwaukee Rental Housing Resource Center, which works with landlords and tenants and provides services such as a clearinghouse for trusted information regarding landlord and tenant rights and responsibilities and a referral resource that connects people to rental assistance resources, legal/mediation services to prevent evictions and housing instability, among other assistance. Services are provided regardless of age, family situation or housing status.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Gwen Moore
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$200,000 in community project funding in fiscal year 2022 for Pathfinders Milwaukee, Inc.

The entity to receive funding for this project is located at 4200 North Holton Street, Suite 400 Milwaukee, WI 53212. Pathfinders is a 50+ year old private nonprofit that provides essential resources and support to youth and young adults ages 25 and under and their families that focus on housing instability and homelessness, sexual abuse/exploitation/trafficking, mental health care, and basic needs resources.

The requested funding would support the provision of flexible housing, mental health, employment and other services and supports for vulnerable youth in Milwaukee.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Gwen Moore". The signature is fluid and cursive, with the first name "Gwen" being larger and more prominent than the last name "Moore".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Border to Boston Trail Gap Design in fiscal year 2022.

The entity to receive funding for this project is the Massachusetts Department of Transportation, located at Massachusetts Department of Transportation, 10 Park Plaza, Suite 4160, Boston, MA 02116.

The funding would be used for: This request will allow the Massachusetts Department of Transportation (MassDOT) to complete engineering and design work for unfinished sections of the Border to Boston Trail in the Massachusetts Sixth District, specifically in the communities of Boxford, Georgetown, Newbury, Marblehead, and Peabody. The Border to Boston Trail is a 70-mile shared use trail that links approximately 20 communities from the New Hampshire border to Boston for non-motorized uses including walking, bicycling, and more. The trail connects town and employment centers, neighborhoods, schools, parks, recreational facilities, and natural areas in the Essex National Heritage Area, as well as a safe and healthy first/last-mile connection for regional transit systems. When completed, this trail will be one of the region's most outstanding assets by facilitating safe, scenic, and healthy transportation and recreation for all to enjoy. In fact, MassDOT data on usage for completed sections of the trail demonstrated a 100% increase in use during the summer of 2020. This funding will support proposed and identified trails segments in the design process, to include wetland and engineering surveying, helping to identify any challenges and develop cost estimates for construction. This will make these portions of the trail "shovel-ready" for the next phase when construction funding is available from MassTrails or the Massachusetts Transportation Improvement Program (TIP).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Seth Moulton".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Design and Construction of the Wakefield Broadway Commuter Rail Crossing in fiscal year 2022.

The entity to receive funding for this project is Town of Wakefield, located at Town of Wakefield, 1 Lafayette St., Wakefield, MA 01880.

The funding would be used for: The project will provide design and construction funding for the installation of the quad railroad gates and pedestrian/ADA mobility enhancements for Wakefield's Broadway at-grade Commuter Rail crossing, which are safety measures mandated by the Federal Railroad Administration to meet Quiet Zone requirements. The crossing was closed by the FRA after the town completed utility work near the crossing and FRA discovered it no longer met new Quiet Zone requirements. Once completed, this project will allow the at-grade crossing to reopen, increasing safety and providing easier access to local businesses and schools.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Seth Moulton".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for South Salem Commuter Rail Stop in fiscal year 2022.

The entity to receive funding for this project is City of Salem, located at City of Salem, 93 Washington St., Salem, MA 01970.

The funding would be used for: The City of Salem, Salem State University, North Shore Medical Center, and the Salem Partnership have worked collaboratively to investigate and advance the concept of a South Salem Commuter Rail Stop, on the Newburyport/Rockport line, which would be the second stop in Salem – the busiest commuter rail station outside of Boston. The location of the South Salem Stop is intentionally situated in close proximity to Salem State University, the North Shore Medical Center and underutilized parcels of more than 30 acres, a large proportion of which can support transit-oriented development. These funds would help complete the Conceptual Design Phase 1, bringing the project to 15% design in accordance with the MBTA Standard Scope of Services for Commuter Rail Projects. This level of design includes survey, geotechnical engineering, architectural design, and updated cost estimates.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Open Door Expansion of North Shore Hunger Network in fiscal year 2022.

The entity to receive funding for this project is The Open Door, located at The Open Door, 28 Emerson Avenue, Gloucester MA 01930

The funding would be used for: The Open Door hunger relief agency seeks both program and capital investments to expand food distribution through the North Shore Hunger Network. Open Door's network expansion will include a new commercial kitchen, added cold and dry storage and warehouse capacity, expanded technology, strengthened transportation and fleet capacity, increased pantry hours, enhanced food pantry equipment, and increased purchase of local seafood and produce. As the COVID pandemic shut down our economy, food insecurity in Eastern MA jumped 66% for individuals and 117% for children—the highest increase in the nation. Investing in this project ensures that Open Door and its partners can alleviate hunger in our community by better connecting people to food and engaging communities in building food security through the North Shore Hunger Network.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Seth Moulton".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Harborlight Community Partners Affordable Housing in fiscal year 2022.

The entity to receive funding for this project is Harborlight Community Partners, located at Harborlight Community Partners, 283 Elliott St, Beverly, MA 01915.

The funding would be used for: Harborlight is looking for funds to support one of three buildings (new construction) planned as part of affordable family housing development in Beverly, MA. The development, called Anchor Point, re-imagines affordable housing communities. Because the housing at Anchor Point is funded both locally and via the MA Department of Housing and Community Development, this request is dedicated to the Anchor Point Community and Wellness Center. The Center will offer affordable childcare, computer labs, learning spaces, community gardens and more. It will, effectively, foster economic opportunity, improved health, and equity in our region for our most vulnerable citizens.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Sanford Housing Authority Resource Center (SHARC) in Fiscal Year 2022. The entity to receive funding for this project is the Sanford Housing Authority located at 120 Lexington Green Lane, Sanford, FL 32771.

The Sanford Housing Authority (SHA) would use this funding to complete construction of a new administrative office building on the former Lake Monroe Terrace public housing site (the new Monroe Landings) in the Historic Goldsboro neighborhood, which will enable the SHA to provide better services to low-income individuals in the community. As background, in 2010, the Orlando Housing Authority entered into a temporary agreement with SHA to manage SHA's operations. In 2014, SHA demolished all of its public housing and the SHA administrative building. Despite a search for office space, no suitable space in the community was identified. In 2017, SHA leased office space outside of the Goldsboro neighborhood. While the space is functional, it puts a burden on the SHA's limited budget. A new SHA administrative building will be more cost-effective, will enable SHA to provide better housing-related services, will offer convenient and stable access to residents of newly-developed affordable housing and former SHA residents, and will re-establish SHA's presence within the Goldsboro community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Stephanie".

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Baldwin Park Roadside Park Project** in fiscal year 2022.

The entity to receive funding for this project is the City of **Baldwin Park**, located at **1081 Leorita St, Baldwin Park, CA 91706**.

The funding would be to develop a new park that will utilize water conservation and sustainability techniques and include features such as stormwater capture bioswales and parkway detention basins that collects rainwater into an underground water infiltration system to recharge this region's groundwater table. Other features include drought tolerant native trees and shrubs, permeable walkways and bikeways, recycled picnic tables and benches, and solar-powered security lighting; all to provide the surrounding residents with a passive open space park to be enjoyed by all users.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Grace F. Napolitano
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Final Phase of the La Puente Park Master Plan** in fiscal year 2022.

The entity to receive funding for this project is the City of **La Puente**, located at **501 Glendora Ave, La Puente, CA 91744**.

The funding would be for the final phase of the La Puente Park Master Plan. The Project will update La Puente City Park through the installation of a new amphitheater, open air pavilion, fitness pavilion, and the event promenade.

La Puente City Park is a 22-acre park that features plenty of open green space, picnic shelters and tables, a playground, basketball courts, handball courts, and athletic fields. La Puente City Park is home to La Puente National Little League, La Puente Girls Softball, and Jr. All American Warriors Football and Cheer. As the only park situated within city limits, it plays a vital role in offering both passive and active recreational opportunities for La Puente residents. It is a central meeting place for community members to gather, socialize, and engage in recreational activities while enjoying the natural setting.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Grace F. Napolitano".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for **San Gabriel Valley Park Center** in fiscal year 2022.

The entity to receive funding for this project is **County of Los Angeles Parks Department**, located at 635 N California Ave La Puente, CA 91744.

The funding would be used for a multi-benefit green infrastructure and park creation project (Project) at the site of the former Temple Academy, located at 635 N California Ave, in the heart of the unincorporated area of West Puente Valley. The proposed Project is multi-jurisdictional and is a joint use project between County and the Hacienda La Puente Unified School District (School District). The project includes park development that will include a pollinator garden, interpretive signage, a natural themed playground, a permeable circular walking path, shade tree plantings, an amphitheater, a plaza, civic art, directional signage, and various stormwater capture approaches. As a collaboration between County DPR, the Los Angeles County Board of Supervisors, County of Los Angeles Public Works, the School District, and nonprofit organization Active San Gabriel Valley, the new park space will improve sustainability, connectivity, recreational opportunities, and quality of life for residents in the communities of West Puente Valley, Bassett, Avocado Heights, Hacienda Heights, Charter Oaks and beyond. These communities all have Very High Park need and suffer from some of the highest pollution burdens statewide.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Grace F. Napolitano
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for **MacLaren Community Park Project** in fiscal year 2022.

The entity to receive funding for this project is the City of **El Monte**, located at **11333 Valley Boulevard, El Monte, CA 91731**

The funding would be used for the MacLaren Community Park (MCP) which is a park improvement project in the City of El Monte. The new proposed park project will be situated on a 5.33 acre portion of the old MacLaren Hall site, that has been closed for 20 years. The new park will feature ecological and educational elements including a bio-swale system, demonstration gardens, and native landscaping with interpretive signage, along with amenities to accommodate a variety of active and passive recreational uses, including a regulation-sized soccer field, basketball and tennis courts, walking promenade, raised pavilion/gazebo, BBQ/picnic area, and quiet areas for reading and reflection.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Grace F. Napolitano".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for **Covina Recreation Village** in fiscal year 2022.

The entity to receive funding for this project is the City of **Covina**, located at **125 E. College Street, Covina, CA**.

The funding would be used for the Covina Recreation Village Project which is the adaptive reuse of a 2.4 acre abandoned industrial site that will create a hub of indoor and outdoor recreation activities including a Dog Park/Regional K9 Training Center, Library, Fitness Center, Rock Climbing structure, and Multi-Court Gymnasium. The Multi-Court Gymnasium will convert a former fruit packing storage warehouse, now abandoned yet structurally sound, into a City-owned indoor sports and recreation complex.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Grace F. Napolitano".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Gold Line Station Pedestrian Bridge** in fiscal year 2022.

The entity to receive funding for this project is the City of **La Verne**, located at **2399 Arrow Hwy, La Verne, CA 91750**.

The funding would be to build a pedestrian bridge linking the north side of Arrow Highway to the south side where Fairplex (the Los Angeles County Fairgrounds) is located at the new gold line station. The Gold Line (L Line) is expected to be operational as early as 2024. Based on the La Verne station's proximity to Fairplex, it is expected there will be demand to safely and efficiently move people from the station (on the north side of Arrow Highway) to the LA County Fairgrounds (located on the south side of Arrow Highway) for the various events held at the venue throughout the year.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Grace F. Napolitano".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Search and Rescue Training and Vehicle Storage Facility project in fiscal year 2022. The entity to receive funding for this project is Summit County located at 208 E Lincoln, PO Box 68, Breckenridge CO 80424.

The funding would be used for assistance in the construction of a search and rescue training and vehicle storage facility. The facility will provide necessary and appropriate training and storage space to both the Sheriff's special operations group and the non-profit volunteer Summit County Rescue Group. The facility replaces a dilapidated structure that lacks adequate heat, space for vehicles and equipment and offers no appropriate training space. It will allow all equipment and vehicles to be stored indoors – reducing response times as equipment will be ready to deploy even in harsh weather conditions that currently require equipment to be warmed up or dug out of outside storage. Training facilities will include classroom space and climbing facilities meant to simulate common rescue situations.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Joe Neguse".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Loveland Pulliam Community Building Renovations 2021 project in fiscal year 2022. The entity to receive funding for this project is the City of Loveland, located at 500 E. 3rd Street, Loveland, Colorado 80537.

The funding would be used for renovating the Pulliam Community Building. The facility served as a public gathering space for seventy-two years, until the early 2000's when it was closed by building officials for noncompliance with the Americans with Disabilities Act (ADA) and building fire/life safety regulations. In 2017, the City of Loveland, in partnership with the Pulliam Community Building Foundation (a private non-profit 501(c) 3 organization), committed to rehabilitating the historic Pulliam Community Building to serve as both a community disaster shelter and a community building for Northern Colorado. After renovations, the building will comply with CDC air quality standards, ADA requirements, and International Building Code specifications.

At this time, if there is a severe weather event or wildfire, such as the recent Cameron Peak Fire (the largest wildfire in Colorado history), city staff must work with local organizations, such as local churches, to ask for voluntary space to house displaced individuals. Once this project is completed, the City anticipates that the Pulliam Community Building will provide a place to mobilize resources and shelter displaced citizens, thereby minimizing the loss of lives experienced by the City of Loveland and surrounding communities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Joe Neguse".

I am requesting funding for Yakima Air Terminal-McAllister Field (YKM) in fiscal year 2022. The entity to receive funding for this project is located at 129 North Second Street, Yakima, WA 98901.

The funding would be used for design, engineering, and construction of required utility and roadway infrastructure needed prior to construction of the terminal building. The existing utility infrastructure connecting to the terminal building was installed in the 1950's and needs to be upgraded and replaced. Additionally, the existing vehicle access roads and parking facilities need to be redesigned in order to improve vehicle traffic flow and the safety of passengers loading and unloading, as well as traversing to parking facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Summit Community Center in fiscal year 2022.

The entity to receive funding for this project is Catholic Charities of the Archdiocese of Chicago, located at 721 N. LaSalle Street, Chicago, Illinois 60654. The project will be located at 7437-7439 W. Archer Avenue, in Summit, Illinois 60501.

The funding would be used for a new community center to serve as a welcoming community hub for Summit residents – especially low-income children, youth, adults, and seniors – and expand access to critical resources and services including food and clothing, case management and counseling, and housing support services. The site will also serve as a food pantry for those in need. As the community of Summit continues to grapple with the aftermath of the COVID-19 pandemic, which disproportionately impacted its Latino residents, I believe this project is worthy of federal funding because of the economic benefits and stability it will bring to the community.

I certify that neither I nor my immediate family has any financial interest in this project.

I am requesting funding to provide for restoration of the Benjamin Cooper Inn in fiscal year 2022.

The entity to receive funding for this project is the Camden County Historical Society, located at 1900 Park Boulevard, Camden, NJ, 08103. The location of project would be in Camden City, NJ.

The project would restore the Benjamin Cooper Inn into the American Revolution Museum of Southern New Jersey. This will encourage tourism in Camden, NJ, and will become a trailhead for the 33-mile Camden County Circuit Trail, drawing cyclists, runners, and walkers from throughout the Greater Philadelphia region and Southern New Jersey.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding to provide technology networks to connect residents at risk of food insecurity with community supports in fiscal year 2022.

The entity to receive funding for this project is Acenda, Inc, located at 42 South Delsea Drive, Glassboro, NJ, 08028. The location of services will be Camden and Gloucester Counties in New Jersey.

This project would launch a community-level network to identify residents at most risk for food insecurity and health-related issues. It would reduce stress on public health systems by directing services and resources to residents in need.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding to provide training for seniors on the use of technology in fiscal year 2022.

The entity to receive funding for this project is the Jewish Federation of Southern New Jersey, located at 1301 Springdale Road, Cherry Hill, NJ, 08003. The project location would be Burlington, Camden and Gloucester Counties in New Jersey.

This project would educate seniors on the use of technology to help them meet basic needs, communicate and socialize, and maintain their health remotely. This would provide necessary support to those aging in place and will assist seniors who are living alone during the Covid-19 pandemic meet basic needs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding to provide telehealth access to the homeless in fiscal year 2022.

The entity to receive funding for this project is Volunteers of America Delaware Valley, located at 531 Market Street, Camden, NJ, 08102. The project location would be Camden and Gloucester Counties in New Jersey.

The project would increase telehealth capacity at shelter sites for homeless men, women, children and veterans to access necessary healthcare, mental health and substance use services, ensuring their needs can be met in a more immediate, direct method by community partners who understand the barriers faced by individuals on the road to long term stability.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$3 million in community project funding for the 11th Street Bridge Park in fiscal year 2022.

The entity to receive funding for this project is the 11th Street Bridge Park, located at 1901 Mississippi Ave SE, Washington, D.C. 20020.

The funding would be used for continued construction of the 11th Street Bridge Park, which will be a new venue for recreation, environmental education and the arts and connect communities on both sides of the Anacostia River.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eleanor Holmes Norton

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$910,000 in community project funding for construction of a Resilience Hub in fiscal year 2022.

The entity to receive funding for this project is the Faunteroy Community Enrichment Center, located at 4800 Nannie Helen Burroughs Ave, Washington, D.C. 20019.

The funding would be used to develop a network of trusted, accessible resilience hubs within walking distance of all Ward 7 residents in the District of Columbia. The hubs will be used to enhance resilience before, during and after disruptions, such as the coronavirus pandemic and climate change.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eleanor Holmes Norton

Congress of the United States

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$5 million in community project funding for the development of an Urban Prosperity Hub in fiscal year 2022.

The entity to receive funding for this project is the Marshall Heights Community Development Organization, Inc., located at 3939 Benning Road NE, Washington, D.C. 20019.

The funding would be used for the establishment and operation of a 9,000 square foot Urban Prosperity Hub – community culinary kitchen, small business center, event and training center, a grab-n’ go-deli and makespace retail showroom for District of Columbia vendor opportunities. In addition, the funding would be used to promote economic development in the District--primarily in Wards 7 & 8--and to train 140 unemployed and underemployed residents for full-time positions in the hospitality industry; provide up to 10,000 meals a day to provide greater food security for underserved and low-income public school students, and seniors; and provide training, technical assistance and services to 750 new and existing small businesses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eleanor Holmes Norton

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$570,000 in community project funding for construction of a new domestic violence crisis shelter in fiscal year 2022.

The entity to receive funding for this project is DC Safe, located at 101 Q Street NE, Washington, D.C. 20002.

The funding would be used for construction of a new, permanent facility for the SAFE Space Crisis Shelter, the only immediate-entry domestic violence shelter in the District of Columbia. With 30 apartment-style units, the new facility would double current capacity, housing an estimated 750 survivors and families each year.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Flagstaff's home energy retrofit program for low-income and vulnerable families in fiscal year 2022. The entity to receive funding for this project is the City of Flagstaff, AZ, located at 211 West Aspen Avenue, Flagstaff, Arizona 86001. The funding will enable the City of Flagstaff to retrofit between 80 and 120 homes for low-income and vulnerable families. These retrofits will provide two benefits, improving the affordability of housing in the city, and reducing the amount of energy used during Flagstaff's cold winters and hot summers. This is a valuable use of taxpayer funds because it will enable a rapidly growing community to address the needs of vulnerable communities. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Tom O'Halleran". The signature is fluid and cursive, with the first name "Tom" being larger and more prominent than the last name "O'Halleran".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2,000,000 in funding for North Commons Regional Vision project in fiscal year 2022.

The entity to receive funding for this project is the Minneapolis Park and Recreation Board 2117 West River Rd N, Minneapolis, MN 55411

The funding would be used to create a new and exciting recreation and arts building at North Commons Park that will serve the entire northside.

This project is a priority because it will give the North Minneapolis—an area with lower than average wealth and higher than average numbers of BIPOC residents—a facility on par with wealthier, whiter areas in the region. Minneapolis and its first ring suburbs compete with the outer suburban ring for youth activities, community gathering spaces, and high-quality sports venues. Without excellent facilities, regional and state residents have no reason to come to Minneapolis's vibrant north side, and therefore the north side never sees economic benefits associated with regional sports tournaments and other major draws. The funds flow out of the north side--never in. North side Minneapolis kids must travel long distances for tournaments and never get to host their own.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ilhan Omar', with a stylized, cursive script.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in funding for Sabathani Community Center Building Revitalization project in fiscal year 2022.

The entity to receive funding for this project is Sabathani Community Center located at 310 E. 38th Street Minneapolis, MN 55409

The funding would be used for the nearly 100-year old commercial building with significant need for repair and upgraded energy systems to serve the community well in the future. The requested \$500,000 would go towards replacing the community center's inefficient and leaking roofing material; insulate the rook to provide energy efficiency and decreased energy cost; prepare the roof for high-efficiency solar array. The goal of this project is to reduce the energy cost and energy consumption, provide climate justice for the low-income, BIPOC neighborhood, and reduce the greenhouse gas emissions.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ilhan Omar', with a stylized, cursive script.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,800,000 in funding for the Waadag Commons project in fiscal year 2022.

The entity to receive funding for this project is the City of Minneapolis,
located at: 505 4th Ave S, Suite 320, Minneapolis, MN 55415.

This project is a valuable use of taxpayer funds because it meets a need of providing new and affordable large family housing, serves those experiencing homelessness, is community-led, and will be constructed and owned in partnership with a BIPOC and woman-owned developer. This project is the final phase of the Seward Commons redevelopment efforts, which has transformed the neighborhood from a blighted industrial park to a high-density and transit-oriented housing and commercial area serving diverse incomes. This funding request will fill the final current financing gap and allow this project to close and begin construction in late 2021 or early 2022.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ilhan Omar', written in a cursive style.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2,000,000 in funding for the Minneapolis Public Housing Authority (MPHA) in fiscal year 2022.

The entity to receive funding for this project is the Minneapolis Public Housing Authority located at 1001 Washington Avenue North, Minneapolis, MN 55401.

Annual funding from Congressional appropriations for MPHA capital improvements has been on average \$10-\$12M. MPHA estimates its current capital backlog to be over \$170M for their 6,000 unit portfolio. In order to complete these critical life and safety improvements as well as other capital needs, MPHA must look to secure additional resources. These improvements benefit the well-being and safety of the low-income community residing in Minneapolis.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Ilhan Omar". The signature is stylized and cursive.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$7.6 million in funding for the Minneapolis American Indian Center – All Roads Campaign project in fiscal year 2022.

The entity to receive funding for this project is the Minneapolis American Indian Center, located at 1530 East Franklin Avenue, Minneapolis, MN 55404.

The funding would be used for restoring, preserving, and expanding the existing Minneapolis American Indian Center (MAIC) facility. Expanding the current facility from 43,486 square feet to 65,062 square feet upon completion of the project. The project is appropriate use for tax dollars as it would benefit one of the largest urban Indian populations in the country that resides in my district, and a center that appropriately reflects the strength and provides resources to the Indian community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Ilhan Omar". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a *Human Rights Housing Project* in fiscal year 2022. The entity to receive funding for this project is *Housing Authority of Salt Lake* located at:

Housing Authority of Salt Lake (HASL)
1776 S. West Temple
Salt Lake City, UT 84115

The funding would be used for a *Human Rights Housing Project* which aims to fill the unmet elements to breaking the chain of trafficking by providing stable housing for victims of human trafficking.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'B. Owens', with a long horizontal flourish extending to the right.

I am requesting funding for Commerce City Quiet Zones in fiscal year 2022.

The entity to receive funding for this project is the City of Commerce City located at 7887 E 60th Avenue, Commerce City, CO 80022.

This project will increase safety at at-grade rail crossings by upgrading to Constant Warning Time and will reduce noise impacts by installing wayside horn systems. The installation of wayside horns at the identified crossings will ultimately be part of a larger quiet zone implementation project that is anticipated to reduce the Quiet Zone Risk Index (QZRI) substantially below the Risk Index with horns (RIWH) and the Nationwide Significant Risk Threshold (NSRT), improving safety and mitigating the disruptions that train horns create for residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ed Perlmutter
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Airport Airfield Lighting Improvements in fiscal year 2022.

The entity to receive funding for this project is Rocky Mountain Metropolitan Airport located at 11755 Airport Way, Broomfield, CO 80021.

This project would replace the Rocky Mountain Metropolitan Airport's aging airfield lighting regulators and backup generator to improve safety for airport operations. The airport has nine regulators originally installed in 1989, with one being replaced in 2001, which supply power for airfield lights and signs and are required for safe navigation and flight during low light and night operations. The backup airfield generator is required to keep navigation lights and signs on if the power to the airport fails and is 55 years old.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ed Perlmutter
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for SH 93 Widening and Relocation Design in fiscal year 2022.

The entity to receive funding for this project is the City of Golden located at 1445 10th Street, Golden, CO 80401.

This project would support multimodal improvements to a congested section of SH 93 which is significantly over capacity. The funding would complete construction plans and environmental clearances so the project would be ready to start construction and finish upgrades to this regional corridor.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ed Perlmutter

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the National Lao-Hmong Memorial in fiscal year 2022.

The entity to receive funding for this project is National Lao-Hmong Memorial Foundation located at 11150 E. Dartmouth Avenue, Aurora, CO 80014.

The project would support construction of a national memorial that honors the service and sacrifices of the Lao-Hmong people (Lao, Hmong, Lue, U-Mien, and Thai Dam), America's loyal allies during the U.S. Secret War in Laos. This National Lao-Hmong Memorial will be a fitting memorial which expresses our country's appreciation for the service and support of the loyal and freedom-loving Lao-Hmong people and will serve to educate, inform and inspire visitors now and for generations to come. It will be located in Westminster, Colorado, adjacent to the U.S. Armed Forces Tribute Garden at Westminster City Park.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ed Perlmutter

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for COASTER Commuter Rail Corridor Study in fiscal year 2022.

This entity to receive funding for this project is San Diego Association of Governments (SANDAG), located in San Diego, California.

The funding would be used for studying alternative alignments for the COASTER Commuter Rail Corridor that would move the rail tracks completely off the Del Mar Bluffs. The requested funds will be used to advance preliminary conceptual engineering for these alignments beyond the current 10 percent level of design and would assist in moving the project closer to the environmental clearance stage.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott Peters".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Small Business Development and Acceleration Center Rehabilitation project in fiscal year 2022. The entity to receive funding for this project is the City of Brooklyn Park located at 5200 85th Ave North, Brooklyn Park, MN 55443. The funding would be used to make capital improvements and general rehabilitation for the property that is selected to house the Small Business Center.

The project also includes acceleration technical support for growing entrepreneurs, with a specific emphasis on Black, Indigenous, and People of Color (BIPOC) business owners. Specific support includes business-to-business networking and partnership opportunities, business basics of bookkeeping, marketing, staffing, and tax preparation, and procurement connections to larger businesses in District 3. This project will increase the tax base in the City of Brooklyn Park by occupying a vacant space reducing the overall tax burden on individual households. It also provides more opportunities for business start-ups and growth in the City while creating jobs close to home for Brooklyn Park residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Sincerely,

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Wellhead Treatment project in fiscal year 2022. The entity to receive funding for this project is the City of Dayton located at 12260 S Diamond Lake Rd Dayton, MN 55327. The funding would be used to provide treated water to residents of Dayton.

This project will provide treated water along the North end of Dayton where new development is occurring at a record pace. Funds would be used to add wellhead treatment to Well #4 to treat water that residents are using in their homes, the water is currently not treated and thus causing discoloration of residents homes and appliances along with taste issues for drinking at times. This project will ensure that the city's water supply is in compliance with the additional standards at the Minnesota Department of Health.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Gateway Regional Park Pedestrian Underpass project in fiscal year 2022. The entity to receive funding for this project is the Three Rivers Park District located at 3000 Xenium Lane, Plymouth, MN 55441. The funding would be used to construct a pedestrian underpass as part of the Mississippi Gateway Regional Park development.

The separation of pedestrians from traffic near the entrance of the part on "West River Road" will provide much needed public safety along this busy road. The trail underpass will also connect parkland on both side of the roadway. Minnesotans, especially those living and working in the 3rd Congressional District, of all incomes and races will benefit from this safe passage into a rich public resource on the nation's most remarkable tributary - The Mississippi River that originates north of the park in Minnesota.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Sincerely,

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Extension of CSAH 116/Fletcher Bypass project in fiscal year 2022. The entity to receive funding for this project is the City of Rogers located at 22350 South Diamond Lake Road, Rogers, MN 55374. The funding would be used to realign the existing 2-lane Fletcher Lane/CSAH 116 with a new 2-lane divided A-Minor Arterial that includes left and right turn lanes and traffic signals at intersections with Territorial Road (CSAH 116) and CSAH 81.

The Fletcher Lane bypass project has been in the planning stages for over 20 years between the City of Rogers and Hennepin County. Key benefits of the proposed design include better accommodation of vehicular movements, improved access management along the roadway, a safer railroad crossing, and improved access and safety for people walking and biking. Paved shoulders, dedicated turn lanes, and other design elements will also improve safety for freight traffic. In addition to these benefits in the immediate project area, the proposed bypass will shift traffic volumes and associated impacts on local roads and downtown Rogers, especially Main Street, to a more appropriate roadway. Residential areas along Main Street, downtown Rogers, as well as students at Rogers Elementary STEM Magnet School will benefit from reduced traffic and safer bicycle and pedestrian crossings.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Sincerely,

A handwritten signature in blue ink, appearing to be 'D. Phillips', with a long horizontal stroke extending to the right.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Manitou Rd Water Main Improvement project in fiscal year 2022. The entity to receive funding for this project is the City of Tonka Bay located at 4901 Manitou Rd, Tonka Bay, MN 55331. The funding would be used to replace the water main, valves, hydrants, fittings, and appurtenant work located within the CSAH 19 (Manitou Road) right-of-way in the City of Tonka Bay. It will also include restoration of the roadway and boulevard surfaces impacted by construction..

The benefits of this project include replacing a critical piece of water infrastructure that will restore reliable water service to all of the residents of Tonka Bay. Water main breaks on this line have impacted a majority of the residents of Tonka Bay in the last 5 years which has left them without water for extended periods of time while emergency repairs were made.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Sewer Extension project at the Southwest Chaska Business Park in fiscal year 2022. The entity to receive funding for this project is City of Chaska located at One City Hall Plaza, Chaska, MN 55318. The funding would be used to fund necessary sewer and roadway costs to support the start of a private corporation business park development that, based on a market study, will provide 5,000 new living wage jobs in five years and 10,000 total new jobs in 10 years for the Twin Cities Metropolitan Area.

The proposed project will initiate development that will create living wage jobs where people live or want to live and reduce fuel consumption for longer commute times into the Twin Cities Metro area. This project will also aid in addressing inequities by creating living wage job opportunities for minority populations currently a part of our community. In addition, the project is part of a larger Southwest Chaska Growth & Development Plan that including a guiding goal to make more residential land available to reduce the price of land and initiate development of more affordable housing options.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Hwy 5 Mobility and Lake Minnewashta Causeway Bridge project in fiscal year 2022. The entity to receive funding for this project is Carver County located at 11360 Highway 212, Suite 1, Cologne, MN 55322. The funding would be used to complete the design engineering and environmental documentation to continue the development for expanding the 2-lane section of Highway 5 to a 4-lane expressway between Minnewashta Parkway and TH 41 as well as intersection capacity improvements for the TH 5/TH 41 intersection.

Highway 5 is an arterial regional freight and commuter corridor that connects neighborhoods, cities, job centers, and regional destinations. Its primary purpose is to move traffic safely and efficiently – today neither of these purposes are realized. Within the project area, there have been 187 crashes (47 injury) in the past five years producing a crash rate 2.5 times the state average for similar roadways. By 2040, the projected increase in traffic will result in 180,000 hours of annual delay experienced by drivers during peak periods (almost 700 hours a day). The proposed project will reduce delay by over 70% for 2040 projected traffic volumes and safely serve all users in the corridor.

Decades ago, Highway 5 was constructed across Lake Minnewashta, on a land bridge. Understanding the many environmental resources around the project, including the lake, the project will elevate Highway 5 over Lake Minnewashta and reconnect the lake. In addition, the severe congestion that occurs every day will be greatly reduced, thus improving air quality. Pedestrian accommodations will be enhanced, tying the community into planned and existing grade separations on the regional trail network.

I certify that neither I nor my immediate family has any financial interest in this project.

Please know that I appreciate your consideration of my requests and look forward to working with you as the appropriations process moves forward. If you have questions or require additional information, do not hesitate to contact my office.

Sincerely,

A handwritten signature in blue ink, appearing to be 'D. Phillips', with a long horizontal flourish extending to the right.

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

Stateline Boys & Girls Club – Beloit, WI Facility Construction

- **Amount:** \$500,000
- **Recipient:** Stateline Boys & Girls Club
- **Address:** 1851 Moore Street
Beloit, WI 53511
- **Purpose:** To build a new, larger, more centrally located, more visible, and more accessible Boys & Girls Club facility in Beloit, WI, replacing the existing facility constructed in 1960.

I thank you for your full and fair consideration of this request. I certify neither I, nor my immediate family, have any financial interest in this Community Project Funding request, and I have made this request publicly available on my website at the following address: <https://pocan.house.gov/community-and-member-designated-project-requests>. Please do not hesitate to contact me anytime with any questions or concerns, and your staff may contact David Bagby of my staff at (202) 225-2906 or david.bagby@mail.house.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Mark Pocan', with a stylized flourish at the end.

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

Center for Black Excellence & Culture – Madison, WI Planning and Construction

- **Amount:** \$1,000,000
- **Recipient:** Center for Black Excellence & Culture
- **Address:** 655 West Badger Road
Madison, WI 53713
- **Purpose:** To provide for a portion of the planning for and construction of an estimated \$22 million Center for Black Excellence & Culture in Madison, WI, providing 55,000 sq. ft. of space dedicated to Black enterprise, art, history, performance, and culture.

I thank you for your full and fair consideration of this request. I certify neither I, nor my immediate family, have any financial interest in this Community Project Funding request, and I have made this request publicly available on my website at the following address: <https://pocan.house.gov/community-and-member-designated-project-requests>. Please do not hesitate to contact me anytime with any questions or concerns, and your staff may contact David Bagby of my staff at (202) 225-2906 or david.bagby@mail.house.gov.

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

Centro Hispano of Dane County, WI Facility Construction

- **Amount:** \$200,000
- **Recipient:** Centro Hispano of Dane County
- **Address:** 810 West Badger Road
Madison, WI 53713
- **Purpose:** To contribute to the rebuilding of the Centro Hispano of Dane County in Madison, Wisconsin. This project will add more space for programming and classes – including workforce development programs, family support services, career development, and immigration support – to serve a larger portion of the local Latinx community.

I thank you for your full and fair consideration of this request. I certify neither I, nor my immediate family, have any financial interest in this Community Project Funding request, and I have made this request publicly available on my website at the following address: <https://pocan.house.gov/community-and-member-designated-project-requests>. Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

City of Madison, WI Men's Homeless Shelter

- **Amount:** \$1,000,000
- **Recipient:** City of Madison
- **Address:** 215 Martin Luther King, Jr. Blvd.
P.O. Box 2983
Madison, WI 53701
- **Purpose:** To support the City of Madison, in collaboration with Dane County, to purchase and renovate a vacant commercial building for use as a full-service homeless men's shelter serving at least 200 men. This shelter will replace the area's only men's shelter which operated for 35 years from cramped quarters in a downtown church basement. The shelter was forced to close during the COVID pandemic, and the city has been relying upon temporary arrangements in public buildings until a permanent location could be found.

I thank you for your full and fair consideration of this request. I certify neither I, nor my immediate family, have any financial interest in this Community Project Funding request, and I have made this request publicly available on my website at the following address: <https://pocan.house.gov/community-and-member-designated-project-requests>. Please do not hesitate to contact me anytime with any questions or concerns, and your staff may contact David Bagby of my staff at (202) 225-2906 or david.bagby@mail.house.gov.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for **Separated Bicycle Lane Network Build Out** in fiscal year 2022. The entity to receive funding for this project is City of Cambridge, located at 795 Massachusetts Avenue, Cambridge, MA 02139. The funding would be used to expand the network of separated bicycle facilities across Cambridge and connect them with existing and planned facilities on other corridors, which would link key employment and residential zones in the city. These funds would provide increased connectivity with safe bicycle facilities designed for users of all ages and abilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of these requests.

Sincerely,

Ayanna Pressley
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$2 million in Community Project Funding for Homestead Gardens Affordable Housing in the Town of Chapel Hill in Fiscal Year 2022 (FY 2022) appropriations legislation.

The project location is 2200 Homestead Road in Chapel Hill, North Carolina and the recipient is the Town of Chapel Hill, NC 27514.

The project is an appropriate use of taxpayer dollars by providing an innovative approach to developing affordable housing in order to provide a mix of approximately 117 rental and homeownership opportunities serving extremely low to moderate income individuals.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "David Price".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$750,000 million in Community Project Funding for Depot Hill Economic Development in the Town of Louisburg in Fiscal Year 2022 (FY 2022) appropriations legislation.

The project recipient is the Town of Louisburg, NC 27549.

The project is an appropriate use of taxpayer dollars because it would redevelop the Louisburg Train Depot and surrounding areas to unite the North and South parts of town through economic development and improve the lives of those who have been historically underserved and those who are currently living in poverty.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$700,000 in Community Project Funding for Downtown Economic Revitalization in the Town of Zebulon in Fiscal Year 2022 (FY 2022) appropriations legislation.

The project recipient is the Town of Zebulon, NC located at 1003 N. Arendell Avenue Zebulon, NC 27597.

The project is an appropriate use of taxpayer dollars because it would focus on downtown and alley activation to create job opportunities and use public space and access opportunities to connect residents to services, retail, and employment.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "David Price".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$1 million in Community Project Funding for Harriet's Place Development by the non-profit Reinvestment Partners in the City of Durham in Fiscal Year 2022 (FY 2022) appropriations legislation.

The project recipient is Reinvestment Partners and the project is located at the Harriet Tubman YWCA at 312 E Umstead St, Durham, NC 27707.

The project is an appropriate use of taxpayer dollars because it would renovate the Harriet Tubman YWCA, a key building in Durham's history and in the Black community, and create much needed efficiency apartments affordable to individuals earning 30% and 60% or below area median income. At least four of the units will be set aside for formerly homeless individuals or other special needs populations

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "David Price".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for West Grand Avenue - Highway/Rail Grade Separation in the fiscal year 2022 Transportation, Housing, and Urban Development and Related Agencies bill.

The entity to receive funding for this project is the Village of Elmwood Park, located at West Grand Avenue, Elmwood Park, IL 60707.

The funding would be used to create a grade separation of the West Grand Avenue Highway and the Metra rail tracks to improve the safety, mobility, and environmental impacts of the intersection. The Grand Avenue crossing continues to see a high number of car and train accidents and is currently ranked the sixth most likely train crossing to have a collision out of 7,920 crossings in the State of Illinois by the Federal Railroad Administration.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Mike Quigley".

I am requesting funding for Center on Halsted Youth Housing Program in the fiscal year 2022 Transportation, Housing, and Urban Development and Related Agencies bill.

The entity to receive funding for this project is the Center on Halstead, located at 3656 N Halsted St, Chicago, IL 60613.

The funding for this project will allow the Center on Halsted to enhance its Youth Housing Program through the acquisition and renovation of transitional housing for Chicago's LGBTQ+ and ally youth who are experiencing homelessness, violence, and trauma, with a special focus on LGBTQ youth of color. Enhanced housing will contribute to the success and independence of LGBTQ+ and allied youth as well as the revitalization of local neighborhoods where the housing is located.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Critical Infrastructure Improvements for Visitor Safety, Animal Welfare, and Energy Efficiency at Lincoln Park Zoo in the fiscal year 2022 Transportation, Housing, and Urban Development and Related Agencies bill.

The entity to receive funding for this project is the Lincoln Park Zoo, located at 2001 N Clark St, Chicago, IL 60614.

The funding for this project will upgrade the Lincoln Park Zoo's infrastructure to enhance visitor safety, lessen the zoo's environmental impact, and improve the security and well-being of resident animals and staff. Infrastructure improvements include upgrading the zoo's HVAC system, structural improvements to the Regenstein African Journey building and the walkway leading to the McCormick Bird House, and implementing additional crosswalks, movable bollards, light poles, and a drop-off lane in the zoo's East Gate parking lot to improve visitor safety and ease parking lot traffic.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

The Hill Y in Westminster, MD – Safety and Accessibility Facility Updates

Amount Requested: \$370,000

Recipient: The Hill Y in Westminster

Recipient Address: 1719 Sykesville Rd, Westminster, MD 21157

Purpose: The Hill Y in Westminster is a vital community asset that serves more than 7,000 people in Carroll County, MD. This project will support accessibility and safety renovations to the Hill Y's facilities and locker rooms, including the addition of private dressing areas for special needs members/participants. This project will improve handicap pool access and replace the existing unsafe tile pool deck surface with a more functional material that meets current safety standards.

Justification: The Hill Y provides critical health and wellness services, offers school enrichment and academic programs, and supports the health and wellbeing of children, families, and seniors throughout Carroll County. Updated locker rooms, safer pool decking and improved pool access for persons with disabilities will allow the Y to better serve members of the community who require additional support services or accommodations for the Y's water exercise opportunities, camps, and other programs. These improvements would be beneficial to all members of the community, including infants, seniors, and school-age children participating daily in Y academic programs.

I thank you for your full and fair consideration of these requests. I certify that neither I nor my immediate family has any financial interest in this project, and I have made this request publicly available on my website at the following address: <https://raskin.house.gov/appropriations-requests>.

Very truly yours,

Jamie Raskin

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

Downtown Silver Spring Place-Based Economic Revitalization and Workforce Development Initiative

Amount Requested: \$300,000

Recipient: Montgomery County Economic Development Corporation

Recipient Address: 101 Monroe Street, 4th Floor, Rockville, MD 20850

Purpose: The Downtown Silver Spring Place-based Economic Revitalization and Workforce Development will strengthen the economy for one of the district's critical business centers, downtown Silver Spring, which has been significantly impacted by the pandemic and economic downturn, and is currently enduring high office vacancy rates (of nearly 20 percent), decreased visitors and foot traffic, and increases in nuisance crimes. The project will upgrade and enhance downtown Silver Spring's sidewalks and streetscapes. The project will position downtown Silver Spring to create a new economic identity as a climate industry corridor, which has the potential to have a significant and long-term impact on the area's economic recovery and growth. The project will partner with Montgomery College-Silver Spring on training and apprenticeship opportunities for careers in climate industries. The project will also support one of downtown Silver Spring's and Montgomery County's growth industries: craft food and beverage manufacturing. The project is the signature community economic development initiative of the recently formed Montgomery County Commerce Cabinet, which was established by Executive Order on June 9, 2020 and brings together 14 county agencies that have a role in supporting a growing, sustainable, and inclusive local economy.

Justification: This project would be a valuable use of taxpayer funds because it is expected to: help jumpstart economic recovery from the pandemic, while inviting residents and visitors to explore downtown Silver Spring on foot or bike; increase business activity for local, small businesses in Montgomery County while creating good, local jobs; bring together a host of County agencies in a unique and innovative place-based community economic development collaboration. This project is being coordinated with the County's new Climate Action Plan.

I thank you for your full and fair consideration of these requests. I certify that neither I nor my immediate family has any financial interest in this project, and I have made this request publicly available on my website at the following address: <https://raskin.house.gov/appropriations-requests>.

Washington, D.C. 20515

The Hon. Kay Granger
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

As you draft fiscal year 2022 appropriations legislation, I write to request consideration of the following Community Project Funding request submitted to my office:

Long Branch Stream Valley Park Pedestrian Bridge Replacements & ADA Improvements

Amount Requested: \$500,000

Recipient: Montgomery County, MD Government

Recipient Address: 2425 Reddie Drive, 11th Floor, Wheaton, MD 20902

Purpose: This project will update three existing pedestrian bridges along the Long Branch Stream Valley, located in one of Montgomery County's Equity Focus Areas (EFA). The new bridges will incorporate modern ADA accessibility, drainage improvements, and CPTED enhancements for community safety and interconnection of neighborhoods.

Justification: This project would be a valuable use of taxpayer funds because it will enhance public safety and help better connect diverse communities that were developed separately in the 1950s and 1960s with little regard for connectivity, accessibility, or environmental impact. The project will help ensure that county residents have equitable access to parks, recreation, and other amenities.

I thank you for your full and fair consideration of these requests. I certify that neither I nor my immediate family has any financial interest in this project, and I have made this request publicly available on my website at the following address: <https://raskin.house.gov/appropriations-requests>.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Westmoreland Trail-Middle Gap Development for Fiscal Year 2022.

The entity to receive funding for this project is Westmoreland County located at 2 N. Main Street Greensburg, PA 15601.

The funding, totaling \$1 million, would cover preconstruction activities for a tunnel under S.R. 66 and would extend the Westmoreland Heritage Trail, making headway towards closing the four mile "middle gap" between the west 9.5 miles of the trail and east 9.0 miles of the trail.

The project is an appropriate use of taxpayer dollars and will spur adjacent economic development, create new recreation opportunities in southwestern Pennsylvania, improve the health of residents, and provide alternative transportation options for the public.

I certify that neither I nor my immediate family has any financial interest in this project.

Very respectfully,

A handwritten signature in blue ink, appearing to read "Guy Reschenthaler".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for construction of the Guardian Angels Medical Service Dogs (GAMSD) Pittsburgh Regional Campus for Fiscal Year 2022.

The entity to receive funding for this project is GAMSD headquartered at 3251 NE 180th Ave. Williston, FL 32696. The site in Washington County, PA would be located on 102 acres off Beagle Club Road in Robinson Township.

The funding, totaling \$1.2 million, would be used for preconstruction and site preparation to make the property pad ready for campus buildings.

The project is an appropriate use of taxpayer dollars and will serve veterans and other disabled individuals in Western Pennsylvania and widespread regions of the Midwest and Northeast who are receiving service dogs through GAMSD. Once finished, the campus will provide a place for these individuals to complete their medical service dog training, bond with their dogs, and learn to care for them. The location of this planned campus will dramatically reduce travel costs associated with bringing recipients to the facility.

I certify that neither I nor my immediate family has any financial interest in this project.

Very respectfully,

Guy Rescenthaler
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Fayette County Airport Authority master plan update for Fiscal Year 2022.

The entity to receive funding for this project is the Fayette County Airport Authority located at 988 Sky Drive, Lemont Furnace, PA 15456.

The funding, totaling \$1.5 million, would be used to determine the best of two alternatives to extend the runway, allow for an in-depth Benefit-Cost Analysis to be conducted, and provide for environmental reviews to be completed.

The project is an appropriate use of taxpayer dollars and will ensure the airport can meet increased demand for additional air transportation across Fayette County, which cannot be accommodated absent a runway extension to 5,500 feet. According to a 2018 study, 23 additional aircraft types would use the Connellsville Airport if the runway were extended. The survey also concluded that the increase in jet activity will result in 600 additional annual operations in the critical B-II aircraft category

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

On behalf of the Jacksonville Transportation Authority (JTA) and my constituents in Northeast Florida, I am requesting \$1,200,000 for the JTA Renewable Energy Generation for Electric Vehicles in the Fiscal Year 2022 Transportation and Housing and Urban Development Appropriations bill. The project is located at 3191 Armsdale Rd., Jacksonville, FL 32218.

If granted, this funding would create a solar-powered fast-charging station for electric transit buses on JTA's First Coast Flyer Green Line, which serves the Armsdale Hub. The project includes a 200kWDC ground-mounted carport solar photovoltaic generation system, a fast-charging station capable of recharging a bus in 5-8 minutes, and the associated power electronics. While each technological component is individually proven and commercially available, this project is unique and innovative on the system level. This first of its kind charging system would make it possible to deploy an all-electric vehicle fleet that is predominantly powered by sunlight – something that currently does not exist anywhere in the U.S.

This project would enable JTA to incorporate renewable energy generation as part of their electric vehicle charging, in support of fleet electrification and autonomous vehicle integration. With an average of 221 sunny days per year in Jacksonville, it is an economical decision to make the investment in solar power for transit service. Additionally, it currently takes JTA approximately 3 hours to recharge an electric bus. This project will bring that time down to less than 10 minutes, all while charging buses with truly emissions-free solar energy.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of this project that is of significant importance to my district.

Sincerely,

John Rutherford

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,000,000 for the Akron Civic Commons, Lock 3 Park in Fiscal Year 2022. The entity to receive funding for this project is Ohio & Erie Canal Corridor Coalition, Inc. located at 47 West Exchange Street, Akron, Ohio 44308

Lock 3 Park is located along the Ohio & Erie Canal Towpath Trail in the center of Akron, and it is the central gathering place for concerts, festivals, and events. One of the biggest challenges of Lock 3 is its current design and layout, lack of vegetation and trees, and it does not function well as a public park. Working in partnership with City of Akron and Summit County, neighborhood residents and community stakeholders, and a variety of others this project be used to turn Lock 3 Park into an accessible, equitable and welcoming park for everyone in downtown Akron. Their plans include the addition of trees, seating, formal gardens, artwork, permanent ice-skating areas, and a nationally designed Performance Pavilion. Akron Civic Commons Lock 3 Park is a \$10 million dollar public-private partnership, with broad support from residents, local government, corporations, foundations, and the State of Ohio, and this federal funding would allow them to finish their fundraising goal and begin construction. As a local, state and national resource, Lock 3 provides multiple benefits to taxpayers as a regional community asset that creates jobs, stimulates community and economic development and is an accessible, equitable and welcoming park for all Akron residents and visitors.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration.

Sincerely,

Tim Ryan

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,500,000 for the Boys & Girls Club Youngstown Community Backyard Project in Fiscal Year 2022. The entity to receive funding for this project is Boys and Girls Club of Youngstown, located at 2105 Oak Hill Avenue, Youngstown OH 44507.

For 50 years, the Boys and Girls Club Youngstown (BGCY) has been in the forefront of youth development, working with young people from disadvantaged economic, social, and family circumstances to enrich the lives of boys and girls that other youth agencies have had difficulty reaching. The Backyard Project is an action plan to renovate and upgrade over 200,000 sq ft. of property owned by the BGCY. The requested fund would be used for renovations & upgrades that are essential to expand their services and programming to their over 900 members and the community as a whole. The goal of the Backyard Project is to build leagues such as flag football, basketball, rugby, baseball and more, and other community focused initiatives for youth in the City of Youngstown. The Backyard Project will not only impact the members of BGCY but will visually improve the South Side neighborhoods of Youngstown that stretch between Oak Hill Avenue, Market Street, and adjacent roads. By adding a walking trail to the campus, families will have the opportunity to model a healthy lifestyle by exercising themselves while their children play on the fields. This project will provide quality facilities for youth in Youngstown to grow their passion and it will enhance the quality of life for the community. Their dedication to community service and enhancing children's lives make this an excellent use of taxpayer funds.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration.

Sincerely,

Tim Ryan
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2,000,000 for Youngstown Community Food Center Inc. The entity to receive funding for this project is Youngstown Community Food Center Inc., located at 94 Pyatt Street, Youngstown, OH, 44502.

Youngstown Community Food Center Inc. (YCFC), also known as Gleaners Food Bank, has been serving the socially and economically disadvantaged persons in Northeastern Ohio for over 30 years. They operate in an inner-city food desert and have a strong network of volunteers and community partners that support their important work. During the COVID-19 pandemic, they saw a growing demand for their services and soon realized they had outgrown their physical space (15,000/sf).

These funds would be used for a capital improvement project for them to increase their capacity and to expand their services as an emergency services distribution location for those in need. Their plans include demolishing a condemned structure and building a new building with refrigerated and dry storage across the street to expand their distribution service and to create a hub for weekly produce markets, so that the community has access to fresh and healthy food on a regular basis. Additionally, funds would be used to make needed renovations to their existing building which would include establishing a drive through service capability as well. Ensuring all have access to fresh and healthy food is certainly a worthy use of taxpayer funds and would the YCFC to continue meeting the needs of the community for years to come.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the City of La Palma's Arterial Street Medians Rehabilitation Project in Fiscal Year 2022. The entity to receive funding for this project is the City of La Palma located at 7822 Walker Street, La Palma, CA 90623.

The project is located at 48 existing and 3 new median islands in the City of La Palma, Orange County, California.

The funding would be used for the removal of existing landscaping/irrigation, hardscape removals and replacement, installation of a new drip irrigation system, planting of new trees along with new landscaping/hardscaping in 48 median islands. Re-grading of the medians is also included to capture irrigation and storm runoff to meet state/federal storm water regulation compliance. Three newly designed median islands on Moody Street from Malaga Avenue to Orangethorpe Avenue would be added, with the completed project presenting a consistent median island design for all of the City roadway medians. This project will be built in preparation for the use of reclaimed water to reduce the use of potable water.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,
I am requesting funding for the County of Los Angeles' Rosemead Boulevard Complete Street Improvements project in fiscal year 2022. The entity to receive funding for this project is the Los Angeles County Department of Public Works located at 900 S. Fremont Ave, Alhambra, CA 91803.

The project is located along Rosemead Boulevard within unincorporated Whittier Narrows in zip codes 90660, 91733, and 90650.

The funding would be used to construct 2.6 miles of protected bikeways and walkways along Rosemead Boulevard which divides the Whittier Narrows Recreation Area and is a major north-south route for vehicular traffic. The County's Vision Zero Action Plan identified two segments of Rosemead Boulevard within this stretch as Collision Concentration Corridors, which are defined as any half-mile roadway segment that contained three or more fatal or severe injury collisions between January 1, 2013 and December 31, 2017. The County of Los Angeles manages nearly 3,300 miles of roads, and the section of Rosemead Boulevard immediately north of State Route 60 (SR-60) was prioritized as one of its Top 20 Collision Concentration Corridors when factoring in fatal and severe injury collisions involving vulnerable users in a disadvantaged community.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for accessibility and other improvements to Neff Park in the City of La Mirada in fiscal year 2022. Neff Park is located at 14300 San Cristobal Drive, La Mirada, CA 90638. The entity to receive funding for this project is the City of La Mirada, located at 13700 La Mirada Boulevard, La Mirada, CA 90638.

The funding would be used to replace deteriorated asphalt walkways with concrete, place new concrete walkways to enhance accessibility to all areas, improve lighting throughout the park, and extend wood rail fencing around the perimeter of the park. These improvements will improve public safety at the park and bring the park closer in compliance with requirements under the Americans with Disabilities Act (ADA). This project was deemed a priority by residents during the Los Angeles County Parks Needs Assessment in 2016.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for accessibility modifications of the Boys & Girls Club of Whittier's Main Clubhouse in fiscal year 2022. The entity to receive funding for this project is Boys and Girls Club of Whittier located at 7905 S. Greenleaf Ave. Whittier, CA 90602.

The funding would be used to help bring the clubhouse closer to compliance under the Americans with Disabilities Act (ADA) and to improve accessibility, safety, and equity at the Boys & Girls Club of Whittier's Main Clubhouse. The modifications will include a fully ADA-compliant elevator, restroom alterations, ADA-van accessible parking, accessible pathways, and related equipment, labor, and materials. The modifications will better serve community members, including parents with infants in a stroller, seniors and elder family members, and persons with physical impairments.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Interim Housing and Supportive Services Center for Homeless Families (the Center) in fiscal year 2022. This project will be located at 13231 Lakeland Road, Santa Fe Springs, CA 90670. The entity to receive funding for this project is The Whole Child – Mental Health and Housing Services, located at 10155 Colima Rd., Whittier, CA 90603.

The funding would be used toward construction of a 40-unit interim housing and 6,000 square foot supportive services center. The Center will make an overall impact on the issue of family and veteran homelessness by integrating housing stability and service solutions and by increasing critically-needed housing stock in California's 38 Congressional District and Southeast Los Angeles County.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the City of Norwalk's Smart Cities Digital Divide project in fiscal year 2022. The entity to receive funding for this project is the City of Norwalk located at 12700 Norwalk Boulevard, Norwalk, California, 90650. The installation of wi-fi sites will occur at the following locations:

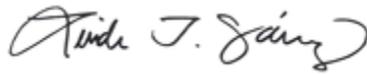

- Gerdes Park; 14700 Gridley Road, Norwalk, California, 90650
- Glazier Park; 10810 Excelsior Drive, Norwalk, California, 90650
- New River Park; 13432 Halcourt Avenue, Norwalk, California, 90650
- Hermosillo Park; 11959 162nd Street, Norwalk, California, 90650
- Holifield Park; 12500 Excelsior Drive, Norwalk, California, 90650
- Lakeside Park; 11620 Studebaker Road, Norwalk, California, 90650
- Ramona Park; 13244 Mapledale Street, Norwalk, California, 90650
- Robert White Park; 12120 Hoxie Avenue, Norwalk, California, 90650
- Sara Mendez Park; 11660 Dune Street, Norwalk, California, 90650
- Vista Verde Park; 11459 Ratliffe Street, Norwalk, California, 90650
- Zimmerman Park; 13031 Shoemaker Avenue, Norwalk, California, 90650
- Cultural Arts Center; 13200 Clarkdale Avenue, Norwalk, California, 90650
- Aquatic Pavilion; 12301 Sproul Street, Norwalk, California, 90650
- Norwalk Arts & Sports Complex/Norwalk Park/Skate Park; 13000 Clarkdale Avenue, Norwalk, California, 90650
- Norwalk City Hall; 12700 Norwalk Boulevard, Norwalk, California, 90650
- Norwalk Senior Center; 14040 San Antonio Drive, Norwalk, California, 90650
- Social Services Center; 11929 Alondra Boulevard, Norwalk, California, 90650
- Transportation Center; 12650 Imperial Highway, Norwalk, California, 90650

- Sproul Museum; 12203 Sproul Street, Norwalk, California, 90650
- Hargitt House Museum; 12426 Mapledale Street, Norwalk, California, 90650

The funding would be used to provide a reliable high-speed internet connection for the City of Norwalk's underserved neighborhood students, employees, seniors, and small businesses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in cursive script that reads "Linda T. Sánchez". The signature is written in black ink and is positioned above the printed name.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Darby Free Library Restoration & Resilience Initiative in fiscal year 2022. The entity to receive funding for this project is the Darby Library Company, located at 1001 Main St, Darby, PA 19023. The funding would be used to lower operating costs by installing the energy efficient solar panels, make the library accessible to disabled patrons and repair the failing roof and gutters. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mary Gay Scanlon
Member of Congress, PA-05

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for construction of a domestic violence shelter serving women in the northern suburbs of Chicago. The entity to receive funding for this project is YWCA Evanston/North Shore, 1215 Church Street, Evanston, IL 60201

The funding would be used to help fund construction of YWCA's new Family Support Center for Survivors of Domestic Violence. This new shelter will replace an outdated facility that served as a lifeline 250 women facing domestic violence annually.

The new support center will house a two-floor residential shelter, a third floor dedicated to the delivery of community-based domestic violence services, and a floor for additional YWCA staff. Improvements in the new structure include increased security, a private and enclosed play area for children, dedicated computer access for residents 24/7, 23 rooms (up from 11 in the original shelter) and an overall occupancy increase to 66 from 32. YWCA has done amazing work in this field for many years, and this new shelter will help them serve individuals in need more effectively.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jan Schakowsky

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for **Senior Hub Facility Improvement, Enumclaw, WA, King County, WA08, 98022** as a Community Project Funding request in fiscal year 2022.

The entity to receive funding for this project is the City of Enumclaw, located at 1350 Cole Street Enumclaw, WA 98022. The project will be at the same facility.

The funding would be used for revitalization of South East Rural Senior HUB/Enumclaw Senior Center. Senior programs have been provided out of this building since 1983, although the building dates back to 1927. The program has grown from simply a daily meal, to a robust variety of programs and services that serve a growing aging population. With these grant funds, the program can make needed physical structure and safety improvements to better meet the needs of clients including Earthquake Structural improvements, replacement of outdated window glass, safe and ADA accessible entry/exits.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress

Congress of the United States
House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for *A PLACE 4 ALICE facility improvement, Leavenworth, WA, Chelan County, WA-08, 98826* in fiscal year 2022.

The entity to receive funding for this project is the City of Leavenworth, located at 700 Highway 2, Leavenworth, WA 98826.

The funding would be used for housing that will be preserved as affordable through a land trust designation. The buyers will become the new owners and will maintain the units in good condition. Additionally, these funds will support the construction or rehabilitation of a playground, sports fields and a pool.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Poindexter Sidewalks Extension in fiscal year 2022.

The entity to receive funding for this project is City of Chesapeake, Virginia, located at 306 Cedar Road, Chesapeake, Virginia 23322.

The funding will be used to provide safe pedestrian connectivity for the residents, businesses, and visitors of the historic South Norfolk community of Chesapeake, to the Elizabeth River Park and to the pedestrian friendly South Norfolk Jordan Bridge. Currently, there are no sidewalks or dedicated pedestrian facilities along Poindexter Street, so pedestrians must navigate along the shoulder of the roadway and utilize footpaths along the side of the road which are not ADA accessible.

I certify that neither I nor my immediate family has any financial interest in this project.

Very truly yours,

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the acquisition and relocation of the historic William A. Hunton YMCA in the St. Paul's Community in fiscal year 2022.

The entity to receive funding for this project is the City of Norfolk, Virginia, located at 810 Union Street, Norfolk, Virginia 23510.

The funding will be used to protect this community resource from flooding and sea level rise. The William A. Hunton YMCA is currently subject to frequent nuisance flooding and is at risk for future flood events. This project allows the current property to be acquired and to be relocated to a more sustainable home within the project area.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

As you begin crafting the fiscal year 2022 bill, I respectfully request that you please consider the following funding priority:

1. I am requesting a fiscal year 2022 funding level of \$5,178,202 for **US 190 4-Lane Divided Highway with Grassy Median between Hearne, Texas and Bryan, Texas** as a community project funding request. The community is concerned about fatal traffic accidents on Highway US 190 in the 17th Congressional District of Texas from Hearne, Texas to Bryan, Texas, and believes that Texas Department of Transportation including 4 lanes of divided highway with a grassy median separating the northbound and southbound lanes of traffic along its entire 10.98 mile length is necessary to save lives. This project will be a valuable use of taxpayer funds because it will greatly enhance safety of travelers who use this route to access work, school, medical care and their families between Brazos and Robertson Counties, Texas. The intended recipient is the Texas Department of Transportation located at 125 E. 11th Street, Austin, Texas 78701.
2. I am requesting a fiscal year 2022 funding level of \$5,000,000 for the **FM 2154 (Wellborn Road) / FM 2347 (George Bush Drive) Interchange** as listed on the Bryan-College Station Metropolitan Planning Organization's City Master Throughfare Plan. This project is a valuable use of taxpayer funds because it will improve safety and mobility, and minimize noise, flooding, and additional right-of-way needs. This community project is supported by the Texas A&M University Association of Former Students, 12th Man Foundation, the College Station Independent School District, the City of College Station, and the City of College Station Neighborhood Association, the Texas A&M Mothers' Clubs, the Texas A&M University Transportation Services Advisory

Committee, and the Bryan/College Station Chamber of Commerce. The intended recipient of this community project funding request is the City of College Station, Texas located at 1101 Texas Ave. College Station, TX 77840.

3. I am requesting a fiscal year 2022 funding level of \$4,000,000 for **FM 1179 East Widening from FM 158 to Steep Hollow Road** as a community project funding request, which will benefit the City of Bryan, Texas and its residents through continued economic development opportunities by supporting the significant residential growth and need for improved traffic safety in eastern Brazos County, Texas. The FM 1179 East Widening from FM 158 to Steep Hollow Road project is an appropriate use of taxpayer funds because it will widen the roadway from a two-lane rural road section to a four-lane divided urban major arterial road, thereby alleviating traffic congestion and improving roadway safety. The intended recipient of this community project funding request is the City of Bryan, Texas located at 300 S. Texas Avenue, Bryan, TX 77803.

I certify that neither I nor my immediate family has any financial interest in the projects described above.

Thank you for your consideration of this request.

Sincerely,

A handwritten signature in black ink that reads "Pete Sessions". The signature is written in a cursive, slightly slanted style.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Sepulveda Basin Community Room and Ranger Station in fiscal year 2022.

The entity to receive funding for this project is the City of Los Angeles, located at 200 N Spring St, Los Angeles, CA 90012

The funding would be used for a community room and ranger station with public restrooms and are part of a larger, 30-acre project that will include construction of four multi-purpose sports fields, lighting, irrigation, stadium/bleacher seating, concessions, paths, native landscaping, and active transportation connections to the Metro G (formerly Orange) Line and National Park Service trail system (designated along LA River) to accommodate expanded public recreational use on approximately 30 acres west of the existing Sepulveda Basin Sports Complex.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Morris Habitat for Humanity affordable housing construction in fiscal year 2022.

The entity to receive funding for this project is Morris Habitat for Humanity, located at 274 South Salem Street, Randolph, NJ 07869.

The funding would be used for the construction of twenty-five affordable homes and a community room at 42 Bennett Avenue, Randolph 07869. The 2.5-acre property is currently owned by Randolph Township and will be sold to Morris Habitat for \$1.00. The township will be responsible for environmental remediation, demolition of existing structures, site design, approvals and permitting. Eligible Morris County families will earn the benefits of homeownership by completing hours of labor at the site and their no-interest mortgage program.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for PAL Fields recreational lighting in fiscal year 2022.

The entity to receive funding for this project is the Borough of Totowa, located at 537 Totowa Road, Totowa, NJ 07512.

The funding would be used for the purchase and installation of poles and new LED lights for the football field and Lincoln 90 baseball field at the Totowa PAL Fields complex, located at 150 Chamberlain Avenue in Totowa. This project will help provide a safe outdoor recreation space for all Totowa residents. These lights will not only be used during scheduled sporting events, but by multiple community groups for other activities that take place at these fields throughout the year.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mikie Sherrill
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for pedestrian walkway improvements along Route 53 and Tabor Road in Morris Plains, NJ in fiscal year 2022.

The entity to receive funding for this project is the Borough of Morris Plains, located at 531 Speedwell Avenue, Morris Plains, NJ 07950.

The funding would be used to enhance pedestrian walkway safety features. This includes new sidewalks and cross walks, a pedestrian overpass, intersection improvement, and traffic signal optimization. This will provide safe pedestrian access to public transportation for approximately 420 residents living in Foxwoods and Davenport Village affordable housing apartments.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mikie Sherrill

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,000,000 for Habitat's Communities of Hope – Step up to Home Ownership, Idaho Falls, Idaho, Bonneville, ID02 project in the FY22 Transportation, Housing and Urban Development Appropriations bill.

The project sponsor for this project is Habitat for Humanity Idaho Falls Area, Inc. and the project is located at 1954 N. Yellowstone Hwy, Idaho Falls, ID 83401.

The funding is designated to create a lasting stock of affordable homes for low- to moderate-income families, creating a path for home ownership no matter the family's current financial circumstances. A variety of housing types – tiny, attached, and single-family - will be available. Families will build equity in all levels of home ownership. Families will meet financial and community service requirements. Mortgage payments will never exceed 30% of monthly income. If necessary, residents can provide sweat equity for partial mortgage payments. The property will remain in a land trust or cooperative ownership. Residents will pay small homeowner fees and be voting members of the HO association. To help families be successful homeowners, residents will be provided supportive services. Seven service providers and a shopping center are within one mile of a property identified as a desirable location for Habitat's pilot Community of Hope project.

The project is an appropriate use of taxpayer dollars. Studies show that home ownership is the single best way to pull a family up out of poverty. Communities of Hope will help low- to middle-income families and individuals achieve the benefits of home ownership at an affordable price. According to Realtor.com, the median price of a home in Bonneville County was up 17% in 2019 and another 23% in 2020. Fewer families can qualify to purchase a home and rental units are at capacity. The average cost of renting a two-bedroom apartment in Idaho Falls is currently \$1,118 per month, up from \$625 in 2018. With housing costs increasing and wages remaining stagnant, low- and middle-income families are no longer able to afford housing of any kind in Idaho Falls. The increase in housing costs in Idaho Falls has caused the number of families requesting help from Habitat to more than double in the past year. Acquiring suitable land and the necessary funds for infrastructure is a critical first step in meeting the escalating affordable housing needs in Idaho Falls.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Simpson

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$787,000 of funding for the Idaho Grain & Ag Center project in the FY22 Transportation, Housing and Urban Development Appropriations bill.

The project sponsor for this project is the Idaho Grain Producers Association and the project is located at 821 W. State Street, Boise, ID 83702.

The funding is designated for a conference room, shared workspace, and technology in a new building project, the Idaho Grain & Ag Center at 821 W. State Street. An updated Idaho Grain & Ag Center is an exciting concept that would provide critical services to Idaho's agricultural industry, while offering innovative ways to engage with growers around the state. Entirely focused on Idaho agriculture, the building project would include a hub for research collaboration, a promotional component, sufficient meeting space to bring large groups together, and technology to connect with growers around the state and the nation. The Idaho Grain & Ag Center would not only link Idaho's rural and urban communities, but also serve as a bridge to the future of Idaho agriculture. An updated Idaho Grain & Ag Center, which will sit adjacent to the Idaho Statehouse, will solidify the importance of agriculture to the state, be a model of innovative public-private partnerships, and serve all rural Idaho.

The project is an appropriate use of taxpayer dollars. Idaho has nearly 25,000 farms and ranches which produce more than 185 different commodities, sustaining the cultural and economic fabric of rural Idahoans. Agriculture remains a fundamentally important part of Idaho's economy, communities, and way of life. Idaho is the fastest growing state in the nation – the recent influx of people in our state further supports the need for community resources and education around the cornerstone industries of agriculture and sustainable food production in our state. Growth in agricultural innovation is not only paramount to the vibrancy of rural Idaho, but to the global human and environmental condition. Never in history has our society been faced with so many systemic challenges from dependence on finite natural resources to climate change. Agriculture is a part of the solution to meeting these challenges. The Idaho Grain & Ag Innovation Center will provide a space to bring agriculture together and serve as an incubator for ag innovation that can create positive change and opportunity for rural Idaho and our nation alike.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Simpson

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$700,000 for the Taxi-lane D Rehabilitation at Boise Airport, Boise ID project in the FY22 Transportation, Housing and Urban Development Appropriations bill.

The project sponsor for this project is the City of Boise and the project is located at 3201 W. Airport Way #1000, Boise, ID 83705.

The funding is designated to rehabilitate the portion of taxi-lane D that leads onto the air carrier apron. This is the main taxi route to the terminal for air carrier operations that supports air transportation to the community. Taxi-lane D pavement has deteriorated to the point that the pavement surface needs to be removed and replaced.

The project is an appropriate use of taxpayer dollars. This portion of taxi-lane D is in a high traffic area and the pavement has deteriorated to the point that the pavement surface needs to be removed and replaced. As the pavement continues to deteriorate, there is an increased risk of foreign object debris (FOD) which is a safety risk and can cause significant damage to aircraft. In addition, it will put Boise Airport out of compliance with FAA regulations and would eventually require a much more extensive reconstruction. Extensive reconstruction would negatively impact air carrier operations and air transportation for the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Simpson" with a stylized flourish at the end. To the right of the signature, the letters "M.C." are printed in a small font.

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Wadajir Residences & Souq in fiscal year 2022. The entity to receive funding for this project is Forterra NW, located in Tukwila, Washington.

The Wadajir Residences & Souq is a mixed-use attainable housing and commercial development project that will provide affordable cooperative ownership opportunities in Tukwila. The international market located on the ground floor will provide space for the community to gather, small and micro-businesses to thrive and grow, and community members to access culturally specific goods and services. Above the Souq, Forterra is developing 100 affordable homes for cooperative ownership. The requested funding will support necessary preparations for new construction of the international market portion of the project.

With rising rents and the closure or sale of international markets in Tukwila and SeaTac, the BIPOC immigrant and East-African communities in South King County are facing displacement. Many are not able to make rent, pay for basic services, and are increasingly concerned for their long-term stability. Over 110 immigrant-owned small businesses have closed in the area in just the last three years. The Wadajir Residences & Souq will help combat this by providing 100 units of affordable housing and 45+ micro retail units for small businesses. The new businesses will generate quality, family-wage jobs and economic growth for the region and increase economic mobility.

Through a relationship established around shared values of housing affordability and community ownership, Forterra has partnered with the Abu Bakr Islamic Center to develop this project.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Adam Smith".

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the MLK Mixed Use Affordable Housing and Early Learning Center in fiscal year 2022. The entity to receive funding for this project is the Low Income Housing Institute, located in Seattle, Washington.

This request will be used for pre-development activities to help advance the MLK Mixed Use Affordable Housing and Early Learning Center (MLK Mixed Use) located just south of the Othello Light Rail Station in the Rainier Valley. MLK Mixed Use will provide 152 apartment units for low-income and homeless families and individuals and an early learning center and play area operated by the Refugee Women's Alliance (ReWA). As a Transit Oriented Development (TOD) project, it will lead to better mobility, reduced car traffic, reduced household spending on transportation, healthier lifestyles, less pollution, higher foot-traffic for commercial businesses, and decreased suburban sprawl.

This project will provide much needed affordable housing for low-income and homeless families and individuals in a neighborhood that is experiencing massive displacement and gentrification. It would immediately bring people off the streets and into stable housing, prevent many from becoming homeless, and help reduce displacement and gentrification.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Adam Smith".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the African Diaspora Cultural Anchor Village in fiscal year 2022. The entity to receive funding for this project is African Community & Housing Development, located in Tukwila, Washington.

The requested funds will support pre-development activities for the African Diaspora Cultural Anchor Village (ADCAV), which will be a mixed-use development to support the African immigrant and refugee community in south King County and the Puget Sound region. The ADCAV will include a learning center for youth and young adults, workforce development center, senior and community gathering space, and outdoor areas with urban gardens and playground. The second phase of this work will result in desperately needed affordable homeownership units and a small business incubator with ground floor retail.

This funding will support African Community & Housing Development in further advancing the ADCAV project, helping address inequities in education, economic development, and social services, and providing long-term affordable housing opportunities to immigrant and refugee communities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Adam Smith".

Congress of the United States
House of Representatives
Washington, DC 20515

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Youth Achievement Center in fiscal year 2022. The entity to receive funding for this project is Africatown Community Land Trust, located in Seattle, Washington.

The funding would be used for pre-development related activities for the development of the Youth Achievement Center (YAC) in Skyway. The YAC is a project being developed by a community-based coalition focused on addressing the various systemic obstacles that Black and Brown youth in South Seattle and King County are facing in their life. It will provide permanent and emergency housing for youth, community services and programming for youth, and space for commercial businesses.

The youth in this area face systemic inequality that makes them more likely to experience unemployment, criminal detention, violence, and housing instability. The YAC coalition is developing this project in collaboration with the youth in the community who are directly affected by these problems to begin taking steps towards addressing challenges created by historic and multigenerational inequities. Funding for the development of the YAC is an important step to help address these historic injustices.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Adam Smith".

Congress of the United States
House of Representatives
Washington, DC 20515

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Keiro Site in fiscal year 2022. The entity to receive funding for this project is Africatown Community Land Trust, located in Seattle, Washington.

The Keiro Site will be a mixed-use project that will provide opportunities for affordable rental housing, economic development, and community space in the Central District of Seattle; a historically Black neighborhood that is experiencing intense gentrification and displacement pressures. The Keiro Site is expected to create approximately 300 units of affordable rental housing and will have dedicated space for culturally relevant early childhood education, a critical need in the Central District.

The requested funds will support pre-construction activities for the Keiro Site that will help combat growing displacement, increase access to affordable housing and early learning services, and provide economic opportunities for Black-owned businesses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Adam Smith". The signature is written in a cursive style with a large initial "A".

Adam Smith
Member of Congress

Congress of the United States
House of Representatives

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for South Sioux City, Nebraska, water treatment plant in fiscal year 2022.

The entity to receive funding for this project is the city of South Sioux City, Nebraska, located at 1615 1st Avenue, South Sioux City, Nebraska 68776.

The funding would be used for construction.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for Project S.O.S. Seeds of Service in fiscal year 2022.

The entity to receive funding for this project is Project S.O.S Seeds of Service, which is located at 725 Mantoloking Road, Brick, New Jersey, 08723.

The funding, totaling \$60,580, would be used to work with a general contractor to reconfigure their space (\$35,000) and upgrade their electrical system (\$25,580). These modifications will allow SOS to increase capacity for their essential outreach programs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Chris Smith".

Dear Chair DeLauro and Ranking Member Granger:

“I am requesting \$2,500,000 in funding for St. Cloud Reuse Storage Pond Expnsion-Phase 1 in fiscal year 2022.

The entity to receive funding for this project is City of St. Cloud located at 1300 9th Street, St. Cloud, FL 34769.

The project would be a valuable use of taxpayer funds because an alternative water supply (AWS) project will help offset and conserve potable water used for irrigation by increasing the City’s reuse storage capacity.

I certify that neither I nor my immediate family has any financial interest in this project.”

Sincerely,

A handwritten signature in blue ink that reads "Darren Soto".

Dear Chair DeLauro and Ranking Member Granger:

“I am requesting \$500,000 in funding for Valencia College-Poinciana Campus Energy Independence project in fiscal year 2022.

The entity to receive funding for this project is Valencia College located at 3255 Pleasant Hill Road, Kissimmee, FL 34746.

The project would be a valuable use of taxpayer funds because Valencia College’s Poinciana Campus was constructed to increase access to higher education for a historically underserved and diverse community. Given the importance of environmental sustainability, the campus was built to support the future installation of a solar photovoltaic (PV) system to move toward carbon neutrality.

I certify that neither I nor my immediate family has any financial interest in this project.”

Dear Chair DeLauro and Ranking Member Granger:

“I am requesting \$500,000 in funding for City of Winter Haven in fiscal year 2022.

The entity to receive funding for this project is City of Winter Haven located at 451 Third St NW, Winter Haven, FL 33881.

The project would be a valuable use of taxpayer funds because the expansion of available dark fiber to the Intermodal Logistics Development Zone is critical to maximize and expedite targeted job growth, specifically advanced manufacturing and distribution.

I certify that neither I nor my immediate family has any financial interest in this project.”

Sincerely,

A handwritten signature in blue ink that reads "Darren Soto".

Dear Chair DeLauro and Ranking Member Granger:

“I am requesting \$800,000 in funding for Lake Wales Street Resurfacing, ADA, and Street Tree Improvements in fiscal year 2022.

The entity to receive funding for this project is the City of Lake Wales located at 201 Central Avenue W, Lake Wales, FL 33859

The project would be a valuable use of taxpayer funds because it addresses a critical need in replacing aging street infrastructure, improves safety, and enhances economic development and redevelopment. The city has carefully assessed the condition of its streets by creating a pavement condition index, that maximizes transportation investment dollars. Additionally, key ADA improvements will be made where the pedestrians walk alongside and cross street to ensure safer mobility for all. Planting a continuous shade street canopy, with trees between 30 to 50 feet apart, can greatly improve the pedestrian experience.

I certify that neither I nor my immediate family has any financial interest in this project.”

Sincerely,

A handwritten signature in blue ink that reads "Darren Soto".

Dear Chair DeLauro and Ranking Member Granger:

“I am requesting \$1,000,000 in funding for City of Kissimmee in fiscal year 2022.

The entity to receive funding for this project is City of Kissimmee 101 Church Street, Kissimmee, FL 34741.

The project would be a valuable use of taxpayer funds because due to the current condition of the Berlinsky House, the city has greatly decreased its programming at the facility. Once the improvements are complete, the building will function as a downtown cultural programming destination.

I certify that neither I nor my immediate family has any financial interest in this project.”

Sincerely,

Dear Chair DeLauro and Ranking Member Granger:

“I am requesting \$1,000,000 in funding for Hope Apartments-Motel Conversion in fiscal year 2022.

The entity to receive funding for this project is Hope Partnership Inc. d/b/a Community Hope Center located at 2420 Old Vineland Road, Kissimmee, FL 34746.

The project would be a valuable use of taxpayer funds because in 2018 the Orlando-Kissimmee-Sanford metropolitan area was deemed the worst in the nation for affordable and available housing for low-income renters by the National Low-Income Housing Coalition. There are only nineteen units for every 100 households. The Hope Partnership seeks to purchase a hotel for extensive rehabilitation into attainable apartment units for families experiencing homelessness and poverty in Central Florida.

I certify that neither I nor my immediate family has any financial interest in this project.”

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Powhatan County's Education Connection Trail for fiscal year 2022.

The entity to receive funding for this project is Powhatan County, which is located at 3834 Old Buckingham Road, Suite F, Powhatan, VA 23139.

The funding would be used for construction of the Education Connection Trail, a half-mile (2,640 ft.) walking/running trail in the heart of the county's village center. The Education Connection Trail would directly connect Powhatan Middle School (423 students) and Powhatan Elementary School (423 students) with some of the community's most important amenities, including the Powhatan Public Library, Powhatan YMCA, Fighting Creek Park, and the existing three-mile trail network.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Ferncliff Place: A Mixed-Income Affordable Housing Development in fiscal year 2022. The entity to receive funding for this project is Louisa County, Virginia, located at 1 Woolfolk Ave, Suite 301, Louisa VA 23093.

Louisa County and Habitat for Humanity have a proposed partnership to create a mixed income community. This partnership will create a new 80-unit development where market rate homes and affordable dwellings will be located together. Grant funding and local government support are intended to subsidize the cost of market rate homes, discounting them for those who meet the requirements of the program. The end result will provide ownership for 25 individuals or families who are at or below 25% of Area Median Income for Louisa County. This project is a good use of taxpayer funding because it will provide low income working individuals and families the opportunity of home ownership and not just affordable rental assistance. These taxpayer funds will go directly to support the hardworking individuals and families for whom the equity and stability of home ownership is just out of reach.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Otterdale Road Drainage Improvements in fiscal year 2022. The entity to receive funding for this project is Chesterfield County, located at 9901 Lori Road Chesterfield, Virginia 23832.

The funding would be used for safety improvements to alleviate the significant flooding that routinely occurs during heavy rainstorms at the creek crossings along Otterdale Road. These flood events pose risks to life and safety, trap residents in their homes, impede the flow of goods and services in the area, impact the road network limiting growth potential, and generally affect the quality of life and structural integrity of existing infrastructure in the area. This request is specifically for improvements needed at the Swift Creek crossing.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Abigail D. Spanberger
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the US 101/SR 92 Area Improvement Project in fiscal year 2022.

The entity to receive funding for this project is the City/County Association of Governments of San Mateo County (C/CAG) located at 555 County Center, Redwood City, CA 94063.

The funding would be used for infrastructure improvements including adequate ramp capacity and more efficient weaving and merging spacing where there is a higher than average collision rates at ramps and connectors. The project enhances safety and minimizes vehicle/pedestrian conflicts on local roadways, which have had an influx of regional cut-through traffic as motorists seek alternative routes avoiding congestion on U.S. 101 and S.R. 92. These improvements go hand in hand with a longer-term project the US 101/92 Direct Connector, which will redesign and rebuild a significant portion of the interchange. Both projects improve safety and operational efficiency for transit and drivers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Brisbane Affordable Housing Rehabilitation project in fiscal year 2022.

The entity to receive funding for this project is the City of Brisbane located at 50 Park place, Brisbane, CA 94005.

Brisbane has a significant number of affordable housing units and these funds would be used to address issues around the safety and quality of life of those inhabiting these older buildings. More specifically, the funds would be use for installations for energy efficiency, noise insulation against airplane noise, and safety improvements.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the installation of mini-high accessible ramps at three Caltrain stations in fiscal year 2022.

The entity to receive funding for this project is the Peninsula Corridor Joint Powers Board located at 1250 San Carlos Ave., San Carlos, CA 94070.

The funding would be used to support the installation of mini-high accessible ramps at the Caltrain stations located in Belmont, Hayward Park, and Burlingame, California, which will increase reliable and meaningful access to train service for passengers needing assistance to board trains. The installation of these station improvements will also provide benefits to all Caltrain riders as it will reduce the dwell time as passengers needing assistance board the train.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jackie Speier
Member of Congress

Congress of the United States

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the IPCC Indian Pueblo Community Center and Kitchen in fiscal year 2022.

The entity to receive funding for this project is the Indian Pueblo Cultural Center, located at 2401 12th Street NW, Albuquerque, New Mexico, 87104.

The funding would be used to complete the IPOC and IPK and further the mission of the Indian Pueblo Cultural Center. The Indian Pueblo Cultural Center has been honoring New Mexico's Pueblos since 1976. The IPCC is owned and operated by the 19 Pueblos and provides a unique educational experience to the thousands of visitors each year. The IPCC includes a 10,000 square foot museum of the history and artifacts of traditional Pueblo cultures and their contemporary art for more than 40 years. The Indian Pueblo Kitchen and the Indian Pueblo Opportunity Center are two projects designed with the IPCC's core mission in mind: to preserve and perpetuate Pueblo culture while providing opportunities for the Pueblo people to better their lives.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Melanie A. Stansbury

Member of Congress

Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for completion of the Daniel Webster Park in fiscal year 2022.

The entity to receive funding for this project is the City of Albuquerque, located at 1 Civic Plaza, Albuquerque, New Mexico, 87102.

The funding would be used to complete Phases 3 and 4 of Daniel Webster Park, named after an Albuquerque police officer, shot and killed in the line of duty. Federal funds will be used for construction, including site preparation, creation of green spaces and installation of play equipment and innovative features that comply with the Americans with Disabilities Act (ADA) that will serve children with a wide range of ability challenges. No park of this type exists in Albuquerque. Completion of Daniel Webster Par will improve and support economic development in an under-served neighborhood. Daniel Webster Park will be an example to the nation of how to lift people up through parks, bring them together and create a more just and equitable society and communities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Melanie A. Stansbury

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for a non-congregate shelter in fiscal year 2022.

The entity to receive funding for this project is the City of Tempe, located at 31 E. 5th St. in Tempe, AZ 85281. The funding would be used to help acquire an existing hotel of up to 60 rooms to provide shelter for up to 120 vulnerable individuals who are homeless and need a place to stay while receiving services and awaiting transition to permanent supportive housing.

I certify that neither I nor my immediate family has any financial interest in this project.

April 26, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Virginia 2021/2023 Street and Infrastructure Improvements Project - Phase One, Stage Two in fiscal year 2022.

The entity to receive funding for this project is City of Virginia, MN, located at 327 1st Street South, Virginia MN 55792.

The funding would be used to make improvements the roads including a full reconstruction of the subgrade, base, curb and gutter, ditching (where applicable), and surface. The roads would be surfaced with bituminous pavement. The overall width of the road would be designed to meet typical design standards. Perforated polyethylene (PE) drain tile pipe would be installed at the bottom of the road section to allow for subgrade and base drainage to help keep water out of the road bed and significantly reduce possible failures (i.e., settlement, heaving, cracking, etc.).

Sidewalks would be reconstructed to meet current ADA standards, including widths, grades, and accessible pedestrian ramps. Utilities (storm sewer, sanitary sewer, and water main) would be upgraded to provide many years of continued service to the citizens of Virginia.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

PETE STAUBER

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding to replace a failing lead-based paint protection system with a more environmentally friendly zinc-based paint system at the Ogdensburg-Prescott International Bridge in fiscal year 2022.

The entity to receive funding for this project is the Ogdensburg Bridge and Port Authority, located at 1 Bridge Plaza, Ogdensburg, New York 13668

The funding would be used to replace a failing lead-based paint protection system with a more environmentally friendly zinc-based paint system. The modernized system will protect these spans and help avert a potentially significant lead-based threat to the environment. This project will replace the paint on spans 24 through 32 on the Bridge.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

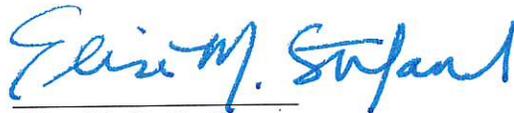

I am requesting funding for developing the former General Electric De-Watering Facility in Fort Edward, New York into the Canalside Energy Park in Fiscal Year 2022.

The entity to receive funding for this project is the Warren/Washington County Industrial Development Agency located at 5 Warren Street, Glens Falls, New York 12828

The funding would be used to complete design and engineering for the wastewater system, upgrades to and extension of the drinking water system, and for the replacement of the entryway bridge. The area being funded is lacking wastewater and drinking infrastructure, as well as an industrially rated bridge at the Park's entrance.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for construction of a child advocacy center in North Port, Florida in fiscal year 2022.

The entity to receive funding for this project is Child Protection Center, Inc. located at 720 South Orange Avenue, Sarasota, FL, 34236.

The funding would be used to construct a child advocacy center providing services to fight against child abuse. In the region where construction is slated to take place, there are currently 43,000 students with an expected addition of over 10,000 more in the next few years through development projects. With this rapid growth in young people, there is the risk of child abuse and this construction will bring much needed services to a growing region.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Troy Park Enhancement Project in fiscal year 2022.

The entity to receive funding for this project is the City of Troy, located at 500 W. Big Beaver Road Troy, MI 48084.

The funding would be used for the construction of a large pavilion and ice rink at the Civic Center Campus. These additions will provide a public gathering space for residents and a venue for community events.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Haley Stevens
Member of Congress

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Industrial Road Improvements Project in Fiscal Year 2022.

The entity to receive funding for this project is Cedar City Corporation, located at 10 Main Street Cedar City, Utah 84720 in Utah's second congressional district.

The funding would be used to completely overhaul the Industrial Road corridor in Cedar City, Utah. The overhaul is critical to the City's ability to manage commercial truck traffic and high population growth. In the past nine years, the City's population has grown by nearly 19%, and unforeseen COVID-19-related growth in 2020 and 2021 is pushing the limits of the City's current infrastructure. The overhaul includes the extension of water and sewer lines, which is needed to help the City meet its increased water and sewer demands. Repaving and widening Industrial Road will facilitate improved flow and safety of commercial traffic. Additional lighting is required to reduce traffic accidents and enhance the safety of children who walk to the local elementary school and safely cross under the interstate. Conversion of the railroad tracks to a dedicated paved pedestrian and bicyclist transportation corridor is needed to prevent conflicts between commercial traffic and the growing number of human-powered commuters in the City. Because the site consists of former railroad property, the City has identified it as a high priority site for remediation that includes landscaping and the installation of interpretive signage related to native plants and regional history. The need for additional greenspace in this section of the City is urgent, given the high pace of development in the area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Chris Stewart
Member of Congress

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Ephraim Road Safety & Economic Development Project in Fiscal Year 2022.

This entity to receive funding for this project is City of Ephraim, located at 5 South Main Street Ephraim, Utah 84627. The funding would be used to construct a new street corridor on U.S. Highway 89 in downtown Ephraim, Utah. This taxpayer funding will address the highest priority transportation master plan need in Ephraim addressing an economically depressed area in rural Utah.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Chris Stewart
Member of Congress

Congress of the United States

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in funding for the Homestead Park Redevelopment in fiscal year 2022. The entity to receive funding for this project is the City of University Place, located at 3609 Market Place West, University Place, WA 98466.

With the rezone of the City's downtown as a regionally designated Urban Center under the State's Growth Management Act, the City has seen significant new mixed-used, transit-oriented development. Homestead Park is at the center of this development. The park is heavily vegetated and, as a result, suffers from a lack of visibility. The City seeks to address safety concerns raised by the community at large, and of particular concern to residents in nearby apartment buildings. The proposed improvements also will address the need for a more inviting and usable community gathering location in the center of the City's most dense neighborhood.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Marilyn Strickland

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$3 million in funding for the Spanaway Transit Center and Bus Rapid Transit Station Completion (at Pacific Avenue/SR 7 BRT route's southern terminus) in fiscal year 2022. The entity to receive funding for this project is Pierce Transit (Pierce County Transportation Benefit Area Corporation), located at 3701 96th St. SW Lakewood, WA 98499.

The Spanaway Transit Center will serve a low-income and high-minority area. According to the latest US Census data, 11.3% of Spanaway, Washington, residents are considered to be living in poverty (compared to 9.4% for Pierce County) and 12.1% reported having a disability. The data also show that 18.1% of residents do not speak English as their primary language at home.¹ In addition, many residents of south Pierce County rely on transit for their sole source of personal transportation. Demographic data from the Remix transit planning software program for the Route 1 show 11.7% of residents have no motor vehicle at home. The minority population along the route is also high; over one-third (35.6%). Pierce Transit believes that Spanaway has been due for a proper transit center facility with passenger parking for many years now, not only for its transit-dependent population, but to enhance the ridership experience and promote transit usage throughout the 14.4-mile Pacific Avenue/SR 7 corridor, once the agency's inaugural BRT line is open for revenue service in late 2024. With travel times reduced by one-third once BRT 1 opens for revenue service in 2024, the Spanaway Transit Center will support the route by providing better access to amenities and jobs to some of Pierce County's most economically vulnerable residents. Once this project is complete, equity populations will see greatly improved access to work through frequent and reliable service, plus shorter travel times. The expanded transit center will better serve the 13,900 residents within a 5-minute drive and 4,800 residents within a 15-minute walk from the transit center. Of those households, roughly 14% are living below the poverty level and nearly 60% consist of diverse ethnic and racial compositions. US Census data also reveal a high number of minorities (62%) live within a five-minute drive of the planned transit center. There is a need for this facility based on Puget Sound Regional Council's 2040 growth projections which estimate a 35% increase in employment and a 23% increase in population in the Spanaway area. In addition, there is a lack of designated parking (162 stalls) within a 15-minute drive, meaning area residents will need to drive 20 minutes or more just to park a car to catch a bus or other high capacity transit mode. This time and distance disincentivizes the use of public transportation. Pierce Transit's service area in Pierce County, Washington, includes 12 federally recognized Opportunity Zones, which are Census Tracts identified as Low-Income Communities. Six of those Opportunity Zones are served directly with

¹ <https://www.census.gov/quickfacts/spanawaycdpWASHINGTON>

by the BRT route originating from the Spanaway Transit Center. Four more Opportunity Zones can be easily reached via one transfer to or from another Pierce Transit local bus route. Essential jobs make up about 69% of total employment in the Pierce Transit service area. The design of Pierce Transit's Stream BRT network aligns with the pattern of essential jobs, meaning transit dependent residents will have access to faster, more frequent and easily accessible stations and routes. Ridership during COVID-19 revealed that boardings are critical in Spanaway, the Lakewood area, and in downtown Tacoma.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marilyn Strickland', written in a cursive style.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2.8 million in funding for the Nisqually Housing Development Road in fiscal year 2022. The entity to receive funding for this project is Nisqually Indian Tribe, located at 820 She-Nah-Num Drive S.E. Olympia, WA 98513.

The Nisqually Indian Tribe has developed a long-term plan for sustainable community housing development focusing on completion of infrastructure improvements within a 40-acre parcel of tribal trust land specifically dedicated for housing purposes. The new housing site is centrally located on the Nisqually Reservation, and is adjacent to the Tribe's new Health Clinic, Elder's Center, and Public Works facilities. The site will provide space for future development of up to 100 new housing units, including single family and multi-family units, as well as critically needed Elder housing, for low and moderate-income tribal families. The Tribe has worked with tribal architect Womer and Associates in completing a site plan and cost for the infrastructure work. This work includes water, wastewater, power and communications extensions throughout the site, as well as the actual road engineering and construction. Housing will be developed on the site over the next 3-5 year through a combination of tribal hard dollars, HUD funds, HUD 184 loan guarantee financing, as well as other state and federal housing program sources.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in funding for the Lacey Veterans Service Hub in fiscal year 2022. The entity to receive funding for this project is the City of Lacey, located at 420 College Street SE Lacey, WA 98503.

Lacey Veterans Service Hub (LVSH) provides a single-entry point service hub for area veterans seeking employment, education, housing, health and nutrition services by working with more than 70 partners and providers. The City's recent investment addressed physical space constraints the facility experienced with the expansion and addition of service providers, however, additional enhancements are needed to ensure disabled veterans experience fewer barriers to accessing the facility and to improve the LVSH ability to connect veterans with services. Funding would allow the City to install an elevator in the LVSH to ensure disabled veterans are able to access the building. The physical layout of the building today requires the use of stairs to access the hub. Additionally, funding would allow the City to develop and deploy technology in the LVSH to more efficiently connect veterans and providers, and service more individuals to meet the overwhelming need. Today, staff and volunteers at the LVSH have to manually intake veterans to determine what services they are eligible for which is time intensive. Additionally, it only allows for intake of one individual at a time which must be done in-person. Funding will allow the LVSH to purchase tablet computers and associated compliant software systems to automate this process and increase efficiencies for staff, service providers, and volunteers, as well as increase ease of service accessibility for veteran applicants that will be able to fill out the form online or in-person.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$3,900,000 in funding for the City of Tacoma: Pedestrian Accessibility Project in fiscal year 2022. The entity to receive funding for this project is the City of Tacoma's Public Works Department, located at 747 Market St. Room 520, Tacoma WA 98402. The funding would be used to design and construct pedestrian ramps on street curbs in the City of Tacoma. I certify that neither I nor my immediate family has any financial interest in this project.

This is a valuable use of taxpayer funds because it removes critical barriers to accessibility. Per Title II of the Americans with Disabilities Act, state and local governments such as the City of Tacoma are federally mandated to prioritize the removal of barriers to accessibility within the City's public rights-of-way. Without curb ramps, many people with disabilities are unable to access sidewalks that lead to bus stops, hospitals, medical offices, social service agencies, places of employment and other municipal buildings. Without access to transportation and services, people with disabilities are unable to live in a community. A lack of access can inadvertently shape the makeup and equity of a community by welcoming some people while denying access to others.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$500,000 in funding for the Shelton Young Adult Transitional Housing in fiscal year 2022. The entity to receive funding for this project is Shelton Youth Connection, located at 123 South 2nd Street Shelton, WA 98584.

In September 2019, Shelton Youth Connection (SYC) opened a drop-in center in Shelton, WA for youth and young adults ages 12 to 24 years old. The center is a safe place to connect with supportive services allowing them options to achieve their best possible outcome.

The project includes purchasing and renovating at the currently leased location, providing access to 6,000 additional square feet to create 12 transitional housing living spaces for homeless or at-risk of homeless youth and young adults whom they currently serve. Preventing youth homelessness has positive, long term affects for our communities. Shelton Youth Connection believes if we can support and change a minimum of one person's life a month from homelessness to hopefulness with permanent housing it would be a benefit to taxpayers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Marilyn Strickland

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$1,800,000 in funding for the New Water Source to be connected to existing tribal water system project in fiscal year 2022. The entity to receive funding for this project is Squaxin Island Tribe, located at 10 SE Squaxin Lane, Shelton, WA 98584-9200.

Funding would go towards a final engineering and construction of connecting a new water source to the Squaxin Island Tribe water system approximately 1.5 miles away. The Squaxin Island Tribe's current water source is at capacity and diminishing every year. This water source allows for the Squaxin to maintain and build a thriving economy. This project will reap a great return for the region, providing new jobs while preserving existing jobs for families of surrounding counties.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Marilyn Strickland
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$850,000 in funding for a new roof for the Sid Jacobson JCC in fiscal year 2022. The entity to receive funding for this project is the Sid Jacobson JCC, located at 300 Forest Drive, East Hills, NY 11548. The funding would be used for a new roof. I certify that neither I nor my immediate family has any financial interest in this project.

The project would be a valuable use of taxpayer funds because Sid Jacobson JCC is a full-service community center providing a wide array of programs and services for thousands of community members. In addition to their Health + Wellness Center and Early Childhood Center, the JCC is home to numerous social service programs that thousands in their community rely on. Their Adult Day Programs provide engaging activities for individuals with Alzheimer's and other chronic conditions while also providing critical support for caregivers. Sid Jacobson JCC is also home to the first-of-its-kind Young Onset Dementia Program for individuals in their 30's, 40's and 50's. We provide a full range of programs for individuals with special needs built around the development of socialization and life skills that will enable their participants to reach their highest level of independence. Their Cancer Wellness Center provides a holistic approach with education, exercise and support groups for cancer patients and survivors. Their Community Needs Bank helps provide for the food insecure in our community through both direct delivery and partnerships with local food pantries. Their newly launched "Hub" provides access to mental wellness services through licensed social workers and career services support. A new roof would allow them to continue their community service safely.

Sincerely,

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Crow Canyon Road Iron Horse Trail Bicycle-Pedestrian Overcrossing in fiscal year 2022. The entity to receive funding for this project is the City of San Ramon, California, located at San Ramon City Hall, 7000 Bollinger Canyon Road, San Ramon, California 94583. The funding would be used to finalize the blueprint for construction of a pedestrian bridge and make trail improvements along an important recreational trail that serves residents across the region. The project would provide safety improvements and enhancements to the Iron Horse Trail, a multi-use, whole access trail of regional significance for residents from the City of Concord to the City of Pleasanton. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eric Swalwell
Member of Congress

MARK TAKANO

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$175,000 in funding for the Consortium of Early Learning Services Child Care Expansion project in fiscal year 2022.

The entity to receive funding for this project is the University of California, Riverside, located at 900 University Avenue, Riverside, CA 92521.

The entity to receive funding for this project is the Consortium of Early Learning Services, located at 21250 Box Springs Road, Suite 113, Moreno Valley, CA 92557.

The funding would be used to help cover the costs associated with licensing requirements, purchase of materials necessary, and increase the capacity of 14 existing family child care homes (FCCHs) from small (8 children) to large (14 children).

The project represents a good use of taxpayer dollars because this project will support women-owned businesses that will provide more viable child care options for parents in the workplace, which is desperately needed – especially during the COVID-19 pandemic.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mark Takano".

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$1,500,000 in funding for the University of California, Riverside (UCR) – Opportunities to Advance Sustainability, Innovation, and Social Inclusion (OASIS) Clean Technology Park in fiscal year 2022.

The entity to receive funding for this project is the University of California, Riverside, located at 900 University Avenue, Riverside, CA 92521.

The funding would be used for site planning and workforce development training for the development of the OASIS Clean Technology Park. The OASIS Clean Technology Park will be a nexus for climate change and air quality research and innovation. The Clean Technology Park would include an atmospheric chamber facility, motor vehicle testing facilities, communications and data systems facilities, material science engineering laboratories, and smart city energy and infrastructure testing facilities.

The project represents a good use of taxpayer dollars because this project will promote research and innovation to the benefit of the entire nation, as a first step towards a much larger development of an OASIS hub.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mark Takano".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Griffiss-Woodhaven Revitalization.

The entity to receive funding for this project is the City of Rome, located 198 North Washington Street, Rome, NY 13440. The funding would be to implement critical infrastructure needs or redeveloping the Woodhaven Area, which includes 100 acres of former United States Air Force military housing and former private multi-family housing to support the booming job growth within the Griffiss Business and Technology Park, the United State Department of Defense investments into the Air Force Research Laboratory, the Defense Finance and Accounting Agency, and the silicon carbide semiconductor ecosystem at Marcy Nanocenter.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Utica Harbor Pedestrian Bridge.

The entity to receive funding for this project is the City of Utica at Utica City Hall, 1 Kennedy Plaza, Utica, NY 13502. The money would build a pedestrian bridge across the CSX railroad tracks improving mobility and accessibility between the Utica Harbor and the Adirondack Bank Center at the Utica Memorial Auditorium and the adjacent Nexus Center that is currently under construction. Such increased mobility and accessibility would result in increased economic activity on either side of the proposed bridge.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

CLAUDIA TENNEY

Dear Chairwoman DeLauro and Ranking Member Granger:

I write to you today to request funding for the Johnstown Airport Intermodal Connector Road, Hangar, Office Building, and Apron Development project in Fiscal Year 2022.

The entity to receive funding for this project is John Murtha Johnstown-Cambria County Airport, located 479 Airport Road, Johnstown, Pennsylvania, 15904.

The funding for this project will be used to construct an intermodal connector road from Airport Road onto the Airport property on the current airport right of way road called Fox Run road (a gravel access drive). This road project will open 75 acres of developable land on the airport property to support the Airport's economic development plans, including developing a heavy aircraft maintenance facility. This road will provide a redundant access point for fire and life safety to the airport runway and provide freight connector access to the airport runway to support other adjacent developments. The hangar, office building and apron development will support continued opportunity and economic development for the airport and entire region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Glenn Thompson".

Dear Chairwoman DeLauro and Ranking Member Granger:

I write to you today to request funding for the Jimmy Stewart Airport Improvements project in Fiscal Year 2022.

The entity to receive funding for this project are the Indiana County Commissioners, located at the 398 Airport Road, Indiana, Pennsylvania, 15701.

The funding for this project will be used for the construction of a new hangar facility at the Jimmy Stewart Airport and various improvements to an existing building situated on an adjacent parcel. The new aviation hangar would house multiple aircrafts depending on the final hangar size, which is now proposed at approximately 10,000 square feet. The renovations to the existing facility on an immediately adjacent parcel that would offer layover facilities for a fixed-based operator, plus improvements to infrastructure to accommodate safe operations. The proposed new hangar would be approximately 100-foot clear span rigid frame pre-engineered metal building, including site work, building shell, all utilities, concrete apron and access to the taxi way. The project would also include the acquisition of flight simulator equipment to be used by a pilot training program located at the airport.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Glenn Thompson".

Dear Chairwoman DeLauro and Ranking Member Granger:

I write to you today to request funding for the Knox Kane Pedestrian Highway Crossing Safety project in Fiscal Year 2022.

The entity to receive funding for this project is Headwaters Charitable Trust, located at 434 State Street #1, Curwensville, Pennsylvania, 16833.

The funding for this project will be used to construct eight (8) state highway pedestrian safety crossings in four (4) counties on Knox and Kane Trail. Since acquisition by Headwaters Charitable Trust, railroad rails and wooden cross ties have been removed making the trail instantly useable. There are twenty-nine (29) Pennsylvania State Highway crossings along the 73.8-mile corridor. This project will address public safety for use of this infrastructure.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Glenn Thompson".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Lake County Kelseyville Sidewalk Project in fiscal year 2022.

The entity to receive funding for this project is Lake County located at 255 N. Forbes Street, Lakeport, CA 95453.

The funding would be used for completing the development of a Safe Routes to School Plan, which will assist communities in creating safe routes for students to walk and bike to school. The existing shoulder provides no physical separation between school children and other pedestrians, which creates an immediate risk for potential injuries and fatalities. This project will focus on a physical barrier separating pedestrians from vehicular traffic.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Mike Thompson".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Bike Share Expansion project in fiscal year 2022. The entity to receive funding for this project is the Regional Transportation Commission of Southern Nevada located at 600 S. Grand Central Parkway Ste. 250, Las Vegas, NV 89106. The funding will add two additional bike stations to the current network in downtown Las Vegas and approximately 60 e-assist bikes to the fleet. The bike share program has been hugely popular, and use has increased to historic levels even during the pandemic. The e-assist bikes have nearly triple the use of the traditional bikes.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I, Congresswoman Rashida Tlaib, am requesting funding for Improvements to Fauver-Martin Club for the benefit of Highland Park in FY 2022.

The intended recipient of the Community Project Funding is Boys & Girls of Southeastern Michigan, located at 26777 Halsted Road, Suite 100 Farmington Hills, MI 48331-3560.

The funding is intended to be used for the improvement of the Fauver-Martin Club in Highland Park. renovations will include (1) a laundromat, a barber salon, a DJ recording studio, a Café/Snack Bar, and a test kitchen, all of which will be revenue producing, workforce development opportunities and small business incubator space for startups and entrepreneurs

I certify that neither I nor any immediate family member has any financial interest in this project.

Sincerely,

Rashida Tlaib

Dear Chair DeLauro and Ranking Member Granger:

I, Congresswoman Rashida Tlaib, am requesting funding for Ruth Ellis Center on Clairmount (REC Center) in FY 2022.

The intended recipient of the Community Project Funding is Ruth Ellis Center, Inc, located at 77 Victor Street Highland Park, MI 48203.

The funding is intended to be used for The Ruth Ellis Center which will fill a significant need in the 13th District for safe, affordable, identity-affirming housing for multiply marginalized black and brown residents of Detroit, with a focus on those who identify as LGBTQ+ between the ages of 18 to 30 and people living with HIV.

I certify that neither I nor any immediate family member has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Saratoga Park project in fiscal year 2022.

The entity to receive funding for this project is the City of Montclair, located at 5111 Benito Street, Montclair, CA 91763.

The funding would be used to update a heavily used community recreation facility and to provide needed infrastructure improvements to the baseball field and associated facilities at Saratoga Park, located at 5397 Kingsley Street. The project will address existing ADA compliance needs, retrofit and refurbish the existing community recreation facility, and modernize and improve the existing baseball facilities.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Asian American Center of Frederick's (AACF) Asian American Service Center in the Fiscal Year 2022 Transportation, and Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this project is Asian American Center of Frederick, located at 1306 W. Patrick Street, Suite 5A, Frederick, MD 21703.

If awarded, the funding will be used to improve and enhance the AACF's programs for the youth, the elderly, and persons with disabilities, and general social/welfare public service programs for low- and moderate-income persons and households especially those who are ethnic minorities and immigrant populations in a cost effective manner to attain quality of life. With the requested funding, AACF would acquire new commercial space to become their new Asian American Service Center for its programs and services. With the recent rise in anti-Asian sentiment, and Asian Hate Crime phenomenon, this building will provide extra space needed to launch additional programs and services for the Asian American communities, which experience discrimination, implicit bias, structural and systemic racism in the community. The expansion is critical so that the Asian American and other minority communities in Maryland have access to vital services that address their needs.

I certify that neither I nor any member of my immediate family has any financial interests in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "David Trone".

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Hagerstown, Maryland's initiative to transform and repurpose vacant and blighted properties in the Fiscal Year 2022 Transportation, and Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this project is City of Hagerstown, Maryland, located at 1 E. Franklin St. Hagerstown, MD 21740.

If awarded, the funding will be used for a critical initiative to eliminate blight that exists throughout multiple City neighborhoods. Numerous vacant/blighted/abandoned properties are negatively impacting the Hagerstown community and without intervention, these properties will continue to deteriorate, continue to be major safety concerns for local residents, and continue to be an overall nuisance for the City. A significant focus of this initiative will be carried out through the City's new Tax Sale Property Repurpose Program. Aligning with recent State of Maryland Legislation from 2018, this new program was created via City Ordinance in 2020 and will be utilized to transition numerous vacant and abandoned properties into productive use. This initiative will positively impact taxpayers by enhancing neighborhoods through revitalization or removal of unsafe structures while also providing new opportunities for quality renter or owner occupied housing.

I certify that neither I nor any member of my immediate family has any financial interests in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Trone', written over a white background.

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Maryland-National Capital Park and Planning Commission's South Germantown Recreational Park in the Fiscal Year 2022 Transportation, and Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this project is the Maryland-National Capital Park and Planning Commission, located at 6611 Kenilworth Avenue, Riverdale, MD 20737.

If awarded, the funding will be used to rehabilitate the park access road and trails that have deteriorated and are rated in poor condition. South Germantown Recreational Park is one of Montgomery Parks' most active parks, offering a variety of activities to choose from, including hiking, biking, archery, miniature golf, swimming, soccer, picnicking, and adventure play, to name just a few. With age and heavy use, many of the paved trails and roadways within the park have deteriorated having reached the end of their useful life and need renovation. However, normal lifecycle asset replacement funding is limited, and as it stands now, this project would not be funded for many years in the future. However, with federal grant assistance, this project could be completed in the near term, rehabilitating approximately 3 miles of trails, 7 miles of walking paths, and 2 miles of roadway, enhancing park user access within this active, heavily used recreation area. Pavement renovations will improve public safety and access to loop trails and trail connections, while providing safe access to athletic fields and other park amenities.

I certify that neither I nor any member of my immediate family has any financial interests in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "David Trone".

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$1 million in funding for the Woodland Cemetery Restoration and Preservation project.

The entity to receive funding for this project is the Woodland Arboretum Foundation located at 118 Woodland Avenue, Dayton, Ohio 45409.

Founded in 1841, Woodland was one of the nation's first rural garden cemeteries that was not connected to a church or place of worship. It is a unique cultural, botanical and educational resource in the heart of Dayton. With over 111,000 souls entrusted to its care, it is the final resting place of many of Dayton's most distinguished residents including the Wright Brothers, Paul Laurence Dunbar, Charles F. Kettering, Gov. James M. Cox, John H. Patterson, Col. Edward A. Deeds, Erma Bombeck and so many more.

Woodland Cemetery & Arboretum has a multi-phased plan of restoring the historic structures on its grounds. This phased approach for restoration allows for much needed work to proceed forward as funding is received. The first phase of this project involves the restoration of the Tiffany Chapel, Gate and Administration Office. The project scope is to restore, stabilize, and prevent further deterioration of the structures including the stonework, clay-tile roofs, bronze custom gutters and the Tiffany glass windows within the Chapel while maintaining the structural and historical integrity of each window.

Restoration of Woodland's Chapel and Administration Building will return these 140 year old structures, closed to the public for over 30 years, to welcome visitors of all ages to learn more about the residents, history, art and culture of past, present and future Dayton, Ohio and our country.

Each year, an estimated 48,000+ visitors attend services, and frequent the park for recreational, botanical and historical uses including viewing the Gem City from our Lookout Point or simply finding a peaceful place to contemplate life and death in a serene setting. Today, the cemetery

with its outreach programs, has been well received by over 5,000 attendees, including 200+ educational programs in the form of tours and presentations on and off the grounds.

The restoration of Woodland's historic structures will increase visitation to Woodland and the surrounding community. The availability of the Chapel will allow greater public access to the grounds for cultural, educational, and recreational purposes in addition to traditional cemetery services.

Local restaurants and caterers can expect increased demand from our visitors in addition to access to accommodate events and functions that can now be held in these structures and on the grounds of Woodland. The preservation of the structures will be a priority and local suppliers and artisans will be utilized to maintain the ongoing facility needs.

This project will also provide visual and cultural benefit to our neighbors, the University of Dayton, Fairgrounds development "onMain," and other revitalization projects surrounding Woodland's 200+ acres of greenspace in Dayton.

Without restoration, these significant and beautiful structures will be lost in addition to the opportunities referenced above.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Michael R. Turner
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$400,000 in funding for the I-675 / Grange Hall Interchange Project in fiscal year 2022.

The entity to receive funding for this project is the City of Beavercreek, located at 1368 Research Park Drive, Beavercreek, OH 45432.

Interstate 675 and the Grange Hall Road corridors provide a vital link to Wright-Patterson Air Force Base. With the growth of this area over time, including major defense industry contractors, additional missions at Wright-Patterson Air Force Base, and the construction of a regional hospital, this corridor now experiences significant traffic delays during peak travel times and a higher crash rate. In order to improve safety, traffic flow, and access to Wright-Patterson Air Force Base, the existing half interchange at Grange Hall Road and Interstate 675 needs to be upgraded to a full access interchange.

The proposed funding would be used to complete a Conceptual Alternates Study and an Interchange Modification Study that are required to advance this needed improvement with the Ohio Department of Transportation.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Michael R. Turner".

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$4.55 million in funding for the Dayton Arcade Renovation Project in fiscal year 2022.

The entity to receive funding for this project is the City of Dayton, located at 101 West Third Street, Dayton, OH 45402.

The funding would be used for design, demolition, and renovation of historic Arcade located in downtown Dayton, Ohio, to create office space; a state of the art, fully equipped kitchen for food entrepreneurs; art studios; maker spaces; galleries; classrooms; and, event spaces for arts education for children and adults alongside professional development and business advancement for artists. The Dayton Arcade was constructed between 1902 and 1904. It is one of the most architecturally significant buildings in downtown Dayton and has been a central to downtown life for more than a century. The Arcade project is the highest strategic priority for the City of Dayton, with early signs indicating that the Arcade is energizing the downtown economy and galvanizing growth as the region emerges from the COVID pandemic. The Arcade project was conceived to accelerate economic activity in downtown Dayton utilizing a mix of business/technology, social and cultural entrepreneurship models. This intentional mix results in catalytic collision and collaboration between entrepreneurs whose success will lead to the reactivation of nearly 2,000,000 square feet of opportunity space located along the Main Street corridor. The Arcade, by its very nature, supports truly inclusive economic opportunity, and fosters transformative programs and partnerships that will revive and rebuild healthy, thriving neighborhoods, reduce economic inequities, and create entrepreneurial opportunities for our regional ecosystem.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Michael R. Turner".

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$500,000 in funding for Former Trotwood Salem Mall Redevelopment in fiscal year 2022.

The entity to receive funding for this project is Trotwood Community Improvement Corporation, located at 3035 Olive Road, Trotwood, OH 45426.

Funding requested would support renovation of the 126,000 square foot former Sears building and redevelopment of the surrounding 56 acres making up the former Trotwood Salem Mall property, which was the first enclosed shopping center in the Dayton, Ohio, area and closed in 2005. Renovation will allow reuse of the building and land for productive job creation, workforce development programming, and access to healthy food for residents. This funding will be used to leverage additional funding sources and secure financing for capital improvements related to the full redevelopment of the former Sears building and surrounding mall property.

This project is a top priority for the community as it stands to significantly benefit the residents of the city of Trotwood in multiple facets, through promoting access to healthy food and job training services in order to improve the opportunities and overall quality of life for Trotwood residents. Trotwood was on the long road of economic recovery from the Great Recession when it was devastated by the 2019 Memorial Day F-4 Tornado that damaged 731 homes and 1105 apartments with an estimated \$5 million in damages to Trotwood businesses, according to the ODSA CDBG-DR disaster recovery plan. Despite a strong immediate recovery from the Tornado, the onset of COVID-19 set back development plans and recovery efforts for the community, including for this specific redevelopment.

The benefits of this project will be many, in that the primary goal of this redevelopment is to bring access to needs currently being under-served in the Trotwood community. First, since Trotwood is identified as a "food desert," a top priority of this project is to bring access to healthy food through a multi-pronged approach of working with institutional grocery stores to

bring a store to the site and, also to create opportunity for local food entrepreneurs to sell and serve residents at this location. Second, to continue to strengthen the local workforce and meet the skilled needs of local businesses, this project looks to facilitate workforce development programming to increase the job readiness of Trotwood's workers. Additionally, working with regional and institutional partners, a focus on supporting and training entrepreneurs starting or growing their own businesses. Finally, this funding will seed capital infusion to be used to redevelop this long dormant and underutilized site at the former Salem Mall, creating a local economic engine that will empower residents and the community through providing access to resources and opportunities currently not available in the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Michael R. Turner
Member of Congress

Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting \$900,000 in funding for the onMain Dayton Exposition Hall Renovation in fiscal year 2022.

The entity to receive funding for this project is onMain, Inc., located at 110 North Main Street, Suite 1250, Dayton, OH 45402.

The funding would be used to renovate the Exposition Hall building which was constructed in 1874, is listed on the National Register of Historic Places and was the center piece of the former Montgomery County Fairgrounds that occupied the site for nearly 150 years. As the only remaining building on the site of the Fairgrounds, protecting the Exhibition Hall from further deterioration is important to ensuring that a planned future adaptive reuse is viable. The scope of work involves reconstruction of a new cupola that was destroyed in a fire, installation of new windows to match the original openings, and repair and replacement of exterior siding.

The Exhibition Hall renovation is part of "onMain," a major mixed-use redevelopment initiative that will transform a 38-acre site just south of downtown Dayton for job creation and economic development. The onMain vision for redeveloping the former Montgomery County Fairgrounds integrates the Exposition Hall as primary feature and organizing element for the master plan. The exterior renovation of the Hall will safeguard the building for its future reuse and will demonstrate to the Dayton community onMain's commitment to retaining this important landmark.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Michael R. Turner

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for a project to establish a Court Appointed Special Advocates (CASA) Clubhouse in Kendall County, Illinois.

The entity to receive funding for this project is CASA of Kendall County, located at 811 W John Street, Yorkville, Illinois 60560.

The funding would be used for the purchase and development of a "CASA Clubhouse," a multiuse space serving families involved with the foster care system and their advocates. The Clubhouse will be used as a free, safe location for families to meet on court-ordered visitation. The space will also be used to store donated resources for families and as the permanent advocacy office for CASA of Kendall County. Currently, there is not a single facility in Kendall County dedicated to this need, while CASA reports that the number of children in care in the County doubled from 2019 to 2020.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Lauren Underwood". The signature is written in a cursive, flowing style.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Allegan through HUD's Economic Development Initiative for their downtown streetscape in fiscal year 2022.

The entity to receive funding for this project is located at 231 Trowbridge Street Allegan, MI 49010.

Through a comprehensive public engagement process, the City of Allegan recently completed the development of a new vision for the downtown. The current public space, including the streets, sidewalks, and underground utilities, are severely lacking. Phase 1 of this project, would help address these concerns through the reconstruction of the main retail corridor (Brady Street and Locust Street) and replacement of all sewer mains, water mains, and lead service lines.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Avenue 95/96 Farm to Market Corridor Repairs, from Terra Bella to Pixley, in Tulare County, CA in fiscal year 2022. The entity to receive funding for this project is the Tulare County Association of Governments, located at 210 N. Church Street Suite B, Visalia, CA 93291.

The funding will be used to rehabilitates 10 miles of the Avenue 95 and Avenue 96 farm to market corridor between Pixley and Terra Bella within Tulare County, CA. This corridor links State Route 65 to the east and State Route 99 to the west. Repairing the road will improve goods movement, shorten travel times, and improve air quality.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Valadao".

David G. Valadao
Member of Congress

UNITED STATES
HOUSE OF REPRESENTATIVES

April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Mt. Whitney Avenue Complete Streets project in Riverdale, CA (Fresno County) in fiscal year 2022. The entity to receive funding for this project is the County of Fresno, located at 2281 Tulare, Suite 304, Fresno, CA 93721.

The funding for this project will be used to reconstruct the road and repair curbs, gutters, sidewalks, and storm drains in the unincorporated community of Riverdale, California. Riverdale is a disadvantaged community and this project would transform the lives of citizens by providing walkable, safe infrastructure.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "David G. Valadao".

David G. Valadao
Member of Congress

UNITED STATES
HOUSE OF REPRESENTATIVES

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Community Action Partnership of Kern (CAPK) Food Bank expansion in Bakersfield, CA in fiscal year 2022. The entity to receive funding for this project is the Community Action Partnership of Kern, located at 5005 Business Park North, Bakersfield, CA 93309.

The funding will be used to create an additional truck loading dock and a dock for partner agency vehicles and add a clean room for sorting and packaging food. In Kern County, Bakersfield is known as “The Hungriest City in America”, according to the Food Research and Action Center, 2018 report, and 76,287 (27%) of children are food insecure—lacking consistent access to enough food for an active, healthy life (USDA). The expansion of the CAPK Food Bank will allow CAPK to better respond to food insecurity in Kern County and provide increased support and assistance to some of the poorest communities in California’s 21st Congressional District.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Valadao".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Little Egg Harbor Township Recreation Complex Field Rehabilitation.

The intended recipient of these funds is the Office of the Little Egg Harbor Township Administrator, located at 665 Radio Road, Little Egg Harbor Township, NJ, 08087.

Community Project Funding will assist the township in paying for field rehabilitation of 4 soccer fields and 1 football field. The proposed project will rectify operational and safety issues through installation of underdrains, soil augmentation, grading, and re-sodding. This project will also reduce long-term maintenance costs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Jefferson Van Drew", with a long horizontal flourish extending to the right.

Dear Chairman DeLauro and Ranking Member Granger,

As you begin crafting the fiscal year 2022 Transportation, Housing and Urban Development bill, I respectfully request that you give consideration to the following funding priorities:

Provide a funding level of \$83,900,000 for Aircraft Rescue and Fire Fighting Station Consolidation at DFW Airport as a community project funding request. The intended recipient is DFW Airport located at 400 Aviation Dr, DFW Airport, TX 75261

The project would be a valuable use of taxpayer funds because DFW airport placed a purchase of several snow and ice removal vehicle with Grant funds. The snow and ice removal fleet allows DFW to maintain airport operations during snow and ice weather events as experienced in February of 2021. The proposed facility is planned to meet the U.S. Department of Transportation Advisory Circular No: 150/522-18A BUILDINGS FOR STORAGE AND MAINTENANCE OF AIRPORT SNOW AND ICE CONTROL EQUIPMENT AND MATERIALS. Currently the equipment parts in particular rubber hoses, tires, windshields, and paint finishes deteriorate faster due the high sun exposure in the Texas climate. This fleet storage facility will provide a climate-controlled enclosure to protect the equipment and extent the useful live of the equipment and its parts.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of these requests.

Sincerely,

Beth Van Duyne
Member of Congress

April 30, 2021

Dear Chairman DeLauro and Ranking Member Granger,

As you begin crafting the fiscal year 2022 Transportation, Housing and Urban Development bill, I respectfully request that you give consideration to the following funding priorities:

Provide a funding level of \$98,000,000 for Brute Force Electric Central Utility Plant at DFW Airport as a community project funding request. The intended recipient is DFW Airport located at 400 Aviation Dr, DFW Airport, TX 75261

DFW Airport is an integral component of the regional economy and transportation network. The new Central Utility Plant (CUP) will serve the Central Terminal Area and other mission-critical facilities. By enhancing capacity and restoring redundancy of heating and cooling systems, the new CUP will improve DFW Airport's resiliency. It will also serve the needs of long-term growth and enable future terminal expansion.

The project will also improve regional air quality. The U.S. Environmental Protection Agency (EPA) has designated the Dallas-Fort Worth-Arlington region as a nonattainment area for ozone under the National Ambient Air Quality Standards (ozone NAAQS). To continue progressing toward attainment, DFW Airport plays a role in reducing regional ozone through its reductions of ozone precursor emissions, including NOx and VOCs. The transition to zero-emission electricity for heating in the new CUP will reduce ozone precursor emissions by 85%.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of these requests.

Sincerely,

Beth Van Duyne
Member of Congress

Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Palomar Street Light Rail Grade Separation project in fiscal year 2022, in the amount of \$2,000,000. The entity to receive funding for this project is the San Diego Association of Governments (SANDAG), located at 401 B Street, Suite 800, San Diego, CA 92101.

The \$2 million towards the Palomar Street Light Rail Grade Separation project would complete Final Design for this long-awaited traffic and safety improvement project. The combination of increased traffic and wait times is anticipated to result in major traffic delays and diminish corridor travel times along the Blue Line Light Rail transit system.

For years now, this light rail crossing has been considered a priority grade separation project for the region. As Chula Vista continues to develop, traffic delays will only become worse, increasing greenhouse gas emissions and delaying critical goods movement. The proposed grade separation is intended to: improve traffic circulation and reduce delays and congestion; increase mobility in the region for all users; and enhance safety and increase ridership with improvements in travel times at the Palomar Street Trolley Station.

Once this project is ultimately constructed, it would serve as a more efficient means of travel for passengers connecting them to jobs, school, and other social/economic activities in a timelier manner. With improvements in travel times, it is anticipated to increase productivity for both passengers and goods movement, alike. Finally, the reduction in vehicle idle time will correspondingly reduce greenhouse gas emissions and help the region meet its state mandated goals.

This project has written support from the following local stakeholders: Nora Vargas, Vice Chair and First District Supervisor, San Diego County Board of Supervisors; Ben Hueso, California State Senator of the 40th Senate District; Sharon Cooney, Chief Executive Officer of the Metropolitan Transit System; J. Stuyvesant, President/CEO of the Port of San Diego; Jerry Sanders, President and CEO of the San Diego Regional Chamber of Commerce; Danielle Berger, Director of Planning, Circulate San Diego; Lorena Gonzalez, California Assemblywoman of the eightieth district; and James O'Callaghan, President and CEO of the South County Economic Development Council.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Juan Vargas". The signature is written in a cursive style with a large initial "J" and a long, sweeping underline.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the "La Media Improv. Siempre Viva to Truck Rte, San Diego, CA" project in fiscal year 2022, in the amount of \$400,000. The entity to receive funding for this project is The City of San Diego, located at 202 C St., San Diego, CA 92101.

The \$400,000 will be allocated towards the design phase of the overall project intended to reconstruct and increase the curb-to-curb width of La Media Road, between Siempre Viva Road and the designated truck route to the Otay Mesa Port of Entry. The total cost for design is \$1,120,000 and the City is committed to utilizing TransNet funding to make up the \$720,000 nonfederal cost share for complete design, in addition to the \$400,000 in federal funds, if allocated.

La Media Road is integral to the California 51st District's transportation infrastructure and economy, as well as that of the wider state, as it feeds into the designated truck route for the most active border crossing in California, Otay Mesa Port of Entry. Despite the importance of this road, it is currently in extremely poor condition. Completion of the design phase and the ultimate widening and reconstruction of La Media Road will allow for an enhanced environment for truck commerce to and from Mexico, essential to our border community, the state and the country.

This project has also received written support from San Diego City Council Member Vivian Moreno, of District 8.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

JUAN VARGAS
Member of Congress

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the “Bayshore Bikeway, Barrio Logan Segment” project in fiscal year 2022, in the amount of \$2,150,000. The entity to receive funding for this project is the San Diego Association of Governments (SANDAG), located at 401 B Street, Suite 800, San Diego, CA, 92101.

The Barrio Logan Segment of the Bayshore Bikeway is a 2.4-mile, Class 1, shared-use path that will serve people walking, biking and using other non-motorized modes. Currently 75 percent of the facility has been completed and this project will close a major gap in the Bayshore Bikeway with a connection to downtown San Diego and the Bayfront promenade to the convention center. It will also provide direct access to Naval Base San Diego and many working waterfront employment centers, businesses and activity centers. Finally, as an active transportation project, it can help meet regional, statewide and national goals of greenhouse gas emissions and vehicle miles traveled reductions.

The \$2.15 million request will be used to complete construction of the project. Specifically, the funds would be used to construct the bikeway and intersection improvements from Cesar E. Chavez Parkway to Sampson Street. The remaining costs will be covered by a combination of local and state funds, a state Active Transportation Program (federalized) grant, CRRSSA funds, and a grant from the California State Coastal Conservancy.

Construction work could include, but is not limited to the following items:

1. Nearly a half-mile of Class 1 shared-use path
2. Reconstruction of the adjacent roadway and medians to accommodate the ~17 feet used for the separated shared-use path
3. Path and roadway striping/restriping, and new road signs and wayfinding signs
4. Modification of the traffic signals at Harbor Drive and Cesar E. Chavez Parkway
5. Modification of the traffic signals at Harbor Drive and Sampson Street
6. Hazardous waste (aerially deposited lead) removal, hauling, and disposal
7. Adjustment of utilities and utility appurtenances
8. Construct 300 feet of new sidewalk and reconstruct 4 curb ramps to current ADA standards
9. High-visibility crosswalks

This project has received written support from the following stakeholders: Marcus Bush, National City Councilmember; Sandy Naranjo, Commissioner, Port of San Diego; J. Stuyvesant, President/CEO, Port of San Diego; Lorena Gonzalez, California Assemblywoman of the eightieth district; Nora Vargas, Vice Chair and First District Supervisor, San Diego County Board of Supervisors; Ben Hueso, California State Senator of the 40th Senate District; Danielle Berger, Director of Planning, Circulate San Diego, Michael R. Donovan, Councilmember, City of Coronado; Matthew Leyba-Gonzalez, Councilmember, City of Imperial Beach; Andy Hanshaw, Executive Director, San Diego County Bike Coalition.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Juan Vargas". The signature is written in a cursive style with a large initial "J" and "V".

Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Bayshore Bikeway - Segment 5 project in fiscal year 2022, in the amount of \$300,000. The entity to receive funding for this project is the City of National City, located at 1243 National City Boulevard, National City, CA 91950.

The \$300,000 in funding will be allocated towards the final design phase of this segment. Segment 5 has qualified for funding from multiple sources in the past, including the ATP Cycle 4 Grant Program, the Port of San Diego, and has been funded by National City as well.

The project will provide nearly 1.5 miles of protected bicycle facilities along McKinley Avenue and Marina Way in the City of National City. Segment 5 will complete the last leg of the Bayshore Bikeway within National City; and enhance bicycling connections to transit and other key destinations such as National City's Harbor District, Naval Base San Diego, Kimball Elementary School, and several parks. Additionally, the project will provide a connection to the Sweetwater River Trail, another regional bikeway. With the completion of Segment 5, National City residents will be able to access as far north as Downtown San Diego and as far south as the City of Chula Vista using only protected facilities.

This project is part of the City of National City's proposed Health and Opportunity through Partnerships for Equity (HOPE) Improvements Projects. This is a collection of projects that have been vetted with public input and have been approved or accepted by National City's City Council.

As described by the City Council, these projects will provide safe and accessible active and alternative transportation facilities for users of all ages and abilities. The proposed improvements will promote clean mobility alternatives as a viable travel choice, reducing greenhouse gas emissions, and promoting a healthier, more active lifestyle, as well as enhance the quality of life for disadvantaged residents in National City. The projects also have written support from National City Mayor Alejandra Sotelo-Solis.

Finally, this project is supported in writing by the following stakeholders: Mark West, Mayor Pro Temp, City of Imperial Beach; Councilmember Michael R. Donovan, City of Coronado; Colin Parent, Executive Director and General Counsel, Circulate San Diego; Zack Bartlett, General Manager, LimeBike; Mary Beth Moran, Manager of the Injury Prevention Programs, Rady Children's Hospital, San Diego; Kim Kawada, Chief Deputy Executive Director, SANDAG; Andy Hanshaw, Executive Director, San Diego County

Bicycle Coalition; Randa J. Coniglio, President/CEO, San Diego Unified Port District; Danielle Berger, Director of Planning, Circulate San Diego.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Juan Vargas". The signature is written in a cursive style with a large initial "J" and a long, sweeping underline.

April 30, 2021

The Honorable Rosa DeLauro
Chairwoman
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the “24th Street First and Last Mile Connections to Trolley Station” project in fiscal year 2022, in the amount of \$3,332,781. The entity to receive funding for this project is the City of National City, located at 1243 National City Boulevard, National City, CA 91950.

The \$3,332,781 requested in funding will cover the entirety of the funding needed for the 24th Street First and Last Mile Connections to Trolley Station project, which consists of cycle tracks along 22nd Street and Hoover Avenue. Along 22nd Street, the proposed project will convert parallel parking on the north side to angled and remove parking on the south side and the existing Class II bike lanes, and place a two-way Class IV cycle track from the 24th Street Trolley Station to Hoover Avenue. Along Hoover Avenue, the proposed project will remove one lane in each direction, add a new center left-turn lane, and implement one-way Class IV cycle tracks from 22nd Street to 30th Street. Finally, the project will provide safe comfortable bikeway connections between the 24th Street Trolley Station and residential and commercial land uses to the east and south.

The City of National City Homefront to Waterfront (HW) Plan, IntraConnect Plan, and the 24th Street Transit Oriented Development Overlay (TODO) Plan incorporated extensive community outreach efforts to develop community-identified transportation needs. As part of the HW effort, 56% of the community members stated that separated bike lanes that are protected from adjacent travel lane with a physical barrier would make them more likely to bike in the project area. As part of the IntraConnect Plan, over 50% of the residents are deterred from biking due to traffic safety, and nearly 33% stated the need to have less cars on the street and enhanced safety for bicycle facilities. And as part of the TODO effort, 50% of the respondents identified the need for improved walking and bicycling connections to the 24th Street Trolley Station, parks, the Bayshore Bikeway, and the Sweetwater Bikeway.

The 24th Street First and Last Mile Connections to the Trolley Station will address these needs by providing protected bicycle facilities on 22nd Street and Hoover Avenue. The 22nd Street two-way cycle track provides direct access to the 24th Street Trolley Station, and the recently completed Paradise Creek Park. A new traffic signal is proposed on 22nd Street at National City Boulevard that will help bicyclists and pedestrians cross the busy 4-lane arterial roadway and access these important community resources. The Hoover Avenue cycle tracks reduce cars on the road by removing one travel lane in each direction to dedicate space to bicyclists. This will greatly strengthen and improve safety of the bicycle network, connecting the 22nd Street cycle track to both the Bayshore Bikeway and Sweetwater Bikeway. Both cycle

tracks will also make the walking experience safer and more comfortable by creating additional separation between pedestrians and vehicles.

In addition to the key destinations that residents will be able to access safely for their everyday needs, the proposed cycle track facilities will provide equitable access to the 24th Street Trolley Station. These connections cannot be understated, as it gives residents within the National City Community a clean transportation option to access the trolley and shared mobility routes, potentially traveling as far north as Downtown San Diego. With 74% of residents commuting outside of the city, this connection to the trolley station is even more critical, especially for the low-income residents who cannot afford their own vehicle

The project is part of the City of National City's proposed Health and Opportunity through Partnerships for Equity (HOPE) Improvements Projects. This is a collection of projects that have been vetted with public input and have been approved or accepted by National City's City Council. As described by the City Council, these projects will provide safe and accessible active and alternative transportation facilities for users of all ages and abilities. The proposed improvements will promote clean mobility alternatives as a viable travel choice, reducing greenhouse gas emissions, and promoting a healthier, more active lifestyle, as well as enhance the quality of life for disadvantaged residents in National City. The projects also have written support from National City Mayor Alejandra Sotelo-Solis.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Juan Vargas". The signature is written in a cursive, flowing style.

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the “24th Street Trolley Pedestrian Bridge Feasibility Study” project in fiscal year 2022, in the amount of \$294,700. The entity to receive funding for this project is the City of National City, located at 1243 National City Boulevard, National City, CA 91950.

The \$294,700 requested will fund a feasibility study that will evaluate the potential for constructing a pedestrian bridge over Interstate 5. When Interstate 5 was constructed, it bisected this already economically disadvantaged community. Now is the time to invest in communities that were adversely affected by the construction of the interstate highway system.

The local National City government affirms that residents utilize non-motorized transportation alternatives at a much higher rate than other communities within San Diego County. The residential areas in National City lie to the east of Interstate 5, and there are several destinations on the west side of Interstate 5 that are difficult to reach for non-motorized mobility users. Thus, Interstate 5 acts as a barrier for National City residents to essential population centers and other pedestrian and biking paths. These include the Bayshore Bikeway, Naval Base San Diego, National City's Marina District, and industrial and maritime employment centers. Above all, the bridge could facilitate safe pedestrian access to the 24th Street Trolley—a key mode of transportation for this community. The feasibility study could be an essential step towards allowing the proposed project to overcome this existing challenge for National City residents.

The City of National City Homefront to Waterfront (HW) Plan, IntraConnect Plan, and the 24th Street Transit Oriented Development Overlay (TODO) Plan incorporated extensive community outreach efforts to develop community-identified transportation needs. As part of the HW effort, 56% of the community members stated that separated bike lanes that are protected from adjacent travel lane with a physical barrier would make them more likely to bike in the project area. As part of the IntraConnect Plan, over 50% of the residents are deterred from biking due to traffic safety, and nearly 33% stated the need to have less cars on the street and enhanced safety for bicycle facilities. And as part of the TODO effort, 50% of the respondents identified the need for improved walking and bicycling connections to the 24th Street Trolley Station, parks, the Bayshore Bikeway, and the Sweetwater Bikeway.

Moreover, the project is part of the City of National City's proposed Health and Opportunity through Partnerships for Equity (HOPE) Improvements Projects. This is a collection of projects that have been vetted with public input and have been approved or accepted by National City's City Council. As described

by the City Council, these projects will provide safe and accessible active and alternative transportation facilities for users of all ages and abilities. The proposed improvements will promote clean mobility alternatives as a viable travel choice, reducing greenhouse gas emissions, and promoting a healthier, more active lifestyle, as well as enhance the quality of life for disadvantaged residents in National City. The projects also have written support from National City Mayor Alejandra Sotelo-Solis.

This project has received written support from the following stakeholders: Danielle Berger, Director of Planning, Circulate San Diego; Ted A. Godshalk, Director of Paradise Creek; Danny Serrano, Campaign Director, the Environmental Health Coalition.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Juan Vargas". The signature is written in a cursive style with a large initial "J" and "V".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$12,000,000 in funding to the development of Dallas-Fort Worth International Airport's Snow and Ice Removal Equipment Facility in fiscal year 2022. The entity to receive funding for this project is Dallas-Fort Worth International Airport located at 2400 Aviation Dr, DFW Airport, TX 75261. The funding will be used to provide a storage facility for twenty-five snow and ice fleet vehicles that currently are parked outdoor exposed to the weather. The purpose of the proposed building is to provide a functional snow and ice removal equipment building for previously AIP funded and acquired snow and ice removal equipment. The proposed request is a good use of taxpayer funds because the snow and ice removal fleet allow DFW to maintain airport operations during snow and ice weather events as experienced in February of 2021. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marc A. Veasey', with a long, sweeping underline.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting 3,000,000 funding for the Welman's Project Transform 1012 N. Main Street project in fiscal year 2022. The entity to receive funding for this project is the Welman Project at 3950 W Vickery Blvd, Fort Worth, TX 76107. The project would transform the former Ku Klux Klan Klavern No. 101 Auditorium in Fort Worth, TX, into The Fred Rouse Center and Museum for the Arts and Community Healing. The project would provide arts training and programming for underserved youth and mentorship/performance opportunities for early career performing artists.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marc A. Veasey', with a long, sweeping underline.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$100,000 funding for the United Way of Tarrant County's Volunteer Income Tax Assistance (VITA) project in fiscal year 2022. The entity to receive funding for this project is United Way of Tarrant County at 1500 N. Main, Ste. 200 Fort Worth, TX 76164-0448. The funding would be used to support family whose household income is \$60,000 get their tax returns prepared and filed by volunteers trained and certified by the IRS.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marc A. Veasey', with a long, sweeping underline.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$2,430,055 funding for the revitalization of the Eastside YMCA Community Center in fiscal year 2022. The entity to receive funding for this project is YMCA of Metropolitan Fort Worth, located at 1500 Sandy Lane, Fort Worth, Texas 76112. The funding would be used for the revitalization of the Eastside YMCA Community Center to provide a safe avenue and outlet to many young people in that area and provide an array of services including mentoring, after-school, gang prevention, swim lessons, and many more programs and activities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marc Veasey', with a long horizontal flourish extending to the right.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$833,000 funding for Dallas Area Rapid Transit's Smart Bus technology initiative in fiscal year 2022. The entity to receive funding for this project is Dallas Area Rapid Transit (DART), located at 1401 Pacific Ave, Dallas, Texas 75202. The funding would be used for the Smart Bus technology initiative that will include a combination of next bus signage, security video cameras, and possibly solar power in the West Dallas and Oak Cliff area at the Burnell-Singleton Transit Center and Cockrell Hill Transit Center. These locations are planned to be terminal points on the new redesigned bus network. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marc A. Veasey', with a long, sweeping underline.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$3,000,000 funding for the revitalization of the City of Everman's Park Improvements & Youth Programing in fiscal year 2022. The entity to receive funding for this project is the City of Everman located at 212 N Race St, Fort Worth, Texas 76140. The funding would be used for the rehabilitation of city parks and youth programing which will be designed to improve use and the overall economic development, and provide equal opportunity to youth with a lower socio-economic status that they may not otherwise be able to receive. These programs are not currently offered in this area. Therefore, without such program, the youth programs within the region are not currently an equitable opportunity for youth within the region. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Marc Veasey", with a long, sweeping underline.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for C.W. Thomas Park Redevelopment in fiscal year 2022.

The entity to receive funding for this project is the City of Dania Beach, located at 100 W Dania Beach Blvd, Dania Beach, Florida 33004.

The funding would be used for the rebuilding of C.W. Thomas Park, a 6-acre park that primarily serves as the recreational, social, and civic center for several low-moderate income neighborhoods. The existing structure, pool, and field-court layout are inefficient and do not serve the residents' level of use and diversity of activities. In 2020, the Dania Beach City Commission adopted the Parks Master Plan, which includes the demolition and reconstruction of the existing Community Center, construction of one football field, a baseball park, a basketball court, kids' playgrounds, a new pedestrian walkway, and site improvements. It is a good use of tax dollars because federal funding would provide a much-needed Community Center and outlet for low-income families and disadvantaged children.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Debbie Wasserman Schultz".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Gardena Community Aquatic & Senior Center Project in fiscal year 2022.

The entity to receive funding for this project is the City of Gardena, located at 1700 West 162nd Street, Gardena, CA 90247.

The funding would be used for the construction of the Gardena Community Aquatic & Senior Center, a multi-generational community complex. The Senior Center will provide a gathering space for seniors, health and fitness courses, a pantry to distribute food to persons facing food insecurities, and daycare for seniors who are dealing with conditions such as Alzheimer's and dementia. The on-site pool will provide recreational opportunities to residents of all ages.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Maxine Waters

April 30, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Trenton Wharf Flood Resilience Park Project in fiscal year 2022. The entity to receive funding for this project is the County of Mercer, located at 640 South Broad Street, PO Box 8068 Trenton, NJ 08650-0068. Funding will be used to restore the historic Trenton Fishing Wharf Park and reestablish access points previously provided as part of the riverfront restoration. Improvements include green stormwater management systems to mitigate flooding and rehabilitation of the surrounding public park. The implementation of the Trenton Wharf Park Improvement Project will have multiple benefits, including reduced flooding and public safety, increased equitable public access to waterfront parkland and recreation opportunities in an underserved community, and economic development in a low-income community. The project is a valuable use of taxpayer dollars because in a city with several miles of riverfront, but less than a handful of small access points, the Wharf Park is a uniquely treasured fishing spot for residents and its restoration is important for reconnecting residents to their riverfront.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Bonnie Watson Coleman

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the South Brunswick Library Expansion in fiscal year 2022. The entity to receive funding for this project is the South Brunswick Township, located at 540 Ridge Road, Monmouth Junction, New Jersey 08852. The funding would be used for improvements, renovations, and repurposing within the public library that will create an inspiring space where all members of the community can convene. Increased capacity to host training workshops and civic services open to the community will provide additional necessary services to the community which makes this a valuable use of taxpayer funds. I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Tri-Park Cooperative Housing Corporation in fiscal year 2022.

The entity to receive funding for this project is the Vermont Housing & Conservation Board (VHCB) located at 58 East State Street, Montpelier, Vermont 05602.

The funding would be used to reduce flood risk and increase resilience of the Tri-Park, the state's largest resident-owned mobile home cooperative comprising more than 300 homes owned and occupied by 800 low and moderate income residents. Tri-Park's residents, infrastructure and finances were severely impacted by Tropical Storm Irene in 2011 and remain at risk. There are currently 19 homes in the floodway and 19 more in the floodplain. This vulnerable population, many elderly and disabled, live in direct threat of future flooding. On Tri-Park's behalf, VHCB seeks funding to begin implementation of the 2020 Master Plan to move homes out of harm's way.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Creating/Retaining jobs with Redevelopment of Former Fonda/Solo Manufacturing Site in fiscal year 2022.

The entity to receive funding for this project is City of St. Albans, Vermont located at 100 North Main St., St. Albans, Vermont, 05478.

The funding would be used for redevelopment of the last area available for an industrial site in the community. The Fonda/Solo site was a significant regional employer for decades, manufacturing various paper products. The use of the site declined in the 2000s, and it was eventually closed. Since then, the City of St. Albans and regional/State/federal partners have made significant investments in purchasing the site and remediating the environmental contamination so that the property may someday contribute once again to our local and regional economy. Located within an Opportunity Zone, the Fonda site is the last large commercial parcel (5 acres) available within the City limits. It has taken a decade of work to get the Fonda site ready for redevelopment. The City's plan for Fonda is to finish one last, significant round of site remediation and preparation, which will allow for three new commercial buildings; hopefully one being the new home for the U.S. Immigration Service Center that recently had to be closed due to water damage, amounting to a loss of nearly 1,000 jobs.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter Welch

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Henry Sheldon Museum Historic Window Restoration and HVAC Energy Upgrades in fiscal year 2022.

The entity to receive funding for this project is The Henry Sheldon Museum located at One Park Street, Middlebury, Vermont, 05753.

The funding would be used for historic preservation and energy upgrades to iconic and historic 1829 Judd-Harris House of the Henry Sheldon Museum, chartered by the Vermont legislature in 1882. The Museum serves as a leading local art, history, and cultural center. The project components are (1) restoration of its period 28 window sashes and 1 fan light located throughout the exterior of the three-floor building and (2) replacement of two failing oil furnaces with a new energy efficient natural gas boiler with air handlers.

I certify that neither I nor my immediate family has any financial interest in this project.

April 29, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Vermont Farmers Food Center's (VFFC) Heart of Vermont Agriculture (HoVA) program in fiscal year 2022.

The entity to receive funding for this project is the Chamber and Economic Development of the Rutland Region, located at 251 West Street, Rutland, VT 05701.

The funding would be used to provide improved access to critical infrastructure, equipment, and coordinate technical resources for local farmers and value-added entrepreneurs. The funds would help design, purchase, and install equipment necessary to implement climate-controlled storage and food processing facilities, an aggregated packing center, and a value-added commercial kitchen with multiple stations. These essential equipment upgrades will create economic opportunity for local producers and provide consumers with access to local produce and value-added products by facilitating production scale that can fulfill demand and sustain supply beyond growing seasons.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for East Calais General Store in fiscal year 2022.

The entity to receive funding for this project is East Calais Community Trust located at 4520 VT Route 14, East Calais, Vermont, 05401

The funding would be used for The East Calais Community Trust seeks funding to restore the building that contains the East Calais general store and three apartments affordable to low-income households. ECCT will renovate the entire building to improve and retain the affordable housing resource, and reopen the store under a new operator.

- A national model for rural community development, the project will support the region by:
 - restoring a business with employment opportunities that brings a vibrant use in the heart of this historic district in an economically challenged area
 - providing a gathering spot that attracts people to the village center
 - preventing Calais from becoming a food desert
 - providing a market for local agricultural and artisan producers generating new tax revenue
 - providing much-needed affordable rental housing
 - inspiring the renovation of other historic structures that help preserve community
 - identity and attract new private and public investments.

I certify that neither I nor my immediate family has any financial interest in this project.”

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Derby Park Project in fiscal year 2022.

The entity to receive funding for this project is the town of Derby, Vermont located at 124 Main Street, Derby, VT 05829.

The funding would be used for a new Town Park on land purchased in 2018. The funds would enable the town to construct three tennis/pickleball courts and one basketball court, replacing existing courts that have outlived their useful life. It would also allow construction of new walking paths, fitness stations along the paths, benches, tables, parking, and landscaping. This much-needed community facility will be available for the use of all residents and enhance access to outdoor spaces.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Village of New Richmond Route 52 Highway Safety Mitigation Project in fiscal year 2022.

The entity to receive funding for this project is the Village of New Richmond, located at 102 Willow Street, New Richmond, Ohio, 45157.

The funding would be used to convert four northbound lanes of US 52 into two lanes and provide a multi-modal bike/pedestrian path at the former southbound lanes. Four existing intersections are to be converted into modern roundabouts meeting the latest design standards. The project will provide improved safety, traffic flow and air quality benefits, and additionally the conversion of two lanes into a dedicated hike/bike path will reduce future maintenance costs and create inviting gateways into the core historic village for pedestrians and bikers as well as motorists. The completed project will connect Liberty Landing on the Ohio River to the U.S 52 hike/bike trail via a loop trail.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Brad R. Wenstrup".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Madeira Miami Ave Revitalization & Complete Streets Project in fiscal year 2022.

The entity to receive funding for this project is the City of Madeira, located at 7141 Miami Ave., Madeira, Ohio, 45243.

The funding would be used to promote safety and economic activity along Madeira primary commercial corridor through proposed enhancements to calm traffic and improve safety for both pedestrians and motorists. In doing so, the project will advance USDOT federal initiatives to promote walkable, livable urban districts by creating jobs and opportunities for economic growth, connecting centers of employment, education and recreation through safe and accessible multimodal transportation facilities, and revitalizing commercial district storefronts by attracting new redevelopment and infill opportunities for new businesses, jobs and housing.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Brad R. Wenstrup". The signature is fluid and cursive, with a large loop at the end.

CERTIFICATION OF FINANCIAL DISCLOSURE

Disclosure of Financial Interest

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Waxpool Road/Loudoun County Parkway intersection improvements in fiscal year 2022. The entity to receive funding for this project is Loudoun County, Virginia located at 1 Harrison St SE, Leesburg, VA 20175, and the project is located at Loudoun County Parkway and Waxpool Road, Ashburn, Virginia 20147.

The funding would be used for right-of-way acquisition and construction for widening and intersection improvements along Waxpool Road (Route 625) at Loudoun County Parkway (Route 607). The scope of work includes the development of triple left turn lanes from Westbound Waxpool Road onto Southbound Loudoun County Parkway, and a channelized free flow right turn lane with an acceleration lane from Northbound Loudoun County Parkway onto Eastbound Waxpool Road. The project is designed to accommodate the Westbound Waxpool Road left turns onto Southbound Loudoun County Parkway, as well as the Eastbound right turn lanes from Loudoun County Parkway onto Waxpool Road.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jennifer Wexton

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Middleburg Town Hall in fiscal year 2022. The entity to receive funding for this project is the Town of Middleburg, Virginia, located at 10 W Marshall Street, Middleburg, Virginia 20118.

The funding would be used for a new Town Hall that will provide multiple economic and community development benefits, to include: at least 4 public meeting rooms for use by the broad community, including not-for-profits, small businesses, and government agencies; Council Chambers large enough to host small business seminars, workforce development events, and other business development activities; and adequate space to house our Director of Business Development and Community Partnerships, whose primary focus is the growth, retention, and success of our small businesses. In addition, the project will include two separate public open space park areas, which fulfills another goal of the Comprehensive Plan.

These efforts achieve key community development goals that are otherwise challenging to implement in a small Town with limited available land. The new Town Hall will incorporate significant sustainable elements, to include: locally-sourced and renewably-sourced materials; LED lighting on timers and sensors; low-flow fixtures; energy-efficient HVAC design; permeable parking design; and key stormwater improvements to ensure complete treatment of stormwater in both quantity and quality. The project is the result of years of study and effort to understand the best way to facilitate efficient operations, to provide more public gathering space, and to better serve the public. The Town Office has only one public meeting room, which serves as the Council Chambers, conference room, break room for staff, and public gathering space. There are no other public meeting spaces in the building. The Town has also had to conduct mold remediation three times in the past 8 years to resolve moisture and mold issues in the building. Finally, there are ADA limitations in the current space due to the age of the building and lack of space to add certain accommodations.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jennifer Wexton

CERTIFICATION OF FINANCIAL DISCLOSURE

Disclosure of Financial Interest

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Lawson Road Pedestrian Crossing of Tuscarora Creek in fiscal year 2022. The entity to receive funding for this project is the Town of Leesburg, Virginia located at 25 West Market Street Leesburg, Virginia 20176, and the project is located at Lawson Road, Leesburg, Virginia 20175.

The funding would be used for a Lawson Road Pedestrian Crossing of Tuscarora Creek. Tuscarora Creek has significantly deteriorated the low water crossing between two cul-de-sacs on Lawson Road. A new stream crossing will provide bicycle and pedestrian access to the W&OD Trail from residential communities. Bank erosion approximately 200 feet upstream of the crossing will be stabilized to reduce further bank loss and potential impacts to the crossing and reduce sediment transport downstream.

I certify that neither I nor my immediate family has any financial interest in this project.

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Homeownership: Down Payment and Closing Cost Assistance in fiscal year 2022. The entity to receive funding for this project is Fairfax County Government, located at 12000 Government Center Parkway, Fairfax, Virginia 22035.

The funding would be used to provide first time homebuyers with down payment and closing cost assistance. Based on the current zoning projects approved through January 2022, there are 78 Affordable Dwelling Units (ADUs) and 25 Workforce Dwelling Units (WDUs) in the pipeline to be placed in the Fairfax County Department of Housing and Community Development's First Time Homebuyers Program (FTHB). The FTHB currently offers financial assistance to qualifying applicants on their down payment and closing costs through the use of Community Development Block Grant (CDBG) funding. CDBG funding is limited. This requested funding would enable the program to continue to meet the need for assistance.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jennifer Wexton

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Bethlehem Food Cooperative in fiscal year 2022. The entity to receive funding for this project is the City of Bethlehem and it is located 250 E. Broad St., Bethlehem, PA 18018. The area of Bethlehem where the long-planned Bethlehem Food Cooperative will be located is a food desert where one would need to travel well over thirty minutes from to buy fresh produce. The funding will be used for Project Management and Equipment and Inventory including refrigeration units, shelving, and a point of sales system among others.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Susan Wild". The signature is fluid and cursive, with the first name "Susan" being more prominent than the last name "Wild".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Community Bike Works: Easton Project in fiscal year 2022. The entity to receive funding for this project is Community Bike Works and they are located at 235 N Madison St Allentown, PA 18102. The funding would be used for needed upgrades to their new Easton, PA bike shop and youth center. Northampton County youth will have access to their Earn a Bike, Drop-In, Cycling, and Youth Leadership programs each year in the new facility, building on the success of their two existing locations in Allentown, PA.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Susan Wild".

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Da Vinci Science Center at PPL Pavilion Project in fiscal year 2022. The entity to receive funding for this project is The Da Vinci Discovery Center of Science and Technology located at 3145 Hamilton Boulevard Bypass, Allentown, PA 18103. The funding would be used for basement construction of their new Center City Allentown location. The new facility is 67,000 square feet in size, with 30,000 square feet of exhibition space, a 12,000 square foot STEAM Learning Center, and numerous other features. This new facility will be more than two times the size of Da Vinci's current facility and will enable the Science Center to offer programs and services on par with other major science centers in the northeast United States.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Susan Wild".

Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$1,160,000.00 in funding for “The Stitch” in fiscal year 2022.

The entity to receive funding for this project is Atlanta Downtown Improvement District, Inc., located at 84 Walton Street NW, Suite 500, Atlanta, GA 30303. The project location where funds will be used is 435 West Peachtree St NW, Atlanta, GA 30308 (I75/85 between Ted Turner Drive and Peachtree St).

The funding would be used to complete Phase 1 of the project. The Stitch is a cap over the section of the Interstate 75/85 (the Connector) in Atlanta’s Central Business District between Ted Turner Drive and Piedmont Avenue. The cap will be a 3/4-mile platform creating a 14-acre park and resurrected street network that will reconnect this divided area of Downtown and catalyze real estate investment around it. Once completed, the Stitch will do the following:

- Repurpose underutilized assets created by the construction of the interstate highway system.
- Leverage access to transit by fostering transit-oriented development at the Civic Center MARTA rail station and introducing an off-street bus facility.
- Create urban greenspace and new development pad sites both atop and adjacent to the platform.
- Develop a vibrant public realm with quality civic infrastructure and interconnected open spaces.

This is a good use of taxpayer dollars because it will generate long term revenue that will directly benefit the public. The Stitch project directly aligns with local, regional, state, and federal government policy objectives for investment in transportation infrastructure. Specifically, it would improve mobility and access, create jobs and boost economic and community development, and revitalize the downtown region of Atlanta.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nikema Williams", with a stylized flourish at the end.

Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$200,000.00 in funding for the “Prince Hall Masonic Lodge” in fiscal year 2022.

The entity to receive funding for this project is Prince Hall Masonic Lodge of Georgia, located at 7340 Old National Hwy. Riverdale, Georgia 30296. The project location where funds will be used is 330 Auburn Ave. Atlanta, GA 30303.

The funds would be used to restore the building that was the original headquarters of Dr. Martin Luther King Jr.’s Southern Christian Leadership Conference office. Specifically, the funds will be used for restoration of the original headquarters and the following will have access to the space.

- The basement and first floor spaces previously occupied by Dr. King’s Southern Christian Leadership Conference office will be occupied by National Park Service for programming as an educational, community and event space.
- The second-floor space is under consideration by the Atlanta Police Historical Foundation for the establishment of a museum and educational facility.
- Additional second floor tenant spaces will be available for lease to local businesses.
- The third-floor space will be preserved for Prince Hall Masons’ activities

This is a good use of taxpayer dollars because the development program will benefit the immediate community and encourage the continued investment in the Historic National Park and surrounding neighborhoods.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nikema Williams", with a stylized flourish at the end.

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$2,200,000.00 in funding for “The Hosea Helps, Inc. Care Facility and Program Expansion Project” in fiscal year 2022.

The entity to receive funding for this project is Hosea Helps, Inc., located at 2545 Forrest Hills Dr SW, Atlanta, GA 30315.

The funds would be used to expand the Hosea Helps facility to allow the organization to extend human services for the underserved of Metro-Atlanta and extend into rural communities across the state of Georgia. Additional warehouse space and personnel are required to accommodate these impactful services. This expansion will facilitate the vital storage of in-kind donations from community and corporate supporters and allow the organization to increase their programs (developed to fight food insecurity and provide stabilization to families at risk of homelessness) and allow for the expansion of staffing. Hosea Helps has strategized to extend its reach: specifically, to targeted areas outside of Metro-Atlanta where accessibility to human services programs that meet the basic need of families are less readily available than in urban centers.

This is a good use of taxpayer dollars because the organization serves at-risk populations and additional funding will allow the organization to help more individuals in the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Nikema Williams
Member of Congress

Congress of the United States

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$750,000 in funding for “Decatur Recreation Center Clean Energy Project” in fiscal year 2022.

The entity to receive funding for this project is the City of Decatur located at 509 N. McDonough Street, Decatur, GA 30030. The project location where funds will be used is located at 231 Sycamore Street, Decatur, 30030.

The funds would be used for the installation of a roof-mounted solar photovoltaic (PV) array and lithium-ion battery storage, which will offset a portion of the facility's electricity usage with on-site renewables and maintain critical functions during outages. The primary goals are to reduce the City's reliance on fossil fuels that pollute the air and water, reduce electricity costs, and improve operational resilience with battery storage.

This is a good use of taxpayer dollars because the project will support job growth in the renewable energy industry, combat climate change, and support the City's efforts to convert to renewable sources of energy.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Nikema Williams
Member of Congress

FREDERICA S. WILSON

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the I-49 Expansion from Arkansas Highway 22 to I-40 Segment 1 Project Development project in fiscal year 2022.

The entity to receive funding for this project is the Arkansas Department of Transportation. The Department's address is 10324 Interstate 30 Little Rock, Arkansas 72209, and the project is located in Sebastian and Crawford Counties in Western Arkansas.

This project supports the development and design of the expansion of the Western Arkansas section of I-49 from Arkansas Highway 22 to I-40 in Alma, Arkansas. This Segment 1 project runs from Arkansas Highway 22 in Barling, Arkansas (located in Sebastian County), bridges the Arkansas River, to Gun Club Road in Crawford County. The total cost for Segment 1 is \$271,393,398; this project development portion request is for \$25,000,000 to complete preliminary design for a two-lane facility from Hwy. 22 to I-40. The project is currently under initial project development work and this requested investment will ensure the final design and development moves forward expeditiously.

This project is vital to continued economic development and expansion of the Ft. Smith/Western Arkansas area. This project is the first step to linking Western Arkansas with the I-49 corridor and, thus, having an uninterrupted Interstate Highway from Winnipeg, Canada, through the central United States to New Orleans. Connecting I-40 in Alma to Ft. Smith is vital to supporting the second largest city in Arkansas and further opening up important commerce and transit routes. Bridging the Arkansas River is the most challenging (engineering-wise and economically) portion of the I-49 expansion project and this funding will support final, detailed design for that section. The State of Arkansas and her citizens have made a strong commitment to this project through the recently passed Arkansas Ballot Issue 1 (which extends the current statewide 1% sales tax in perpetuity). Following the passage of that ballot issue, the Arkansas Department of Transportation programmed \$270,000,000 for the whole I-49 expansion project (all three segments). This request project will leverage that significant state investment and ensure the project delivers on its economic promise.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Steve Womack

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Jack Williams Veterans Resource Center "Camp Jack" Capital Improvements in fiscal year 2022.

The entity to receive funding for this project is the City of Harrison, Arkansas. The City's address is PO Box 1715 Harrison, Arkansas 72602, and the project is located at 411 South Pine St. Harrison, Arkansas 72601.

The funding would be used for Capital improvements to the Jack Williams Veterans Resource Center or "Camp Jack". Camp Jack is named for Medal of Honor recipient and Harrison native Pharmacist Mate Third Class Jack Williams. It will provide a one-stop assistance center for veterans and their families in five low-income counties in northern Arkansas. This assistance will include VA Claim Assistance, state/local Veteran Service Coordinator workspace, veteran advocacy services, a food & clothing bank, employment assistance workshops, veteran support groups, and much more. The proposed capital improvements include site improvements (parking, driveway, and park pavilion), interior demolition, exterior windows and doors, new HVAC system, electrical and plumbing system upgrade, roof replacement, and exterior brick repair.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Steve Womack

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the XNA ADA Compliance Lobby Renovation/Skybridge Project in fiscal year 2022.

The entity to receive funding for this project is the Northwest Arkansas National Airport. The Airport's address is One Airport Blvd., Ste. #100 Bentonville, Arkansas 72713.

This project supports Northwest Arkansas National Airport (XNA) planned renovation of their lobby to ensure continued ADA compliance by adding necessary redundant elevators and escalators, along with other traffic management and throughput upgrades. The project also includes a bridge from the existing parking structure, over the existing two-lane airport drop-off/pick-up road, into the main terminal building. This bridge would allow passengers who are not checking a bag to proceed directly to TSA security checkpoint and further improve groundside throughput.

XNA's current terminal configuration is a two level structure with ground entrance, ticketing, baggage claim, and rental-car services located on the ground level and the TSA checkpoint, along with the airport gates, on the second level. The current action plan when the single elevator is out of service or requires maintenance is to bring people requiring ADA accommodation out the terminal building, around the building onto the tarmac into a side door to access the second level (past the security checkpoint) and then back towards the security checkpoint for screening. All of this must be done with a badged, airport employee for each person to follow security protocols. This project is projected to cost \$31,487,307 and will ensure ADA compliance while also providing groundside throughput improvements and more ease of access for XNA users.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Steve Womack

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for family housing improvements at Unity House in fiscal year 2022. The entity to receive funding for this project is Volunteers of America Mid-States, located at 570 S. 4th Street Louisville, Kentucky 40202. The funding would be used for capital and equipment improvements at one of the few locations in Jefferson County where families facing homelessness can stay together.

Volunteers of America's Unity House program provides outcome-oriented, best-practice care and service to families overcoming homelessness. Investments in Unity House are proven to provide long-term savings to Jefferson County and Kentucky taxpayers. Their work supports stable housing for unhoused families in crisis and the costs associated with family and housing instability. This funding will help to renovate two bathrooms, a kitchen, and cafeteria, and also purchase kitchen equipment. The Unity House keeps families facing homelessness in a safe, healthy, and supported setting, which reduces budget costs for law enforcement, EMS runs, emergency room visits, and long-term health costs. Volunteers of America has several critical needs, including a timely need for a capital improvement that are essential to the long-term stability of this program.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "John A. Yarmuth".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Sidewalk Rehabilitation in fiscal year 2022. The entity to receive funding for this project is Louisville Metro Government, located at 527 W Jefferson Street Louisville, Kentucky 40202. The funding would be used to rehabilitate sidewalks, remove barriers to accessibility, improve modal choice, and enhance pedestrian safety.

Louisville Metro Government has evaluated the condition of more than 1,800 linear miles of sidewalks and has determined that over \$60 million is needed for all of these repairs. Louisville Metro intends to prioritize sidewalk rehabilitation by the following criteria: where entire blocks of sidewalks are rated the worst, within Environmental Justice (EJ) areas, within areas with high concentrations of households with no vehicles available, within areas with a high number of pedestrian crashes, and within close proximity of schools. The proposed budget for sidewalk improvements in Louisville for Fiscal Year 2022 is \$2 million and this funding will help support those efforts.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "John A. Yarmuth".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Maple Street Park project in fiscal year 2022. The entity to receive funding for this project is the Louisville Parks Foundation located at 1711 Gresham Road Louisville, Kentucky 40205. The funding would be used for a new public park and help improve health outcomes in a historically underserved community.

The Louisville Parks Foundation has partnered with residents and public, private, and non-profit entities to transform seven city blocks of mostly vacant lots in the California Neighborhood of West Louisville into a more than twenty acre public park. The land was acquired by the Metropolitan Sewer District through a FEMA Hazard Mitigation grant and is permanently conserved as greenspace—but is unusable to the public in its current state. With just 1 percent of California land dedicated to parks and open space, this project fills a critical gap in walkable access to outdoor recreation and fosters environmental equity for the citizens of this historically disinvested community. This project is supported broadly by local stakeholders, including residents, businesses, other nonprofits, and elected officials.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "John A. Yarmuth".

REPUBLICAN
STEERING COMMITTEE

4/27/2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Bridge to Success project in Fiscal Year 2022.

The entity to receive funding for this project is Covenant House Alaska, located at 755 A St, Anchorage, AK 99501.

The funding would be used to create 22 new housing units specifically designed for youth experiencing homelessness.

Young people who are experiencing homelessness usually require a high level of support, as they have often been the victim of abuse, exploitation and human trafficking. The major innovation of this project is that residents will have access to the full array of services offered at Covenant House Alaska (CHA)'s Youth Engagement Center. Additionally, when residents are ready to transition to permanent housing in the community, they will receive support from the Housing Department, which will provide individualized services, including landlord connections, rental skills training, move-in support, and rental assistance.

I certify that neither I nor my immediate family has any financial interest in this project."

Sincerely,

A handwritten signature in black ink that reads "Don Young".

April 27, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the first phase of the Village Within a City project for fiscal year 2022.

The entity to receive funding for this project is North Pacific Rim Housing Authority, located at 8300 King Street Anchorage, AK 99518.

The funding would be used for constructing a 30,000 sq. ft. building for the first phase for the Village Within a City project. The Village Within a City project would be a multi-use resource hub for the Alaska Native Community in Anchorage, Alaska. Non-profits who offer access to health care, transportation, education, and housing services would occupy the facility, with a training and innovation center housed on the ground floor. Later phases include a separate, more expansive center and a housing complex to provide affordable housing options. This project will bring many of these services under one roof and include an important cultural element, which is an essential element for success for the Alaska Native population, and will help prepare Alaska Natives for a healthy, successful, and economically sustainable future either in Anchorage or their village communities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Don Young".

Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$3,267,000 in funding for the Bellport Bay Transportation and First Responder Infrastructure Project. The entity to receive funding for this project is the Incorporated Village of Bellport, located 29 Bellport Lane, Bellport, NY 11713. These municipal docks service first responder vessels, the Bellport Village/Fire Island Ferry, Village residents, and the general public. For Bellport Marina, this funding would be used to update the long-standing public timber docks and increase marina resilience by replacing the existing fixed wave screens with a wave attenuator. For Ho Hum Marina, this funding would be used to reconstruct the bulkhead and pier forming the docks. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Lee Zeldin', written over a white background.
