

PROTECTS OUR NATIONAL SECURITY

- Responds to the challenges posed by Russian and Chinese aggression with \$215.9 million for the NATO Security Investment Program for infrastructure necessary for wartime, crisis, and peace support and deterrence operations, and training requirements

SUPPORTS OUR VETERANS

- Provides critical investments in health care at the Department of Veterans Affairs (VA), including a record \$97.5 billion for Veterans Medical Care. Within this total, the bill prioritizes:
 - \$13.2 billion for Mental Healthcare, providing treatment and support for the nearly 2 million veterans who receive mental health services through VA, including \$598 million to fund suicide prevention outreach
 - \$840.4 million specifically for women's health care and programs
- Enhances VA's ability to reach homeless veterans with \$2.2 billion for Homeless Assistance Programs
- Includes \$2.5 billion to continue implementation of the new VA electronic health record (EHR) system, ensuring veterans get proper care, with timely and accurate medical data

REBUILDS INFRASTRUCTURE FOR SERVICEMEMBERS, MILITARY FAMILIES, AND VETERANS

- Funds critical construction of military family housing and barracks, with \$1.4 billion for Family Housing
- Supports increased capacity and better facilities for the 1.2 million children of active duty servicemembers worldwide with \$224.7 million for Child Development Centers
- Rebuilds and retrofits VA facilities across the country with \$2.2 billion for VA Construction

CONFRONTS THE CLIMATE CRISIS

- Strengthens climate change and resiliency funding to help military installations adapt to rising sea levels and worsening natural disasters with \$120 million for Climate Change and Resiliency Projects
