JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2918) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2010, and for other purposes, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The Senate amended the House bill with a single amendment which deleted the full text of the House passed bill and inserted a complete substitute. The conference agreement includes a revised substitute for the Senate amendment which addresses all the differences contained in the two versions of the bill.

Many items in both the House and Senate Legislative Branch Appropriations bills are identical and are included in the conference agreement without change. The conferees have endorsed statements of policy contained in the House and Senate reports accompanying the appropriations bills, unless amended herein. With respect to those items in the conference agreement that differ between ~~House and Senate bills~~, the conferees have agreed to the following with the appropriate section numbers, punctuation, and other technical corrections:

(the

☐ Division A ☐
TITLE I

ALL
CROSS

SENATE

The conferees agree to appropriate \$926,160,000 for Senate operations. Inasmuch as these items relate solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the amendment of the Senate as amended.

HOUSE OF REPRESENTATIVES

The conferees agree to appropriate \$1,369,025,000 for House operations. Inasmuch as these items relate solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the amendment of the House as amended. The agreement includes two new administrative provisions not included in the House passed bill. These amendments (1) establish eligibility at the House Fitness Center for military liaison officers, and (2) make a technical change in transfer language enacted in Public Law 111-8.

Handwritten scribble and line

JOINT ITEMS

JOINT ECONOMIC COMMITTEE

The conference agreement includes \$4,814,000 as proposed by the House and the Senate.

JOINT COMMITTEE ON TAXATION

The conference agreement includes \$11,327,000 as proposed by the Senate instead of \$11,451,000 as proposed by the House.

OFFICE OF THE ATTENDING PHYSICIAN

The conference agreement includes \$3,805,000 as proposed by the House and the Senate.

OFFICE OF CONGRESSIONAL ACCESSIBILITY SERVICES

The conference agreement includes \$1,377,000 as proposed by the Senate instead of \$1,314,000 as proposed by the House.

CAPITOL POLICE

SALARIES

The conference agreement includes \$265,188,000 for salaries of officers, members, and employees of the Capitol Police instead of \$263,198,000 as proposed by the House and \$267,203,000 as proposed by the Senate. This level will support a staffing level of 1,799 sworn officers and 444 civilian personnel including staff transferred as a result of the merger with the Library of Congress police force. The staffing level provided by the conference agreement includes five civilian FTEs for radio technicians to facilitate the acquisition, installation and operation of the new radio system which was approved earlier this year. The conference agreement sets a limit of \$25,500,000 for overtime for the Capitol Police force as proposed by the Senate instead of \$24,000,000 as proposed by the House. This cap on overtime may only be exceeded if the Capitol Police Board notifies the Committees on Appropriations that this cap needs to be exceeded due to unanticipated safety or security concerns. The conferees note that both House and Senate reports request that the Government Accountability Office work with the Chief

and the Capitol Police Board on improving workforce management systems, including overtime. The GAO is to report to the Committees on their progress in this area on a quarterly basis beginning in January 2010.

Based on the detailed review of the Capitol Police 2010 budget conducted in August and September of this year in preparation for conference discussions, the conferees are concerned that, despite progress over the last year, chronic problems related to budget preparation and execution continue. Estimates of end of year staffing levels for 2009 fluctuated significantly, not only from the original estimates submitted in February, but also from revisions submitted as late as July of this year. Basic estimates of the cost of benefits for transferred employees were erroneously calculated in the original budget. Based on these concerns, the Committees request that the GAO expand its work with the USCP to include a review and validation of the accuracy of its fiscal year 2011 budget request. A report of this validation review should be submitted not later than 30 days after the USCP budget is transmitted to Congress.

The House and Senate Committees on Appropriations expect the report on new posts requested in S. Rpt. 111-29 to be submitted within 60 days of the date of this conference report and that the USCP fully comply with the notification requirements related to new posts stated in that report.

GENERAL EXPENSES

The conference agreement includes \$63,130,000 for general expenses of the Capitol Police instead of \$61,914,000 as proposed by the House and \$64,354,000 as proposed by the Senate. This amount includes funding for improved egress/evacuation systems for House Office Buildings including the full cost for installation of two cameras in the stairwell areas used as egress routes during emergencies. The installation of the new cameras will be accomplished over a two year period. Funds have also been included to support the replacement of older equipment as part of the life-cycle replacement program.

GSA vehicle lease proposal. – The conferees are fully supportive of the proposal transmitted to the Appropriations Committees on June 29, 2009 to manage the primary vehicle fleet of the USCP through the General Services Administration and urges implementation on an expedited basis.

ADMINISTRATIVE PROVISION
(INCLUDING TRANSFER OF FUNDS)

The conferees have included a routine administrative provision, section 1001, which continues authorization for transfers between ~~various~~ accounts upon the approval of the Committees on Appropriations of the House and Senate.

OFFICE OF COMPLIANCE

SALARIES AND EXPENSES

The conference agreement includes \$4,377,000 for salaries and expenses of the Office of Compliance, instead of \$4,335,000 as proposed by the House and \$4,418,000 as proposed by the Senate. The agreement includes a general provision providing authority for the Office of Compliance to dispose of surplus property. This language was included in both the House and Senate bills in slightly different form.

D The conferees are concerned that the Congressional Accountability Act of 1995 may enable the Office of Compliance (OOC) to apply a higher enforcement standard for certain health and safety standards than those applied to the Executive Branch and private sector. Strict statutory deadlines for remedying citations exacerbate this situation, and have led AOC to give highest priority to projects for which OOC has issued citations regardless of whether they represent the highest risk to health and safety.

D The conferees believe that the standards applied to the legislative branch should be consistent with their application to the private sector and the executive branch. Therefore, the conferees expect the Office of Compliance General Counsel (OOCGC) to work with legislative branch agency heads to implement corrective actions in a realistic and reasonable time frame, taking into consideration the risks the deficiencies pose, the costs involved in remedying the deficiencies, as well as mitigating factors which have been implemented (sprinklers, alarms, and other building improvements) to reduce risk. The conferees expect the OOCGC to amend its regulations to establish criteria that use a comprehensive risk-based approach, including the cost of remedial actions as well as building renovations planned for the future, in working with agencies to address needed corrections.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

The conference agreement includes \$45,165,000 for salaries and expenses of the Congressional Budget Office as proposed by both the House and Senate.

ADMINISTRATIVE PROVISION

(1201)

The conferees have agreed to Section 1100, as proposed by the House and the Senate, to extend the Congressional Budget Office's Executive Exchange Program and increase the number of potential participants from three to five.

ARCHITECT OF THE CAPITOL

GENERAL ADMINISTRATION

Inasmuch as this item relates solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the Senate.

Operating Budget:	\$59,002,000

These funds are included to begin to address known major building requirements to repair and upgrade the historic icon buildings and facilities of the U.S. House of Representatives. The House bill included these funds in a separate appropriations account to address additional Capitol complex needs. The Senate bill did not include a similar provision.

Inasmuch as these funds relate solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the House.

CAPITOL POWER PLANT

In addition to the \$8,000,000 made available from receipts credited as reimbursements to this appropriation, the conference agreement includes \$119,133,000 for maintenance, care and operation of the Capitol Power Plant, instead of \$125,083,000 as proposed by the House and \$118,597,000 as proposed by the Senate. Of this amount, \$25,610,000 would remain available until September 30, 2014, instead of \$31,560,000 to remain available until September 30, 2014 as proposed by the House and \$25,074,000 to remain available until September 30, 2014 as proposed by the Senate.

Archie Green fellowship program. -- The conference agreement deletes without prejudice House bill language related to the honoring of Dr. Archie Green, one of the Founders of the American Folklife Center (AFC) at the Library of Congress. In lieu of naming the Center after Dr. Green, as proposed in the House bill, the conference agreement establishes a new fellowship program at the Library as a living memorial to his work. The AFC was established in 1976 to "preserve and present American folklife" by conducting original field research, archiving cultural heritage collections, presenting public programs, providing reference services and publishing research findings. The AFC owes its existence in large part to the efforts and vision of Dr. Green, who passed away earlier this year. As recognition of his contributions, the Librarian of Congress is directed to establish the "Archie Green Fellowship Program at the American Folklife Center" for which the Librarian may enter into contracts with individuals and groups to promote the initiation, encouragement, support, organization, and promotion of research, scholarship, and training in American folklife in accordance with the provisions of the American Folklife Preservation Act (Pub.
