REPUBLICAN SHUTDOWN:
TRUMP AND VOUGHT RAISE ENERGY PRICES

FACT SHEET: ENERGY PROJECTS TERMINATED UNDER THE GUISE OF THE REPUBLICAN SHUTDOWN

On October 1, 2025, OMB Director Russ Vought announced that the Department of Energy would terminate $8 billion of energy projects, targeting 16 Democratic states. Later that night, the Department of Energy (DOE) announced the termination of 321 awards. The termination of these critical energy projects will increase energy prices, eliminate jobs, and make the energy grid less reliable. Vought canceled these projects despite the fact that DOE currently remains open and fully operational using unexpired financial resources.

The terminated projects were previously appropriated and competitively selected. **These awards are relevant to 136 Members of Congress, including 108 Democrats and 28 Republicans.**

USAspending.gov used to determine projects in each congressional district.

Projects and award amounts may appear multiple times to indicate a project with a place of performance in multiple congressional districts. Recipient names may appear multiple times within one congressional district to indicate multiple awards being canceled for the same recipient.
