

WHERE ARE WE GOING? WHAT ARE WE DOING?

FACT SHEET ON HOUSE REPUBLICANS' REVISED FUNDING PROPOSALS FOR 2026 "SUBALLOCATIONS"

Republicans Fail to Provide Funding Plans Across the Entire Government

The "interim" suballocations proposed by House Republicans are an admission that they are unwilling to do the hard work of governing.

The majority has asked this Committee to approve **the entire budget for the Department of Defense** without a word on how to keep the rest of the government operational and put a stop to the Republicans' worsening the cost-of-living crisis.
