

The bill provides
\$17.2 billion
in relief & recovery assistance for Americans affected by recent
natural disasters through funding for:

Infrastructure, economic & community development

Assistance to farmers & rural communities

Nutrition & Medicaid assistance

Resiliency funding to mitigate damage from future disasters

The bill includes an additional \$3 billion to address urgent needs following flooding in the Midwest & tornadoes in the South:

- **\$1.5 billion** for the U.S. Army Corps of Engineers for repairs to Corps projects damaged by flooding and natural disasters
- **\$1 billion** for Community Development Block Grant - Disaster Recovery to help communities rebuild housing, businesses, & public infrastructure
- **\$500 million** for the Department of Agriculture's Emergency Conservation Program for emergency funding & technical assistance to farmers & ranchers to rehabilitate farmland
